RE: FREEMEN

On December 4, 1962, a source, who has furnished reliable information, advised that the Freeman organization, believed to have national connections, was in the process of organization at West Palm Beach, Florida. A local attorney named Kime was in the process of drawing up a charter and the final organization plans are tentatively set for after January 1, 1963.

George Mc Cants, former contract carrier for the United States Post Office and now partner in a service station at 504 South Olive Street, advises that this new group is planned to have a good status in the public eye similar to service and fraternal groups but will continue to take an active part in the segregation issue in this area. According to Mc Cants, the old Ku Klux Klan is out, due to unfavorable public reaction. The White Citizen's Council group and the National States Rights Party group were fine but not strong enough to act. This new organization will be an action group and indicated that with connections elsewhere in the State, they will be able to call on outsiders to take any necessary local action, leaving the local membership free and clear. Mc Cants indicated that the local group will be against violence publicly but can arrange acts if considered necessary.

Mc Cants mentioned that Mary Davison has been doing a fine job locally and this new group will strengthen her activities. Others mentioned as being in the charter membership were

You should conduct appropriate inquiries to determine the extent of activities of this group. In this regard you should consider the criteria for investigation of certain organizations as outlined in Section 122 of the Manual of Instructions.

Based on the limited information available to date, it appears that this group does qualify for investigation under the criteria set forth in Section 122 of the Manual of Instructions. Your airtel with accompanying letterhead memo 12/7/62 sets forth that this will be an "action group" and "they will be able to call on outsiders to take any necessary local action, leaving the local membership free and clear." It was also indicated that George McCants has indicated that the local group will be against violence publicly but can arrange acts if considered necessary. Your airtel of 12/13/62 indicates that this organization is scheduled to hold meetings every Tuesday night always at a different address and that the general purpose of the organization is to eliminate by force if necessary all Jewish people ~~enrolled in high positions in business~~ as well as ~~eliminating all Jews who are~~ Communists.

You should open individual case files on the leaders of this organization and develop background information concerning them. Submit an investigative

report concerning this organization within 45 days of the receipt of this airtel. At the time of submitting this report, a characterization should be prepared and forwarded as an enclosure to your report for Bureau approval.

It would appear that in the initial stages of the organization there would be ample opportunity for you to develop informant coverage so that you will be aware of the activities of this group.

NOTE:

Miami has furnished information concerning the initiating of the institution of a new hate group in its territory.

Information was received in December, 1962, that the Freeman organization was in the process of organizing at West Palm Beach, Florida. The group is in the process of drawing up a charter and the final organization plans are tentatively set for after January 1, 1963. A meeting took place on December 11, 1962, at which approximately 30 people were present, more than half of them being women. Due to the announced platform of being an action group and advocating violence if it is considered necessary and the fact the group intends to eliminate by force, if necessary, all Jewish people enrolled in high positions, etc., it qualified for investigation as a hate group.

Re: COUNCIL FOR STATEHOOD, also known

A source, who has furnished reliable information
in the past, advised as follows on December 19, 1962:

On the evening of December 18, 1962, a meeting
was held at the residence of John Lenar, or Lanier, 820
Ridgeland Drive, West Palm Beach, Florida. There were
approximately 25 persons in attendance, about half being
women. Some of those in attendance included Mary Davison,
[redacted] and
wife, and Harry Redmills and wife, all from the West Palm
Beach, Florida, area. [redacted]
from Miami were also in attendance. [redacted] and (first
name unknown) [redacted] who attended the meeting the previous
week, were not in attendance since they had gone to Indiana.

Most of the meeting was taken up with the discussion
and reading of various letters received from patriots through-
out the United States, who had apparently received a letter
that had been mailed out by Mary Davison. It was estimated
that 100 letters had been received. Most of the letters
contained donations; several contained checks bearing amounts
of from \$5.00 to \$25.00. The total cash receipts were not
made known.

During the meeting a \$90.00 bill for printing the
letters was discussed; also discussed were proposed letters to
be printed and distributed throughout the United States.

Mary Davison said they needed a national front in
order to obtain money to get their job done.

ENCLOSURE

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

The main theme of the organization continued to be anti-Jewish, with no references made to integration or religious groups.

The next scheduled meeting has been set for January 8, 1963, no location designated. The Board of Directors is expected to hold a meeting prior to the January 8 meeting.

The same source made available two letters which were obtained on December 11, 1962, from Mary Davison. The first letter, which is set forth below, had the following note attached to it:

"Dear Friends:-

"The attached sheet was prepared to announce an intent to pursue our educational campaign at State Level and to form STATEHOOD, INC., for that purpose.

"Before the release, however, we discovered some local plans of two National organizations to interfere to some extent with our work. Hence we have decided not to file our incorporation papers at this time and to change the name to COUNCIL FOR STATEHOOD in order to prevent their learning the names of our Directors. We will proceed as outlined except for change of name.

MARY M. DAVISON"

"Dear Friends Of the Council On American Relations:-

"The fabulous success of the Open Letters to the Senators in arousing the nation and informing the people about the practical aspects of the myth of the thing called 'communism' has but plowed the field for concrete action.

"We did not incorporate the C.A.R. for reasons we deemed proper and significant. Now, however, we feel that the action program we will launch requires incorporation, and we are forming a membership organization in which our friends may join or support as individuals, as they see fit.

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"We think the new program is bound to get results because it will be launched at the STATE level where there is much more ground to be covered and where the officials are much CLOSER TO THE PEOPLE and, therefore, more responsive to our interests. Here is one place where the officials should realize that their own interests are identical with ours.

"We will begin a new series of letters, which in view of the rapidly advancing and reckless attempt to complete the "take-over", - may not have to run too long. The letters will be directed to the GOVERNORS of the States and a first copy will go out from here. The next step will be to mail a copy of the first letter to those people whose support we seek requesting them to let us know as soon as possible whether they will participate in this effort and if so to what extent.

"To those becoming members of STATEHOOD, INC., (Corrected in ink to COUNCIL FOR STATEHOOD) the name of the new organization, a membership fee of FIVE DOLLARS will be asked. To those desiring to participate in any manner, - we will accept such help as is offered. It is not our intention to solicit and accept members, but rather to invite those with whom we have had experience in the past. No candidates not known to us will be admitted, even to participation, - and any new ones coming to our attention must be vouched for by invited members.

"Following receipt of the first copy of the Governor letter, we will have as many members as possible in EACH STATE, - and we have good and reliable friends in every state, - co-operate in sending a copy of each Open Letter to EVERY MEMBER of the State Legislature in each state. This program will reach between eight and ten thousand State Officials weekly.

"The letters will be much less 'bombastic' than those sent the Senators, for our State officials have had absolutely NO WAY of knowing what was going on, and we believe they are sorely concerned and confused about the way things are going in Washington.

Re: COUNCIL FOR STATEHOOD, also known
as Freeman

"In writing the Governors,- if it be necessary to go so long,- we will cover such matters as the Federal Debt, continuing budget deficits, loss of the gold supply, the Federal Reserve System, the Educational System as it has been perverted by the C. F. R. and its agencies, United Nations, 1313, and especially the Governors' Conference which is completely dominated by Nelson Rockefeller, whose Rockefeller Brothers Fund pays all the expenses, including transportation and hotel bills of the Governors. They also have a National Association for Attorneys-General, Associations for Planning Officials, Tax Assessors, Budgeting and Purchasing Officials,- and last but far from least,- NATIONAL LEGISLATIVE CONFERENCE.

"This is the C.F.R. apparatus operating at State level to get control of the STATE GOVERNMENTS as they have already done at the Federal level. None of the State Officials involved in these rackets have the least idea of what is behind it any more than the Congress did at the beginning.

"Our plan for informing the State Officials is simple, and in view of the enormous good which could come from it,- requires relatively little sacrifice on the part of any individual. The total membership of the State Senate and Assembly runs from 42 in Nebraska to 276 in Vermont (400 in Connecticut), on an average of 150 per state.

"We will provide copies for each member at a cost of \$6.00 per hundred and would ask that patriots in the various states then arrange for the mailing of these to EVERY MEMBER of their State Government weekly. A member could get a few friends or a study group to subscribe to this service, or if they have means of doing so, have the letters printed up in their own communities.

"We fully expect that when this plan goes into operation, or gets well under way, that sufficient State Officials will become interested,- especially if our members in the States are efficient, in calling some of our officers before State investigating committees. And this could very well lead to the States taking a hand in the Federal Agency created by their predecessors.

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"We have elected temporary officers from Palm Beach County and will hold a NATIONAL CONVENTION in New Orleans in April at the same time the Congress of Freedom meets there, at which time permanent officers will be elected.

"When writing us will you please indicate if you desire to be put in contact with other C. A. R. friends in your State in order that you may co-operate and not duplicate your efforts? We feel that this operation cannot fail to bring results. This time we have a mountain of evidence and a host of proven dedicated patriots to get the thing moving. Last time we had to start from scratch, and with no nationwide contacts. Thanks to the work and sacrifice of people everywhere in the nation, that little acorn grew to an enormous oak. And God was surely with us all the way.

"Most sincerely,
BY: Mary M. Davison, Secretary
COUNCIL ON AMERICAN RELATIONS
710 Summit Boulevard
West Palm Beach, Florida"

The second letter, which is "An Open Letter #1 To The Governors and Representatives of the Sovereign States" is quoted as follows:

"Gentlemen:-

"We, of THE COUNCIL FOR STATEHOOD and our many like-minded friends in the fifty (50) States, are deeply concerned about the manner in which our affairs are being handled in Washington. We feel that things have been getting out of control there for many years, and that the States and the People have been derelict in their duty in permitting it. As a result, we are stunned by an official proclamation that

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

'THE NATION IS IN DIRE PERIL'

"We feel that a condition of 'dire peril' is the inevitable result of many years of financial irresponsibility on the one hand, and a carefully concealed plan of the UNELECTED Washington Bureaucracy to change our Republican form of government without the INFORMED consent of the people on the other.

"We say 'informed' because it was a completely UNINFORMED people who adopted the lethal 17th Amendment and through it, opened the door for the eventual downfall of the Republic and the inevitable rise of 'dire peril'. The 17th abolished State Representation in the Federal Agency. And this led first to weakening of State influence and control over the Agency created by the States, and finally to a 'no man's land' where the States have been completely ignored.

"In this hour of 'dire peril' to the Federal Agency, as a probable prelude to the 'long twilight' predicted by the Chief Executive, we implore our State Officials to be warned in time. Let us look at our own Ship of State and see whether it is dependable. The Constitutional Contract - Article 4, Section 4 states: 'The United States shall guarantee to every State in the Union a Republican form of government'; that is, 'a state in which the sovereign power is held by the people and exercised by representatives elected by, and responsible to them'. (Webster's)

"Gentlemen, these official proclamations of 'dire peril' and a 'long twilight' have convinced us that we had better advise and consult with our duly elected representatives at State Level, and begin a speedy return to the Republican form of government our Constitutional Contract guarantees. To that end, we urge that you hear us out. We, of THE COUNCIL FOR STATEHOOD, are NOT now and by the Grace of God, NEVER shall be - citizens of the WORLD! We are CITIZENS of our respective Sovereign States.

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"We are prepared to admit our failures of the past and are prepared also to make any necessary sacrifice to restore State Sovereignty and to support our States in resistance to any further encroachment by the Federal Agency. The States, or the majority of them are, SOLVENT and their solvency is a tribute to the fiscal responsibility of the elected representatives of the peoples in the States. And it demonstrates that the people are fit to rule themselves - to wisely select representatives. The Federal Agency may be - and probably is INSOLVENT - bankrupt. And this is not the fault of the people whose franchise has been diluted by outside and alien influences. It is not the fault of the States which, since the enactment of the 17th, have had NO representation at all.

"We realize now, and we will do our very best to bring others to the realization, that by enacting the 17th Amendment, the people have done GREAT damage to their States and have put their States at the mercy of power politicians in the 'great' metropolises. It should be clearly apparent now that if our own State Legislatures had retained the power conferred upon them by the Constitution, to appoint the Senators as representatives of the States, these State representatives, who have proven their capacity for governmental responsibility, would have given us a Senate dedicated to the best interests of the States.

"We believe, therefore, that the States should immediately begin an educational campaign to inform their people about the Amendment which has failed them and to begin State referendums for its repeal.

"We believe the bankruptcy of the Federal Agency is a fact which could have been predicted with certainty from the time the Federal Debt reached the hundred billion dollar mark. But the UNELECTED Bureaucracy in Washington not only refused to control it, but promised us it would continue to mount, year by year, for the next half century.

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"We know that this debt is UNPAYABLE. And we know that the only alternative to payment is REPUDIATION and BANKRUPTCY. We do not believe the Federal Agency can stave off much longer a show-down on the Federal Debt. The gold and the silver have been shipped out of the United States,- rightly or wrongly, we do not know. Nobody in Washington recognizes any responsibility for informing us. If, as many solid citizens believe,- all the property of the people in the States is mortgaged by this debt, then the people are bankrupt also, if the mortgages were secured legally.

"Nowhere in the Constitution are Congressmen and Senators authorized to pledge the property of the people for the Federal Debt. The Constitution conveyed to the Congress the power to coin and regulate our money and to borrow against the credit of the United States (not the Sovereign States or the people in those States) for the extraordinary expenses of government. We believe that, in the absence of the 17th Amendment, all unconstitutional debt and spending would have been stopped, dead in its tracks, by a Senate representing the States and loyal to the interests of their States.

"Gentlemen, we are convinced that if the nation of Sovereign States is to survive for even a year or two,- the responsible officials of the States must find a way to determine just how much is legally owed - who owes it - is it to be paid or repudiated - and when and how. Finance is everybody's business - in the home, in the mill, on the farm,- and in the Statehouse. And no sane person waits until he has lost his property before he learns whether or not he owes the debt.

"Long study of the debt situation has convinced us that this debt economy is an evil stemming from the Federal Reserve System, the Central Banking System, against which our forebears warned again and again. And so in closing let us leave with you a great Constitutional argument which was never resolved, - 'Is the Federal Reserve System

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"CONSTITUTIONAL'? It is a direct violation of Article 1, Section 8, Paragraph 5. There was NO constitutional amendment, - the people would never have approved it. These people (Regional Banks) who bought the securities representing the debt knew this when they made the purchases. All these things must be considered, resolved and faced NOW!

"The wild and irresponsible fiscal practices of the UNELECTED Bureaucracy would NEVER have been tolerated if the People had been obliged to pay for them, but by mortgaging future generations, - whether legally or illegally, - the spending has been pushed to 'dire peril' and prospects of a 'long twilight'. We have not been told just what these terms imply. Maybe our States can find out for us.

"In future letters, in what will probably be a long series, - we will spell out the fiscal irresponsibility of those in control of the Federal Agency from 1913 to date. This will be the unwritten history of the DARKEST deeds ever perpetrated by men. It was inevitable that fifty (50) years of such abominations should produce not only 'dire peril' but also a disastrous termination of the 'peril'. And it is inconceivable that INFORMED State Governments will permit the penalties for these crimes to fall upon the People in the States. The People have already paid a tragic penalty in blood and treasure, - in dishonor and disgrace.

"Gentlemen, - rarely in our history have the States used or needed the STATE MILITIA established by the Constitution which NEVER was wrong. But now - with 'dire peril' and 'long twilight' stalking us all - the Federal Agency is trying in one way or another to DISARM us. This is probably the end of an era - a turning point in our history. The obligation of LEADERSHIP was NEVER so GREAT as it is in the STATES today. That LEADERSHIP needs the support of its own MILITIA. The STATES are SOLVENT while the Federal Agency is NOT. The World is in revolution while PEACE prevails in the STATES. Surely

Re: COUNCIL FOR STATEHOOD, also known
as Freemen

"this is NO time to permit further intrusion into
the STATES from a corrupt and irresponsible - if
not actually DISLOYAL - Bureaucracy.

"If the Federal Agency must go down, sharing the
fate of every 'democracy' of the past, - the STATES
need NOT fall with it. An INFORMED, courageous and
responsible STATE GOVERNMENT supported by all its
people with its MILITIA can hold.

"Very respectfully,
COUNCIL FOR STATEHOOD

It was learned at this meeting that Major ARTHUR ROBERTS of the United States Army, stationed at Fort Collins, Colorado, is the person that sets up the military underground for this national organization. ROBERTS is reportedly a close friend of General EDWIN WALKER.

RE: COUNCIL FOR STATEHOOD

It was observed that several members of the Board indicated they wanted as many military people as possible to join their organization, in order that they would have access to military arms and would be in a position to take over the Government. They complained that the United States is presently being taken over by President KENNEDY.

During the course of the meeting, [REDACTED] exhibited several of his firearms, which he maintains in a closet of his home. These arms included one carbine, one high-powered, .22 rifle, with telescopic sight, two snub-nosed .38 revolvers and one Army .45 pistol. In addition, it was observed a quantity of ammunition was being maintained in the same closet.

b6
b7C

During the course of the meeting, finances were discussed, and this organization now has approximately \$742.00 in the treasury, after payment of obligations amounting to over \$300.00.

The general discussion at this meeting took up the topic of the national convention which will meet on April 3, 4 and 5, 1962, at the Fontainebleau Motel in New Orleans, Louisiana.

It was noted that one of the high contributors to the cause is VIRGINIA GOURDIN of Charleston, South Carolina. She is an ex-House of Representatives member of the State of South Carolina, and is a co-ordinator of the South Carolina statehood group. She reportedly resides in Charleston, South Carolina.

The discussion also included the fact that the organization has a number of people backing them who are

III. LITERATURE BEING DISSEMINATED

On December 13, 1962, Miami T - 2 made available 2 letters which were obtained on the evening of December 11, 1962, from MARY DAVISON. The first letter, which is set forth below, had the following note attached to it:

Dear Friends:-

The attached sheet was prepared to announce an intent to pursue our educational campaign at State Level and to form STATEHOOD, INC., for that purpose.

Before the release, however, we discovered some local plans of two National organizations to interfere to some extent with our work. Hence we have decided not to file our incorporation papers at this time and to change the name to COUNCIL FOR STATEHOOD in order to prevent their learning the names of our Directors. We will proceed as outlined except for change of name.

MARY M. DAVISON

Dear Friends Of the Council On American Relations:-

The fabulous success of the Open Letters to the Senators in arousing the nation and informing the people about the practical aspects of the myth of the thing called "communism" has but plowed the field for concrete action.

We did not incorporate the C.A.R. for reasons we deemed proper and significant. Now, however, we feel that the action program we will launch requires incorporation, and we are forming a membership organization in which our friends may join or support as individuals, as they see fit.

We think the new program is bound to get results because it will be launched at the STATE level where there is

MM 157-739

much more ground to be covered and where the officials are much CLOSER TO THE PEOPLE and, therefore, more responsive to our interests. Here is one place where the officials should realize that their own interests are identical with ours.

We will begin a new series of letters, which in view of the rapidly advancing and reckless attempt to complete the "take-over", - may not have to run too long. The letters will be directed to the GOVERNORS of the States and a first copy will go out from here. The next step will be to mail a copy of the first letter to those people whose support we seek requesting them to let us know as soon as possible whether they will participate in this effort and if so to what extent.

To those becoming members of STATEHOOD, INC., (corrected in ink to COUNCIL FOR STATEHOOD) the name of the new organization, a membership fee of FIVE DOLLARS will be asked. To those desiring to participate in any manner, - we will accept such help as is offered. It is not our intention to solicit and accept members, but rather to invite those with whom we have had experience in the past. No candidates not known to us will be admitted, even to participation, - and any new ones coming to our attention must be vouched for by invited members. (u)

Following receipt of the first copy of the Governor letter, we will have as many members as possible in EACH STATE, - and we have good reliable friends in every state, - co-operate in sending a copy of each Open Letter to EVERY MEMBER of the State Legislature in each state. This program will reach between eight and ten thousand State Officials weekly.

The letters will be much less "bombastic" than those sent the Senators, for our State Officials have had absolutely NO WAY of knowing what was going on, and we believe they are sorely concerned and confused about the way things are going in Washington.

40

MM 157-739

3.

In writing the Governors, - if it be necessary to go so long, - we will cover such matters as the Federal Debt, continuing budget deficits, loss of the gold supply, the Federal Reserve System, the Educational System as it has been perverted by the C. F. R. and its agencies, United Nations, 1313, and especially the Governors' Conference which is completely dominated by Nelson Rockefeller, whose Rockefeller Brothers Fund pays all the expenses, including transportation and hotel bills of the Governors. They also have a National Association for Attorneys-General, Associations for Planning Officials, Tax Assessors, Budgeting and Purchasing Officials, - and last but far from least, - NATIONAL LEGISLATIVE CONFERENCE.

This is the C.F.R. apparatus operating at State level to get control of the STATE GOVERNMENTS as they have already done at the Federal level. None of the State Officials involved in these rackets have the least idea of what is behind it any more than the Congress did at the beginning. (u)

Our plan for informing the State Officials is simple, and in view of the enormous good which could come from it, - requires relatively little sacrifice on the part of any individual. The total membership of the State Senate and Assembly runs from 42 in Nebraska to 276 in Vermont (400 in Connecticut), on an average of 150 per state.

We will provide copies for each member at a cost of \$6.00 per hundred and would ask that patriots in the various states then arrange for the mailing of these to EVERY MEMBER of their State Government weekly. A member could get a few friends or a study group to subscribe to this service, or if they have means of doing so, have the letters printed up in their own communities.

We fully expect that when this planges into operation, or gets well under way, that sufficient State Officials

MM 157-739

LCP:mjm

will become interested,- especially if our members in the States are efficient, in calling some of our officers before State investigating committees. And this could very well lead to the States taking a hand in the Federal Agency created by their predecessors.

We have elected temporary officers from Palm Beach County and will hold a NATIONAL CONVENTION in New Orleans in April at the same time the Congress of Freedom meets there, at which time permanent officers will be elected.

When writing us will you please indicate if you desire to be put in contact with other C.A.R. friends in your State in order that you may co-operate and not duplicate your efforts? We feel that this operation cannot fail to bring results. This time we have a mountain of evidence and a host of proven dedicated patriots to get the thing moving. Last time we had to start from scratch, and with no nation-wide contacts. Thanks to the work and sacrifice of people everywhere in the nation, that little acorn grew to an enormous oak. And God was surely with us all the way.

Most sincerely,

The second letter, which is "An Open Letter #1 To The Governors and Representatives of the Sovereign States", reads as follows:

Gentleman:-

We, of the COUNCIL FOR STATEHOOD and our many likeminded friends in the fifty (50) states, are deeply concerned

MM 157-739

5.

about the manner in which our affairs are being handled in Washington. We feel that things have been getting out of control there for many years, and that the States and the People have been derelict in their duty in permitting it. As a result, we are stunned by an official proclamation that

"THE NATION IS IN DIRE PERIL"

We feel that a condition of "dire peril" is the inevitable result of many years of financial irresponsibility on the one hand, and a carefully concealed plan of the UNELECTED Washington Bureaucracy to change our Republican form of government without the INFORMED consent of the people on the other.

We say "informed" because it was a completely UNINFORMED people who adopted the lethal 17th Amendment and through (u) it, opened the door for the eventual downfall of the Republic and the inevitable rise of "dire peril". The 17th abolished State Representation in the Federal Agency. And this led first to weakening of State influence and control over the Agency created by the States, and finally to a "no man's land" where the States have been completely ignored.

In this hour of "dire peril" to the Federal Agency, as a probable prelude to the "long twilight" predicted by the Chief Executive, we implore our State Officials to be warned in time. Let us look at our own ship of State and see where it is dependable. The Constitutional Contract - Article 4, Section 4 states:

"The United States shall guarantee to every State in the Union a Republican form of government"; that is, "a state in which the sovereign power is held by the people and exercised by representatives elected by, and responsible to them". (Webster's)

Gentlemen, these official proclamations of "dire peril" and a "long twilight" have convinced us that we had better advise and consult with our duly elected represen-

6.

tatives at State Level, and begin a speedy return to the Republican form of government our Constitutional Contract guarantees. To that end, we urge that you hear us out. We, of THE COUNCIL FOR STATEHOOD, are NOT now and by the Grace of God, NEVER shall be - citizens of the WORLD! We are CITIZENS of our respective Sovereign States.

We are prepared to admit our failures of the past and are prepared also to make any necessary sacrifice to restore State Sovereignty and to support our States in resistance to any further encroachment by the Federal Agency. The States, or the majority of them are, SOLVENT and their solvency is a tribute to the fiscal responsibility of the elected representatives of the peoples in the States. And it demonstrates that the people are fit to rule themselves - to wisely select representatives. The Federal Agency may be - and probably is INSOLVENT - (u) bankrupt. And this is not the fault of the people whose franchise has been diluted by outside and alien influences. It is not the fault of the States which, since the enactment of the 17th, have had NO representation at all.

We realize now, and we will do our very best to bring others to the realization, that by enacting the 17th Amendment, the people have done GREAT damage to their States and have put their States at the mercy of power politicians in the "great" metropolises. It should be clearly apparent now that if our own State Legislatures had retained the power conferred upon them by the Constitution, to appoint the Senators as representatives of the States, these State representatives, who have proven their capacity for governmental responsibility, would have given us a Senate dedicated to the best interests of the States.

We believe, therefore, that the States should immediately begin an educational campaign to inform their people about the Amendment which has failed them and to begin State referendums for its repeal.

MM 157-739

LCP:mn

7.

We believe the bankruptcy of the Federal Agency is a fact which could have been predicted with certainty from the time the Federal Debt reached the hundred billion dollar mark. But the UNELECTED Bureaucracy in Washington not only refused to control it, but promised us it would continue to mount, year by year, for the next half century.

We know that this debt is UNPAYABLE. And we know that the only alternative to payment is REPUDIATION and BANKRUPTCY. We do not believe the Federal Agency can stave off much longer a show-down on the Federal Debt. The gold and the silver have been shipped out of the United States, - rightly or wrongly, we did not know. Nobody in Washington recognizes any responsibility for informing us. If, as many solid citizens believe, - all the property of the people in the States is mortgaged by this debt, then the people are bankrupt also, if the mortgages were secured legally.

Nowhere in the Constitution are Congressmen and Senators^(v) authorized to pledge the property of the people for the Federal Debt. The Constitution conveyed to the Congress the power to coin and regulate our money and to borrow against the credit of the United States (not the Sovereign States or the people in those States) for the extraordinary expenses of government. We believe that, in the absence of the 17th Amendment, all unconstitutional debt and spending would have been stopped, dead in its tracks, by a Senate representing the States and loyal to the interest of their States.

Gentlemen, we are convinced that if the nation of Sovereign States is to survive for even a year or two, - the responsible officials of the States must find a way to determine just how much is legally owed - who owes it - is it to be paid or repudiated - and when and how. Finance is everybody's business - in the home, in the mill, on the farm, - and in the Statehouse. And no sane person waits until he has lost his property before he learns whether or not he owes the debt.

MM 157-739

LCP:mn

8.

Long study of the debt situation has convinced us that this debt economy is an evil stemming from the Federal Reserve System, the Central Banking System, against which our forbears warned again and again. And so in closing let us leave with you a great Constitutional argument which was never resolved, - "Is the Federal Reserve System CONSTITUTIONAL"? It is a direct violation of Article 1, Section 8, Paragraph 5. There was NO constitutional amendment, - the people would never have approved it. These people (Regional Banks) who bought the securities representing the debt knew this when they made the purchases. All these things must be considered, resolved and faced NOW!

The wild and irresponsible fiscal practices of the UNELECTED Bureaucracy would NEVER have been tolerated if the People had been obliged to pay for them, but by mortgaging future generations, - whether legally or illegally, - the spending has been pushed to "dire peril", and prospects of a "long twilight". We have not been told just what these terms imply. Maybe our States can find out for us. (u)

In future letters, in what will probably be a long series, - we will spell out the fiscal irresponsibility of those in control of the Federal Agency from 1913 to date. This will be the unwritten history of the DARKEST deeds ever perpetrated by men. It was inevitable that fifty (50) years of such abominations should produce not only "dire peril" but also a disastrous termination of the "peril". And it is inconceivable that INFORMED State Governments will permit the penalties for these crimes to fall upon the People in the States. The People have already paid a tragic penalty in blood and treasure, - in dishonor and disgrace.

Gentlemen, - rarely in our history have the States used or needed the STATE MILITIA established by the Constitution which NEVER was wrong. But now - with "dire peril"

MM 157-739

LCP:mn

9.

and "long twilight" stalking us all - the Federal Agency is trying in one way or another to DISARM us. This is probably the end of an era - a turning point in our history. The obligation of LEADERSHIP was NEVER so GREAT as it is in the STATES today. That LEADERSHIP needs the support of its own MILITIA. The STATES are SOLVENT while the Federal Agency is NOT. The World is in revolution while PEACE prevails in the States. Surely this is NO time to permit further intrusion into the STATES from a corrupt and irresponsible - if not actually DISLOYAL - Bureaucracy. (u)

If the Federal Agency must go down, sharing the fate of every "democracy" of the past, - the STATES need NOT fall with it. An INFORMED, courageous and responsible STATE GOVERNMENT supported by all its people with its MILITIA can hold.

Very respectfully,

On January 9, 1963, Miami T-2 made available open letter #3 and #4 to the Governors and Representatives of the Sovereign States, which was obtained on the evening of January 8, 1963. These letters read as follows:

Gentlemen:

Has it ever occurred to you that NOTHING, has ever been taught the students of the public - or private school systems - about "money" and the Federal Reserve? Older people may remember that students prior to 1913 learned something about money and about the Central Banking Systems of Europe. They were bad. They loaned money to dissolute monarchs until the governments were swamped in debt; then the people were impoverished to help pay the debt. Wars became necessary to induce more monarchs to borrow more money and more and more people became impoverished in paying off those debts. Central Banks had been very bad for Europe. But they could NEVER happen here. The Constitution had placed the POWER to coin our money and regulate it in the hands of Congress. We were safe from public debt, and poverty and exploitation. (u)

True, the Robber Barons had arisen to bribe and swindle and steal - endlessly. But as public education progressed, their looting would be controlled and eventually eliminated. For their own protection, the Robber Barons had bought up substantial control of the Press and News Service Agencies and began hiring public relations experts and propagandists to clean up their reputations. But some of them, about SIXTY - (See AMERICA'S SIXTY FAMILIES By Ferdinand Lundberg - the Citadel Press - 222 Park Avenue, South - New York (3), New York) - had accumulated so much of America's wealth there was little left for the rest of the people. And as this sort of wealth begets more of the same kind, it was just a question of time until something would give. They had set up stock markets to handle their stock swindles and bought

MM 157-739

and sold gold and silver, both in metal and in stocks, manipulating them on the markets in such manner as to cause "panics" - or "depressions" as they did in 1929.

Into this lush plunder-bund then, came Mr. Paul Warburg of the Warburg Banking House in Germany. His idea was to establish, by HOOK or by CROOK, - a Central Bank in the United States. At that time (1902), John D. Rockefeller was the richest man in the World, and the Rothschild representative, J. P. Morgan, was second. Participation by these two (2) tycoons was a "must". With Morgan there was no problem, - and Rockefeller was soon persuaded. Rockefeller had his son-in-law, Nelson Aldrich, firmly entrenched in the Senate where, with the kind of money they had to spend, - he could see things through.

They - and their controlled Press then went ALL OUT to sell the people on the idea that we needed a new money system, but it would NEVER, NO NEVER, be a Central Bank (as they said in the same year we would NEVER, NO NEVER, have more than a five percent income tax). They had considerable trouble putting it over but when the Congress and Senate went home for the Christmas holidays, the required number stayed behind and on December 23rd, passed the Federal Reserve Act, and President Wilson signed it the same day. A primary deception used in setting up the Central Bank was the concurrent establishment of four (4) (now twelve) (12) Regional Banks - so the people would never know which shell the pea was under and not suspect that a Central Bank had taken over our Treasury - in defiance of the Constitution and the WILL of the PEOPLE. (u)

This Federal Reserve System is PRIVATELY owned - the "government", the Federal Agency, does NOT own a nickel's worth of stock in it. And these robbers and swindlers of notorious reputation would henceforth MANUFACTURE "our" money and dole it out to the Federal government as they pleased. At first, there were a few pretty pink restrictions on the Fed but as time went on, they got rid of them. In

MM 157-739

view of the astounding facts to follow - the names of the original Federal Reserve crowd are very, very interesting: -

John D. Rockefeller	J. P. Morgan	Nelson Aldrich
Paul Warburg	Cleveland Dodge	Benjamin Strong
Bernard Baruch	Eugene Meyer	Frank Vanderlip
Edward A. Harriman	Henry P. Davison	Samuel Untermyer
Henry Morgenthau, Sr.	Louis D. Brandeis	

Most of these men were Bankers. Cleveland Dodge had been the "bag-man" for the Wilson campaign. He was head of both Remington and Winchester Arms Companies whose contra-band shipments aboard the Lusitania caused her sinking and served as excuse to get us into World War One. The Central Bank had lost no time in putting into motion the War and Debt policies which had bled white the people of every Banker Nation.

Among the few informed opponents of the Fed was Congressman Lindbergh (father of Charles) who fought it all the balance of his life. He said: "This Act establishes the most GIGANTIC trust on earth. When the President signs this bill, the Invisible government by the Monetary Powers will be legalized...Wall-Streeters could not cheat us if you Senators and Representatives did not make a hum-bug out of Congress ... The greatest crime of Congress is its currency system. The worst Legislative crime of the ages is perpetrated by this banking and currency bill". (u)

Gentlemen, we feel you should know of the crimes of the Federal Agency, the Federal Reserve and the "peoples" Congress. There is a MOUNTAIN of evidence all carefully concealed from the public. This is the reason the schools steer clear of the "money system". Even in the colleges and universities they touch it not. It has been a great mistake to let people tell us the subject is so complicated we cannot understand it. You CAN understand it, and you WILL NEVER be the same after you do.

50

Let us begin with an experiment - take a One (1) Dollar bill and a Ten (10) Dollar bill and let us note the difference. The One (1) Dollar bill says - "Silver Certificate. This certifies that there is on deposit in the Treasury of the United States of America - One Dollar in silver payable to the bearer on demand". That One Dollar bill is money. It is currency of the United States backed by silver in the Treasury. We hate to break in here, but must inform you that the Congressional Record of April 12th, 1961 - Page A-2444 - published a statement by Congressman Carroll Kearns (Penna.) charging that the Treasury had been selling our silver at cut-rate prices all over Europe, and that the silver hoard had dropped from well over a billion to a mere 112 million dollars. Subsequently the President suggested retiring the silver certificates and issuing in their stead some more Federal Reserve Notes. So-o at this moment, there may be some question whether the One Dollar bill is money.

Now examine the Ten Dollar bill (or any note from Ten up). (u)
This piece of paper is exactly what is printed on it, - a "Federal Reserve Note. The United States of America will pay to the bearer on demand Ten Dollars". Now read the very fine print on the upper left face of the bill - "This Note is legal tender for all debts public and private, and is redeemable in LAWFUL money at the United States Treasury, or at any Federal Reserve Bank". And this Federal Reserve Note is endorsed on its face by the Great Seal of the United States, and by the signatures of the Treasurer of the United States and by the Secretary of the Treasury. The seal and two (2) witnesses. Nobody signed for the FED. But right there in the fine print you see this is NOT money, - it will be exchanged for LAWFUL money upon presentation. In itself, it is a Federal Reserve I.O.U. secured by nothing except the property of the endorser, - the Federal Agency, and that may well be YOUR PROPERTY and OURS.

Now we will explain how the Federal Reserve System works - remembering always that the Fed is a crowd of PRIVATE Bankers.

51

MM 157-739

Suppose the Treasury needs a billion dollars to pay its bills. The Treasury calls the Fed and orders a billion dollars worth of I.O. U.'s - Federal Reserve Notes. The Department of Printing and Engraving prints up a billion dollars worth of Federal Reserve Notes, for which "we" charge the Fed a \$1.25 per thousand printing charge. At the same time, the Treasury prints up a billion dollars worth of "our" own I.O.U's - Government Bonds, bearing interest.

Now we are ready for the BIG deal. The FED uses its brand new I.O.U.'s to buy the Government's Bonds. THAT IS IT!

The Government pays its bills and that puts a billion dollars in circulation. The FED unloads as many Government Bonds as possible on the Member Banks, - and STORES, or uses in many ways, to be polite about it, - the balance. This is frankly referred to as the DEBT Money System. The people go into DEBT for every Federal Reserve I.O.U. put into circulation. Now you know about money, - and what you need to know at this point, about the FED. WHO said you couldn't understand it? Of course, we do not expect you to believe it, - but YOU'LL FIND OUT! (u)

We will quote you from former Chairman of the House Banking and Currency Committee, Louis T. Mc Fadden, and from Congressman Wright Patman of Texas - long time member of the Banking and Currency Committee, who is expected to become Chairman in January, 1963. These two (2) men knew MORE about the Federal Reserve System than ANYBODY outside the FED itself. But first we want to tell you about Wright Patman. We expected to be writing you for a long time - so other things can wait.

Mr. Patman has been in Congress since 1929. He has had the benefit of Mr. Mc Fadden's views - and he KNOWS. He has fought the FED for nearly thirty (30) years. He knows what he is talking about, and he knows how to say it so people understand. He has told your Congressman and Senators - OVER and OVER. If they claim they do not understand him, - YOU judge them. We will tell you what he said. ✓

Mr. Patman is a loyal, - a "straight party-line" Democrat. His time is given unstintingly to FIGHTING the FED and trying to shame other Congressmen into supporting him. He should have been Chairman of the Banking and Currency Committee many long years ago, but SOMEBODY prevented.

A "Small Business Committee" was appointed and Patman was made Chairman of it. That should have taken him off the neck of the FED at a time when the FED was having some publicity trouble. But Patman, using the stock manipulations of the tax-exempt FOUNDATIONS - one of the MOST TOUCHY subjects in official Washington, or more properly, - NEW YORK, - set out to INVESTIGATE the FOUNDATIONS. This was SHEER DYNAMITE in WORLD-GOVERNMENT political circles. Mr. Patman knows how to investigate, and he began turning in some reports as WERE REPORTS. Next thing we know, Mr. Patman, at long last, - will get his heart's desire, he will become Chairman of the Banking and Currency Committee.

You may ask - "What has all this to do with me as Governor, Senator or Representative of my State"? Just this - You are successors to the men in the original colonies who established the Federal Agency. This committed the people in the States to certain obligations and BOUND the Federal Agency by certain restrictions. You have inherited the obligations of those great men. It is a tremendous responsibility, and it should be regarded as a GLORIOUS privilege. You are responsible for the fulfillment of the Constitutional Contract. (u)

It is your SOLEMN duty to protect your State and its people, IF NECESSARY, against infraction of the Constitutional Contract by the Federal Agency. Many breaches of this Contract have occurred. Failure of the States and the People to resist these breaches have brought us to an acknowledge "dire peril" and "long twilight". All you need do is assert the power of the State, and the People - AT HOME AND ABROAD - will support you! ALL THE POWER THERE IS, IS IN THE STATES. It is here - and ONLY HERE - our security lies. By LAW it does - and by RIGHT it should.

MM 157-739

Next week we will tell you what the two (2) Congressmen who knew more about the Federal Reserve than ANYBODY outside the FED, had to say. It is INCREDIBLE! When you know about this, - you just begin to live. And it is good to know, you are smart enough to understand about "money".

Very respectfully,

Gentlemen:-

The words of Benjamin Disraeli, who was in position to know whereof he spoke, are as true today as they were in his time, - "The World is governed by very different personages from what is imagined by those who are not behind the scenes". These words truly describe the situation in all America today, - a whole hemisphere governed by a small group of men in New York whose ancestors and predecessors began their official reign with the enactment of the Federal Reserve Act. It is well to note here that the 17th Amendment abolishing State control of the Federal Agency was prudently pushed through just seven (7) months before the enactment of the Federal Reserve Act. The Senators, at that time, unsure of their future under the new law were far more susceptible to pressure than they would have been under the old law. They would no longer be beholden to their State Legislatures for their enviable positions - but to vast pools of campaign funds.

The criminality of the Federal Reserve system has long been recognized and vigorously opposed by some of America's greatest men. Twice in our early history

MM 157-739

private banks of issue were chartered and dissolved. Greedy and disloyal elements tried to force Lincoln to support the plan in the very depths of the Civil War when they raised their interest charges to the government to 28%. It was then that Lincoln resorted to the literal terms of the Constitution, and the Congress printed our own money, - debt-free. This currency, much of which is in existency today, is known as the Lincoln greenback - the United States Note, - and has saved the Nation hundreds of millions of dollars in interest. You may have a United States Note in your wallet right now - or if you are alert, you will probably locate one in a reasonably short time.

Many books have been written about the scandalous operations of the men who became the Federal Reserve sponsors. Their hired public relations men castigated the authors as "muck-rakers". By our standards, that was "muck" which needed to be raked, and still does. Now, more than ever before. We have neither the time nor the intent to do it. Ours is to tell the true story of the consequences of turning the Nation's money and credit over to them. We must stress once more, that the men who took charge of the Federal Reserve Banks from the very beginning were NOTORIOUSLY dishonest, disloyal and unscrupulous. And, by the very nature of the system, are so today. (u)

To them, President Andrew Jackson said - "You are a den of vipers. I intend to rout you out, and by the Eternal God, I will rout you out".

Franklin Roosevelt - "The International Bankers have ruined this country and gone into hiding (but NOT for long! - ed.) and with the help of Almighty God, I will drive them from the Temple". HOW? With Baruch, Morgenthau, Brandeis, Harriman, Nelson Rockefeller, Jesse Jones, Joseph P. Kennedy, and a passel of J. P. Morgan partners and cronies?

55

MM 157-739

Abraham Lincoln - "As a result of the war, corporations (monopolies and trusts - ed.) have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign by working upon the prejudices of the people until ALL WEALTH IS AGGREGATED IN FEW HANDS AND THE REPUBLIC IS DESTROYED".

Henry Ford, Sr. - "The one aim of these International financiers is World control by the creation of inextinguishable debts ... It is well enough that the people of the Nation do not understand our banking and monetary system, for if they did, I believe there would be a REVOLUTION before tomorrow morning".

Lloyd George - Speaking of Versailles Peace Treaty - "The International Bankers swept statesmen, politicians, jurists and journalists all on one side and issued their orders with an imperiousness of absolute monarchs who knew there was no appeal from their decisions". This, - at the first opportunity for display of their power after they had obtained control of the money and credit of the people in the United States. (u)

With Cuba and the Dominican Republic in mind, hear General Smedley Butler, - "I was a racketeer - a gangster, for the International Financiers. I suspected I was just part of a racket at the time. Looking back on it, I feel that I might have given Al Capone a few hints. The best he could do was to operate in three (3) City districts. I operated on three (3) continents".

Mayor John F. Hyland (New York) - "The REAL menace to our Republic is the Invisible Government, which, like a great octopus, spreads its slimy length over City, State and Nation. And at the head of this octopus is a small group of banking houses, generally referred to as the "International Bankers". This little coterie of powerful International Bankers virtually RUNS our government".

United States Senate Report - Document 346 - "The responsibility for World War One rests squarely upon the shoulders of the International Financiers. It is they, upon whose heads the blood of millions of dead and dying rests".

Mr. Alexander Lassen speaking before the Banking and Currency Committee of the House said of the Fed, - "It will prove to the advantage of the few and the detriment of the people (as it had always - ed.). It will mean continual shortage of actual money and when there is a shortage of money, people have to borrow to their cost".

Senator Root - "Long before we wake up from our dream of prosperity through an inflated currency, - our gold - which alone could have kept us from catastrophe, will have vanished and no rate of interest will induce it to return". If ever a prophecy came true, that one did.

It was for Congressman Mc Fadden, Chairman of the Banking and Currency Committee of Congress for more than ten (10) years, to break wide open the incredible scandal of the Federal Reserve system, to bring a BILL of IMPEACHMENT against it, to have this IMPEACHMENT which he, more than any man alive, had a RIGHT and DUTY to introduce, whisked into the secret caverns of the Judiciary Committee where it rests to this day. Before Congressman McFadden left Washington, two (2) attempts were made on his life. He then made a trip to New York and was never seen alive again. (w)

In 1957 when an enormous and unpayable amount of bonded debt was due, causing an awareness of practical facts in many places, - the Congress appropriated money to investigate the financial condition of the country - or perhaps we should say, - the Federal Agency. Senators Byrd, Malone and Jenner were appointed to make the investigation, and Senator Byrd stated that the investigation would last six (6) months to a year. It lasted one (1) month, - and these three (3) conscientious men then announced their

57

MM 157-739

intention to retire from the Senate. Many of you will remember that Senator Byrd was drafted by his constituents in 1958. The other two (2) Senators got out.

Gentlemen, these FACTS are known to more than a MILLION people in these United States. We feel that few State officials are aware of them, and that they should be informed if the States are to escape the catastrophe which impends in Washington. We have this much "going for us" if we are smart enough to take advantage of it, - the DEBTS are against the Federal Agency. THE PROPERTY IS IN THE STATES! Possession may well be nine (9) points in law, if we remain strong enough to retain it.

In bringing the IMPEACHMENT of the Federal Reserve, Congressman MC FADDEN made the most DEVASTATING speech ever heard in the Congress. And had the Congress stood up with this great man, there would have been NO World War Two, NO Korea, NO Cuba, NO "Dire peril", no "long twilight". For such horrors then, can a public official become responsible - guilty - by the simple expedient of remaining silent when he should speak out? (w)

Congressman McFadden, stating the charges on which his IMPEACHMENT was based, said - " Mr. Chairman, we have in this Country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal Reserve Banks. The Fed has cheated the Government of these United States out of enough money to pay the Nation's debt . . . This evil institution has ruined the people of these United States, has bankrupted itself, and has practically bankrupted our Government. It has done this through the defects of the law under which it operates, through the maladministration of the law by the Fed and through the corrupt practices of the moneyed vultures who control it.

SOME PEOPLE THINK THE FEDERAL RESERVE BANKS ARE UNITED STATES GOVERNMENT INSTITUTIONS. THEY ARE NOT ...

They are PRIVATE monopolies which prey upon the people of these United States for the benefit of themselves and their foreign customers; foreign and domestic speculators and swindlers; and rich and predatory money lenders. In that dark crew of financial pirates there are those who would cut a man's throat to get a dollar out of his pocket; there are those who would send money into states to buy votes to control our legislatures . . . These twelve (12) PRIVATE credit monopolies were deceitfully and disloyally foisted upon this Country by the bankers who came here from Europe and repaid us our hospitality by undermining our American institutions. Those bankers (please note this carefully - ed.) took money out of this Country to finance Japan in a war against (Czarist - ed.) Russia. They created a reign of terror in Russia to help that war along. They instigated a separate peace between Germany and (Bolshevik-ed.) Russia and drove a wedge between the Allies in the World War (One - ed.). They financed Trotsky's passage from New York to Russia (we will tell you all about that later - ed.) so he might assist in the destruction of the Russian Empire. They fomented and instigated the Russian Revolution, and placed a large fund of American dollars at Trotsky's disposal in one of their branch banks in Sweden .."

You may be shocked - or you may be incredulous in your reaction, to another charge which is a direct CONTRADICTION of what you - by whatever means, have been led to believe of the "Russian Revolution". We will get around to that later, but wish to inform you at this point, - that the PROVABLE and well DOCUMENTED facts which we will document, - of the so-called "Russian Revolution" PROVE that it was NOT "Russian" and it was NOT "Revolution". It was CONQUEST - it came from WITHOUT. This is the most difficult part of this whole amazing, and truly historical review. Once you are convinced on this point - and this, you understand - is "communism", - you can more readily understand and accept the balance of the expose'.

But first we will conclude our quotes from Congressman McFadden - Chairman of the Banking and Currency Committee of the House - as he laid the foundation for his IMPEACHMENT

MM 157-739

of the members of the Federal Reserve Board. Bear in mind here that ANY Congressman may IMPEACH, and the Senate BY LAW, is required to try the IMPEACHMENT, - here was the MOST COMPETENT man in Congress by reason of his position as Chairman - for more than ten (10) years, of the Banking and Currency Committee - IMPEACHING the members of the Federal Reserve Board, and the Judiciary Committee presumably preventing the legally required trial of the IMPEACHMENT.

And let us point out here what should be obvious, we have NOT had an IMPEACHMENT in this VAST-sprawling, World-Wide Federal Agency, - NOT even when hundreds of SUBVERSIVES were being turned up - turned out - convicted - indicted - recorded as suicides, escapees, - by border crossing and by friendly court action. Surely - in all our history and especially in the past fifty (50) years when the true history of the United States is the BLACKEST record in the history of mankind - SOMEBODY should have been IMPEACHED. We claim that if the States had been REPRESENTED in the Federal Agency - very little of this subversive and criminal activity would have occurred - and there would have been IMPEACHMENTS. And for crimes which by today's standards - would have seemed trivial.

As we continue with Mr. McFadden's charges - and follow with the statements of Hon. Wright Patman, the man who - in January next, will become the new Chairman of the Banking and Currency Committee, - we place our only hope for survival in the willingness of our respective State officials to heed what we say - and prepare to RESIST illegal intrusion of the CREATURE of the States - the Federal Agency gone berserk and trying to HOG-TIE their CREATORS before the CREATORS can find out what is going on.

We REPEAT - the PROPERTY, the POWER, and the AUTHORITY is in the still SOVEREIGN States. WE MUST HOLD!

Very respectfully,
COUNCIL FOR STATEHOOD

AN OPEN LETTER #6 TO THE GOVERNORS AND REPRESENTATIVE OF THE
SOVEREIGN STATES

Gentlemen:-

As we continue with the outline of TRUE history of the past fifty (50) years, we feel the need to discuss with you briefly some pressing problems of the present which have their roots in the past. The incredible, the fantastic statements we must make in support of our program, are actually no more incredible or fantastic than what you may see for yourself if you will but analyze conditions and events free from the influence of the propaganda of the daily press. Borrowing money to give it away, and thereby going ever deeper into unpayable debt is one example. The Farm Program, under which the Federal Agency pays farmers for NOT growing and producing, while the farmer, by heavy fertilization and other methods manages to produce as much on few acres as he formerly produced on many. Storing vast surpluses and taxing the people to pay enormous sums in rent or storage. Then taxing them again to build more dams to put more acreage into production. (u)

There are dozens of such fantastic programs, - but most dangerous of all is this thing called "Arms Control Act", which IS DISARMAMENT of the United States by placing ALL OUR MILITARY establishment under the United Nations. "ALL" means men, material, equipment, space agencies, a literal "ALL". And it does not, as the Congress tells us, mean over a period of ten (10) years, - although what difference that would make escapes us. But according to the Council on Foreign Relations' selected and financed Commission which will control the transfer, - IT IS TO BEGIN IMMEDIATELY and be pushed as fast as possible. (See Department of State Publication #7277, - send for it, - STUDY IT!)

NOW WE COME TO THE FANTASY. The Congress will be asked to appropriate BILLIONS OF DOLLARS of tax money for the MILITARY ESTABLISHMENT we are giving away. And Congressional FEAR of the money power is so great they will agree to anything requested; in fact, they have been known to GRANT MORE than was

MM 157-739

requested. Now you know that the United Nations is in such disrepute that Congress, regardless of FEAR of the money power, could not make this sort of grant to the United Nations. But they WILL try to throw us a curve by appropriating billions for "Defense", - for the enlargement and maintenance of a military power which has ALREADY BEEN GIVEN AWAY. Nothing, we submit, - that anybody could dream up would be more fantastic than this easily provable FACT. Furthermore the Defense Department had given to NATO the MAJORITY of our atomic powered submarines before the Arms Control bill was passed. It is ARMS CONTROL only in that OUR ENEMIES will control the arms, the armies, the whole military establishment of these UNITED STATES!

Gentlemen, - you have witnessed the operations of the United Nations in Katanga. This operation WAS A FLAGRANT VIOLATION of the United Nations Charter to which WE are signatory. And the Federal Agency AIDED AND ABETTED this outrage. The Charter of the UN starts right out with the misrepresentation that (Article TWO, Chapter ONE) "NOTHING contained in the present Charter shall authorize the United Nations to intervene in matters which are essentially within the domestic jurisdiction of any State or shall require the members to submit such matters to settlement under the present Charter; but this principle shall not prejudice the application of enforcement measures under Chapter Seven". Now before Chapter Seven gets around to dealing with "ENFORCEMENT measures", - it says this, - "THE SECURITY COUNCIL shall determine the existence of any threat to the peace, breach of the peace or act of aggression. . .".

It is important to note that in the KATANGA SITUATION THE SECURITY COUNCIL was not consulted. There could have been NO VOTE in the Security Council supporting the Katanga operation, - England and France would have VETOED. So Mr. U Thant, took it upon himself to order this ACT OF AGGRESSION on the part of the UN, - in clear violation of the Charter. In this he had the full support, - if not actually the ORDERS of the Council on Foreign Relations CABAL in the Executive Department of the Federal Agency. THEY are interested in Katanga's COPPER; the COPPER TRUST having from the beginning been prime factors in the WORLD REVOLUTIONARY MOVEMENT of the Council on Foreign Relations. An excellent documentary on what's what and why

MM 157-739

in Katanga is a recent speech of Congressman Bruce of Indiana delivered on the floor of the HOUSE. We urge that you send for it.

We feel that our representatives should be informed about Katanga in order to be on guard against possible armed aggression from UN against the States or any one of them. All we have to do is permit the "Arms Control Bill" to go unchallenged and we will have placed in the hands of the RUSSIAN LED United Nations Military establishment the whole military power of the United States which may, - and with the make-up of the United Nations what it is now, - probably will be used to SUBDUE US and push us behind the so-called "Iron Curtain" of the WORLD REVOLUTIONARY MOVEMENT.

We feel that in the light of what has been going on in Washington for nearly fifty (50) years, it has been entirely too long between Constitutional Conventions. However, there IS a bright side. During the years the evidence against the Federal Agency has mounted to ASTRONOMIC proportions. Not only will the case against them be easily provable, but the penalties have MOUNTED in direct proportion to the evidence. And we feel that when you are fully informed of the CRIMES, you will agree with us, that on every charge the GUILTY should suffer the FULL FORCE OF THE LAW. In that way the Agency of the future will be inclined to follow closely the provisions of the Constitutional Contract.

After nearly TWO HUNDRED (200) YEARS (1787) of more or less lax supervision, the States should, on their own initiative, call a Constitutional Convention. But this should be carefully considered. There should be no haste, - no un-preparedness. There is much that has been carefully concealed and which should be revealed and studied before the move is made. We feel that the only excuse for PRECIPITATE ACTION would be some brash action on the part of the Executive or Judicial branches of government. The Legislative, YOU in each State can control. There is little doubt among those informed about the WORLD REVOLUTIONARY MOVEMENT that if the State officials use their MOST POTENT INFLUENCE on their Senators and Congressmen, - if the Senators and Congressmen are forced to decide between the State officials and the MONEY-POWER, there is only one choice open to them. They will side with their States. The MONEY-POWER exists ONLY by sufferance of the States and their Congress.

MM 157-739

That power should never have been transferred from the Congress to which it was CONSTITUTIONALLY delegated. It probably will take a Constitutional Convention to decide what shall be done about it eventually, - but in the meantime CONGRESS, WITH THE SUPPORT AND UNDER THE DIRECTION OF THEIR STATES, can bring it into line.

With this in mind then we must continue with the remarks of the CHAIRMAN of the Banking and Currency Committee of the House, Honorable Wright Patman:-

"Oh, it's cruel. It's highway robbery in broad daylight. This is the case of the majority needing protection from the minority, the bankers having all the privileges. THE PEOPLE WHO RUN THE BIG PAPERS ARE HOOKED UP WITH THEM."

"We have NO SUPERVISION over the banks ('we' being the Congress and the Banking Currency Committee of Congress - ed.). We can't get an independent audit. WE HAVEN'T HAD ONE IN FOURTY-SIX (46) YEARS. THEY HAVE ENOUGH POWER TO STOP ANY INVESTIGATION. The Federal Reserve ought to be impeached, - they absolutely ought to be impeached. IT'S A DISGRACE TO LET A FEW FELLOWS FROM WALL STREET ABSOLUTELY RUN THIS COUNTRY, AND HAVE MORE POWER THAN CONGRESS DOES. The people do not understand that the (Federal Reserve - ed.) banks MANUFACTURE MONEY. The Federal Reserve banks create dollars OUT OF THE GOVERNMENT'S CREDIT when they issue Federal Reserve NOTES."

"The gold is really a fiction. . . the private banks, in relationship to their reserves then, can manufacture as much money as they want to make, - from their own greedy standpoint. The banks are supposed to pay ONE-TWELFTH of ONE PERCENT of their deposits to F. D. I C., but during the 80th Congress the law was changed to that the F. D. I. C. (C. meaning CORPORATION - ed.) Board can get THREE BILLION DOLLARS FROM THE TREASURY ANY TIME THEY WANT IT. This is a government obligation for which they pay nothing. A BONUS TO THE BANKS. And then they began cutting the one-twelfth contribution until they can subtract 60% of that one-twelfth. IT'S A SCANDALOUS STORY. SCANDALOUS! The United States Federal Deposit Insurance Corporation has 81 cents to protect every one-hundred dollars of deposit. IT'S SCANDALOUS, IT'S SO SHOCKING THE PEOPLE WON'T BELIEVE IT."

Arguing against what he said would have been bigger give-away than all the Teapot Dome, Dixon-Yates deals, public land grabs, timber steals and defense contract rigging put together, Patman said (see Texas Observer, January 15th, 1960) last March in the Congress of the United States (March 1959) that the Federal Reserve System in 1958 "GAVE, literally GAVE the banks TEN BILLION DOLLARS". This was a deal in which CONGRESS PERMITTED the Federal Reserve to "REDUCE THEIR RESERVES" (which we have always been told belong to the Treasury and the people). Then he (Rep. Patman) asked the House, - "Is there a member within the sound of my voice who will dispute what I have said about that? Of course there is not. There is not a person in the Government who will dispute it because it is an inescapable fact. So here we are, - 436 members of the House, sitting right here on the side-lines SEEING THIS HAPPEN IN BROAD DAYLIGHT and feeling helpless to do anything about it.

The Federal Reserve BOARD LAST YEAR FURNISHED THE BANKS ENOUGH FREE reserves, absolutely free, without a penny of cost, for them to go into the market and purchase TEN BILLION, FOUR HUNDRED MILLION of United States securities. This was manufactured money. Every dollar must be paid. By whom? By you; by the people. In other words it is a mortgage on all the incomes of all the people of the United States, to pay the money which was created by the flick of a pen on the books of the banks in 1958 in order to buy these bonds totalling TEN BILLION, FOUR HUNDRED MILLION dollars. If any members of Congress can justify this, I wish that member would speak out, and I wish that member would take the floor of the House and say it can be justified. I know now that no member will do that because no member will try to defend that policy. IT CANNOT BE DEFENDED. But we have remained silent. We have not done anything about it. Now it has overtaken us in a DEVASTATING RUINOUS WAY". Congressman Patman charged also that SIXTY-SEVEN BILLION OF INTEREST BEARING GOVERNMENT SECURITIES the commercial banks hold have all been acquired by money CREATED on the books of the banks. (u)

You will note that Chairman McFadden DID IMPEACH the Federal Reserve Board and the Senate Judiciary Committee refused to bring the impeachment to trial. And Congressman Patman says

the "Federal Reserve absolutely ought to be impeached". This may be a problem for the lawyers in the State Legislatures to figure out. If the Federal Reserve banks are PRIVATELY OWNED, how can anybody IMPEACH THEM? Of course the government goes through the motions of "appointing" some Board members; but the banks refuse to permit audits claiming they are privately owned. Whatever the situation is, we feel strongly that our States should become fully informed, - and then inform us.

Indicative of the hanky-panky which is used to maintain the Federal Reserve Central Bank Monopoly is testimony taken in Hearings before Sub-Committee No. 3 of the Committee on Banking and Currency, House of Representatives, 86th Congress considering a bill for Retirement of Federal Reserve Stock. Since the light of publicity has been turned on the Fed, they have taken refuge behind the statements that they are the Fiscal Agent of the Government, and that the Member Banks own the Stock of the Fed.

Now the member banks pay into the Fed the sum of 3% of their Capital and Surplus. This entitles them to "stock" which cannot be sold, transferred, used as security or VOTED. The 3% however creates a vast pool of money which is neither needed or used by the Fed but upon which an INTEREST RATE of 6% is paid. After many failures to control the Fed, this sub-Committee of the Congress came up with an idea to PUT THE FED ON THE SPOT by forcing them to return the 3% deposit and to cancel out the "stock", - charging the member banks instead a yearly membership fee. If this bill had passed, it could no longer be argued that the Member Banks "own the Federal Reserve System". As Mr. Fred Wilson, Vice President of the Chicago Fed stated (Chicago Tribune, February 12th, 1958) "The Federal Reserve Bank is owned lock, stock and barrel by its member banks". It cannot be stated much plainer than that. But if this Bill passed, the member banks would not own a nickel's worth of "stock" in the Fed. And then, according to the Act of 1913, the System would revert to the "government", - profits, surplus, securities, INCLUDING THE BULK OF THE FEDERAL DEBT. What a pity the Bill did not pass!

The script of the Hearings on the Retirement of the Federal Reserve Bank Stock is downright hilarious. Every American should have a copy of Part One. Surely no man reading this

MM 157-739

stuff could have any respect whatever for the System, the men who own and control it or for the States and the People who tolerate it and are swindled by it. It is the complete answer to the enigma of the GREATEST PRODUCERS of all time being hopelessly bound in debt both public and private, with no hope of ever in their lifetime having anything else.

We have told you that in all history, Central Banks have led to unpayable debt, conscription and war. In our next letter, we will begin the story of THREE WARS in which the Federal Agency became embroiled for reasons totally unknown by the people. Disraeli once said, "The world is governed by very different people from what is imagined". Similarly it might be said that WARS are arranged by very different people and for very different reasons than what is imagined. We will end this letter with another pertinent quote, "Let me control the money of a nation and I care not who makes its laws". Anselm Rothschild. (Signed) Council for Statehood

On January 30, 1963, ~~Miami~~-T-2 made available Open Letter #8 to the Governor and Representatives of the Sovereign States which was obtained on the evening of January 29, 1963, from MARY DAVISON. This letter reads as follows:

MM 157-739
LCP:mn

AN OPEN LETTER #8 TO THE GOVERNORS AND REPRESENTATIVES
OF THE SOVEREIGN STATES

Gentlemen: -

We are convinced that all three (3) branches of the Federal Agency created by SOVEREIGN STATES have gone out of control. The claim has been made by high officials in the Bureaucracy recently that the States are NOT sovereign, that the Civil War proved it. And we are being told that we will share our earnings and the resources of our States with the "free world", the "newly emerging nations" and the "under-developed areas" whether we like it or not. What they have not told us is that the 17th Amendment "Senate" of 1945 agreed IN OUR NAMES that we would become obligated to do these things under the Charter of the United Nations. But in order to manage it, they had to use the FEAR technique, - convince us we are afraid of Russia or China. When they tried to sell us a mortal fear of FIDEL CASTRO, they learned where to draw the line.

Before we begin to explain the United Nations military establishment, we wish to tell you the TRUTH about the remarks made by Major ARCH E. ROBERTS before the Daughters of the American Revolution which led to his dismissal from active service. The news media did NOT tell the TRUTH about that. We have a copy of the speech which the D. A. R. has certified to be a TRUE AND CORRECT copy. We can more readily believe it to be TRUE because we furnished most of the DOCUMENTATION he used. His remarks about Mayor YORTY and MENNEN WILLIAMS were strictly side issues. The speech itself was a protest against an officer of the United States Army sworn to uphold the CONSTITUTION and to defend it against all enemies both foreign and domestic, being turned over to an organization whose every precept and very existence contravenes the CONSTITUTION; and forced to serve under a foreign flag and an ENEMY Commander-In-Chief. He denies the right of anybody in government or anywhere else to enlist him in a United Nations Army. And he raises the question whether under the U. N. Charter, - the President of the United States IS any longer COMMANDER-IN-CHIEF.

MM 157-739

LCP:mn

He read at that meeting a communication received by a retired Admiral from Louisiana, direct from the American Delegation at the U. N. The Admiral when told of this U. N. military arrangement, flatly refused to believe it. He said it just could not happen. But he wrote the American Delegation, and they denied that the Soviets had a "permanent lien" on the office of Under-Secretary for Political and Security Council Affairs. The letter continued -

"As far as our records show, no agreement or understanding has ever existed that this or any other post in the Secretariat should always be filled by a Soviet National.

As far as practice is concerned, it is true that from the beginning this particular Assistant Secretary General (now called Under-Secretary) has been a Soviet National".

After stating that the policy of the United Nations is to secure for these post "the highest standards of efficiency, competence and integrity", - the letter is signed, "Wallace Irwin, Jr., Director of Public Services". It may well be that by U. N. standards only "Soviet citizens" have the efficiency, competence and integrity to take charge of the military of all nations, including ours - but their standards are NOT our standards, and we DENOUNCE the men and the system which has forced our WHOLE MILITARY ESTABLISHMENT into this INTOLERABLE position. (u)

Gentlemen - it took us WEEKS to find out in Washington just WHO was the head of the U. N. Armies. We questioned members of the Military Affairs Committees, and it was plainly evident they not only did NOT know - for some strange reason they did NOT care. We finally found the information in the ONLY place we know of where it can be found today - in Trygve Lie's book, - "In the Cause of Peace". Major ROBERTS had our copy of this book at the time of his famous speech, because the book has disappeared from library shelves and is now "out of print".

We have given more study to this subject than probably anyone else in the country, - and it is our opinion

MM 157-739
LCP:mn

that the United Nations is NOTHING except the "Security" Council - the "War Waging" arm of the organization. The whole set-up has NOTHING to do with PEACE. Its first objective is to get control of enough military power to FORCE ALL the nations of the World into line and to deliver them up to WORLD GOVERNMENT.

It is NOT a day too soon, that you, the leaders of the respective States, should learn the FACTS about the people, purposes, plans and present accomplishment of this MONSTER to which the Federal Agency has already committed your sons, - the sons of the families in the States. It is NO ACCIDENT that a BLOODY BOLSHEVIK is ALWAYS Commander-In-Chief of the U. N. military.

If you question U. N. supporters, not one in a hundred of whom have ever read the Charter, - they may tell you that the Military Staff Committee of the U. N. controls the military. The "Military Staff Committee" is a fraud, designed to fool the people - if any ever became interested - Trygvie Lie says of it on Page 431 - It was a "stillborn". It NEVER came to life. It was NEVER intended it should. (u)

The section of the U. N. Charter which set off our guest for information was Article 47, Paragraph 3 - (Lawyers - read carefully) - "The Military Staff Committee shall be responsible UNDER THE SECURITY COUNCIL for the strategic direction of any armed forces placed at the disposal of the Security Council.

QUESTIONS RELATING TO COMMAND OF SUCH
FORCES SHALL BE WORKED OUT SUBSEQUENTLY".

"Subsequently" being after they got the Charter through the "Senate". We believe that the "command" was "worked out" before they ever went to San Francisco. At any rate, the "command" has been a SUCCESSION of "Soviet citizens" - SEVEN OF THEM.

MM 157-739

LCP:mn

Let us briefly consider the Korean War - that holocaust where the bodies of America's young sons were pictured with their hands tied behind their backs, their broken bodies piled high in the frozen wastes of Korea. How did we get into that war? By Constitutional Act of Congress? NO. Under the U. N. Charter, the U. N. voted us in. Right there you have a DIRECT conflict between the Constitution and the U. N. Charter. The constitution says - Article 1, Section 8 - "Congress shall have power to declare war". The U. N. Charter says, in effect, - the Security Council shall DECLARE PEACE and go in SHOOTING.

The ground-work for the Korean "peace action" was laid by DEAN ACHESON, (law-partner of DONALD HISS) in a speech evidently prepared for the purpose. The Russian Delegation to the U. N. was VERY CONVENIENTLY "boycotting" the U. N. and so WERE SAVED from voting - which would have shown their hand - or vetoing - which would have meant NO WAR. And it is very important to understand that the veto in the Security Council means there will be NO military action of any kind unless Russia wants it. That is what made such a ridiculous farce of the Cuba mess. And will continue to do so as long as we stay with. The Russian "boycott" then set the stage for the Korean War with the "boycotting" Russians holed up in a hotel a few doors away. (u)

And having voted for the war, the U. N. promptly COMMANDEERED our troops. WHY OURS? We believe the real purpose of the Korean War was to try out the American people, to find out before they became involved in a real World War, whether Americans were too dumb to find out what was going on and too cowardly or indifferent to resist it. At any rate, the American Armies served under top Commander ZYCHENKO; our Generals were not allowed to win the war; "Our" government did NOT want to win the peace, and for the first time in our history, the "government" of the United States ABANDONED its soldier prisoners of war.

MM 157-739
LCP:mn

Now early in the war it was discovered and reported in the Press that our boys were losing hands and feet from frost-bite because they were fighting in sub-zero weather wearing Summer clothing. Congress HASTILY appropriated ten (10) million dollars for emergency relief for these young men. And what happened to the money? The man in charge of spending that money for relief of these tragic victims of U. N. TREASON testified before several Congressional Committees that he had sent ONLY two-hundred (200) dollars worth of barbed wire to Korea from these funds. And WHAT happened to this man? He became CHIEF OF STAFF - his name - GENERAL LYMAN L. LEMNITZER - SPECIAL AGENT OF THE COUNCIL ON FOREIGN RELATIONS.

Before we get into any more messes like the "Cuba Crisis", we had better all apply our knowledge of the U. N. and its Charter in retrospect. When the Executive ordered the BLOCKADE of Cuba following consultation with a (U. N.) recognized Regional Agency - the Organization of American States, the Executive got the RUSSIANS off the hook again. There is a little "gimmick" in the Charter - Article 27, Paragraph 3 - which provides that when a dispute comes to the Security Council after it has been heard in a Regional Agency (O. A. S.), then the PARTIES shall have NO vote - and NO veto. This is where the matter stood when U THANT took his PEACE TEAM to Cuba. This is where it stands today, and so far as CASTRO is concerned, - where it will continue to stand. But there are "other worlds to conquer" in Latin America.

Gentlemen - You wear yourselves out, trying to balance budgets in your States, to get the best possible facilities and protection for your States and their people, - of what use are your efforts if the Federal Agency is to be PERMITTED to offer the WHOLE NATION up to such an INSANE PROPOSITION as this?

Can you NOT agree that we have taken a REASONABLE position in asking the Senate (of 1961) to REVIEW the Charter of the United Nations in the light of the charges we had

MM 157-739

LCP:mn

made against it, - and if they found that they would NOT APPROVE IT NOW, - to take whatever steps would best serve the interests of the UNITED STATES?

They refused to accede to our plea. They may possibly refuse to be guided or directed by you - although we doubt it. But if they do refuse, - we would remind you again - you hold the WHIP - HAND, as you should.

The MONEY, the WEALTH and the MAN-POWER is in the STATES.

The strangle-hold which THE COUCIL ON FOREIGN RELATIONS holds on Press and Radio guarantees you would have considerable trouble in communicating with the people. If we need State communications during a period of emergency, let us have them. But some way, some body must begin warning the people of the REAL nature of the "dire perid" and the "long twilight". Whatever the TRUTH is - whatever the danger or the cost, - the people who will have to meet them should be told. Give the people LIGHT and they will find their way.

YOUR responsibility is to LEAD. An INFORMED people will gladly follow. It is as TRUE today as it was in 1776. (u)

Every LEADER should have a copy of the Charter of the United Nations. Every State has printing facilities. The U. N. itself puts out a neat little job, pocket or purse size, for ten cents per copy. Your printer could duplicate it. We recommend it.

The blind NO longer lead the blind. INFORMED LEADERS MUST lead INFORMED people. The public interest upon which ALL other interests depend has too long been neglected, not so much by indifference as by the inability of the people and their LEADERS to get FACTS.

LET'S PLUG UP THE LOOPHOLES AND GET GOING. THE STATES ARE SOVEREIGN AND SHALL, BY THE GRACE OF GOD, SO REMAIN!

Very respectfully,
COUNCIL FOR STATEHOOD

Whereas I charge them, jointly and severally, with having unlawfully issued Fed currency on false, worthless and fictitious acceptances and other circulating evidence of debt, and with having made unlawful advances of Fed currency, and with having unlawfully permitted renewals of acceptance bankers and discount dealer corporations and other private bankers to violate the banking laws of the U. Whereas I charge them, jointly and severally, with having conspired to have evidences of debt to the extent of \$1,000,000,000 artificially created at the end of February, 1933, and early in March 1933, and with having made unlawful issues and advances of Fed currency on the security of said artificially created evidences of debt for a sinister purpose, and with having assisted in the execution of said sinister purpose; and

Whereas I charge them, jointly and severally, with having brought about a repudiation of the currency obligations of the Fed Banks to the people of the U. S., and with having conspired to obtain a release for the Fed Board and the Fed Banks from their contractual liability to redeem all Fed currency in gold or lawful money at the Fed Bank and with having defrauded the holders of Fed currency, and with having conspired to have the debts and losses of the Fed Board and the Fed Banks unlawfully transferred to the Government and the people of the U. S., and

Whereas I charge them, jointly and severally, with having unlawfully substituted Fed currency and other irredeemable paper currency for gold in the hands of the people after the decision to repudiate the Fed currency and the national currency was made known to them, and with thus having obtained money under false pretenses; (u) and

Whereas I charge them, jointly and severally, with having brought about a repudiation of the national currency of the U. S. in order that the gold value of the said currency might be given to private interests, foreign governments, foreign central banks of issues, and the Bank of International Settlements, and the people of the U. S. to be left without gold or lawful money and with no currency other than a paper currency irredeemable in gold, and I charge them with having done this for the benefit of private interests, foreign governments, foreign central banks of issue, and the bank of International Settlements; and

Whereas I charge them, jointly and severally, with conniving with the Edge Law banks, and other Edge Law institutions, accepting banks, and discount corporations, foreign central banks of issue, foreign commercial banks, foreign corporations, and foreign individuals with funds unlawfully taken from the U. S. Treasury; and I charge them with having unlawfully permitted and made possible "new financing" for foreigners at the expense of the U. S. Treasury to the extent of billions of dollars and with having unlawfully permitted and made possible the bringing into the United States of immense quantities of foreign securities, created in foreign countries for export to the U. S. on trade balances and otherwise, and with having lawfully permitted and facilitated the sale of the said foreign securities in the U. S., and

Whereas I charge them, jointly and severally, with having unlawfully exported U. S. coins and currency for a sinister purpose, and with having deprived the people of the U. S. of their lawful circulating medium of exchange, and I charge them with having arbitrarily and unlawfully reduced the amount of money and currency in circulation in the U. S. to the lowest rate per capita in the history of the Government, so that the great mass of the people have been left without a sufficient medium of exchange, (w) and I charge them with concealment and evasion in refusing to make known the amount of U. S. money in coins and paper currency exported and the amount remaining in the U. S. as a result of which refusal the Congress of the U. S. is unable to ascertain where the U. S. coins and issues of currency are at the present time, and what amount of U. S. currency is now held abroad; and

Whereas I charge them, jointly and severally, with having arbitrarily and unlawfully raised and lowered the rates of money and with having arbitrarily increased and diminished the volume of currency in circulation for the benefit of private interests at the expense of the Government and

the people of the U. S. and with having unlawfully manipulated money rates, wages, salaries and property values both real and personal, in the U. S., by unlawful operations in the open discount market and by resale and repurchase agreements unsanctioned by law, and

Whereas I charge them jointly and severally, with having brought about the decline in prices on the New York Stock Exchange and other exchanges in October, 1929, by unlawful manipulation of money rates and the volume of U. S. money and currency in circulation by theft of funds from the U. S. Treasury by gambling in acceptances and U. S. Government securities; by service rendered to foreign and domestic speculators and politicians, and by unlawful sale of U. S. gold reserves abroad, and whereas I charge that the unconstitutional inflation law imbedded in the so-called Farm Relief Act by which the Fed Banks are given permission to buy U. S. Government securities to the extent of \$3,000,000,000 and to draw forth currency from the people's Treasury to the extent of \$3,000,000,000 is likely to result in connivance on the part of said (u) accused with others in the purchase by the Fed of the U. S. Government securities to the extent of \$3,000,000,000 with U. S. Government's own credit unlawfully taken, -- it being obvious that the Fed do not intend to pay anything of value to the U. S. Government for the said U. S. Government securities -- no provision for payment in gold or lawful money appearing in the so-called Farm Relief Bill -- and the U. S. Government will thus be placed in a position of conferring a gift of \$3,000,000,000 in the U. S. Government securities on the Fed to enable them to pay more on their bad debts to foreign governments, foreign central banks of issue, private interests, and private and commercial banks, both foreign and domestic, and the Bank of International Settlements, and whereas the U. S. Government will thus go into debt to the extent of \$3,000,000,000 and will then have an additional claim for \$3,000,000,000 in currency unlawfully created against it and whereas no

private interest should be permitted to buy U. S. Government securities with the Government's own credit unlawfully taken and whereas currency should not be issued for the benefit of said private interests or any interests on U. S. Government securities so acquired, and whereas it has been publicly stated and not denied that the inflation amendment of the Farm Relief Act is the matter of benefit which was secured by RAMSEY MacDONALD, the Prime Minister of Great Britain, upon the occasion of his latest visit to the White House and U. S. Treasury, and whereas there is grave danger that the accused will employ the provision creating U. S. Government securities to the extent of \$3,000,000,000 and three millions in currency to be issuable thereupon for the benefit of themselves and their foreign principals, and that they will convert the currency so obtained to the uses of Great Britain by secret arrangements with the Bank of England of which they are the agents, and for which they maintain an account and perform services at the expense of the U. S. Treasury, and that they will likewise confer benefits upon the Bank of International Settlements for which they maintain an account and perform services at the expense of the U. S. Treasury; and

Whereas I charge them, jointly and severally, with having concealed the insolvency of the Fed and with having failed to report the insolvency of the Fed to the Congress and with having conspired to have the said insolvent institutions to receive U. S. Government funds and other deposits, and with having permitted them to exercise control over the gold reserves of the U. S. and with having permitted them to transfer upward of \$100,000,000,000 of their debts and losses to the general public and the Government of the U. S., and with having permitted foreign debts of the Fed to be paid with the property, the savings, the wages, and the salaries of the people of the U. S., and with the farms and the homes of the American people, and whereas I charge them with forcing the bad debts of the Fed upon the general public covertly

and dishonestly and with taking the general wealth and savings of the people of the U. S. under false pretenses, to pay the debts of the Fed to foreigners; and

Whereas I charge them, jointly and severally, with violations of the Fed Act and other laws; with maladministration of the Fed Act; and with evasions of the Fed Law and other laws; and with having unlawfully failed to report violations of law on the part of the Fed Banks which, if known, would have caused the Fed Banks to lose their charters, and

Whereas I charge them, jointly and severally, with failure to protect and maintain the gold reserves and the gold stock and gold coinage of the U. S. and with having sold the gold reserves of the U. S. to foreign Governments, foreign central banks of issue, foreign commercial and private banks, and other foreign institutions and individuals at a profit to themselves, and I charge them with having sold gold reserves of the U. S. so that between 1924 and 1928 the U. S. gained no gold on net account, but suffered a decline in its percentage of central gold reserves from 45.9 percent in 1924 to 37.5 percent in 1928 not withstanding the fact that the U. S. had a favorable balance of trade throughout that period, and (u)

Whereas I charge them, jointly and severally, with having conspired to concentrate U. S. Government securities and thus the national debt of the U. S. in the hands of foreigners and international money lenders and with having conspired to transfer to foreigners and international money lenders title to and control of the financial resources of the U. S.; and

Whereas I charge them, jointly and severally, with having fictitiously paid installments on the national debt with

Government credit unlawfully taken; and

Whereas I charge them, jointly and severally, with the loss of the U. S. Government funds intrusted to their care; and

Whereas I charge them, jointly and severally, with having destroyed independent banks in the U. S. and with having thereby caused losses amounting to billions of dollars to the depositors of the said banks, and to the general public of the U. S., and

Whereas I charge them, jointly and severally, with the failure to furnish true reports of the business operations and the true conditions of the Fed to the Congress and the people, and having furnished false and misleading report to the Congress of the U. S. and

Whereas I charge them, jointly and severally, with having published false and misleading propaganda intended to deceive the American people and to cause the U. S. to lose its independence; and (w)

Whereas I charge them, jointly and severally, with unlawfully allowing Great Britain to share in the profits of the Fed at the expense of the Government and the people of the U. S.; and

Whereas I charge them, jointly and severally, with having entered into secret agreements and illegal transactions with MONTAGUE NORMAN, Governor of the Bank of England; and

Whereas I charge them, jointly and severally, with swindling the U. S. Treasury and the people of the U. S. in pretending to have received payment from Great Britain of the amount due on the British war debt to the U. S. in December, 1932; and

Whereas I charge them, jointly and severally, with having conspired with their foreign principals and others to

defraud the U. S. Government and to prevent the people of the U. S. from receiving payment of the war debts due to the U. S. from foreign nations; and

Whereas I charge them, jointly and severally, with having robbed the U. S. Government and the people of the U. S. by their theft and sale of the gold reserves of the U. S. and other unlawful transactions, and with having created a deficit in the U. S. Treasury, which has necessitated to a large extent the destruction of our national defense and the reduction of the U. S. Army and the U. S. Navy and other branches of the national defense; and

Whereas I charge them, jointly and severally, of having reduced the U. S. from a first class power to one that is dependent, and with having reduced the U. S. from a rich and powerful nation to one that is internationally poor; and

Whereas I charge them, jointly and severally, with the crime of having treasonably conspired and acted against the peace and security of the U. S. and with having treasonably conspired to destroy constitutional Government in the U. S. (u)

Resolved, That the Committee on the Judiciary is authorized and directed as a whole or by subcommittee, to investigate the official conduct of the Fed agents to determine whether, in the opinion of the said committee, they have been guilty of any high crime or misdemeanor which in the contemplation of the Constitution required the interposition of the Constitutional powers of the House. Such Committee shall report its findings to the House, together with such resolution or resolutions of impeachment or other recommendations as it deems proper.

For the purposes of this resolution the Committee is authorized to sit and act during the present Congress at

On January 18, 1963, Miami T-2 made available a memorandum from Council for Statehood dated January 14, 1963, which he obtained on the evening of January 15, 1963, from MARY DAVISON. This memorandum reads as follows:

MEMO FROM COUNCIL FOR STATEHOOD

January 14th, 1963

Dear Friends:-

It is our duty and privilege to report to you what we believe to be the most momentous event in the history of our Country. We feel it surpasses in importance the Constitutional Convention of 1787. As you well know, the danger facing the Nation at that time was in no way comparable with that which faces us today. In that time, if we lost, we would at least become subject to a Christian and civilized authority (England). Now we have lost the greatest Nation on earth to a godless and savage tyranny which has, until now, been AFRAID to let us know that we have been taken.

For several years, we have been working together toward some plan to "TAKE IT BACK", and to do so if possible without bloodshed. A bloodless COUNTER-REVOLUTION, a duplication of the bloodless revolution of the Council on Foreign Relations. We have all done our best to set the stage by informing as many people as we could reach. However, it is now apparent that we have not reached the MOST IMPORTANT ones, - the State Senators and State Representatives. (w)

In the month of December, there was a meeting in Chicago which has opened wide the door for us to "Take It Back". As usual, the 1313 "Council of State Governments" was called into session PRIOR to the biennial sessions of the State Legislatures. The State Representatives, being average normal citizens, KNOW NOTHING of the nature of this 1313 operation and are convinced that the well prepared plans for legislative action which are PLANTED with them are good for the country. The "idea men" are fine fellows, good salesmen, personable, and oozing charm. The average Representative is simply not prepared to cope with this. They do not suspect the "honey" as bait, as contrasted with the proverbial "vinegar".

MM 137-739
LCP:bam

And so they met, as usual, at 1313 last December. Then it happened. And VERY FEW newspapers mentioned the occasion. But by the time you receive this you will probably have learned SOMETHING about it from the Huntley-Brinkley program. The fact is that we have not been working alone. Many good minds in many unsuspected places have been wrestling with this situation. And from one of the very top places came the idea of a Constitutional Convention in accordance with the ALTERNATIVE provision of Article FIVE of the Constitution permitting the State Legislatures, on request of two-thirds of them, to direct Congress to call such a Convention.

There is within the Council on State Governments a certain sub-committee empowered to deal with this subject. And the idea was presented to at least one member of that sub-committee. It was brought up in Committee, with an overwhelming majority AGAINST it. But by argument and persuasion, the majority was induced to report it favorably, to the CONSTERNATION of the 1313 master-minds. They, in an effort to sabotage it SOMEHOW, persuaded this sub-committee to re-submit it to the (1313) National Legislative Conference, which had NO AUTHORITY to prevent the sub-committee from bringing the plan to the floor. The National Legislative Conference recommended strongly AGAINST (w) bringing it to the floor, stating that there was NO CHANCE for favorable action.

The sub-committee insisted on taking the chance. They brought it to the floor. And the plan WON by a single vote majority. In-as-much as FOURTY-SEVEN (47) states were officially represented at that meeting, we feel that this is the greatest single accomplishment by anyone interested in Constitutional Government in the past fifty (50) years. But while at the moment, 1313 has lost control, - we must stress AGAIN AND AGAIN, the Representatives have absolutely no idea of what they have done; they know nothing of the Council on Foreign Relations or its activities, including, of course, the 1313 to which these UNINFORMED Representatives are so loyal.

We urge you then that you devote everything you have to help inform them, - and pray as you have never prayed before, that these men will become sufficiently enlightened, and SOON, that they may preserve the gain they have made and become capable of seeing this plan to "Take It Back" through to a blessed conclusion.

MM 157-739

LCP:bam

And that includes the cancellation of illegal bonds and mortgages against our homes; the punishment of treason and of theft. The creation of a new money system subject to control of Congress. And we would hope that it will establish some decent standards to bind the Congress. And to establish once again a Senate representative of THE STATES and NOT a second Congress elected at large with the largesse of out-of-state contributors. THE TIME IS NOW - OR NEVER!

1.

On January 30, 1963, Miami T-2 made available a memographed leaflet which was obtained from MARY DAVISON on the evening of January 29, 1963. This leaflet contained a reprint of 2 articles appearing in the "Palm Beach Post-Times". Article #1 appeared in the "Palm Beach Post-Times" on Sunday, October 21, 1961, and is captioned "State Rights Not Dead". This article which appeared as a letter to the editor reads as follows:

There have been many attacks on state rights over the years and now with the massive assault in Mississippi by the military, many have concluded that states rights are dead.

Certainly there has been a massive assault in this direction by the "secret government," the CFR, with 20,000 troops, three military police battalions, one armored cavalry regiment, an engineer battalion, 700 U. S. Marshals, as well as the federal judiciary with court orders taking fines with no trials and no appeal, through the simple process of contempt actions. (u)

Surely this mighty force is larger than necessary to take over a college campus occupied by unarmed students! Could it be that this is an expeditionary force in training to oust Fidel Castro!

Yet state rights have not been affected one whit and will not be even though the central government moves in and takes over all the functions of the state government and hangs the governor.

Here's why: State sovereignty is not a tangible thing to be seized, but a constitutional creation which cannot be dissolved by all the illegal powerful central government except by a duly adopted constitutional amendment.

The constitution now in force provides in Amendment X: "The powers now deligated to the United States in the constitution nor prohibited by it to the states are reserved to the states respectively, or to the people."

MM 157-739

LCP:mjm

2.

This means that all the functions of the state government schools, police, militia, courts etc., are forbidden ground to the (U.S.) central government and are reserved to the states or to the people.

So states rights are the people's rights. From now on think of states rights as the peoples rights, and as such, inviolate and out of reach of the usurpers.

Therefore when attempting to displace the state government in these functions the federal forces are doing so unlawfully and in violation of the constitution.

The Communists have said many times that the 50 sovereign state governments and their militia stand in their way of a take-over and must be eliminated before they can complete their take-over Czechoslovakia-style. They also said in 1935 they must work for race dissension to create turmoil and riots. In this the NAACP has helped them effectively.

The placing of a known troublemaking Negro in Ole Miss has sparked riots with deaths and injuries to state police and students including girls. And this program has just begun.

All these evil forces are overplaying their hands and will finally defeat their own ends.

The federal judiciary, feeling secure in their power because they are appointed for life may continue unrestrained for a time in their contempt of legal processes in governing by injunction and contempt citations, but we are not entirely without hope. For when things get bad enough the Congress will finally awaken to the clamor of the people and remove by impeachment the worst-offending judges. A few impeachments will tone down the remaining judges and bring reason to the courts.

It is up to you. Our only hope is to raise our voice long and loud in the Congress and demand action. In no other way can we survive.

JOHN F. LANIER

3.

The second article was also a letter to the editor captioned "Centralization Trend Can Be Reversed". This letter, which reads as follows, appeared in the "Palm Beach Post-Times" Sunday, December 23, 1962:

The editorial in Post of December 15 is extremely interesting. It is true the states by their own action have aided the central autocracy in grasping more power at the expense of the states. But I think the statement "too late" to do anything about it is not accurate.

The extremes to which the federal autocracy have gone in doing this have aroused the state governments and the people to their peril. The Governors are disturbed by the unconstitutional invasion by the army, interference in education, the outrageous \$100,000 fines without even a criminal charge or trial, by mere contempt citation. Such unlawful acts and executive orders are therefore legally "null and void."

The acquiescence in certain civil matters such as easements does establish rights but in case of lawless acts this does not apply. The rule of law is that a party to an unlawful act is estopped from claiming the benefit from his torts.

The Governors are justly disturbed by the moves by the invisible government toward destroying the state militia, thus depriving the states of the constitutional right to "bear arms" in policing their sovereign territories.

A majority of the states have already gotten together to form a supreme court of state supreme court justices.

The 17th Amendment took away the senators from being the ambassadors of their state and put them in the same class as congressmen, not responsible to their state governments but subject to the threats and patronage bribes of the federal agency.

MM 157-739

LCP:mjm

4.

But there is much hope in spite of all that the secret government of the C. F. R. has done. The founding fathers gave us a remedy we can and must use.

The sovereign states are the founders, the fathers and the bosses of the federation which they created. Any power the central agency can claim came from the states through the constitution and any unlawful assumption of power in violation of the pack is voidable.

The founding fathers provided for this, when they set out the means through which the sovereign states can, in their own right and without hinder from Congress or the executive, initiate and pass amendments to the basic contract between the states and their creation, the central agency. See Article V of the Constitution.

Not only this, but the states can call a constitutional convention to revise and clarify the clauses of the constitution which the Supreme Court has misinterpreted.

Here are some suggested amendments:

Prohibit the central agency from federalizing the state militias unless all states are affected, as in a national emergency. This will prevent piecemeal federalization a la Mississippi.

An amendment giving the sovereign states the right to participate in selection of federal judges, if they are to sit in a given state in cases involving interests in that state.

Abolish the abuse that comes from the life tenure of federal judges.

Establish state courts of impeachment to try judges who willfully violate the constitution where it pertains to the right of a sovereign state.

A bright day is dawning for state rights. The governors and the people are aroused. An organization of

MM 157-739

LCP:mjm

patriotic citizens has been formed nationwide, to compile and furnish the various governors and their legislatures the many facts concerning the usurpation by the secret government of the sovereign rights of the states and the detailed remedies available to reverse the fatal trend.

You will hear a lot about the "Council for Statehood" in the days ahead.

JOHN F. LANIER
West Palm Beach

The same leaflet contained the following typewritten note at the top and the bottom of the page:

The governors and their legislatures in the 50 States have the power to reverse the present trend of our Republic drifting toward a complete dictatorship, provided they will co-operate patriotically and use the constitutional power they now have through invoking amendments or a constitutional convention to regain control unlawfully usurped by the central government. But it will soon be too late. Quick action is imperative. "It is later than you think!" (u)

The letters below (articles above) point out some of the evils and their remedies.

I sent the following telegram Dec. 31 to the Presiding Judge, U. S. Circuit Court of Appeals, New Orleans, La. which should cause the Federal Judges to think. "Patriots hope your honorable Court will punish Governor Barnett so severely it will assure constitutional convention to curb federal power."

A West Palm Beach group in the past 2 years has circulated over a million "letters to a United States Senator" by MARY DAVISON exposing the secret government of the Council on Foreign Relations.

This same group operating as the "Council for Statehood" has undertaken to expose the plans of this secret government to completely take over the sovereign state governments and replace with a central dictatorship. It may take another million letters but it will be done. Several thousand letters have already gone out. Our group now has members in 47 states.

In the last few weeks a ferment of activity in more than 30 states has started looking toward taking back state sovereignty and this will snow-ball in the coming months. We provide each governor with news-letter data on developments. A letter a week for 50 weeks.

RE: COUNCIL FOR STATEHOOD,
also known as Freemen

A source advised on December 4, 1962, that a meeting was held on December 4, 1962, using the name Freemen, at West Palm Beach, Florida. This source stated that George McCants, 628 47th Street, West Palm Beach, Florida, co-owner of a Texaco Service Station in West Palm Beach, stated that this group is planned to have a good status in the public eye, but will be an action group with connections elsewhere in the State of Florida who can be called upon to take any necessary local actions of violence.

A second source on December 12, 1962, stated a meeting was held December 11, 1962, by a group who previously referred to themselves as Freemen but have now selected another name "Council for Statehood." This organization meets on Tuesday nights at different places. This second source stated that in order to join the organization, you must be recommended by two or more people as "A-1 patriot" and pay a fee of \$500 for which no receipt is given. The general purpose of this organization is to eliminate by force if necessary all Jewish people who hold high positions in business and government, as well as to eliminate all Jews who are communists.

This second source advised on January 9, 1963, that [redacted] West Palm Beach, Florida, employed as a [redacted] West Palm Beach, stated on January 8, 1963, that the word "Eskimo" will be used when referring to Jewish personalities in the future. RE: AMERICAN NAZI PARTY

The "Miami Herald", a local Miami, Florida newspaper, on December 9, 1962, reported that ROGER FOSS of the American Nazi Party (ANP), apologized for a hate letter sent to SAM BLAIR of 524 Valencia Avenue, Coral Gables, Florida.

According to this article, BLAIR received a "surrender pass" which included a guarantee of safe conduct to the cages at Nazi headquarters.

FOSS, who was serving a sentence of 180 days for disorderly conduct, sent his apology letter to BLAIR in which he stated as follows:

"I wish to appologize for this surrender pass getting into your hands. As far as I know, you are not considered a Communist traitor and surely could not be called one unless convicted by a court.

"Obviously, some child sent it to you as a joke... Why some of my best friends are Jews...."

On December 11, 1962, the "Miami News" reported that the U. S. Postal authorities were asked to investigate the mailing of anti-Semitic literature to public officials in the Greater Miami area. According to this article the hate literature bears a Miami postmark and was received by more than a dozen public figures, all of whom reported it to the State Attorney's Office.

According to this article, Assistant States Attorney, SEYMOUR GELBER stated he, State Attorney RICHARD E. GERSTEIN and another state prosecutor, ROBERT METZGER, also received letters containing anti-Semitic literature.

This article reports that GELBER said he notified the Post Office Department and sent the letter to the Postal authorities in Atlanta, with a request that they conduct an investigation.

On December 13, 1962, [] Postal Inspector's Office, Miami, Florida, advised the Miami Office of the FBI that there may be a violation under Title 18, Section 1463, U. S. Code regarding the hate literature being sent through the mails. He stated he was referring this matter to their office in Atlanta, Georgia, and in all probability an investigation would be instituted.

b6
b7C

On January 9, 1962, [] was recontacted at which time he was furnished possible suspects regarding the mailing of anti-Semitic literature. The suspects included [] and [] both residents of Hialeah, Florida.

A source who has furnished reliable information in the past, furnished the following information:

On January 25, 1963, he developed information that possibility [] and [] both of Miami, Florida, may have had something to do with the sending of ANP literature to various people through the mail in the Miami area. The source indicated that he did not observe these individuals sending this literature through the mail and that his information is purely hearsay.

b6
b7C
b7D

On January 28, 1963, the same source advised that [] of the ANP, was in Miami, Florida, and [] indicated that the ANP literature being sent through the mail had been done by [] Miami, and that [] had a large supply of this literature.

In addition, [] was assisted by []

On February 1, 1963, the same source furnished the following information:

[] of the ANP, Arlington, Virginia, arrived in Miami, Florida, on 1/31/63. Upon his arrival he held a meeting with [] in downtown Miami. [] who was residing at the Airport Hotel in downtown Miami has moved to a rooming house. [] reportedly will reside in Perrine, Florida, located South of Miami.

[] stated he was in Miami at the direction of Commander GEORGE LINCOLN ROCKWELL, to assist [] in the filing of a million dollar damage suit against 4 city police officers and also to make efforts to form a unit of the ANP, in Miami. [] stated he had previously resided in West Palm Beach, Florida, where he was unsuccessful in organizing a unit of the ANP, however, while in West Palm Beach he worked closely with MARY DAVISON and [] who are in agreement with ROCKWELL's movement of the "trial" and execution of all Jews guilty of Communism. According to [] of West Palm Beach, Florida, who is associated with DAVISON and [] is not in agreement with ROCKWELL. He noted that publicly, DAVISON and [] will not back the ANP. He stated this is merely a cover for the ANP in order that members can be developed without their identity becoming known to the authorities or general public.

b6
b7C
b7D

[] noted that the members of the ANP must at all times, show or in some way indicate to the public that the ANP is broke and that each man is on his own. He said in reality, ANP has a considerable amount of money and continues to receive contributions from various people throughout the country who believe in ROCKWELL's cause. [] stated that

b6

b7D

they do not have to worry about the FBI as the FBI cooperate with them and that the ANP from time to time furnishes information to the FBI. He said that when the time comes to rise up and fight the "Jews", the FBI will be on their side. In addition, [] noted that JIMMY HOFFA of the Teamsters Union is a backer of the ANP.

[] who arrived in Miami with a late model car, brought with him considerable ANP literature. He stated that he had been instructed by Commander ROCKWELL that no more literature of the ANP will be allowed to go through the U.S. mail. At this point [] again indicated that [] of Miami was the individual responsible for the mailing of ANP literature in the Miami area. He said [] has been reprimanded for this since he was acting without instructions from headquarters by sending the literature through the mail.

COUNCIL FOR STATEHOOD

A source, who has furnished reliable information in the past, reported that on January 1, 1963, Major Arch E. Roberts, USAR, 123 West Magnolia, Fort Collins, Colorado, mailed a letter which enclosed a copy of an open letter to the Governors and Representatives of the Sovereign States, published by the Council for Statehood, Mrs. Mary M. Davison, West Palm Beach, Florida, dated December 20, 1962. Major Roberts reported that at the request of Mrs. Davison he had agreed to develop a Colorado Committee of the Council for Statehood. He reported that the purpose of the Colorado Committee was to disseminate Mrs. Davison's letter and succeeding ones to follow to members of the Colorado General Assembly, to the Governor, and to other members of the official family, and to develop further effective actions for the promotion and realization of the political objectives.

On November 29, 1962, Major Arch E. Roberts advised source that he was the Army officer who was dismissed from the Army because of apparent statements he had made at a meeting before the Daughters of the American Revolution in Washington, D. C. Roberts claimed that he was an associate of General Edwin Walker who was relieved of his campaign in Berlin during the past year. Roberts claimed that he is attempting to get back to active duty because he was illegally separated from the Army, and that he is attempting to acquaint the public with the dangers of Communism. Roberts claims that Federal laws forbid the Army from turning out reserve officers with more than eighteen or less than twenty years of active duty without the officer's consent or without good cause. Roberts said he has eighteen years and nine

months of active duty and still wants to make the Army his career. Roberts stated that his history of controversy dates back to his service with the 24th Division in Germany in 1959 and 1960.

Oliver Kenneth Goff resides at 3406 South Bryant Street, Sheridan, Colorado, a suburb of Englewood and Denver, Colorado. Goff is a minister of the gospel and has a church located at 125 South Sherman Street, Denver.

In a document notarized in Arapahoe County, Colorado, dated March 29, 1957, Goff states he was a member of the Communist Party (CP) and the Young Communist League (YCL) from May 2, 1936, until October 9, 1939. Goff states he testified regarding his CP activities before the House Committee on Un-American Activities, Washington, D. C., and his testimony appears in Volume 9 of the House Committee on Un-American Activities' reports of 1939.

On numerous occasions Goff has furnished information to investigative agencies of the U. S. Government, and on several occasions has appeared as a witness on behalf of the Government in connection with administrative hearings, applicants and employees of the United States.

In December, 1943, Goff organized the "Christian Youth of America," for the purpose of having youth in an organization which would truly represent the youth in the halls of our legislatures and which youth would stem the tide of Communism.

In March, 1943, Goff was an editor of a magazine entitled the "Pilgrim Torch." In March of 1947, Goff spoke on the subject in Denver, "Stalin over Colorado."

On February 25, 1948, Goff was convicted and fined \$100.00 in U. S. District Court, Washington, D. C., for violation of Section 255A, Title 22, U. S. Code, for displaying within 500 feet of the premises occupied by the Union of Soviet Socialist Republics (USSR) Embassy, certain designated signs adapted to bring the USSR into public odium and disrepute.

Re: COUNCIL FOR STATEHOOD

The October 24, 1951, issue of the "Denver Post," and the October 25, 1951, issue of the "Rocky Mountain News," report that Mr. and Mrs. Kenneth Goff and an individual named Dewey Taft participated in a protest of the flying of the USSR red flag in a United National flag display in the Civic Center of Denver. Goff was observed to tear down the red flag and, in hearings in Municipal Court on October 31, 1951, charges of willful destruction of property were dismissed against the Goffs and Taft.

The October 25, 1951, issue of the "Rocky Mountain News" reports that Goff was the Director of the Colorado Anti-Communist League.

The August 21, 1952, issue of the "Denver Post" reports that Goff was the Chairman of the Colorado Branch of the Constitution Party.

From November, 1957, to the present time, Goff has published the magazine "Battle Cry."

During the year 1950, Goff published the following pamphlets: "Traitors in the Pulpit," "Red Betrayal of Youth," "Confessions of Stalin's Agent."

The YCL has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

COUNCIL FOR STATEHOOD (u)

The April, 1962, issue of the Oklahoma City, Oklahoma, Southwestern Bell Telephone Company Directory, on page 399, contains a listing for Clyde J. Watts, attorney, telephone number JA 4-6386, residence 5400 North Santa Fe, Oklahoma City, Oklahoma, (u)

B. APPROX. / / /

The January 22, 1962, edition of the "Oklahoma City Times," a daily newspaper published at Oklahoma City, reflected that Clyde J. Watts, Oklahoma City attorney, would serve as Chief Counsel for Edwin A. Walker, former Major General, when the former general appears before a United States Senate Investigating Committee. The article identified Watts as a long-time friend of Walker. (u)

The October 8, 1962, edition of the "Daily Oklahoman," a daily newspaper published at Oklahoma City, Oklahoma, reflected an article entitled "Watts Wins First Round for Client-Friend Walker." An "Editor's Note" relating to this article states: (u)

"Oklahoma City attorney Clyde J. Watts made national headlines Sunday when he succeeded in getting former Maj. Gen. Edwin A. Walker released from the U.S. Medical Center for federal prisoners at Springfield, Mo. The following personality sketch of Watts was written by United Press International." (u)

This article reads as follows: (u)

"Attorney Clyde J. Watts first met former army Maj. Gen. Edwin A. Walker when they were students at a military prep school in 1926. More than 30 years later they joined in a 'battle against communism.' (u)

"We are in the twilight of the cold phase of a protracted conflict," Watts said, 'the stakes in which are slavery and freedom--life and death. The time to clean house is limited.' (u)

"Watts represents Walker as an attorney. Unlike Walker, Watts is a very articulate person. Like Walker, Watts was a general in the army. (u)

"Watts bitterly blasted the United States for its 'less than half-hearted effort' against communism, but his words never caught the national ear. (u)

157-758-13

"Watts retired quietly from a colorful military career while Walker left the service in a blare of publicity over the political indoctrination of troops under his command in Germany. (u)

"Walker acquired Watts as legal aide when he appeared before congress to lash out at national policy and prominent political leaders. (u)

"Watts filed a libel suit for Walker against a Chicago columnist last spring and Saturday stepped into the spotlight to argue for Walker's release from a federal prison at Springfield, Mo. (u)

"A handsome gray-haired man, Watts came to his friend's aid when Walker was arrested in Oxford, Miss., during the integration crisis. He carried Walker's fight to federal court and successfully argued for a reduced bond and freedom for Walker. (u)

"Watts flew from Oxford to Springfield Saturday night to comfort and advise Walker after freedom was ordered. (u)

"The two were associates for years. They met at the New Mexico Military Institute. From there, Walker went to West Point and Watts to the University of Oklahoma law school. Later, they met on the polo fields and Watts said 'Walker is one of the greatest polo players.' (u)

"Both amassed fine military records as officers. (u)

"It was in China in 1944 when Watts said he first was confronted with communism. He said that it was his job to tell Nationalist Chinese why the United States was supporting Communist Chinese. (u)

"Watts said his limited speech in Chinese (u)

was not sufficient to convince the Nationalists that the alliance was to fight Japan, a common enemy. He said instead that the Nationalists convinced him the Reds were a greater threat. (u)

"He then launched into his personal drive to awaken the United States to the Communist threat. (u)

"His essay, 'Strategy for Survival,' was printed in the May 15, 1961, Congressional Record. He said: 'We are at war. A space age type of war. We are making less than a half-hearted effort.' (u)

"Co-existence, Watts said, was America's weakness. He said American industry had built Russia and China from 'fourth rate' nations to great forces since World War II. He deplored the aid. (u)

"'We are pursuing happiness at the expense of life and liberty,' he said. (u)

"Post-military life has been good for Watts. He is a successful insurance-surety attorney in Oklahoma City and has four children, ages 9 to 22. He is a native of Wagoner, Okla., and is part Cherokee Indian. His father was a pioneer Oklahoma district judge. (u)

"The 51-year-old lawyer said he disliked such terms as 'ultra-conservative,' and 'extreme right wing' when persons speak of him and Walker. He said it is a Communist tactic to categorically brand all opposition. (u)

"'The Communists study and understand us,' he said. 'We must become aware of them.'" (u)

Major Jack Mullenix, Detective Bureau, Police Department, Oklahoma City, Oklahoma, advised in May, 1961, that Clyde J. Watts is the founder and leader of the Strategy for Survival Council (SSC), Oklahoma (u)

City, Oklahoma. (u)

On October 31, 1962, [redacted] SSC, Hightower Building, Oklahoma City, Oklahoma, advised the SSC is a civic organization formed as an outgrowth of a seminar on Communism sponsored by the Oklahoma City Chamber of Commerce in January, 1961, and the purpose of the SSC is to promote Americanism and to educate the people of Oklahoma concerning the Communist menace. COUNCIL FOR STATEHOOD

On February 19, 1963 [redacted]
[redacted] New Orleans, Louisiana, furnished
a copy of an announcement handbill of the Twelfth Annual
National Congress of Freedom which reflects that this
national congress will be held at the Fontainebleau Motor
Hotel, New Orleans, Louisiana, on April 4, 5, and 6, 1963.

b6
b7C

On the handbill the speakers announced were
the following:

"George S. ~~Montgomery~~, Jr. Author of "The
Return of Adam Smith" Prominent lawyer of New
York City.

Dr. Revilo P. ~~Oliver~~, University of Illinois,
Associate Editor of American Opinion.

Mary D. ~~Cain~~, Editor Summit Sun; Summit, Miss.
Fiery Southern speaker and editor.

George ~~Soule~~, President Soule College, New
Orleans. Convention Chairman.

Mary M. ~~Davison~~, Author "The Secret Government
of the United States." Editor, Council for
Statehood.

Arthur G. ~~Blazey~~, M.D. Chairman, The Congress
of Freedom, Inc.

Don ~~Bell~~, of Don Bell Reports.

COUNCIL FOR STATEHOOD

Arthur J. ~~J.~~ Bohn, Lawyer of Ft. Lauderdale, Florida. Instigator of suit to Force the United States out of the United Nations.

Opal Tanner ~~White~~, Los Angeles speaker. Chairman of the Committee to Impeach.

Austin T. ~~Flett~~, Chicago Lawyer, Authority on Cooperatives.

b6
b7C

There will also be speakers covering the Liberty Amendment (To Repeal the Income Tax) and on the Federal Reserve Act."

The handbill states that further information may be obtained by writing George J. ~~Thomas~~, Executive Director, The Congress of Freedom, Inc., 1330 Turner Blvd., Omaha 5, Nebraska.

On March 4, 1963, [redacted] advised that the following information dated February 27, 1963, was furnished to him by the New York Office of the Anti-Defamation League.

"Several months ago we received from some source a tip that a group was being formed whose object was to assassinate 'effective Jews' throughout the United States. The information about the establishment of this group and their objectives was regarded as a serious matter by our appropriate official sources who did not dismiss it as another hairbrained operation.

The group was monitored closely and meetings in furtherance of their objectives have been held. The plotters have decided to mask their operation and real objective within a front organization which they are calling the Council for Statehood, and months ago we were informed that the Council for

COUNCIL FOR STATEHOOD

Statehood would hold a national meeting in New Orleans at the Fountainbleau Motel on April 4, 5 and 6. Not all members, in fact very few members, of the Council for Statehood would be privy to the information that at the center of the group was a hard core whose objective was murder.

We now believe that the Congress of Freedom meeting to be held in New Orleans is a legitimate cover for this hard core group to come together, rather than under, the aegis of the Council of Statehood. Many members who have been identified as members of the Council for Statehood, and I might add at this point that they have group leaders all over the United States, are also members of the Congress of Freedom."

[redacted] at the same time furnished the following information which he had also received from his New York Office:

b6
b7C

"February, 1963

"THE CONGRESS OF FREEDOM
OMAHA, NEBRASKA
1956-1963

"The Congress of Freedom, Inc., 1330 Turner Boulevard, Omaha 5, Nebraska, describing itself as "a coalition of conservative Americans" and as "a patriotic organization of the first order," is, in fact, a loosely-knit group of leading individuals in the ultra-rightist cause. The organization, founded in the fall of 1952 to protest alleged mistreatment of the late Senator Robert A. Taft at the Republican

COUNCIL FOR STATEHOOD

Party National Convention held that year, has been tainted by anti-Semitism and numerous anti-Semites have participated in its activities over the years.

"Currently listed as officers of the Congress of Freedom are Arthur G. Blazey of Washington, Indiana who is chairman of the board; Mrs. E. Wyatt ~~Payne~~ ^{NEBR.} of Huntington, West Virginia who is secretary and George J. Thomas of Omaha, Nebraska who is executive director and treasurer. Blazey is also a chairman of the Constitution Party of Indiana, a director of the Freedom School and a sponsor of the Organization to Repeal the Federal Income Tax (ORFIT). Mrs. Payne, a former member of the House of Delegates of West Virginia, is a lecturer and writer. George Thomas, a one-time candidate for Governor of Nebraska, is also editor and publisher of "The Greater Nebraskan," which the COF has called its own publication.

"The board of directors of the COF include many well-known names in the ultra-right movement. The directors, eighteen in number, are: Mary D. Cain of Summit, Mississippi, editor-manager of a local conservative journal, "The Summit Sun"; A. Sidney ~~Farr~~ of Alexandria, Louisiana; Tom L. ~~Gibson~~ of Friars Point, Mississippi, former member of the Mississippi State Legislature; Mrs. Fred ~~Harris~~ of Omaha, Nebraska; Mrs. Willard ~~Hedrick~~ of Houston, Texas, a director of the Chicago-based ultra-conservative We The People organization; Verne P. ~~Kaub~~ of Madison, Wisconsin, president of the American Council of Christian Laymen; J. Bracken ~~Lee~~, mayor of Salt Lake City, Utah; D. B. ~~Lewis~~ of Los Angeles, California, president of the Lewis Food Company; Milton M. ~~Lory~~ of Sioux City, Iowa, president of the American Coalition of Patriotic Societies; Marcia ~~Matthews~~ of McAllen, Texas, commentator-lecturer and president of the Legion for the Survival of Freedom, Inc.; Thurman L. ~~McCormick~~ of Kansas City, Missouri, a

COUNCIL FOR STATEHOOD

director of We The People; Charles W. Pavey of Columbus, Ohio, past president of the American Association of Physicians and Surgeons; R. Carter Pittman of Dalton, Georgia, an outspoken segregationist; Hugh Ramsey of Bloomington, Indiana, a physician; Robert B. Rapp of Rush, Colorado; Clifford J. Simpson of Mt. Vernon, Ohio, a member of the advisory board of We The People; John H. Wisner, Jr. of Summit, New Jersey, a director of We The People and Glenn O. Young of Sapulpa, Oklahoma, an attorney and editor of the ultra right-wing journal, "American Adviser." Among these individuals J. Bracken Lee, D. B. Lewis, Marcia Matthews, Charles W. Pavey, R. Carter Pittman and Glenn O. Young, amounting to one-third of COF's total directorship, have been identified as supporters of Robert Welch's John Birch Society.

"The major activity of the COF is an annual convention which, in the past, has been attended by a hard core of between fifty to one hundred and fifty people, mostly of advanced age, who hold to extreme rightist, super-nationalistic views. The organization, which exists mainly through contributions and the registration fees obtained at its annual meetings, publishes "The Greater Nebraskan," periodic "Freedom Facts" and distributes reprints of speeches delivered at their conventions. In addition, COF has published an anti-United Nations work entitled "The Truth About the United Nations."

"The fifth annual convention of the Congress was held April 5 - 7, 1956 at the Hotel Adolphus in Dallas, Texas. Subsequent meetings have been held at the Buena Vista Hotel in Biloxi, Mississippi (April 18 - 20, 1957), the Continental Hotel in Kansas City, Missouri (April 17 - 19, 1958), the Antlers Hotel in Colorado Springs, Colorado (April 8 - 11, 1959), the Deshler-Hilton Hotel in Columbus, Ohio (April 6 - 10, 1960), the Willard Hotel in Washington, D. C. (April 13 - 16, 1961) and the Rice Hotel in Houston, Texas (March 29 - 31, 1962).

COUNCIL FOR STATEHOOD

"The highlight of the 1956 Congress of Freedom meeting, which featured such speakers as right-wing commentator Dan Smoot; We The People executive Harry T. Everingham; American Progress Foundation leader Willis E. Stone and Representative Frank T. Bow (R., Ohio), was the approval of a Resolution urging the Congress of the United States to investigate the 'smear tactics' of certain groups and organizations who, the COF felt, were discrediting prominent anti-Communist individuals and organizations. COF also urged adoption of the Bricker Amendment to limit Presidential treaty-making powers, called for United States withdrawal from the United Nations and for the removal of the U. N. from the U. S., urged repeal of the Sixteenth Amendment (income tax) and endorsed Constitutional amendments prohibiting the Government from engaging in any business and from spending beyond the nation's income -- a long-time project of Willis E. Stone.

"Other policies of the COF include opposition to deficit spending, foreign aid, subsidies to private enterprise, Federal aid to schools, Social Security and U. S. recognition of Red China. COF has also recommended an investigation of tax-exempt Foundations, has called for measures to secure the release of American soldiers held prisoner by the Red Chinese, has urged severance of diplomatic relations with Russia, has demanded the cancellation of Status of Forces agreements, and has endorsed Right-to Work laws and the McCarran-Walter Immigration Act.

"Unlike earlier meetings, the 1957 sixth annual convention of the COF in Biloxi, Mississippi, featuring addresses by Georgia attorney R. Carter Pittman, Utah's J. Bracken Lee and Christian Economics editor Howard E. Kershner, saw few recognized names in the anti-Semitic movement present. No overt expressions of anti-Semitism were heard but frequent references were made to the necessity of restoring the United

COUNCIL FOR STATEHOOD

States to 'Christian rule and guidance.' Aside from re-echoing past resolutions, the most significant development of the meeting was the emergence of the Constitution Party as a political vehicle for the COF.

"The seventh annual COF convention at Kansas City, Missouri in 1958 featured such right-wing personalities as the late Eugene Castle, Dan Smoot, Bonner Fellers, Harry T. Everingham and Willis E. Stone. Writing in "National Review", Russell Kirk said: 'For its seven years of existence the COF has been troubled by eccentricity. At one time there was a strong and disagreeable tendency toward anti-Jewish opinion. This year, however, shorn of most of its lunatic-fringe support, the Congress did its best to get down to political rationality.' The organization's resolutions, however, were similar to past years.

"The basic theme of the eighth annual COF meeting at Colorado Springs, Colorado in 1959 was an attack on taxes and taxation. Among the participants were Revilo P. Oliver, a member of the John Birch Society National Council, Verne P. Kaub and Robert LeFevre. Also present was Kenneth Goff, an ex-lieutenant of Gerald L. K. Smith and a notorious anti-Semite. In addition, some three hundred persons and organizations were presented with Liberty Awards for having 'worked for the devotion and safety of basic American principles.' The list of recipients included such longtime anti-Semites as Goff, Robert Williams, Don Bell, Millard Grubbs and Merwin K. Hart, now deceased.

COUNCIL FOR STATEHOOD

"At the 1960 COF meeting in Columbus, Ohio, ultra-conservatives present included Revilo P. Oliver, the late R. Roy Pursell, Robert Snowden, Billy James Hargis and D. B. Lewis. Also present, once again was Kenneth Goff. Fluoridation, the United Nations, Mental Health, Federal income taxes, communist infiltration of Protestant churches and communists in the State Department were the main targets of criticism. Also present were three uniformed men claiming membership in the Hungarian Freedom Fighters, one of whom prominently displayed his membership card in the National States Rights Party, a violently racist and anti-Semitic organization with current headquarters in Birmingham, Alabama. Anti-Semitism was evident in the speeches delivered. Anti-Semitic propaganda, such as the notorious Protocols of the Learned Elders of Zion, an anti-Semitic forgery which has been thoroughly discredited since its appearance around the turn of the century, was on display.

"The tenth annual Congress of Freedom at Washington, D. C. in 1961 was similar to previous conventions in its anti-Semitic undertones. Opal Tanner White, long a trusted confidante of Gerald L. K. Smith and an assistant editor of his 'The Cross and the Flag', delivered an address which called for the impeachment of Chief Justice Earl Warren. Anti-Semite Kenneth Goff decried the fluoridation of water as a communist plot to poison the United States. Mary M. Davison, a close associate of anti-Semite Don Bell, attacked the Council on Foreign Relations as the invisible government of the U. S. Retired Marine Corps Lieutenant General P. A. Del Valle, an anti-Semitic leader of the Defenders of the American Constitution, criticized the Federal Reserve System. Revilo P. Oliver spoke in favor of the extremist John Birch Society, of which he is a National Council member.

COUNCIL FOR STATEHOOD

"The 1962 COF convention at Houston, Texas presented a slightly subdued, though in no way altered, version of past meetings. Among the listed speakers were New York attorney George S. Montgomery, Jr., long an associate of anti-Semite Merwin K. Hart who died in the fall of 1962, and Dr. James L. Doenges, an Indiana physician active in ultra-rightist causes and an endorser of the John Birch Society in his home state. Mary M. Davison, Glenn O. Young and Mrs. E. Wyatt Payne were other familiar names on the speakers list.

"Much in evidence at the 1962 gathering were signs bearing such slogans of the extreme right as 'Impeach Earl Warren' and 'Win With Walker' -- a reference to General Edwin A. Walker of John Birch Society notoriety. Also on display was literature of the anti-Semite Kenneth Goff."

On February 11, 1963, [redacted]
[redacted] Fontainebleau Motor Hotel, 4040 Tulane Avenue, New Orleans, Louisiana, advised that his records do not contain any reservations for an organization under the name of Council for Statehood, but they had reservations on April 4, 5 and 6, 1963, for seventyfive to one hundred rooms for members of an organization which identified itself as the Congress of Freedom. The same organization reserved the Carnival Room at the motel for their daily meetings with lunch accomodations in the Napoleon Room of the motel. **CHARACTERIZATION OF KLAN-TYPE

RACIAL MATTERS**

Rerep of SA Robert W. Wiseman dated 2/8/63, at Miami captioned "Council for Statehood, AKA Freeman; Racial Matters," and your airtel 3/7/63, both of which enclosed a proposed characterization of subject organization. The characterization submitted by your office is being changed to read as follows:

COUNCIL FOR STATEHOOD, AKA FREEMEN

A source advised on December 4, 1962, that a meeting was held on December 4, 1962, by a group using the name "Freemen" at West Palm Beach, Florida. The source stated that one George McCants, 628 47th Street, West Palm Beach, Florida, a co-owner of a service station in West Palm Beach, indicated the group intended to have a good status in the public eye, but would be an action group with connections elsewhere in the State of Florida, which connections could be called upon to take any necessary local action involving violence.

A second source on December 12, 1962, stated that a meeting was held on December 11, 1962, by the above group and they had now selected the name "Council for Statehood." The organization was to meet on Tuesday nights at different places. This second source stated that in order to join the organization an applicant must be recommended by two or more people as an "A-1 patriot" and pay a fee of \$5 for which no receipt would be given. The general purpose of the organization, according to the source, is to eliminate, by force if necessary, all Jewish people who hold high positions in business and Government and eliminate all Jews who are communists.

The second source advised on January 9, 1963, that one [redacted] West Palm Beach, Florida, employed as [redacted] indicated on January 8, 1963, that

COUNCIL FOR STATEHOOD
RACIAL MATTERS;
INTERNAL SECURITY - X

The Miami, Florida, Police Department has furnished this Bureau a copy of a report of one of their informants who attended a meeting of the Congress of Freedom, Incorporated, which was held in New Orleans, Louisiana, from April 4 to 6, 1963, at the Fontainebleau Hotel. According to the report, members of the Council for Statehood attended the meeting. The Council for Statehood is a newly formed group having headquarters in West Palm Beach, Florida, under the direction of one Mary A. Davison.

The Council for Statehood, according to the informant, has a twofold program: first, the education of various individuals in civilian life and in the United States Congress through the writing of various materials pertaining to the actions, legislation and proposed legislation of the Congress of the United States, and secondly, the setting up of a program to assassinate particular persons and groups of persons throughout the United States who are or have been in the process of formulating the policy of the United States through various Governmental agencies and other groups closely associated therewith.

The informant's report lists some of the principal speakers at the Congress of Freedom, Incorporated, meeting in New Orleans as Arthur G. Blaisie, a doctor from Washington, Indiana; [redacted] Oklahoma; Mrs. Willard O. Hedrick of Houston, Texas, a former teacher and National Director of the Speakers Institute in Chicago; Mrs. Opal Tanner White; George S. Montgomery, Jr., a New York City attorney; and Professor A. P. Oliver, Urbana, Illinois.

The Attorney General

According to the informant, there was in the various speeches the attitude of overthrowing the present Government of the United States in that as members of the Congress of Freedom, Incorporated, they did not and do not believe in the policies of the United States as they have been formulated by the Administrations of Presidents Eisenhower and Kennedy.

The informant's report sets forth that attending the New Orleans meeting were high-ranking industrialists, bankers, insurance executives and other persons who generally have access to great amounts of money. Allegedly from this group there has been selected an inner circle who will name the time and place and the assassins to murder the following individuals:

Sidney J. Weinberg, senior partner in
Goldman, Sachs and Company of
New York City

[redacted] Kuhn,

Loeb and Company

[redacted] of Lehman Brothers
[redacted] of Kuhn,

Loeb and Company

[redacted] the partner of

John J. McCloy, Chase Manhattan Bank
of New York City

[redacted] of Kuhn, Loeb and Company
[redacted] of the

International Bank
Averell Harriman, United States roving
Ambassador

[redacted]
allegedly responsible for setting
up the Federal Reserve System.

b6
b7C
b7D

The report of the informant sets forth various persons are slated for assassination in groups and sometimes a person's name appears in more than one group. The second group for assassination consists of:

Sidney J. Weinberg, above
[redacted] of General Electric
[redacted] of United States Steel
[redacted] of Kroger Company

The Attorney General

b6
b7C
b7D

[redacted] of Continental Oil
[redacted] of Boeing
Aircraft Company
[redacted] of Bachtel Corporation
[redacted] of the Owens
Corning Fiberglass Corporation
General Lucius D. Clay, personal
advisor to President Kennedy
[redacted] of Whirlpool Corporation
[redacted] of Dupont
[redacted] of Standard Oil of
New Jersey
[redacted] of General Foods
[redacted] of Standard Oil
of California
[redacted] of Pan American
Airways
Henry Ford
[redacted] of Bell and Howell
[redacted] of the S. J. F.
Industries
[redacted] of Anderson, Clayton
and Company
William McChesney, Chairman of the
Federal Reserve Board.

The reason for the assassination of this second group is that each of these persons works in some capacity with the Business Advisory Council which is predominantly having the say-so in this country on foreign relations and which is a hidden Government that is ruling America through bureaucrats, cabinets, and agencies that are appointed in an advisory capacity to the President.

The third choice of the inner circle for assassination contains most of the membership of the Council on Foreign Relations as listed in its annual report of 1962. The specific names were not set forth in the informant's report but are listed on Page 17 of a booklet, "The Secret Government of the United States," by Mary M. Davison mentioned above. Our Miami Office is obtaining a copy of this booklet.

The Attorney General

There is a fourth group selected for assassination, and these are members of the Business Advisory Council and others. They are listed on Pages 37, 38, 39, 41, 42 and 43 of the Davison booklet.

The identities of the individuals to be assassinated were checked off by [redacted] a member of the Council for Statehood, residing in West Palm Beach, Florida. He reportedly received the selection from Mary M. Davison.

b6
b7C

There were approximately ten members of the Council for Statehood from the West Palm Beach, Ft. Lauderdale and Miami, Florida, areas attending the New Orleans meeting.

The informant's report indicates that, according to some individuals attending the meeting, the assassinations are to start as soon as the groups are prepared and are not to wait for any great length of time.

Reportedly, the Dixie Klan, which the informant describes as an offshoot of hard core membership of the Ku Klux Klan, John Birch Society, White Citizens Council, and other groups, is pushing for the assassinations. It is not known what connection the Dixie Klan has with the Council for Statehood.

The informant has the feeling, according to his report, that the Congress of Freedom, Incorporated, believes that under President Kennedy the Government of the United States this year will be placed under the United Nations in some capacity and such sponsorship will rest in the Council on Foreign Relations. It will be at this time that this so-called inner circle will begin assassinations.

The identities of the inner circle are unknown to the informant but he suspects that Mary M. Davison is a member. The inner circle reportedly is in the process of obtaining photographs, addresses and descriptions of individuals named for assassination.

The informant also believes Arthur Dohn, an attorney of Ft. Lauderdale, Florida, is a member of the inner circle.

The Attorney General

The informant will return to Miami, Florida, today, April 15, 1963, and he will be thoroughly interviewed to ascertain if he can substantiate or amplify his report. After this interview, an additional memorandum will be prepared for you, the Deputy Attorney General, Assistant Attorneys General Burke Marshall, Herbert J. Miller, Jr., and J. Walter Yeagley, setting forth the additional details.

The subject organization is a recently formed one in Miami and informants have advised us that there has been talk among the leaders of the organization that they believe certain persons of the Jewish faith should be executed.

SAC Wesley Grapp of Miami telephonically advised today that he has received a report from [redacted] to the effect that this group held a meeting at New Orleans on April 5 and 6, 1963, and at this meeting the inner group of the organization drew up two lists of individuals which the group believed should be assassinated. Included in this group were such persons as Sidney ~~L~~ Weinberg, the senior partner of a law firm in New York; Lewis ~~L~~ Strauss, former ~~D.C.~~ Atomic Energy Commission Chairman; John J. McCloy, Chase Manhattan Bank, New York City; and Averill Harriman of the State Department. No specific date was set for such assassination attempts. *D.C.*

It should be noted that [redacted] is presently being operated as an informant by the Miami Police Department and the information he obtained will undoubtedly be furnished to that department. It should also be noted that information has been received by the Bureau which has been furnished to the Attorney General by letter 4/10/63 captioned [redacted] Bombing of [redacted] Residence, Miami, Florida, February 18, 1962, Bombing Matters," that a representative of the State's Attorneys' Office, Miami, Florida, plans to contact Department of Justice officials in the near future to discuss certain cases. One of the cases that the representative intended to discuss is subject group.

The Miami Office is forwarding by airmail, special delivery, [redacted] report and is submitting a detailed summary teletype.

With reference to SAC Grapp's earlier telephone call today concerning captioned organization and information reported concerning the inclusion of the name of John J. McCloy, Director of Central Intelligence Agency (CIA), in a list of individuals scheduled for assassination allegedly prepared by captioned group, I recontacted the Miami Office. In SAC Grapp's absence I talked with ASAC Harry Morgan.

I pointed out to ASAC Morgan that John A. McCone, not John J. McCloy, is the Director of CIA. Morgan was instructed to check and determine the exact name appearing on the list as well as the specific description of this individual furnished by the source.

Subsequently SAC Grapp advised that a review of the source's written report revealed that the name was listed as John J. McCloy described as Director of CIA. Grapp further advised that the source was recontacted concerning the matter at which time he advised that his written report was in error. The source stated that the name John J. McCloy was correct but that this individual was affiliated with the Chase Manhattan Bank, New York City, and was not the Director of CIA.

SYNOPSIS

Miami Police Department has furnished a report of [redacted] concerning meeting of Congress of Freedom, Inc., at New Orleans 4/4-6/63.

Speakers at meeting according to [redacted] indicated the Government of the United States should be overthrown since they cannot agree with policies of the United States Administrations of Presidents Eisenhower and Kennedy.

[redacted] report indicates ten members of Council for Statehood, a recently formed group in Florida, attended.

Council for Statehood has twofold program; first, educate members of Congress on legislation; second, assassinate various groups and individuals the Council for Statehood believes form the policies of United States.

Included in four groups to be assassinated are prominent individuals in business world and persons connected with Council on Foreign Relations and Business Advisory Council.

Prominent people to be assassinated include such persons as [redacted] Averill Harriman, [redacted] John J. McCloy, and others. Names set forth in details. (Pg 3 4-5)

[redacted] believes assassinations are to start when President Kennedy places United States under the control of the United Nations; however, reportedly some members believe assassinations should commence sooner.

Indications are that Klan elements are pushing for the assassinations although relation of Klan to Council for Statehood unknown at this time.

The additional information will be brought to the attention of the Department. If he substantiates or amplifies the information we have already received through our source in the Police Department, it will be necessary to corroborate this information by direct interviews with a representative number of persons who attended the New Orleans meeting 4/4-6/63. Before this is done it will be discussed fully with the Department, and if approved by the Department, the interviews will go forward.

Memorandum to Mr. Belmont
RE: COUNCIL FOR STATEHOOD

DETAILS

[redacted] who is now an informant for the Miami, Florida, Police Department, has furnished a detailed report of a meeting which took place in New Orleans, Louisiana, on 4/4-6/63. The report was actually furnished to the Miami Police Department, which Department made a copy available to us on 4-12-63.

b6
b7C
b7D

[redacted] was discontinued as an informant for the Bureau as of [redacted]

b6
b7C
b7D

He was operated as an informant in criminal and racial matters from [redacted]

The [redacted] report furnished by the Miami Police Department sets forth that the Congress of Freedom, Inc., met at the Fontainebleau Motel in New Orleans on April 4-6, 1963, and the meeting was attended by members of the Council for Statehood, which is a newly formed group having headquarters in West Palm Beach, Florida, under the direction of Mary M. Davison, long active in so-called "patriotic" organizations.

The Council for Statehood, according to [redacted], has a two fold program: first, the education of various individuals in civilian life and in the United States Congress through the writing of various materials pertaining to the actions, legislation and proposed legislation of the Congress of the United States and secondly, is the setting up a program to assassinate particular persons and groups of persons throughout the United States who are or have been in the process of formulating the policy of the United States through various Governmental agencies, in particular, the Council on Foreign Relations.

b6
b7C
b7D

[redacted] report lists some of the principal speakers at the Congress of Freedom, Inc., meeting in New Orleans as Arthur G. Blaisie, a doctor from Washington, Indiana; [redacted] Oklahoma; Mrs. Willard O. Hedrick of Houston, Texas, a former teacher and National Director of the Speakers Institute in Chicago; Mrs. Opal Tanner White; George S. Montgomery, Jr., a New York City attorney and Professor R. P. Oliver, Urbana, Illinois.

Memorandum to Mr. Belmont
RE: COUNCIL FOR STATEHOOD

According to [redacted] there was in the various speeches the attitude of overthrowing the present Government of the United States in that as members of the Congress of Freedom, Inc., they did not and do not believe in the policies of the United States as they have been formulated between the administrations of Presidents Eisenhower and Kennedy.

[redacted] report sets forth that attending the New Orleans meeting were high ranking industrialists, bankers, insurance executives and other persons who generally have access to great amounts of money. Allegedly from this group there has been selected an inner circle who will name the time and place and the assassins to murder the following individuals:

Sidney J. Weinberg, senior partner in Goldman,
Sachs and Company of New York City
[redacted] of Kuhn, Loeb and Co.
[redacted] of Lehman Brothers
[redacted] of Kuhn, Loeb and Company
[redacted] the partner of Mr. Weinberg
John J. McCloy, Chase Manhattan Bank of
New York City
[redacted] of Kuhn, Loeb and Company
[redacted] of the International Bank
Averill Harriman, United States roving Ambassador
Eric Warburgh and James Warburgh, allegedly
responsible for setting up the Federal Reserve
System.

The [redacted] report sets forth various persons are slated for assassination in groups and sometimes a person's name appears in more than one group. The second group for assassination consists of:

Sidney J. Weinberg, above
[redacted] of General Electric
[redacted] of U. S. Steel
[redacted] of Kroger Company
[redacted] of Continental Oil
[redacted] of Boeing Aircraft Company
[redacted] of Bechtel Corporation
[redacted] of the Owens Corning
Fiberglass Corporation
General Lucius D. Clay, personal advisor
to President Kennedy

Memorandum to Mr. Belmont
RE: COUNCIL FOR STATEHOOD

[redacted] of Whirlpool Corporation
[redacted] of Dupont
[redacted] of Standard Oil of New Jersey
[redacted] of General Foods
[redacted] of Standard Oil of California
[redacted] of Pan American Airways
Henry Ford
[redacted] of Bell and Howell
[redacted] of the S. J. F. Industries
[redacted] of Anderson, Clayton and Company
William McChesney, Chairman of the Federal
Reserve Board.

b6
b7C
b7D

The reason for the assassination of this second group is that each of these persons works in some capacity with the Business Advisory Council which is predominately having the say so in this country on foreign relations and which is a hidden Government that is ruling America through bureaucrats, cabinets, and agencies that are appointed in an advisory capacity to the President.

The third choice of the inner circle for assassination contains most of the membership of the Council on Foreign Relations as listed in its annual report of 1962. The specific names were not set forth in [redacted] report but are listed on Page 17 of a booklet, "The Secret Government of the U. S.", by Mary M. Davison mentioned above. (Our Miami Office is furnishing a copy of this booklet.)

b6
b7C
b7D

There is a fourth group selected for assassination, and these are members of the Business Advisory Council and others. They are listed on Pages 37, 38, 50, 51, 52, and 53 of the Davison booklet.

The identity of the individuals to be assassinated were checked off by [redacted] a member of the Council for Statehood residing in West Palm Beach, Florida. He reportedly received the selection from Mary M. Davison.

b6
b7C
b7D

There were approximately ten members of the Council for Statehood from the West Palm Beach, Ft. Lauderdale and Miami, Florida, areas attending the New Orleans meeting.

[redacted] report indicates that according to some individuals attending the meeting, the assassinations are to start as soon as the groups are prepared and are not to wait for any great length of time.

Memorandum to Mr. Belmont
RE: COUNCIL FOR STATEHOOD

Reportedly the Dixie Klan, which [] describes as an off shoot of hard corps membership of the Ku Klux Klan, John Birch Society, White Citizens Council and other groups, is pushing for the assassinations. It is not known what connection the Dixie Klan has with the Council for Statehood at this time.

b6
b7C
b7D

[] has the feeling, according to his report, that the Congress of Freedom, Inc., believes that under President Kennedy the Government of the United States this year will be placed under the United Nations in some capacity and such sponsorship will rest in the Council on Foreign Relations. It will be at this time that this so-called inner circle will begin assassinations.

[] does not know the identities of the inner circle but suspects that Mary M. Davison is a member. The inner circle reportedly is in the process of obtaining photographs, and addresses and descriptions of individuals named for assassination.

b6
b7C
b7D

[] also believes Arthur Bohn, an attorney of Ft. Lauderdale, Florida, is a member of the inner circle.

A memorandum is being prepared for the Attorney General, the Deputy Attorney General, Assistant Attorneys General Marshall, Miller and Yeagley setting forth the above information, we will discuss the problem with the Department and with Departmental approval, persons who attended the New Orleans meeting will be interviewed.

Reference is made to my memorandum dated April 15, 1963, setting forth information contained in a report received from the Miami, Florida, Police Department to the effect that at a meeting of the Congress of Freedom, Incorporated, held from April 4, 1963, to April 6, 1963, plans were formulated to assassinate particular individuals and members of various groups responsible for influencing the policies of the United States.

Representatives of the Miami Office of this Bureau have interviewed the informant, who is the source of the information appearing in the Police Department report, and he has advised that the report contains a number of inaccuracies.

The major inaccuracies in the Police Department report, according to the informant, are the following.

The Police Department report indicates that the Congress of Freedom, Incorporated, advocates the overthrow of the Government of the United States and plans to assassinate members of various governmental and private groups attempting to influence United States policies including the Business Advisory Council, a Government agency, and the "International Bilderberger Group."

When interviewed by representatives of this Bureau, the informant stated that the Congress of Freedom, Incorporated, does not advocate the overthrow of the United States Government. It does, according to the informant, seek to sharply curtail the influence exerted by various groups, particularly the Council on Foreign Relations, a private organization concerned with foreign policy, upon our national policies. Initially it intends to achieve this goal through remedial legislation, and will resort to assassinations only if unsuccessful in the legislative field.

The informant further advised that not only had he never received or reported information concerning members of the Business Advisory Council and the "International Bilderberger Group" being selected for assassination, but in fact had never heard of either of these groups.

According to the informant, the Police Department report also contains other inaccuracies, which appear to be less significant. Further inquiry is being conducted by this Bureau to resolve these additional inaccuracies and the results thereof will be furnished you promptly.

Pertinent information concerning the inaccuracies appearing in the Police Department report was furnished to Mr. John L. Murphy of the Civil Rights Division of the Department by Special Agent Richard B. Lavin of this Bureau on April 17, 1963.

With reference to Bureau instructions issued to Miami earlier today in connection with resolving the discrepancies in the report of [redacted] Miami Police Department, the source of which is [redacted] and the oral statement given to our Agents by [redacted] to the effect [redacted] report is inaccurate, SAC Grapp called and spoke to you about the matter.

Grapp stated that the Miami Office sent in an eight page airtel last night and information therein answers many of the questions raised by the Bureau and changes the picture somewhat. (We have requested the Files and Communications Division to place this airtel on special locate. As soon as it is located, we will review it in detail to insure it is responsive to the Bureau's questions.)

Grapp further stated that arrangements had been made previously for [redacted] to get together with [redacted] either today or tomorrow. At that time [redacted] will straighten [redacted] out concerning the inaccuracies in [redacted] report. Grapp stated he feels that when this is done the entire matter will be clarified and resolved. He will call you as soon as this is done and advise you of the details, and immediately thereafter forward to the Bureau a written communication setting forth the detailed information. This communication will be placed aboard a commercial aircraft in Miami, and Grapp will advise you of the identity of the flight and its estimated arrival time in Washington so arrangements can be made for us to pick it up at the airport.

You pointed out to Grapp that the initial information furnished by [redacted] which was identified as coming from a source on the Miami Police Department, had been furnished to the Department and consequently it was imperative that the discrepancies be resolved at the

You also pointed out to Grapp, projecting future additional action to be considered in the matter, that once the discrepancies on [redacted] report are fully resolved, the next logical step would appear to be to interview some of the individuals who attended the meeting and have knowledge of the alleged planned assassinations. Grapp agreed that this step was logical and would present no problem. You specifically advised Grapp that none of these individuals were to be interviewed until the matter was cleared with the Department and he said he understood this fully.

On April 15, 1963, [redacted] Intelligence Division, Miami Police Department, advised that he had received information from a source that a number of members of the "Council For Statehood" and other so-called patriot groups, including the John Birch Society, were going to picket the State Capital in Tallahassee, Florida, starting at 11 AM, April 16, 1963. It was not known by [redacted] whether or not this group would join pickets from any other area of the State.

[redacted] stated that he had developed no additional information as to how many people were going from the Miami area or information as to what the purpose of the picketing pertained to.

A characterization of the Council For Statehood is attached hereto.

COUNCIL FOR STATEHOOD, AKA FREEMEN

A source advised on December 4, 1962, that a meeting was held on December 4, 1962, by a group using the name "Freemen" at West Palm Beach, Florida. The source stated that one GEORGE MC CANTS, 628 47th Street, West Palm Beach, Florida, a co-owner of a service station in West Palm Beach, indicated the group intended to have a good status in the public eye, but would be an action group with connections elsewhere in the State of Florida, which connections could be called upon to take any necessary local action involving violence.

A second source on December 12, 1962, stated that a meeting was held on December 11, 1962, by the above group and they had now selected the name "Council For Statehood." The organization was to meet on Tuesday nights at different places. This second source stated that in order to join the organization an applicant must be recommended by two or more people as an "A-1 patriot" and pay a fee of \$5 for which no receipt would be given. The general purpose of the organization, according to the source, is to eliminate, by force if necessary, all Jewish people who hold high positions in business and Government and eliminate all Jews who are communists.

The second source advised on January 9, 1963, that one [redacted] West Palm Beach, Florida, employed as [redacted] indicated on January 8, 1963, that the word "Eskimo" will be used when referring to Jewish personalities in the future. This same source advised that according to [redacted] certain members of the Council For Statehood have a supply of carbines and a target range is reportedly being set up in an area near West Palm Beach, Florida.

This second source also advised on January 9, 1963, that one [redacted] Ft. Lauderdale, Florida, indicated on January 8, 1963, that making speeches is all right, but the only way to obtain results is to use carbines "to knock off the Eskimos."

THE GREATER NEBRASKAN

The Secret Government Of The United States

By Mary M. Davison

The Ultimate Revelation It Must Be Faced

Carlton A. Barrett, Chairman of the Foreign Relations Committee of the Pennsylvania Department of American Legion, addressing the Dallas meeting of the Congress of Freedom in 1956, stated:

"During the last 37 years, the American people have been confronted with a situation in world affairs that has repeatedly caused them to expend money and end up with a world economic situation much worse than before. During those years the United States has fought three terrible wars and seems faced with another greater in scope than any war in history.

"If the international economic situation had been properly settled in the best interests of all people after each of these previous wars when the United States, in each case was the most powerful nation in the world and well able to enforce a fair and equitable settlement, the threat of a new war would have been eliminated.

"This was not done, however, and after each war the carrying out of the peace was placed in the hands of a few individuals, leaders of great international banking houses and international trade groups who, because they and their associates controlled the greater part of world trade, were primarily interested in maintaining that control without consideration for the peaceful, economic progress of the world.

"As a result of placing the control of the United States foreign policy in the hands of such men, in time of peace, the United States, after each world war, lost every advantage our young men and women fought and died for and for which many of our youth are

now in veterans hospitals (500 in Omaha Veterans Hospital alone) and for which many widows and orphans are living without husband or father.

"The small group of international banking houses who control world trade through the Sterling Bloc are J. P. Morgan & Co., Brown Bros., Harriman & Co., and Anderson, Clayton and Fleming. Working in close harmony with these houses are Kuhn, Loeb & Co., Dillon Reed & Co., and Lehman Bros. Records show that these houses work together for their mutual benefit and through these houses the great fortunes of Mellon, Rockefeller, duPont, Guggenheim, Vanderbilt, Duke, and many others operate on an international scale and between them by one means or another, control over 80% of the industries, banking institutions public utilities, transportation systems and communications systems of the United States and 85% of the same enterprises in the rest of the world outside of the Communist countries."

Mr. Barrett came from a family of Fighters, with relatives serving as a Brigadier General, Lieutenant General and a Rear Admiral in our Armed Forces. He, in his capacity as an engineer, furnished the largest part of the industrial equipment for the UNRRA program to Russia, Yugoslavia and China. He represented the United States in conferences with Presidents Peron of Argentina, Berres of Uruguay, and Aleman of Mexico. He had furnished information to the Senate Foreign Relations Committee. In his book, *THE STORY BEHIND OUR FOREIGN RELATIONS*, Mr. Barrett sketches the "Road Ahead."

"The continued rise and fall of one empire after another has been the result of men struggling for individual freedom and after accomplishing their objective, relinquishing that individual freedom to a central government through laziness and the failure of succeeding generations to accept their individual obligations in the community, state and nation; and in this way allowed the central government to acquire power far beyond the original intent of the people. In this way small groups vested with great wealth have been able to secure control of these central governments and direct their actions for the benefit of the few at the expense of the masses."

We are fighting today to save a great and precious form of government. We are facing two influences that will destroy it, Imperial Capitalism and Communism. We have reached the crossroads.

In the September MERCURY, in the article, "Who Are Our Rulers," by Don Bell, Mayor John F. Hylan of New York City is quoted as saying at Chicago March 26, 1922: "The real menace of our republic is the invisible government which, like a giant octopus, sprawls its slimy length over our city, state and nation. At the head is a small group of banking houses generally referred to as 'International Bankers.' This little coterie of powerful international bankers virtually run our government for their own selfish ends."

In the same article is a list of the most prominent members of the international Bankers including Bernard Baruch, advisor to Presidents, who is now past 90 years of age and is in semi-retirement.

SIDNEY J. WEINBERG, 67, now occupies the oracle's seat. He is a senior partner in Goldman Sachs and Co., one of the country's top ten banking houses. The NEW YORKER of September 15, 1956, carried a biography of Weinberg, which stated "there is hardly a ramification of the money and credit business in which Goldman Sachs is not active." In 1940, Weinberg was fundraiser of the "Democrats for Wilkie," was treasurer for the Eisenhower Republicans in 1952. In addition to his

banking interests, Weinberg is a director of thirty-one of America's largest corporations. (Other International Bankers listed in Don Bell's article included):

LEWIS L. STRAUSS, former head of Kuhn Loeb & Co.

HERBERT LEHMAN, Lehman Brothers.

BENJAMIN J. BUTTENWEISER, Kuhn Loeb & Co.

ALEXANDER SACHS, Weinberg's partner.

JOHN J. McCLOY, Chase Manhattan Bank.

JOHN M. SCHIFF, Kuhn Loeb & Co. ROCKEFELLER BROTHERS.

EUGENE BLACK, "frontman", President, International Bank.

AVERILL HARRIMAN.

WARBURGH BROTHERS (Eric I. and James P. of world-wide German American banking family—of which Paul M. Warburg was responsible for the dangerous Federal Reserve System).

It is important to understand that this same type of control exists in all "banker" nations. In the United States, 200 families control two-thirds of the property, and they are dominated by a small group of International Banker families. In England, one-half of the island's property is in the hands of 12 families, who in turn are dominated by the Sassoon-Rothchilds, Montefiores, Seiffs, etc. In France half the property is in the hands of 20 families, dominated by banker families.

It is more important to understand that the "banker" nations. THE GOVERNMENTS THEMSELVES ARE INDERTED TO—AND THEREFORE DOMINATED BY—THE INTERNATIONAL BANKERS.

And it is even more important to understand that the desired synthesis (for all nations) is Socialism, wherein the government owns everything, and the International Bankers OWN THE GOVERNMENT."

THE ROLE OF THE COUNCIL ON FOREIGN RELATIONS

International Bankers do not Di-

RECTLY control the Government of the United States however. Instead they work through a "front" organization which has come to be known as "the world's most exclusive club." Its official name is the COUNCIL ON FOREIGN RELATIONS, with headquarters in New York City and affiliated organizations in all major cities of the United States.

THE HIERARCHY THAT RUNS CFR WHILE CFR RUNS THE GOVERNMENT

Closer-Up has, on occasion, referred to the Council on Foreign Relations as the "hidden government" which rules America (through its control of all "permanent and politically unattached" bureaucrats, cabinet and agency and authority heads, and other "appointed" officials who must answer to no voters, no political parties, but only CFR and its companion departments such as "1313".)

But to say that CFR is the "hidden government" is technically only a half-truth. Because, within this "world's most exclusive club" known as CFR, there is an even more exclusive club known as BAC (Business Advisory Council).

The complete membership in the business advisory council appears immediately following the membership list on the committees on foreign relations. (Note Index.)

BAC is the hierarchy which runs the CFR, while CFR runs our government. And its members includes such men as:

SIDNEY J. WEINBERG (heir to Bernard Baruch's position as advisor to Presidents, et al); the original organizer of BAC and presently one of its five vice chairmen. Weinberg is senior partner of the New York investment house of Goldman, Sachs & Co.

RALPH CORDINER of General Electric, currently Chairman of BAC.

ROGER BLOUGH of United States Steel, vice chairman of BAC.

JOSEPH B. HALL of the Kroger Co., vice chairman of BAC.

L. F. McCOLLUM of Continental Oil Co., also vice chairman of BAC.

WILLIAM M. ALLEN of the Boeing Airplane Co., BAC Executive Committee member.

S. D. BECHTEL of Bechtel Corp., Executive Committee.

HAROLD BOESCHENSTEIN of the Owens-Corning Fiberglass Corp., Executive Committee.

GENERAL LUCIUS D. CLAY of Continental Can Co., member of BAC's Executive Committee.

ELISHA GRAY II of Whirlpool-Seeger Corp., member of BAC Executive Committee.

CRAWFORD GREENWALT of Du Pont, member of BAC Executive Committee.

EUGENE HOLMAN of Standard Oil (N.J.), member of Executive Committee.

CHARLES G. MORTIMER of General Foods Corp., member of Executive Committee.

T. S. PETERSEN of Standard Oil (Calif.) member of BAC's Executive Committee.

JUAN T. TRIPPE of Pan American World Airways, member of BAC's Executive Committee.

Other members of the Business Advisory Council but not currently officers, include:

HENRY FORD II of Ford Motor Co., Ford Foundation, etc.

CHARLES PEPCOY of Bell and Howell, who was chairman of the GOP Platform Committee.

W. AVERELL HARRIMAN of Union Pacific, etc.

WILLIAM L. BATT of S.I.F. Industries.

W. L. CLAYTON of Anderson, Clayton & Co.

WILLIAM McCHESNEY, Jr., Chairman of the Federal Reserve Board.

In all, there are 160 members to this hierarchy, who are described as the "most powerful business in America." The group has a semi-official status, in that it is accredited to the Commerce Department and is even given office and secret-file hiding space by the Commerce Department. This protects it from any possible Congressional investigating, through the claim of the "constitutional principle of the separation

of powers." Meaning that, since BAC works with the Commerce Department, the Legislative branch of government has no authority to come snooping into the top secret activities of the Executive branch of government.

To further "legalize and protect" BAC's activities and its members, when the group decides it will accept a new member, that new member must be appointed to membership by the Secretary of the Department of Commerce! (It follows, of course, that the Commerce Secretary is always a member of BAC, as are George Humphrey, Frederick H. Mueller, etc.)

HOW BAC "GOT" JOE MCCARTHY

In the current (September 1960) issue of Harper's Magazine, there is a very revealing (for those who are adept at reading between the lines) article by Hobart Rowen, titled "America's Most Powerful Private Club." In this article Rowen shows that the political (and perhaps physical) death of the late Senator McCarthy had nothing to do with his investigations into Communism as such; but he had stepped on the toes of one of the agents of the "hidden government" and, therefore, had to be silenced. We quote from Rowen's story:

"The BAC, powerful in its composition and with an inside track, is thus a special force. An intimation of its influence can be gleaned from its role in the McCarthy case. It has never been brought to light before, but the BAC helped to push Joe McCarthy over the brink in 1954, by supplying a bit of backbone to the Eisenhower Administration at the right time. McCarthy's chief target in the Army-McCarthy hearings was . . . Robert T. Stevens—a big wheel in the BAC who had become Secretary of the Army. The BAC didn't pay much—if any—attention to Joe McCarthy as a social menace until he started to pick on Bob Stevens. Then, they burned up.

"During the May 1954 meeting (of BAC—Ed.), at the Homestead (Hot Springs, Va.—Ed.), Stevens flew down from Washington for a weekend reprieve from his televised torture. A special delegation of BAC officials made it a point to journey from the hotel to the mountaintop airport to greet

Stevens. He was escorted into the lobby like a conquering hero. Then, publicly, one member of the BAC after another roasted the Eisenhower Administration for its McCarthy-appeasement policy. The BAC's attitude gave the Administration some courage, and shortly thereafter former Senator Ralph Flanders (a Republican and a BAC member) introduced a Senate resolution calling for censure."

HOW NIXON WON THE NOMINATION

BAC holds regular meetings with government officials about six times a year. But two of those six meetings are held outside Washington at —A LA the "BILDERBERGERS"—such plush and exclusive spots as Sea Island, Georgia; Pebble Beach, California; Hot Springs, Virginia; etc.

It was the last plush meeting—May 11 through 14, 1960, at Hot Springs, Va.—that Republican hopeful Richard Nixon was asked to outline his plans if he were to be allowed to become the Republican candidate for President. Nixon rushed to the exclusive meeting, reported, answered all questions apparently to BAC's satisfaction; for after that no more was heard of Nelson Rockefeller's desire PERSONALLY to run the country; he would be content to let Nixon seem to run things while he (Rockefeller) and BAC and CFR would run Nixon.

There are indications, however, that Nixon got a warning light as well as a green light from BAC and that the free-thinking poor boy who acts as a front man for the monopoly capitalists ignored that warning light. BAC's Charles Percy was assigned to watchdog Nixon while acting as Platform Chairman of the GOP. Nixon "kicked against the pricks" (see Acts 9:5) and wouldn't go along with the platform Percy &—Co. had written. So, Nixon was forced to go all the way to New York City in the middle of the night, kneel at the feet of prophet Nelson, repent and promise to sin no more against CFR, BAC, Rockefeller, Percy and Weinberg.

And there are further indications that Nixon's enforced rest because of a

bruised knee may involve more serious bruises that are not bruited about in Public statements. One might even be bold enough to suggest that if Nixon's servility to BAC does not become malignant, then the knee bruise might. These BAC red carpet meetings are so important, when they are held outside Washington, it's almost impossible to find a Cabinet rank officer in the capitol city; they're all at the BAC meeting, giving reports or receiving instructions. Example: at the May 1955 BAC meeting held at Hot Springs, the following were known to have attended:

Secretary of the Treasury George M. Humphrey

Secretary of Commerce Sinclair Weeks

Sec'y of the Army Robert T. Stevens
Attorney Gen. Herbert Brownell, Jr.

Ass't Attorney Gen. Stanley T. Barnes

Under Secretary of State Herbert Hoover, Jr.

Assistant Secretary of State Walter S. Robertson

U. S. Ambassador to Canada R. Douglas Stewart

Canadian Ambassador to the U. S., A. D. P. Heeney

Chairman of the Council of Economic Advisers to the President, Arthur F. Burns.

Special Assistants to the President, Gabriel Hauge and Joseph M. Dodge.

In the fall of 1955, BAC became concerned with the country's fiscal and credit policies; and the following were called to a meeting:

Federal Reserve Board Chairman William McChesney Martin, Jr.

Under Secretary of the Treasury W. Randolph Burgess.

Chairman of the Council of Economic Advisers to the President, Arthur F. Burns.

Said Hobart Rowen, "Over the past twenty-seven years, BAC members proudly note, they have met with or been addressed by Presidents Roosevelt, Truman, and Eisenhower; virtually every Cabinet member over that period; prominent members of Congress; and by countless generals, ad-

mirals, and foreign diplomats (including Prime Minister Nehru)."

While the Council on Foreign Relations is responsible for most Presidential appointments later "confirmed" by the Senate, there are times when "the wheel within the wheel" that is BAC, steps in and asserts its prerogative as the power that controls the power that is CFR. For example, Sidney Weinberg stepped in personally to bring about the appointment of George Humphrey as Secretary of the Treasury; and Humphrey (also a BAC big-shot) then brought in BAC-man Marion Folsom of Eastman Kodak, to act as Under Secretary of the Treasury until 1955, when a full Cabinet-rank post opened up for Folsom as Secretary of Health, Education and Welfare.

These Philanthropoids are in absolute control of our Government. It is too late to do anything in a concrete or effective way insofar as the Executive or Judicial branches are concerned. But it can be stopped by the Senate, and the government can be returned to the people. But the hour of midnight is beginning to strike—

THE SECRET COUNCIL THAT CONTROLS AMERICA

Report On The Council On Foreign Relations, The King-Makers Club Which Has Become The Nation's Invisible Government

The following is quoted from a booklet, "The Council on Foreign Relations," published under the Council's imprint in 1946.

"For the Council on Foreign Relations, the fortnight ending November 24, 1946, was in no way unique. Members assembled at Council headquarters in New York City to listen to distinguished guest speakers. Other members joined in group study of certain aspects of American foreign policy. Still others continued their review of the progress of Council research and explored plans for an expanded publications program. Throughout the country affiliated Committees on Foreign Relations met with discussion leaders, many of whom were provided or suggested by the Council, and exchanged views on developments abroad.

"Work on other undertakings, some usual, some new, was also under way. . . Several members were writing books for eventual publication under the Council imprint; and in the Library, staff members were attending to the many requests for information which were flowing in from individuals and organizations throughout the world.

". . . There were two general meetings. Rt. Hon. Ernest Bevin, the British Foreign Secretary, described to members the position of the Labor Government on certain current issues, and answered their questions. Rt. Hon. Sir John Anderson, who was in charge of scientific research for the British Government during World War II, gave another group of members his views on the future control of atomic energy.

"The discussion and study groups were beginning their activities for the season. The group on United States relations with Russia tried to interpret current Soviet foreign policy.—The one on industrialization in Latin America sought answers.—The group on the Problem of Germany considered how the population—might be adequately fed. Members of the group on National Power and Foreign Policy estimated how—

"Away from New York City, at meetings of Committees on Foreign Relations in widely separated cities, a similarly free exchange of private views was taking place on a variety of subjects. Professor Harold H. Fisher, Chairman of the Hoover Library at Stanford University, led a discussion on the price of peace with Russia at meetings of the Committees in Detroit, Omaha, Denver and Salt Lake City. In Nashville and Birmingham, Francis H. Russell, Director of the Office of Public Affairs, Department of State, described the part which public opinion plays in decisions affecting American foreign policy. In Providence, Sir Frederick Puckle, Advisor on Indian Affairs to the British Ambassador in Washington, talked on issues likely to arise in a free and independent India. In Cleveland, Honorable Alexander Loudon, Netherlands Ambassador to the United States, outlined the postwar position of Holland in relation to its Indonesian Empire. In Los Angeles, Dr. Karl Brandt, of the

Food Research Institute, Stanford University, reported on agricultural requirements in Central Europe. In Louisville, Professor James K. Pollock, of the University of Michigan, summarized the achievements and short-comings of occupation of the American zone in Germany. In Seattle, Professor George E. Taylor, of the University of Washington, specified the political requirements for peace in China.

"This partial catalogue of a fortnight's activity acquires significance when considered in relation to the development of the Council program over the past quarter-century. The program had its beginnings, in fact, more than twenty-five years ago. The names then were not Truman, Attlee, Stalin; they were Wilson, Lloyd George, Clemenceau."

And now—fourteen years to the day after the above was written—the names change again: Kennedy, McMillan, Khrushchev.

And the Council on Foreign Relations also has changed. Now it's bigger, busier, vastly more powerful. Out of its headquarters at 58 East 68th Street, New York City, come the nation's Presidents, Secretaries of State, Secretaries of Commerce, Treasury, Defense, Health, Education and Welfare. Into its headquarters go Chiefs of State, Prime Ministers, Foreign Ministers, world leaders in the fields of politics, economics, sociology, religion; all to report to and receive approval of their policies from the Council on Foreign Relations. CFR names from its membership list, or from membership lists of its many affiliate organizations, America's administrative appointees, its judges, the heads of its important universities—

In short; CFR is the Invisible Government of the United States!

HISTORICAL BEGINNINGS

In 1916, Europe was engaged in a great war. Elected President of the United States on the promise that he would keep this country out of that war, Woodrow Wilson sent his ALTER EGO, Col. Edward M. House, to Europe for the purpose of making a secret a-

greement with the British Government by the terms of which the United States was committed to go to war if Germany did not accept certain terms which—House knew—were acceptable to the Allies. In the words of Sir Edward Grey, British Foreign Secretary:

"House drafted with me a memorandum to define as precisely as could be done in advance the action that President Wilson would be prepared to take and the terms of peace that he would use all the influence of his country to secure."

In the words of House: "Grey—prepared and gave me a copy of the understanding to which he, Asquith, Balfour, Lloyd George and I have come." (Quotations from "International Executive Agreements," by Wallace McClure, Columbia University Press, 1941, p. 102.)

Those "terms of peace" included the establishment of the League of Nations, which was to become a world government. The creation of the league of Nations was urged by President Wilson in a speech he delivered to the League to Enforce Peace on May 27, 1916.

"THE INQUIRY"

Having committed himself to world federation, President Wilson then was persuaded by Col. House to create a "committee of intellectuals" which would work out peace terms as well as the League of Nations Covenant—all of this before The United States had even entered the war!

This committee, of which House was in charge, was America's first "Brain Trust." It was composed of 150 college professors, graduate students, lawyers, economists, etc. For want of a better name, House simply called his group "The Inquiry," created for the purpose of writing a peace treaty and a charter for World Federation. "The Inquiry" was created in September, 1917; and the majority of them went to Paris in December, 1918 as the "Technical Staff of the United States Delegation" to the Versailles Peace Conference, where they were joined by the American Jewish delegation composed of Bernard

Baruch, Louis Marshall, Julian Mack, etc. These groups dominated the peace conference and wrote the treaty terms, as well as the League of Nations Covenant.

Space prevents the naming of the 150 members of "The Inquiry." However, here are the more important dedicated internationalists who worked together at Paris:

David Huntley Miller, Lawyer; Walter Lippman, journalist; Dr. S. E. Mezes of CCNY; Dr. Isaiah Bowman of the American Geographical Society; Dr. Charles Hoskins of Harvard; Dr. R. N. Lord of Harvard; Dr. Charles Seymour of Yale; Dr. W. E. Lunt of Haverford; Dr. Clive Day of Yale; Dr. W. E. Westermann of Wisconsin U.; Capt. S. K. Hornbeck, later to be an important processor of Frankfurter Hot Dogs at Harvard; George L. Beer, A. A. Young of Cornell; James T. Shotwell of Columbia; Maj. Douglas Johnson of Columbia; Mark Jefferson State Normal College; Ypsilanti, Mich.; James Brown Scott; Thomas Lamont; Norman Thomas; Vance McCormack; Tasker Howard Bliss; Allen Dulles; John Foster Dulles; Christian Archibald Herter; Manley O. Hudson; Frank L. Polk; Elihu Root; Prof. A. C. Coolidge.

These men controlled the Paris peace conference from beginning to end, working with the various "Jewish" delegations from the United States, Great Britain, France, Italy, Germany, Russia, and at least ten other nations. When Woodrow Wilson went to Paris House, Baruch, Dulles, Herter & Co. had everything 'ready for signature' and a world federation seemed "in the bag."

THE "WILLFUL FEW"

However, a "slip" occurred; one which proved the undoing of the entire carefully laid plot.

President Wilson did not return from Paris until July, 1919; at which time (July 10) he rushed to the Senate, appeared before it in person, handed over the Treaty of Peace (which contained the Covenant of the League of Nations) and asked for an immediate ratification of the treaty that would have

plunged us into world government then and there.

But back in February of that same year—five months earlier—Wilson had ordered the official publication of the text of the League Covenant. The text was published on February 14. And two weeks later—March 1, 1919—Senator Philander C. Knox of Pennsylvania reported to the U. S. Senate what he had found in that Covenant, and why it must never be approved by the United States Senate. So, Senators became interested, began studying the world government charter. Wilson did not return to ask for its ratification as a treaty until July—four months later—by which time the Senate had received ample warnings. Result: the Senate did not ratify, and we did not become involved in world government. (Note the strategy of secrecy employed with the UN Charter in 1945, to prevent the Senate from becoming “informed” as to its contents. Alger Hiss rushed from San Francisco to Washington with the UN Charter in his brief case. Leo Paslovsky, State Department “expert” and fellow CFR member, “explained” the UN Charter to the Senate, it was hastily rushed through to ratification without any chance for proper study—mostly on the word of Senators Vandenberg and Connolly who said it was “okey”—and the late Senator Pat McCarran said later he would regret to his dying day that he had ever voted for approval of the UN Charter).

Meanwhile, back at Paris, the American Delegation had received word that the U.S. Senate was balking over ratification of the League of Nations Covenant. They knew then that the cause of internationalism would fail unless they dedicated themselves to a long-range “educational” program designed to “sell” politicians and leaders on its merits. And, then and there—in Paris on an evening of defeat—the Council on Foreign Relations was born; with such men as John Foster Dulles, Allen Dulles, Christian Herter, as Charter members.

Or, as an official CFR publication put it:

“In the spring of 1919, a group of

men at the Peace Conference in Paris concluded that facilities were badly needed in their respective countries for the continuous study of international relations. The Conference had revealed many points of disagreement, not only between national delegations, but within the delegations themselves. Sometimes these divergencies represented differing judgments on accepted facts. Sometimes they represented a conflict between the short-term and the long-term view of national interest. Sometimes they were merely opposing positions occupied in the weakness of ignorance. Under the pressure of a public opinion which was impatient to be done with war-making and peace-making, decisions had to be made in haste, and the minds of diplomats, generals, admirals, financiers, lawyers and technical experts were not sufficiently well furnished to enable them to function satisfactorily on critical issues at top speed. Realizing their own shortcomings, some of these men began to talk about a way of providing against such a state of things in the future.

“Conversations between General Tasker H. Bliss, Colonel E. M. House, Prof. Archibald Cary Coolidge, Whitney H. Shepardson, Dr. James T. Shotwell, and others of the American delegation, and such British officials as Lord Robert Cecil, Lionel Curtis, Sir Valentine Chirol, Lord Eustace Percy and Harold Temperley led to a dinner meeting at the Majestic Hotel, Paris, on May 30, 1919.

“There it was formerly agreed that an organization be created for the study of international affairs.” (End of Quotation).

CFR IS BORN

So the British delegates went home to form the British (now Royal) Institute of International Affairs, out of whose membership come such affiliates as the World Parliamentarians Union whose world map showing the United States occupied by international troops of foreign states has been publicized.

And the American delegation came home from Paris to form the Council on Foreign Relations:

"to afford a continuous conference on international questions affecting the United States, by bringing together experts on statecraft, finance, industry, education and science.

"to create and stimulate international thought among the people of the people of the United States, and to this end.

"to cooperate with the Government of the United States and with international agencies, co-ordinating international activities by eliminating, insofar as possible, duplication of effort, to create new bodies, and to employ such other and further means, as from time to time may seem wise and proper." (Quotation taken directly from published objectives of CFR, as incorporated in 1921).

First annual meeting of the newly incorporated internationalist club, CFR was held on September 2, 1921; at which time a Board of Directors was elected—and two important new names were added: Otto H. Kahn & Loeb, and Paul Moritz Warburg, German banker who had recently retired as chairman of the Federal Reserve Board.

The international financiers had joined forces with the CFR "experts", and now almost unlimited financial assistance could be expected from the Carnegie and Rockefeller Foundations, from the internationalists-trained Rhodes scholars, and later from the giant Ford Foundation.

RHODES—CARNEGIE—ROCKEFELLER THE UNHOLY TRINITY

Internationalism—American style — began with a desire to re-unite the United States with England and make it once again a part of the British Empire. Cecil Rhodes, financier of the Rhodes Scholarship Fund, through which talented young Americans are taken to England to be trained as leaders in the movement toward world union, was the author of a series of wills. The first of these directed that a secret society be formed (one that was surprisingly similar to Adam Weishaupt's ILLUMINATI) and that it should be endowed with the following objectives:

"The extension of British rule throughout the world—the colonization by British subjects of all-land where the means of livelihood are attainable by energy, labor and enterprise, and especially the occupation by British settlers of the entire continent of Africa, the Holy Land, the Valley of the Euphrates, the islands of Cyprus, and Candia, the whole of South America, the islands of the Pacific not heretofore possessed by Great Britain, the whole of the Malay Archipelago, the seaboard of China and Japan, the ultimate recovery of the United States of America as an integral part of the British Empire—"

Andrew Carnegie, in 1893, wrote his book, TRIUMPHANT DEMOCRACY. In the original edition of that book (expurgated in later editions) the following paragraph appeared:

"Time may dispel many pleasing illusions and destroy many noble dreams but it will never shake my belief that the wound caused by the wholly unlooked for and undesired separation of the Mother from her child isn't to bleed forever. Let men say what they will, therefore I say, that surely as the sun in the heavens once shown upon Britain and America united, so surely is it one morning to rise, shine upon, and greet again the United States, the British American Union."

Such were the dreams of Cecil Rhodes and Andrew Carnegie. Such is the genesis of what is called "Atlantic Union." Such is the plan outlined so brilliantly by CFR-member Clarence Streit in his book UNION NOW.

Expanded regionally, the dream became NATO.

Expanded globally, it became the United Nations.

ENTER ROCKEFELLER

It was in 1927 that the Rockefeller Klan actively entered into the picture which was being painted by the Council on Foreign Relations: the picture of a world united through perpetual war to insure perpetual peace; a world owned by the money barons and the industrial tycoons, and administered by them

by an ELITE CORPS of specially trained "experts," to be developed by means of Foundation control of American educational facilities, and through such organizations as the Council on Foreign Relations, "1313," etc.

It was in 1927 that the Rockefeller Klan began its program of heavy financing of CFR, through the Laura Spelman Memorial, and other Rockefeller Funds and Foundations. Indicative is the published report showing that, from 1927 to 1949, the Laura Spelman Memorial Fund gave CFR a total of \$1,164,283.90; approximately one-third of CFR's total income for those years.

Also important is the fact that from 1927 on—the year Rockefeller "moved in"—the names of Communists and extreme liberals began to appear on the CFR membership list. Examples: Alger Hiss, Edward Clark Carter, Philip C. Jessup, Owen Lattimore, Joseph Barnes, Frederick Vanderbilt Field, William W. Lockwood, Leo Paslovsky, etc.

While CFR was busy at the "international" level plans were being formulated to establish a similar pattern for "national" purposes. And, accordingly, we read that:

"Beginning in 1929 certain national associations of public officials and other organizations interested in government and public administration established their headquarters in Chicago. Since 1938 these organizations have had their offices in a building at 1313 East 60th Street, Chicago, which was constructed for the special purpose of housing them."

Rockefeller money built "1313", and Rockefeller money—a gift of land valued at eight million dollars—made possible a permanent home for the United Nations.

HOW THE COUNCIL ON FOREIGN RELATIONS PROMOTED WORLD GOVERNMENT VIA THE UNITED NATIONS

CFR Planned World Government
Forty Years Ago; Scheme To Become
Accomplished Fact In 1961 If U. S.
Congress Fails To Act Now

Because of the patriotic action of a

small group of United States Senators in 1919, this nation was saved from embroilment in world government by way of the old League of Nations. At that time, a small coterie of internationalists banded themselves together in an organization called the Council on Foreign Relations. This group resolved, then and there, to achieve at a later date what it could not achieve at that time: a world government.

The "big moment" came when the United States once again was "engineered" into a World War. CFR members immediately proposed a world government to be called the United Nations Organization; and that CFR members directed every stage of the planning which led to its realization.

Most Americans are familiar with the fact that the "leading lights" of the UN organizational meeting at San Francisco in 1945 were the later-to-be-jailed Alger Hiss, and Russian-born Leo Paslovsky. Some Americans also are familiar with the fact that both of these men were important members of the Council on Foreign Relations.

But few Americans know that the American Delegation to that organizational meeting where the UN was born, was overloaded with members of the Council on Foreign Relations. In fact, it was not an AMERICAN Delegation except in name. It was a CFR DELEGATION which wrote the UN Charter, nursed it through to approval by other nations' delegates, and then hoodwinked our United States Senate in approving that United Nations Charter AS A TREATY, and therefore superceding our Federal Constitution as the "law of the land."

Following is a list of members of the Council on Foreign Relations who served as members of the United States Delegation to the organization meeting of the United Nations (source: "Charter on the United Nations, Report to the President, on the results of the San Francisco Conference, by the Chairman of the United States Delegation, The Secretary of State, June 26, 1945; Department of State Publication 2349, Conference Series 71"):

We may have missed a few names in compiling the above list of Council on Foreign Relations members who served as delegates, assistants, consultants, etc. at the organizational meeting of the United Nations, held in the spring of 1945 at San Francisco.

Summary: Of approximately 200 Americans who represented the United States in some official capacity at the UN Conference, 43 of them were members of the Council on Foreign Relations. They occupied the highest seats at the meetings, spoke with the official voice of the people of the United States, made arrangements and divided up the world and all that's in it as they saw fit and as the Communist world would permit. Then, they rushed back to Washington, coerced an uninformed Senate into ratifying their accomplishments.

How can a small, select, pressure group (only about a thousand members in all) dictate the programs and policies of our Federal Government. Let us let CFR answer that in its own words; and we quote from the CFR publication, "A Record of Twenty-Five Years," published January 1, 1947.

"WAR AND PEACE STUDIES"

"By the summer of 1939, very little remained of established organization for collective security. The League of Nations still functioned, but not as an agency for peace. The Washington Naval Treaties, the Locarno Agreements, and the Kellogg-Briand Pact

(all CFR-inspired compacts—Ed.) had become hollow pledges. In Europe, Asia and Africa, there were vast areas whose recently changed status was the result of the violation of principles once regarded as inherent in civilization itself—When the inevitable explosion came in early September it seemed clear that even if the United States were to avoid being drawn into the war in Europe, its interests would become profoundly engaged as the conflict progressed. Within a week, Hamilton Fish Armstrong, Editor of FOREIGN AFFAIRS, and Walter H. Mallory, Executive Director of the Council, paid a visit to the Department of State to offer such aid on the part of the Council as might be useful and appropriate in view of the war.

"The Department was already greatly overworked as a result of the crisis, and adequate Government funds for an increased staff were not immediately available. The Council representatives suggested that, pending the time when the Department itself would be able to assemble a staff and begin research and analysis on the proper scale, the Council might undertake to work in certain fields, without, of course, any formal assignment of responsibility on the one side or restriction of independent action on the other. Specifically, they (the CFR dominated State Department.—Ed) proposed that the Council (a private group but now armed with quasi-official authority — Ed.) form groups of experts to proceed with research under four general heads—Security and Armaments Problems, Economic and Financial Problems, Political Problems, and Territorial Problems. In this way, the Council's long experience in assembling and conducting such groups could be put to use and the Department would be provided with a cross-section of expert private (?) opinion to supplement official opinion—

"—The Rockefeller Foundation was then approached for a grant of funds to put the plan into operation in February, 1941, the relationship between the Council and the Department of State was modified. The Department, as had been foreseen, established a Division of Special Research, which was

divided into Economic, Political, Territorial, and Security sections. Leo Paslovsky was appointed Director of Research. All of the Secretaries serving with the Council groups were subsequently engaged by the Department to participate in its new Division."

Here, then is CFR's MODUS OPERANDI for taking over a government:

1. CFR suggests that Government enter into some new field of endeavor which never before seemed necessary, and for which activity Government has neither manpower nor money. To overcome these obstacles

2. CFR suggests that it will establish such a group, provide the manpower and money, and do all of this free-for-nothing just because it loves to act in the capacity of Greek-bearing-gifts. Government can hardly turn down such a generous offer, gives its stamp of approval, and

3. CFR taps Rockefeller, Carnegie, Ford, or some other tax-exempt Foundation for a grant to foot the bill (which is really footed by the taxpayer because Mr. Taxpayer must make up the amounts of money not paid in taxes by these Foundations) and CFR selects its own carefully-screened men to man the new venture. Then, at the appropriate time

4. CFR allows the Government to take over the CFR project and make it an official Government Division, Commission, Bureau, Council, or whatever name seems best fitted for the new department of the Government. Government takes over the payroll and the CFR-selected personnel; and CFR runs another bit of the Government with its own men in complete charge. This accomplished

5. CFR finds a new field of endeavor or which it wants to control. Its bigwigs go to Government with a suggestion—

And here we go again; the same procedure, same end.

How successful is this MODUS OPERANDI Let's let CFR tell us about the war years:

"The co-operative relationship be-

tween the Department (of State—Ed.) and the Council (on Foreign Relations—Ed.) was further strengthened in 1942, when the Department organized an Advisory Committee on Postwar Foreign Policies, with Secretary Hull as Chairman and Under Secretary Welles (CFR) as Vice Chairman. Dr. Leo Paslovsky (CFR) was appointed its Executive officer. Several experts from outside the Department were brought in as members of this Committee among them Hamilton Fish Armstrong, Isaiah Bowman, Benjamin V. Cohen, Norman H. Davis, and James T. Shotwell, all of whom had been participating in the Council's work for the Department. Among the Research Secretaries Philip E. Mosely (CFR)—accompanied Secretary Hull to Moscow in 1943—Walter R. Sharp (CFR)—served as Secretary-General of the United Nations Food Conference at Quebec in 1945. Grayson Kirk (CFR)—was an expert at the Dumbarton Oaks Conference—

CFR AND THE UNIVERSITIES

CFR requires, at all times, an enormous manpower pool of liberal, internationalist-thinking young men to act as its agents wherever such agents can be placed. For this purpose CFR influences teaching at all important educational institutions through Foundation grants, direct control through its octopus-like "1313" organization (which is as busy at the educational level as at the governmental level), and even takes a direct hand when bright young eggheads need special polishing.

For example, CFR tells us:

"In an effort to bring leaders of the older and younger generations together to consider problems of American foreign policy, the Council decided in 1936 to organize a two-day conference on an important concrete question—it invited a group of outstanding young men from Columbia, Harvard, Princeton, and Yale Universities—to meet with certain Council members—The sessions were presided over by Allen W. Dulles, former legal advisor to the American Delegation to the General Disarmament Conference; James D. Mooney, President of the General Motors Export Company. Thomas W. Lamont of J. P. Morgan & Co.; and Ste-

phan Duggan, Director of the Institute of International Education.

"In December, 1936, and in February and April, 1937, two-day conferences were held. In addition to men from the universities at the first conference, others were present from Amherst, Brown, Chicago, Cornell, Dartmouth, Johns Hopkins, Pennsylvania, Rochester, Swarthmore, Wesleyan, William and Mary and Williams.

"In succeeding years the bringing together of outstanding university men and selected Council members followed a similar pattern. Expenses incurred were met in part by grants from the Carnegie Endowment for International Peace."

Then began the CFR plan of holding seminars for junior executives, "qualified young men in banks, export houses, shipping firms, law offices, and in other business enterprises."

And in 1946, CFR began a program to teach the teachers of the nation how to teach internationalism to their students Or, as CFR worded it:

"The Council organized, in February, 1946, the first of a series of conferences for university professors on the problems involved in teaching international relations. Following meetings in New York, regional conferences were held in April and May in Boston, Philadelphia, Chicago, Denver and Berkeley.

CFR AND THE PRESIDENCY

Through its "study groups" CFR captured our State Department. Through its Business Advisory Council it controls the nation's commerce and industry. Through its Foundations it has bought control of our educational plants.

But even CFR must have felt it a great day indeed, when it found that it could name one of its members President of the United States. CFR failed in its promotion of Tom Dewey for that post. And it must have felt a certain sense of frustration when it learned that Nelson Rockefeller might not be elected—and therefore could not be allowed to run for the highest office in the land.

But CFR member Dwight David Eisenhower made it. And so did CFR member John Fitzgerald Kennedy. So, CFR is now confident that all future Presidents will come from the membership role of CFR.

Lest anyone question the statement that John Kennedy is a member of the Council on Foreign Relations, we reprint herewith a letter signed by Senator Kennedy, typed on official stationery, and dated June 7, 1960:

Miss Mary Davison
712 Summit Boulevard
West Palm Beach, Florida

Dear Miss Davison:

I am sorry that I have not been able to respond before now to your note of inquiry.

Though I am puzzled by your question, I can tell you that I am a member of the Council on Foreign Relations in New York City. As a long-time subscriber to the quarterly, FOREIGN AFFAIRS, and as a member of the Senate, I was invited to become a member.

I have, however, been unable to attend most of the meetings which are held by the Council in New York, since it is rare that I have time to go to New York for a later afternoon meeting, at which generally a leading world statesman or public figure holds an off-the-record discussion.

With every good wish,

Sincerely yours,

JFK/md

John F. Kennedy

THE GREAT SILENCE

One may well ask: if the Council on Foreign Relations is intent on destroying the United States as a sovereign and independent nation, then how has it been able to promote its schemes for nearly half a century without the public becoming aware of its nefarious activities.

Immediate answer to that question lies in the fact that all news-gathering agencies, all radio and television networks, and all leading metropolitan dailies and large-circulation periodicals are owned or controlled by members of the Council on Foreign Relations

or its network organizations; including all Rockefeller Funds and Foundations, all Ford Foundations, all Carnegie Foundations, the Foreign Policy Association, The Institute of Pacific Relations, Freedom House, the English Speaking Union, the American Association for the United Nations, Atlantic Union, Academy of Political Science, American Academy of Political and Social Science, American Civil Liberties Union, American Committee on United Europe, American Council on NATO, American Friends of the Alliance Israelite Universelle, American International Association for Economic and Social Development, etc., etc. (We list these various organizations as being affiliated with CFR in the sense that the organization's leading official is a member of CFR. Example: Herbert Lehman is a member of CFR, also is the honorary president of American Friends of the Alliance Israelite Universelle. Another example: Patrick Malin, CFR, is Executive Director of ACLU).

In one of the few public exposures of CFR, the WASHINGTON TIMES HERALD, then owned by Col. McCormack, wrote editorially on January 10, 1951:

"A relatively few people, speaking through a considerable number of microphones, can create a fictitious impression that there is a 'public demand' for policies which lack appeal to the great body of people, who have no such convenient propaganda organs to make their desires heard. If misery and ruin of the Republic were the avowed objectives of these enemies within the gates, they could not have adopted doctrines and methods better calculated to achieve that disloyal purpose."

And on December 9, 1950 the then patriotic CHICAGO TIMES commented editorially:

"The members of the Council are persons of much more than average influence in the community. They have used the prestige that their wealth, their social position, and their education have given them to lead their country toward bankruptcy and military debacle. They should look at their hands. There is blood on them."

Today, CFR controls our Federal Government at every level and in every branch, BUT IT NEED NOT CONTROL

THE CONGRESS! For' at least in theory, the Congress is directly responsible to the people. The Senate must ratify all treaties and confirm all appointments. The Senate, therefore, can stop the CFR and save America. IF THE PEOPLE DEMAND THAT THE SENATE LIVE UP TO ITS OATH OR ALLEGIANCE.

CORPORATION SERVICE

The program for increasing financial support from the business community through subscriptions and contributions to the Corporation Service was carried forward during the year. This program, which was approved by the Council's Board of Directors early in 1958, provides for industry by industry solicitation under the sponsorship of leading Council members prominent in the industries concerned. In the previous two fiscal years such drives were conducted among the leading banks, oil companies and firms supplying the oil companies. During the fiscal year 1959-60, effort was concentrated on companies related to the electrical field and on the drug and chemical industry. Each drive was initiated at a luncheon for top members of these industries given by Philip D. Reed and William C. Foster, respectively. Income from the Corporation Service increased from \$83,600 in the preceding fiscal year to \$102,800 this year.

The Business Advisory Council for the Department of Commerce is known as "America's most powerful club." Its dictatorial power over American business and trade (including all phases of international trade) has even been criticized by President Kennedy who ordered that it "meet and downgrade itself."

BAC lists its official address as Room 7424, Department of Commerce, Washington, D. C. As of April 10, 1961, the following were listed as officers of BAC: Luther Hodges, Ex Officio General Chairman; Ralph J. Cordiner, Chairman; Roger M. Blough, Vice Chairman; F. R. Kappel, Vice Chairman; L. F. McCollum, Vice Chairman; Sidney Weinberg, Vice Chairman. The following were listed as members of the Executive Committee: William M. Allen, S. D. Bechtel, Roger M. Blough, Harold Boeschstein, Ralph J. Cordiner, Elisha Gray II, Crawford H. Greenwalt, Eugene Holman, Gilbert W. Humphrey, F. R. Kappel, L. F. McCollum, Charles G. Mortimer, T. S. Petersen, Juan T. Trippe, and Sidney Weinberg. Ex Officio members listed as "active" are Lewis L. Strauss and Sinclair Weeks.

Bac still holds regular meetings with

government officials at least six times a year; and two of these meetings are held away from Washington, at some plush hideaway where secrecy is assured; A LA THE BILDERBERGERS.

With this publication the "INVISIBLE GOVERNMENT" is no longer "invisible."

SECRET POLICY GROUP REVEALED

A few honest but skeptical readers of this column have questioned our statements that secret policy making groups of the Invisible Government actually make and control political and economic policy in Washington. We'll ... part of the cat is publicly out of the bag.

The "kept press" reports that Luther H. Hodges, Secretary of Commerce, was in a hassel with the Business Advisory Council to compel them to "open its ranks to small business and permit news coverage of some of its sessions" Business magazine, U. S. News and World Report, summarizes—"For years the Council has met in secret, resisting efforts to change its operating procedure."

The BAC, a creature of the Rocke-

feller "Essobee Union, comprises the heads of 175 of the largest corporations and was formed in the early 1930's— to " help FDR cope with the depression." Mr. Hodges, now Secretary of Commerce, takes the reins firmly in hand.

What's happened? Have they got religion? Nope! It's just that the BAC got too independent of the Invis-

ible Government and some of the big boys—including the Chairman, Ralph J. Cordiner, of General Electric; along with 29 other firms got caught pre-fixing prices on electrical equipment to various Municipalities. Cordiner was forced to resign from the chairmanship of the BAC. Hodges appointed . . . so the "Union" is back in business same as ever.

FOREWORD

The OPEN LETTERS TO UNITED STATES SENATORS have been written for the sole purpose of informing the Senate of events transpiring, in the past and in the present, of which they could have been informed. As members of the Senate, with a multitude of official and social obligations, with families, businesses or professions back home requiring their attention, and due to the impossibility of gaining from any available communications medium, the true and unbiased facts which expose those who so wrongfully control the government they are obliged to administer—they could not reasonably be expected to know what has been going on.

The plain, unvarnished truth about the downfall of the Republic must — at whatever cost — be impressed upon those trusted with the responsibility for safeguarding our nation. And we have assumed the obligation to inform — not only the treason which has brought about our disgraceful position in the world of today.

After many months — and the distribution of MILLIONS of OPEN LETTERS, nation-wide — there remains a self-imposed silence on the part of the Senate. They will not comment. Why?

The LIBRARY OF CONGRESS has requested and we have complied with the request) that we file with them two (2) full sets of these OPEN LETTERS, "to be used in replying to inquiries from Members of Congress", indicating that somebody on Capitol Hill is taking an interest.

The Chief Investigator for one of the most important Congressional Committees of this century says:—

"YES, I HAVE THE SERIES

OF OPEN LETTERS TO THE UNITED STATES SENATORS AND VALUE THEM HIGHLY. BASED UPON MY KNOWLEDGE, THEIR CONTENTS ARE BOTH TRUE AND SHOCKING. THESE CONTENTS DESERVE TO BE TAKEN SERIOUSLY."

The Republic is no more. It died at the hands of its own servants in 1913. It was succeeded by a DEMOCRACY which has gone the way of all democracies — destroyed by its own corruption. Succeeded by a FASCIST STATE — the inevitable has happened. The weakest type of government — far removed from a decadent people — has been taken over by a self-appointed "ruling elite", leaving this once great nation standing on the threshold of the Master and Slave system from which mankind, after a thousand years of struggle — had finally escaped.

A complete and successful "BLOODLESS REVOLUTION" has conquered the United States. A "ruling elite" of about a thousand ruthless men are in control. One hundred and eighty million Americans are in their power simply because they did not know what was going on. Is it to be forever too late to take back that which is ours by right of inheritance or will we too become serfs in their WORLD GOVERNMENT? The "Federal Reserve Notes" (I.O.U.'s) in your wallet or bank account will be no good in WORLD GOVERNMENT. YOUR ONLY SAFE INVESTMENT NOW, IS THAT WHICH YOU INVEST IN KNOWLEDGE.

The Secret Government of the United States

By Mary M. Davison

For many years we have devoted thousands of hours and many dollars of our earnings to running around like mad trying to put out brushfires of Fluoridation, Mental Health, Genocide, UN, UNESCO, etc., and the enemy keeps setting fires faster than we put them out. The common sense approach it seems to us is to run the thing to earth and find out just who is **FINALLY** responsible for what has happened and give all we have to **WORK ON THAT AGENCY**, in this case. The United States Senate to force them to correct it. It may be said that all important decisions regarding United States policy are made in the Park Avenue New York headquarters of the Council on Foreign Relations and agents trained to put those policies into effect are **"APPOINTED BY THE PRESIDENT ON C. F. R. RECOMMENDATION. THE PRESIDENT THEN SEEKS (AND GETS), CONFIRMATION OF THESE APPOINTMENTS FROM OUR ONLY REPRESENTATIVES, THE UNITED STATES SENATE.**

Senate Responsible For The Mess

LETTER NO. 1

Dear Senator:—

The Country is in a mess and we have two questions: Who got us into the mess and who can get us out? It may surprise you as it did us, to learn that the answer to both questions is the same, — **"The Senate of the United States."** Under our political system as it was bungled by the 17th Amendment, the people must "elect" one of two selected candidates for President and Vice-President and that is all we can elect. The rest of the Government is appointed **WITH THE CONSENT OF THE SENATE.** And this leaves the people "off the hook",—we have been disenfranchised at the Federal level and are not responsible for anything that happens there.

When a new President goes into office he begins to form a new government and to send **TO THE PEOPLE**, through their elected representatives in the Senate the names of those selected to operate the government. The Senate must **CONFIRM** or **REJECT** the appointments. You know Mr. Senator, what the policy of the Senate has been; just about **100% CONFIRMATION.** And so the country is in a mess created by appointees **CONFIRMED BY THE SENATE OF THE UNITED STATES.** The people have been wondering where these charact-

ers came from. Have you ever thought about that? Democrats and Republicans come and go but these "unattached" go on forever. Just where do they come from?

Our research has led to a strange undercover operation in Park Avenue New York, founded in 1919 on a "grant" from the Laura Spellman Rockefeller Foundation and known as the Council on Foreign Relations. This organization has, for forty years been engaged in training and funneling into our Government **WITH THE CONSENT OF THE SENATE** hordes of their member agents who never had any experience in politics or government. And they have also been setting them up as Presidential candidates on both Democratic and Republican tickets. In the recent conventions they were represented by Council on Foreign Relations members John F. Kennedy, Presidential nominee and Chester Bowles, Chairman of the Platform Committee on the Democratic ticket and they were over-represented by Nelson Rockefeller and his water-boy, Trustees of the Rockefeller Brothers Fund, — and Chairman of the Republican Platform Committee Charles Percy and by Henry Cabot Lodge. Nixon does not qualify for Council membership, nor did Harry Truman. Neither were millionaires nor egg-heads.

This was not the first "rigged" Convention in recent history. The Council on Foreign Relations has provided us in the past with: Dwight O. Eisenhower and Adlai Stevenson, — Twice. Thomas E. Dewey, Henry A. Wallace, Wendell Wilkie and Herbert Hoover. And over the years the Senate has **CONFIRMED** and placed in charge of our government such Council on Foreign Relations members as:

John Foster Dulles, Dean Acheson, Christian Herter, C. Douglas Dillon

who, with the able assistance of Nelson Rockefeller have created the mess in Latin America. Other "appointees" **CONFIRMED** by the United States Senate and placed in top positions in our Government were: (All C.F.R. members)

Owen Lattimore, Leo Paslovsky, Phillip Jessup, Alger Hiss, Harry Dexter White, Laughlin Currie, John Carter Vincent, John Stewart Service, Frederick Vanderbilt Field, Philip Jaffe

and a host of others like them. At one time the past year there were **FOUR** Council on Foreign Relations members up for **CONFIRMATION** at the same time:

Lyman Lemnitzer, Brooks Hays,

Lewis L. Strauss C. Douglas Dillon And **TWO MORE** important "appointments" are before the Senate now: Lyman Lemnitzer (again) as Chief of Staff and James Wadsworth as head of the American Delegation to the United Nations.

The Senate has also unwittingly **CONFIRMED** in the past a succession of Council on Foreign Relations members and Rockefeller Foundation Trustees as Directors of the Budget. They like to arrange the spending of our money. And Henry Morgenthau, Sumner Welles and Robert Anderson (in

addition to Harry Dexter White) to the Treasury. Most of the important Ambassadorships have gone to Council on Foreign Relations members including:

David K. E. Bruce, — Germany

James Zellerbach, — Italy

John Hay Whitney, — Britain

Arthur Houghton, — France

and Chip Bohlen, now "advising" Secretary Herter in Latin America, — to Russia.

The foregoing is just a hint of what has been going on. But on the face of it, — who would you say is running the Country? And you must admit the Senate of the United States has approved and confirmed **ALL** except the "Council" member President and his running mate. Of far more importance to the Country, however, is the fact that the Senate and the **SENATE ALONE** can stop this treason. **COLD** and **AT ONCE** by refusing to **CONFIRM ANY MORE** Council on Foreign Relations members and to investigating the activities of the whole operation on Park Avenue and its branches. A new administration is coming into Washington next year and these words quoted from the C. F. R. Year-Book of 1952 might be significant: "In response to suggestions from officials of the State Department, the Council originated a series of three meetings on foreign economic policy to aid in a re-examination of our policy in preparation for a new administration." Probably the "Council" is setting up the policy for the new administration right now as it makes no difference to them whom we "elect".

Thousands of citizens at the grass roots know about this and other thousands are going to find out. **THE SENATE MUST BE INFORMED. AND THE SENATE MUST ACT.** Where do you stand?

The Business Advisory Committee The Federal Reserve Act

LETTER NO. 2

Dear Senator: —

In our recent report on the personalities and activities of the Council on Foreign relations we did not get

around to discussion of the Business Advisory Council (B.A.C.) which is the superstructure of the C.F.R. in which the millionaires and billionaires of

C.F.R. segregate themselves from the impecunious intelligentsia while they determine matters of policy for the United States Government. Sometimes they co-operate in policy making as they did in the National Conventions. They made Chester Bowles, a Trustee of Rockefeller Bros. Fund and member of Council on Foreign Relations, — Chairman of the Democratic Platform Committee, and Charles Percy, another Trustee of Rockefeller Bros. Fund and member of Business Advisory Council, — Chairman of the Republican Platform Committee. We are sure you remember Nixon's midnight trek to Nelson Rockefeller's suite in New York after which the Republican platform was re-written. Kennedy was taken into the Council on Foreign Relations shortly before he began his campaign. Early in January one of these C.F.R. boys is going to be sending long lists of "appointments" to the Senate for confirmation. The undeviating pattern of the past 27 years indicates a flood of "appointments" dictated by these two related organizations. In the past the most notorious "communist" agents exposed in our government were members of the Council on Foreign Relations, confirmed for these high positions of responsibility by a Senate completely unaware of their background, training and purposes. Over the years literally thousands of C.F.R. agents have been planted in our government and have almost completely destroyed the Republic.

During the Conventions both sides cried out warnings about "this year of crisis" and they probably have a "crisis" in mind, but nothing will so effectively stem the "crisis" or destroy its effect as the **REFUSAL OF THE UNITED STATES SENATE to CONFIRM** even one of the agents of C.F.R. or its overbearing superstructure the self-anointed "**BUSINESS ADVISORY COUNCIL**". It can be truly said that **THE FATE OF THE NATION** will be in the hands of the **UNITED STATES SENATE** of 1961 for we, and our associates, will make sure that this **SENATE WILL BE INFORMED** and that hundreds of thousands of Americans will become informed also, to lend support to you in this — **YOUR HOUR OF DESTINY.**

The Council on Foreign Relations like most of the evils of the modern world is rooted in greed and money. Actually the "scheme" got off the ground here when a treasonous gang in the United States Congress remained in Washington in December 1913 while their colleagues were home for the Christmas vacation and passed the "Federal Reserve Act" (Dec. 23, 1913). By this "Act" a handful of Congressmen turned over to a group of Private Individuals the power over the money and credit of the American people which had been placed in Congress and Congress alone by the Constitution of the United States. Lets face it — as soon as these men — bankers all — got their hands on our money and credit, World War One broke out in Europe with all participants fully prepared — except **FOR THE FINANCING OF THE HOLOCAUST.** And at the same time some of these bankers established and financed, in New York City, a "School for Revolutionaries" headed by Leon Trotsky. When their training was finished, they were smuggled through Germany with the connivance of Felix Warburg, the Kaiser's Chief of Espionage (whose immigrant brother, Paul, had become the **FIRST CHAIRMAN OF OUR FEDERAL RESERVE BOARD**, and they murdered the Czar and his family and took over the government of Russia, **SO WHO REALLY CONTROLS THE GOVERNMENT OF RUSSIA?**

Following the war and the defeat of the League of Nations in which they were vitally interested, the Federal Reserve crowd formed the Council on Foreign Relations with an original "grant" from a Rockefeller Foundation. Following are the most prominent "**FOUNDERS**", the * indicating the names of those whose descendants are found in the C.F.R. today: Paul Warburg*, John D. Rockefeller* J. P. Morgan*, Nelson Aldrich*, John Foster Dulles, Edward M. House, Eugene Meyer*, Allen Dulles, Frank Vanderlip*, Henry P. Davison, Cleveland Dodge*, Jacob Schiff*, Bernard Baruch*, Louis Brandeis (Uncle of Felix Frankfurter), Sam Untermyer, Otto Kahn and Henry Morgenthau, Sr.*

These people proceeded to dominate the field of education through a

"grant" from John D. Rockefeller of ONE HUNDRED Million Dollars to the General Education Board to be used to "subsidize" the Universities to train their agents for the "take-over" of the American Government. Later they **TOOK OVER ALL THE LARGE FOUNDATIONS** by placing their members on the Boards of Trustees and using those funds in billions of dollars to continue the work of General Education Board. As they trained these agents they "stashed" them away in both Universities and on Foundation payrolls until they had an opportunity

to "move in." That opportunity came when Franklin D. Roosevelt trekked into Washington at the head of a strange assortment of professors, psychologists, economists and social workers, known as the "Brain Trust," C.F.R. agents trained to change and subvert our Democratic form of government.

Read the September 1960 Harper's Magazine. Truly the day of (public) awakening is at hand.

Mr. Senator, are you becoming awakened?

The United Nations

LETTER NO. 3

Dear Senator:—

BEHOLD THE UNITED NATIONS!

It was built on Rockefeller ground, **PLANNED IN DETAIL** by the (Rockefeller) Council on Foreign Relations and fastened upon the hapless people of the United States with the consent of the Senate. It is true that in 1945 **NOBODY KNEW** that the principal architects of the United Nations were **COMMUNIST AGENTS** but we know now that Alger Hiss, Harry Dexter White, Leo Paslovsky and Dalton Trombo were dedicated agents of what we call the **COMMUNIST CONSPIRACY**. All four of these men were members of the Council on Foreign Relations and Hiss, White and Paslovsky held highest policy making posts in the Departments of State and Treasury. What then, was the purpose of these men in **CREATING THE UNITED NATIONS?**

Mr. Senator, do you believe these men were even remotely concerned with "PEACE"? As **COMMUNIST AGENTS** were they not struggling for power for themselves and **WORLD CONTROL FOR THEIR MASTERS?** Working closely with these four **COMMUNIST AGENTS** were **FOUR FELLOW COUNCIL ON FOREIGN RELATION MEMBERS**, — John Foster Dulles, Secretary of State Edward Stettinius, Harold Stassen and Nelson Rockefeller. These eight were by far the most influential **AMERICAN** Representatives at the San Francisco Conference. It poses the question, — **WHO DID THEY REALLY REPRESENT**, — The people of the United

States or the Council on Foreign Relations?

To illustrate how an intelligent member of the U. S. Senate can be right there on the inside, — with these characters, and yet not see what is going on right under his nose, — let us consider the case of Senator Tom Connally. He was Chairman of the Senate Foreign Relations Committee and had been working closely with President Roosevelt and Secretary of State Hull for three years planning (he believed), the United Nations Charter and his part in pushing it through the Senate. He was the first official "Delegate" appointed to the San Francisco Conference. Later he wrote a book entitled, "My Name is Tom Connally". This book tells us how he evaluates the people purportedly representing the United States at San Francisco. Pages 279-280:

"Of the State Department aides Leo Paslovsky was familiar with every aspect of the proceedings. A short, chunky man who had been born in Russia but was rabidly anti-Communist (although for years he had been editing and writing for Communist publications both before and after he had come to the State Department and brazenly boasting about it in his space in "Who's Who in America".) Paslovsky had devoted his time during World War II to the problem of a **NEW INTERNATIONAL ORGANIZATION**. He was extremely capable and the one person we all turned to for explanation of details. Certainly he had **MORE TO**

DO WITH WRITING THE FRAMEWORK OF THE CHARTER THAN ANYONE ELSE." Also from the State Department was Nelson Rockefeller on whom we depended to win the support of the South American countries. He was a man of good ability and had long association with Latin American problems. Several times on close issues we told him, — "Look, get your people lined up right away."

This reminds us that **SOMEBODY** got the **SAME PEOPLE LINED UP RECENTLY**, to destroy the Government of the Dominican Republic after a grant of about **TWO BILLION DOLLARS** of the **TAX-PAYERS** money had been promised them.

The true character of Alger Hiss had been exposed by the time Connally wrote his book and so he passes him over lightly, saying, "I had no contact with him." Hiss, of course, was Secretary-General of the Conference and had been working constantly with Pavlovsky in the State Department while they put together the Charter of the United Nations. Senator Connally continues with an appraisal of Senator Vanderburg, one of the **SEVEN OFFICIAL DELEGATES**, — "Vanderburg tended to keep American Delegation's private deliberations in a state of ferment. (He kicked like a mule every foot of the way.) . . . He could be found cussing and denouncing matters . . .

Daily he complained and saw dark plots everywhere . . . In his heart, Vanderburg seemed to be **AGAINST EVERYTHING WE WERE STRIVING FOR.**" Senator Vanderburg's **SPECIAL ADVISER** was John Foster Dulles, — **ROCKEFELLER-IN-LAW**, who, for some years had been operating through the Federal Council of Churches to build up popular support for the exact same principles as were to be promulgated by the United Nations Charter.

Mr. Senator we hope it is becoming clear to you that the old Federal Reserve crowd who, together with their sons, grand-sons, and misc. relatives, in-laws, and business associates, having obtained complete control of the money and credit of our people have organized, in the Council on Foreign Relations for the continued **PIRACY OF THE GOVERNMENT OF THE U. S.** and it was **THEY WHO CREATED THE UNITED NATIONS** to take our Country into **WORLD GOVERNMENT TO BE RULED BY THEMSELVES. RIGHT NOW NELSON ROCKEFELLER IS REPRESENTING** the US in Nigeria? **WHY??? I ASK YOU WHY??? NELSON ROCKEFELLER IS GOVERNOR OF THE STATE OF NEW YORK AND IS NOT AN OFFICIAL OF THE U.S. GOVERNMENT. LET THE SENATE ASK AGAIN AND AGAIN, WHY???**

Who Are The World Communists?

LETTER NO. 4

Dear Senator:—

If "Communists" are people who want to rule the world, then, **ARE THE PEOPLE WHO WANT TO RULE THE WORLD "COMMUNISTS"?** If so, just who are the people who want to rule the world? Are they poor, and illiterate (as Stalin, Beria, Khrushchev or Hitler), or are they people who, having acquired by devious means more wealth than they or their heirs can ever use, are **NOT SATISFIED? THEY WANT IT ALL**, — all the wealth of the world with all the people in the world in slavery and groveling for their favor? Has that not always been the main objective of **WORLD RULE?** Have you ever thought about this?

There is no doubt among the informed now that "Communism" was established in Russia by the richest men in Europe and America. The thing we are coming to recognize as "Communism" in America (North and South), is being financed by **AMERICA'S RICHEST MEN** and promoted by an arrogant, over-educated elite, trained in universities subsidized by these multi-millionaires through their tax-exempt **FOUNDATIONS.** You can plainly see, Mr. Senator, that the poor illiterate and under-privileged in America **ARE NOT STRUGGLING FOR POWER**, — on the contrary, **THEY ARE TOO WELL SATISFIED.**

We have had "Communists" bedded down in the White House — "Com-

munists" in the State Department, Defense, Welfare and Agriculture Departments, in defense plants, churches, schools, universities and labor unions. Unquestionably **THESE PEOPLE ARE SEEKING POWER**, not expecting top positions for themselves but for those **WHO ARE FINANCING THEM**, — those who paid for their "education" and their present prestige and security. This **TRAINED ELITE**, the overwhelming majority of whom could not stay alive by their own efforts, expect to become very important when their subsidized "thinking" enables their **FINANCIERS TO TAKE OVER THE WORLD**.

These **FINANCIERS** are **NOT** the men who earn, save and/or pool their honest capital to go into business or industry and compete in a free economy. The **FINANCIERS** of the **"INTELLIGENSIA"** ARE THE **DESCENDENTS** of and of the successors of the **"Robber Barons"** of the last century, — the thieves, exploiters and speculators who were **"TRUST-BUSTED"** by Roosevelt 1st, and "driven from the temple" by Roosevelt 2nd. Throughout **THREE WARS**, the murder and enslavement of **MILLIONS OF WHITE CHRISTIAN PEOPLE**, these **"MALE-FACTORS OF GREAT WEALTH"** have schemed for **MORE WEALTH AND MORE POWER. THEY WANT IT ALL**. And this, Mr. Senator, is our very **REAL AND PRESENT PROBLEM**. These are the people, — both the **FINANCIERS** and their **"RULING-ELITE"** — mad agents who are organized in the **COUNCIL ON FOREIGN RELATIONS** which has for many years been selecting the Government of the United States.

It is a pretty thick-skulled citizen who doesn't know **NOW** that he has no voice in the selection of the President, or the Administrative or Judicial branches of his government. His only representative is the **CONGRESS** and his only hope in the **SENATE** thereof. The **"RULING-ELITE"** system can be **STOPPED** in 1961 if a courageous and patriotic **SENATE REFUSES TO CONFIRM ANY MORE OF THESE TRAINED, HAND-PICKED ADMINISTRATORS, POLICY MAKERS AND TRAITORS**.

Heretofore an uninformed **SENATE**

has **CONFIRMED** to the very highest and most **POWERFUL POSITION** in our Government the most brazen and notorious **TRAITORS** in the history of the United States, — practically **ALL** of whom were **MEMBERS OF THE COUNCIL ON FOREIGN RELATIONS**. Mr. Senator, — there is here no question of **INTENT** or even of **MISTAKE OR COINCIDENCE** in the close association in **MANY PROJECTS** and over **MANY YEARS** of such people as Nelson and David Rockefeller, John Foster and Allen Dulles, Myron Taylor, Barney Baruch, Herbert Lehman, Felix Frankfurter, Dwight D. Eisenhower, Harry Dexter White, Alger Hiss, Phillip Jessup, Leo Pasovsky, Henry Morgenthau, Joe Barnes, Lawrence Duggan, Gen. Lyman Lemnitzer, who is now Chairman of the Joint Chiefs of Staff, and more than a **THOUSAND OTHERS, ALL FROM THE SAME "CLUB."** None of these men are either **STUPID OF NAIVE**, — they are the **"SMARTEST COOKIES"** **IN THE COUNTRY** and they are **ALL** dedicated to the **CHANGE** in our form of government (which has already been accomplished) and to its destruction, that they may take us into a **WORLD GOVERNMENT** to be **RULED BY THEMSELVES** and their posterity, even as they already rule the so-called "Communist" countries.

HUNDREDS OF BILLIONS OF DOLLARS, MILLIONS OF LIVES and many (50) years of **"SCIENTIFIC PLANNING"** have already been invested in this **TREASON**. And for the first time in history **WORLD RULE** appears to be within the grasp of the **PLANNERS**. But the **FOUNDING FATHERS** of the United States with God-given wisdom and foresight have provided us with a **CONSTITUTIONAL WRECKING CREW, — THE UNITED STATES SENATE**, — who has the power and the duty to scuttle **THE GREAT PLAN**.

PLAN. The Senate of 1961 **WILL IRRETRIEVABLY, DECIDE THE FATE OF AMERICA, FOR THE SHOW DOWN IS HERE**.

If the Senate **CONFIRMS** the hand-picked, trained "Communist" elite of the **COUNCIL ON FOREIGN RELATIONS** to run the government, **WE ARE LOST**. If they **REFUSE TO**

CONFIRM any but tried and true Americans the **SENATE WILL, IN SHORT, ORDER, SNATCH BACK CONTROL OF OUR GOVERNMENT — RESTORE IT TO THE PEOPLE WITH DULY ELECTED REPRESENTATIVES OF THE PEOPLE IN FIRM CONTROL.**

The damage already done is appalling

but it is not **IRREPARABLE**. The **INSPIRED FOUNDING FATHERS PROVIDED FOR THAT.**

The Senate of 1961 is the chosen — the anointed armor of our defense. The only real defense we need — **DEFENSE AGAINST THE ENEMY WITHIN.**

Cuban Crisis

LETTER NO. 5

Dear Senator:—

With the Cuban Crisis blazing furiously in our back-yard **AND IN THE UNITED NATIONS**, we hasten to inform you further regarding the United Nations that you may decide for yourself whether it is a **DEATH-TRAP** for the United States and whether **YOU SHOULD ACT FAST TO PROTECT OUR NATION**. As we pointed out to you previously,—the **TOP AMERICAN REPRESENTATIVES** to the San Francisco Conference of the United Nations were members of the Council on Foreign Relations, including Alger Hiss, Harry Dexter White, John Foster Dulles, Nelson Rockefeller, Edward Stettinius Harold Stassen and Leo Pasvol-sky. All except **WHITE** were from the **STATE DEPARTMENT**. And we wish to point out to you now that the complexion of the State Department has not **CHANGED**, for both Christian Herter and C. Douglas Dillon are members of the Council on Foreign Relations.

There is ample proof that the **CHARTER OF THE UNITED STATES WAS WRITTEN BY MOLOTOV, HISS AND PASVOLSKY**, and that this whole Council on Foreign Relations crowd were interested **IN ONE THING ONLY**, and that was **IN GETTING THE UNITED STATES INTO A WORLD GOVERNMENT** which would be ruled by their **MASTERS IN NEW YORK CITY AND IN MOSCOW**. This **CHARTER**, which was to be the most portentous record in the history of the Congress, was adopted by the UN Conference on June 26th, 1945, — brought by the Secretary-General of the Conference, Alger Hiss, to Washington about July 1st, and prepared for presentation to the United States Senate and **PUSHED THROUGH THE SENATE** in a few

weeks' time (adopted as a **TREATY**, July 28th, 1945). And this **TREATY** was "explained" to the United States Senate during those "hearings" by the **RUSSIAN-BORN COMMUNIST AGENT, LEO PASVOLSKY**, in typical United Nations' **DOUBLE-TALK** and **GOBBLEDE-GOOK**, which is their standard weapon of confusion, and which undoubtedly **DID CONFUSE** the Senate of that day, otherwise they would never have adopted it. Certainly if they had known **THEN**, that Hiss, White and Pasvol-sky were to become **IDENTIFIED AS COMMUNIST AGENTS**, they would never have **EVEN CONSIDERED** a document of **SUCH DIRE IMPORT TO THE UNITED STATES**, prepared **BY THE ENEMIES**. Now, regardless of the propagandists, we must **LOOK BACK AND SEE WHAT HAS HAPPENED**.

Records in the Library of Congress revealed that Mr. Pasvol-sky "explained" to the Senate only **PART** of the "Charter of the United Nations." He "explained" why he could **NOT EXPLAIN THE MOST IMPORTANT SECTIONS OF IT. — THE MILITARY ESTABLISHMENT** of the United Nations. Neither did he explain that during the San Francisco Conference a "deal" was made between Molotov and Hiss that the **HEAD OF THE UN MILITARY STAFF WOULD ALWAYS BE A COMMUNIST**, and so **HE HAS ALWAYS BEEN**. There have been six such **HEADS OF STAFF, FIVE RUSSIANS AND ONE YUGO-SLAV COMMUNIST**:

— Sobelov, Zynchenko, Chernychev, Dragoslav, Dobyryn Arkadov (present "commander").

Mr. Senator, **THIS IS THE TRUTH, ABOUT THE UNITED NATIONS.**

These are **INDISPUTABLE FACTS**. Typical of the Slimy and Cunning "double-talk", which is expertly calculated to **DECEIVE THE SENATE AND THE PEOPLE**, is the **TITLE** of this **MOST IMPORTANT INDIVIDUAL** in the Security Council, — "The Under-Secretary of Political and Security Council Affairs". (The Secretary-General of the UN is the **SECRETARY OF ALL THESE SECRETARIATS**). As we have indicated before, the Council on Foreign Relations worked through their agents in the **STATE DEPARTMENT** to put this **UNITED NATIONS** SHOW ON THE ROAD. It is **WELL KNOWN**, especially to the "Parent Teachers" Association of the United States that the **STATE DEPARTMENT** is the active propaganda agency for the **UNITED NATIONS**, putting out literally thousands of tons of UN propaganda for public consumption, — all couched in the same **DOUBLE-TALK** terms as the **CHARTER** itself. A concrete example of this double-talk confusion and evasion is found in the answers to some **QUESTIONS** we proposed to the Defense Department and in which the **STATE DEPARTMENT** "colloberated":—

Question 1. In case of attack, can the United States declare war against the enemy?

Answer:—(Emphasis and parenthesis ours) Yes. **NOW WEIGH THE FOLLOWING CAREFULLY**. It is an unbroken continuation of the answer, ("yes"). Article 51 of the Charter of the United Nations states, "Nothing in the present Charter shall impair the inherent right of individual or collective self-defense if an **ARMED ATTACK** occurs against a member of the United Nations UNTIL the **SECURITY COUNCIL** (whose military commander will be a **COMMUNIST**) HAS **TAKEN THE MEASURES NECESSARY TO MAINTAIN INTERNATIONAL PEACE AND SECURITY**. Measures taken by members in the exercise of this right of self-defense **SHALL BE IMMEDIATELY REPORTED TO THE SECURITY COUNCIL** (whose **MILITARY CHIEF** will be a **COMMUNIST**, and **SHALL NOT IN ANY WAY AFFECT THE AUTHORITY AND RESPONSIBILITY OF THE SECURITY COUNCIL**).

CIL under the present Charter to **TAKE AT ANY TIME SUCH ACTION AS IT DEEMS NECESSARY** to maintain or restore international peace and security. Notice that we **ASKED** if the United States **COULD** **DECLARE WAR IN CASE OF ATTACK**. **JUST WHAT IS THE STATE DEPARTMENT'S ANSWER TO THAT QUESTION?** Is it not "yes" we can declare war if we wish, but it will not do us any good for we will be permitted to defend ourselves only until the UN can get into the act, and during that period we must keep the Security Council and its Communist Chief of the Military Operations fully informed of all our actions and intents and to recognize his authority.

But what happens after the UN takes charge? Exactly what happened at the outbreak of the Korean War when Sobeloff and Zuchenko in turn were **TOP COMMANDERS** of the United Nations with General MacArthur in the field taking orders which had been **CLEAR-ED THROUGH THEM** and which they, quite naturally, forwarded in **ADVANCE** to the **COMMUNIST NORTH KOREAN COMMANDERS**. Mr. Senator, many thousands of fine American boys **DIED** in Korea, and many thousands more lost feet and legs there because of this **UNITED NATIONS' TREASON**, **FOR THAT IS WHAT IT IS, — TREASON**.

The Secretary-General of that time, Mr. Trygve Lie, has written a book in which he tells about the "deal" between the "American Delegate" (Hiss), and the "Soviet Delegate" (Molotov) that the **HEAD OF THE UNITED NATIONS' MILITARY STAFF SHOULD ALWAYS BE A COMMUNIST** (See page 45, — "In the Cause of Peace" by Trygve Lie.)

Now let us examine some more of the generally accepted high-powered propaganda as to how we got into the United Nations' **PEACE ACTION** in Korea. The stage was allegedly set by Secretary of State, Dean Acheson, a member of the Council on Foreign Relations and law-partner of Alger Hiss' brother, Donald, when he informed the world, in effect, that the United States would not de-

fend South Korea. Do you realize, Mr. Senator, that in UN double-talk he was **TALKING THE TRUTH**, — that under the UN "charter" the United States cannot **DEFEND ANYBODY OR ANYTHING, — NOT EVEN OUR OWN COUNTRY????** And again, according to the propaganda of the day, the **SOVIET DELEGATION** was **"BOYCOTTING"** the Security Council **AND HOW VERY CONVENIENT THAT WAS FOR US**. If the Soviets had been on the job, we could not have gotten a **DECLARATION OF PEACE** through the United Nations because **THE SOVIETS WOULD SURELY HAVE VETOED**. And so we were able to get the UN to declare **PEACE** against North Korea. But again Mr. Trygve Lie "spilled the beans" in his book, **"IN THE CAUSE OF PEACE"**.

The UN headquarters were at that time on Long Island, and the "boycotting" **RUSSIAN DELEGATION** was lodged in a nearby hotel during the UN debate on the **"KOREAN CRISIS"**. A two-hour recess was called during which time the **SOVIET DELEGATION ENTERTAINED THE AMERICAN DELEGATION** at a sumptuous luncheon, after which they left. — (even as Jesus Christ left the Last Supper.) — to return to the United Nations and vote us into the Korean War, under the **DIRECT SUPERVISION OF THE RUSSIAN, SOBELOV**.

Right now, we have a **DANGEROUS SITUATION IN CUBA** and in all the Latin American countries and as this is written, **CASTRO** is making his move in the UN. Mr. Senator, is the tragedy of Korea to be repeated? Are we going to permit the UN and its **COMMUNIST** military leader to **ACT FOR THE UNITED STATES??? ARE THEY GOING TO BE PERMITTED TO DECIDE THE ISSUES BETWEEN THE UNITED STATES AND CUBA??? HAS THE CUBAN CRISIS BEEN BROUGHT TO A HEAD IN THE HEAT OF THE NATIONAL POLITICAL CAMPAIGN BY DESIGN????**

Press reports informed us that at the request of the American Delegation to the UN, Castro's charges against us have been referred to the political Committee. Four (4) days ago we telegraphed, the head of the American Delegation which reads as follows:—

"Please advise whether Castro's charges have been referred to the Committee and Security Affairs" — no answer came.

Mr. Senator, are you in favor of sending our American boys into another war under a Russian (enemy) Commander-in-Chief, Mr. Arkadov? **IF NOT, NOW IS THE TIME FOR ACTION IN THE CONGRESS OF THE UNITED STATES**.

Has it ever occurred to you that it is side-tracked headlines rather than Khrushchev's mysterious "we's" who will bury us? In the recent past the real "security of our nation" required large type headlines proclaiming this story:

"KISILEV HEADS U.N. MILITARY COMMAND" — United Nations Secretary General U. Thant yesterday appointed Eugeny D. Kisilev, Moscow's top expert on Mid-Eastern affairs to head up the Military establishment of the United Nations. In future Mr. Kisilev will be known as "Under-Secretary for Political and Security Council Affairs" a somewhat confusing title for an office of such serious import to the world.

The Secretary General — at this time U. Thant, is Secretary of Political and Security Council Affairs, which presents the "Under-Secretary" as the real head of the Department. At the time of adoption of the United Nations charter by the United States Senate nothing was said in the proposed Charter about the post of "Under-Secretary of Political and Security Council Affairs" Article 47, Paragraph 3 set forth an intent to establish a command for a U.N. Military establishment but stated that "Questions relating to the command of such forces shall be worked out subsequently."

The post of "Under-Secretary for Political and Security Council Affairs" is the command "worked out subsequently." This Under-Secretary by virtue of "subsequent" agreements is top commander of United Nations forces. There have been seven such commanders and for unexplained reasons, all have been communists. Six have been Russian and one Yugoslav. The newly appointed Eugeny D. Kisilev is a Russian.

Now if a professional version of the

Nor would there be any division of left and right, conservative and liberal, rich and poor, black and white. This sort of threat unites Americans. Is that why it was not published?

LETTER NO 4

Before this **AGE OF INSANITY** comes to a close, we should all understand how we were "look". In its very early days, the Council on Foreign Relations "absorbed" the Carnegie Foundations by placing C.F.R. members on the Carnegie Board of Trustees. The Rockefeller were setting up Foundations of their own with Council members as trustees, and other Council members were establishing Foundations viz., **ALFRED E. SLOAN, GUGGENHEIM, EDWARD A. FLENE, PHELPS STOKES, KELLOGG, WM. C. WHITNEY** and a host of others. Then came the **GM FORD FOUNDATIONS**; set up under the direction of Council member **SIDNEY WEINBERG**. The first Board of Trustees consisted of **FIVE** men including council members **DONALD K. DAVID** and **KARL T. COMPTON**. Shortly thereafter **TWO** new Trustees were added, **BOTH COUNCIL MEMBERS**, **CHARLES E. WILSON** and **JOHN COWLES**. That gave the "Council" control of the Board. By 1959 at least **TEN** of the **FIFTEEN** Ford Foundation Trustees "Council" members. The money made available for Council on Foreign Relations' purposes through these foundations amounts to **RIILLIONS** of dollars—the surplus of Ford Foundation alone is **TWO BILLION DOLLARS**. We mention briefly that these surplus funds are invested, and you can readily understand what such a vast pool of money could do to corporate stocks of unsuspecting companies.

But the real damage is done through "grants" to "charitable" and "educational" projects. We do not know anything about the "charities" but consider what these **BILLIONS OF DOLLARS** in "grants" have done for education. If you will review the Foundation Reports, you will discover that the Foun-

dations favor SIX SPECIAL educational institutions: HARVARD, MASSACHUSETTS INSTITUTE OF TECHNOLOGY, CHICAGO UNIVERSITY, UNIVERSITY OF CALIFORNIA, COLUMBIA AND BROOKLYN INSTITUTE, — with such substantial "grants" going to JOHN HOPKINS (OWEN LATTIMORE) and BROWN. They have poured HUNDREDS OF MILLIONS of dollars into these colleges — every dime of which was earmarked for a specific purpose and calculated to build up the "New Order". — the "humanities", the "social sciences", government, (CFR brand) and last but not least "economics" — KARL MARX BRAND. Thus the CFR has singled and trained "appointees" to high positions in the spreading bureaucracy we call government. And it was these middle eyed heads trained for the purpose, whose insane "economics" have brought us to the very brink of disaster. We can look back now on the operations of these "economists" which we believe clearly indicate an intent to destroy the free economy of America in order to create a Social Welfare State where they would rule supreme.

You will remember that the following were some of the experiments in "higher economics" sold to the Congress and passed on to the gullible public through the propaganda agencies of C.F.R.:-

1. They deprived the people and the local banks of the right to own gold on the PRETEXT that burying it in FORT KNOC would serve to keep our currency stable. Results? While the American people have had to be content with paper notes, foreigners have been dispossessing "our" gold hoard all over the world. The gold now is either gone or earmarked for foreigners — and our currency is in trouble.

mill he will never be able to get off. He will be, — as old John D. Rockefeller foresaw, — "happy just where he is, doing in a perfect way what his parents did in an imperfect way", and for WHOM or for WHAT? Who collects the profits of his production?

3. They compelled the milk producers to dilute the milk by removing the cream needed for a proper diet, and to make this cream into butter — mountains of it, then store it in warehouses to rot — with all costs paid by the taxpayer who, for lo! these many years, has been eating oleomargarine because he cannot afford butter.

4. They took millions of acres of farmland out of production and forced the taxpayers to pay the farmers for not raising grain. Then they taxed farmers and taxpayers **BILLIONS** of dollars to build dams to irrigate more land so they could grow more grain to be stored in government warehouses until it rots.

5. They have prevented citizens from providing for their own old age, or from going into business in competition with the "big-shots" of C.F.R. by taxing away their earnings to "give it away" all over the world — even paying hordes of social service salesmen to force it upon reluctant beneficiaries. Then borrowing more money — **BILLIONS** of it — to give away.

6. They taxed away the earnings of the citizens of the states for "roads" "schools, housing" ad infinitum, — and dribbled back a little of it to his home community as "aid" and "planning" (PLANNING for WHAT?)

You know, Mr. Senator, these screw ball ideas did NOT ORIGINATE IN THE CONGRESS. But the Congress "BOUGHT" them. And the propaganda organs of Press, Radio and Television sold them as "something for nothing" to a gullible people.

A majority of these glibbie ones who "never had it so good" have been put behind the well known eight ball for the rest of their lives through "bols" prepared for them by the trained social economists. A man with a \$100 a week income and a family of four will have to die up nearly \$75,000 in his lifetime just for mortgage and interest payments, taxes and transportation. Although he does not realize it, the economists and humanitarians have put him on a tread-

We understand thoroughly the instinctive urge of uninformed readers to reject our statements linking up the nation's "great men" with traitors, reds and scoundrels. It is not a question whether you BELIEVE IT OR NOT — the question is, "IS IT TRUE?" We charge that these men are closely associated in the small and very select Council on Foreign Relations. They, themselves chose — they eagerly sought — this association and most of them, including President Eisenhower openly boast of their association with CFR in their listing in WHO'S WHO IN AMERICA." Some have discontinued this practice but older editions of "WHO'S WHO" still tell the story.

If you believe that somebody is destroying the government of the United States, you must realize it is **SOMEBODY** with **POWER** and **OPPORTUNITY**. When we realize that the Institute of Pacific Relations, a branch of the Council on Foreign Relations, was declared by a Foreign Relations Congress to be subversive and understand that this infamous cry ring was supported by the captive Carnegie, Rockefeller and Ford Foundations, that among its members were James Zellerbach (our Ambassador to Italy), David Rockefeller and Philip Jessup — who served on the Board of Carnegie Foundation with Dwight Eisenhower, Alger Hiss and John Foster Dulles, and who has just received appointment to a high position in the U.N. — what are we to think?

An American Legion Post in Atlanta, Georgia, has recently protested to the Grand Jury the activities of the Foreign Policy Association, another member organization of the Council on Foreign Relations and also financed by the captive Ford, Rockefeller and Carnegie Foundations, — and the Foreign Policy Association was declared subversive, and a recommendation for Federal action recorded despite letters from Dwight D. Eisenhower, Adlai Stevenson and William Fulbright, all members

of the Council on Foreign Relations, praising and upholding the activities of the Foreign Policy Association.

Every Senator should have a copy of the well documented "THE TRUTH ABOUT THE FOREIGN POLICY ASSOCIATION." Address—

AMERICANISM COMMITTEE

WALDO M. SLATON POST NO. 140

A careful study of that Grand Jury action should help wake up the Senate. And in closing let us say that the Council on Foreign Relations takes no chances about getting the teaching they

desire in the favored universities. Their members **BECOME PRESIDENTS OF THEM ALL.** The President of C.F.R. at this time is Henry Winston, former President of **BROWN UNIVERSITY.**

The appointees (for administrative posts in the new administration) are being selected. Watch carefully for the **HARVARD GROUP — FELIX FRANKFURTER'S "Little Weinies."** And remember, when the original "**BRAIN TRUST**" went to Washington in 1933, the credit of the United States was almost "free and clear." The Congress, acting on the advice of the Social Economists, has **WIPED OUT THAT CREDIT** — leaving nothing but debt for the "**NEW FRONTIER.**"

LETTER NO. 7 One World

Dear Senator:—

We trust you realize that our open letters are necessarily blunt. We are trying to convey in a few paragraphs what professional writers would require volumes to say. And so we ask your kind indulgence. We know, Mr. Senator, that things look bad right now; but let us assure you that there is a mighty reservoir of strength in the STATE. Whatever the consequences of our folly, each individual State can carry on while the Congress works out our problems at the Federal level. An occasional test of our own self-reliance is the best thing that could happen to us. Despite Council on Foreign Relations' propaganda, we can take care of our selves if you will just take the C.F.R. and THEIR **ONE WORLD** off our backs.

In our Open Letter No. 5 we described the manner in which, by agreement between Molotov and Alger Hiss, the HEAD of the WAR-MAKING agency of the United Nations, — known, for the sake of confusion, as the Committee on Political and Security Affairs, — would always be a communist. And so he has always been, — all SIX OF THEM. In this connection we spoke of Castro's complaint to the United Nations against the United States and the manner in which the entire American Press had reported that "the charges have been referred to the political committee"

(small P and small C, as though this committee were of no particular importance). We had wired Mr. Wadsworth inquiring as to whether these charges had been REFERRED TO THE COMMITTEE ON POLITICAL AND SECURITY AFFAIRS, and after the lapse of nearly a month, he has replied that Castro's complaint HAS BEEN referred to the Committee on Political and Security Affairs, — headed by the Russian Arkadov.

We believe there are men in the Senate, as there are in other phases of American life, who would pass this off as unimportant, — just a coincidence. Like, perhaps, the coincidence of the Council on Foreign Relations' Building on Park Avenue, New York, being right next door to the Russian Delegation of the United Nations. Or the fact that the Lusitania was loaded with arms and ammunition from the warehouses of Cleveland Dodge, member of the Council on Foreign Relations, — when it was sunk, providing the spark (excuse) for getting us into World War One. This was just coincidence too. Or as we have mentioned before, the coincidence of the "boycotting" Russians hosting a LUNCHEON for the AMERICAN DELEGATION on the day they voted us into the Korean War. Or dozens of other tragic coincidences traceable to the Council on Foreign Relations or its

members, which have cost America so much in **BLOOD AND TREASURE.**

When these other coincidences occurred, not more than two or three members of the United States Senate knew what was going on. But this time, every member of the Senate knows about Castro's Cuban "set-up" with the United Nations. Here is Cuba, swarming with Chinese and Russian communist agents, being armed to the teeth with materials of war furnished by Russian communists, and making serious charges of "Planned Aggression" against the United States and having the charges referred to the Russian-led Committee on WAR. The Committee on Political and Security Affairs is the one to which the "Korean Crisis" was referred AFTER the United Nations voted us into the Korean War, — and THAT is the Committee which managed the Korean War we were not allowed to win. We have been informed by a former Ambassador to Cuba, that he was directed by the State Department to confer with Herbert Matthews of the New York Times on the very serious situations that developed in Cuba during his term of office. And again, — we find a link with the Council on Foreign Relations. The BOSS of the New York Times is Arthur Hays Sulzberger, and he and most of his Editorial Staff are Council on Foreign Relations members. — the Sulzberger group being, probably the largest in number outside the Rockefeller group associated with the Council on Foreign Relations. Mr. Senator, you have been fore-warned THIS TIME, and we are really counting on you.

Another strange coincidence comes to mind as a result of the news of efforts of the Administration to induce the West German Government to come to the aid of the American dollar and to assume the cost of some of our Foreign Aid commitments. Mr. Senator, — what have the Germans EVER DONE to indicate probable agreement to such a proposition as this? The Germans are not noted for squandering their money or pouring it down rat-holes. But Mr. Adenauer? Well, that is another story, — and we feel that you should KNOW ABOUT IT.

After World War Two, the "Government of the United States" sent a

"Commission" to Germany to re-establish the German Government. The High Commissioner was John J. McCloy — President of Rockefeller's Chase National Bank and member of the Council on Foreign Relations. The Assistant to the High Commissioner was Benjamin J. Huttenwieser, President of Kuhn-Loeb & Company and member of the Council on Foreign Relations. The Chief Adviser to the High Commissioner was Lewis W. Douglas — former Director of the Budget — trustee of Rockefeller Foundation and member of the Council on Foreign Relations as were most of its "lesser light." Now it happens that

John J. McCloy and Lewis W. Douglas are married to two Zimsser sisters and Konrad Adenauer was married to a third Zimsser sister.

These two Council on Foreign Relations-Rockefeller boys solved the German problem by setting their brother-in-law up as Ruler of Germany.

The screwball economists of the Council on Foreign Relations have miscalculated the "managed economy" and find themselves forced to get some gold or the equivalent thereof back into the "government" coffers, and so the International Brother-in-Law is asked for gold to disgorge. And who is sent to Germany to work out the details? Mr. Robert B. Anderson — Secretary of the Treasury (if any) and Mr. C. Douglas Dillon. BOTH PROMINENT MEMBERS of the Council on Foreign Relations. IS THE UNITED STATES SENATE COMPETENT TO CONDUCT FOREIGN POLICY OR MUST THE PEOPLE SUBMIT TO THIS SECRET AND DISSOLUTE USURPTION OF THE POWER OF THE SENATE?

If the government has grown too massive for the Senate to manage competently, LET THEM TELL THE PEOPLE SO, and let the PEOPLE decide whether to cut the government down to (Constitutional) size or abolish the Senate and the House and let the Council on Foreign Relations move into Washington and run things openly.

"HOUSE DIVIDED AGAINST ITSELF MUST FALL"

Mr. Senator, we are convinced that the United States has enough trouble

WITHIN ITS OWN BORDERS to require every bit of skill, experience and energy the Congress and the people can muster. Our national interest, regardless of One World propaganda, — MUST COME FIRST, — now and forever. We have no time, money or stomach for any more world-wide projects dreamed up by the Foundation-subsidized "think-pots" in the captive universities and Foundations who have never had any experience in either government or politics, — much less in business or finance. Thirty years of PLANNED ECONOMY dreamed up by thousands of Council on Foreign Relations' agents to undermine and destroy our system of government in order to take us into World Government to be ruled by themselves has brought us face to face with disaster for us — and realization of the great objective for them.

As late as 1950, James P. Warburg, son of the real "brains" behind the Council on Foreign Relations, and himself a member, told the United States Senate (February 17, 1950), "We shall have World Government whether or not we like it. The only question is whether World Government will be achieved by conquest or consent." This was the son of the man who came here from Germany with the PLAN to take over control of the MONEY AND CREDIT of the American people and to lead us eventually into a World Government to be ruled by himself and his associates.

Mr. Senator, if we believed there was no alternative to the dictum "conquest or consent", we would say then "let it be BY CONQUEST if they think they can get away with it, — but NEVER BY CONSENT". We have never been a weak or submissive people to be disfranchised and enslaved by anybody, — and we do not believe IF THE PEOPLE KNOW WHAT IS GOING ON that it can be accomplished today. Certainly it cannot be done with the "CONSENT" of the Senate. Nor will the Senate ever be faced with the decision to CONSENT or RESIST World Government demands if the Senate will take a firm hand in the administration. We ALL realize that danger is in the air; and we ALL realize that it is IMPERATIVE that the

nation secure the services of the BEST MEN obtainable in EVERY position of responsibility and trust. We must have men of EXECUTIVE EXPERIENCE in every executive position, — the best we can get. And men of SOUND LEGAL EXPERIENCE in those positions requiring CONSTITUTIONAL LEGAL background. The professors, sociologists, (MARX) economists and self-styled "experts" of all shades and hues, have brought us to our present plight. IT IS TIME FOR A CHANGE.

We have to begin to face up to the consequences of our ignorance and foolishness and to assess the damage, and we cannot do it under the leadership of the very people who brought us to this impasse. On the day ANYBODY IN EUROPE has to help us we should recognize that as the DAY OF RECKONING.

WE DO NEED NEW BLOOD AND NEW BRAINS

Good American blood and good common sense founded on a knowledge and understanding of the FACTS which have for so long been concealed. Mr. Senator, we beseech you to act to FREE THE COMMUNICATIONS system of the country that the truth may be told; and to take prompt action to INVESTIGATE the COUNCIL ON FOREIGN RELATIONS and its influence in American affairs both here and abroad, — and its interference in the affairs of other nations in the name of the United States Government. And we hold it to be due to the tax-paying citizens of this country that a PUBLIC INVESTIGATION OF THE TAX-EXEMPT FOUNDATIONS set underway immediately. These organizations are at the root of ALL our present troubles.

The following article is taken from the N. Y. Journal-American:

AIM TO DRAG U.S. INTO WORLD STATE

By David Camelot
N. Y. Journal-American
Washington Bureau

WASHINGTON, Nov. 12th — What is described as one of the greatest propaganda machines in history was mobilized here today to plunge this

nation into a world super-state in which national sovereignty would be destroyed "forever."

Claiming to speak in the name of scores of the nation's leading authors, a little group of literary men headed by a Supreme Court Justice, Roberts, launched a nation-wide campaign for a super-State plan which, they said, actually fell far short of their dreams and hopes.

The program, Justice Roberts said, strips anything that has been suggested thus far, surpassing both the Connally postwar resolution of the Senate and the Agreements of the recently-concluded Moscow Conference.

"PLEDGE FOR PEACE"

Their program revolves around a "pledge for peace" which pledges a world organization from which there could be no secession, an organization in which the United States would surrender its "sovereign right to make war," with the entire program enforced by an "irresistible" international police force.

The announcement of the campaign, made almost casually at a cocktail party in the Willard Hotel, was sparked by Rex Stout, author and former owner of the New Masses. Communist publication Clifton Fadiman, of Information Please; Carl Carmer, head of the Authors' Guide of America, and Justice Roberts, as honorary chairman.

The program is directed by the "Pledge for Peace Committee", sponsored by the Writers' War Board, an organization of the nation's literary lights, banded together to "aid the war effort."

WRITE FOR OWI

The "Writers' War Board" members write articles on assignment for the OWI and its office and clerical expenses are paid by the OWI at \$37,000 a year.

The heart of the program, its sponsors declared, lies in for sections of the

"pledge for peace." Those sections provide that:—

"No member nation may at any time or for any reason, secede from the world organization.

"Each member of the world organization shall give up forever the right to commit acts of war against other nations.

"The authority of the world organization shall be made effective and irresistible by the establishment of an international police force."

WIELD GREAT POWER

And the last point pledges the signer thus:—

"Solemnly aware that the acceptance of these propositions involves the creation of a loyalty to the human race along with, but not conflicting with, my loyalty to my own country, I do hereby set my hand and pledge the allegiance of my heart."

Justice Roberts said of the signers:— "They wield terrific power on American thought. I do not think that it is beyond possibility that this powerful group of persons may put this idea over with the American people."

What does a man like Justice Roberts mean by "loyalty to my own country?" What LOYALTY? WHAT COUNTRY? For that matter, what does ANY member of the COUNCIL ON FOREIGN RELATIONS — dedicated as they ARE to the principle of WORLD GOVERNMENT — consider loyalty to ANY one government — and yet they have run OUR government for many years, Supreme Court Judges Frankfurter and Douglas being part of the ONE WORLD COUNCIL ON FOREIGN RELATIONS PLAN.

WHAT DO THEY MEAN when they swear to protect, defend and uphold the Constitution of the United States? We are entitled to know — AND WE WANT TO KNOW!

LETTER NO. 8

Control of Communications

Dear Senator:—

Let us repeat — THE COUNCIL ON FOREIGN RELATIONS is completely dedicated to "WORLD GOVERNMENT"

to be ruled by themselves. The "Council" is composed of several hundred FINANCIERS — whose operations have NO connection with PRIVATE ENTER-

PRIZE. — and of nearly 1,000 "trained elite" — bright young men whose "education" was financed by the FINANCIERS, mostly with "FOUNDATION" money. We have explained to you how these megalomaniacs who want to rule the world have obtained control of ALL of the large FOUNDATIONS and BILLIONS of dollars of FOUNDATION funds, which are being used to prepare their "students" for highest positions in our government. They work from within to involve us in the affairs of the whole world in preparation for their WORLD GOVERNMENT, — and to force our people into line by bankrupting the country.

In the beginning of this PLANNED SUBVERSION, the Council began financing the TEACHERS' COLLEGES, and as usual — protecting their "investments" by placing "Council" members in the Presidency of each financed college (like, with his boson Pat Philip Jessup, in Columbia). Then the teachers were — as George Sokolsky so aptly put it — "TRAINED TO TEACH NOTHING". It was deemed necessary to DIS-EDUCATE the young generations, in order to make them subservient. And if Johnny cannot read — or figure, — this is the reason. IT WAS PLANNED THAT WAY.

Eventually it became necessary to take into the "Council" some dependable military figures such as Dwight D. Eisenhower, who had FOUR STARS pinned on him at one time. He insists that turning East Germany over to the "communists" was HIS idea. As was dividing the City of Berlin — some hundred miles inside "communist" territory — and with no neutral route of ingress or egress. Mr. Senator, this wasn't the act of a complete lunatic — it just looks that way. It was, ALL planned away up there on Park Avenue where Konrad Adenauer's brothers-in-law — McCloy and Douglas, hang out. Other C.F.R. military figures include General Lucius Clay, General Alfred Greunther, Thomas K. Finletter and General Lyman Lemnitzer. It was Lemnitzer who was charged with spending a special appropriation of ten million dollars for the relief of American soldiers in Korea losing feet and legs from frost-bite when they were fighting in sub-zero weather

with summer Gorb. And Lemnitzer spent only \$2.00 (for barber wire) out of that emergency fund.

True to the organization which spawned him, — he was rewarded by the highest military position which our nation can bestow — CHIEF OF STAFF. Mr. Senator, have you ever known about this — how it came about, WHO wanted it this way? We think not, otherwise we would not be writing you.

The greatest damage of all has been done by those members of the Council on Foreign Relations who so completely CONTROL COMMUNICATIONS, the PRESS, WIRE SERVICES, RADIO and TELEVISION. Almost all of the FINANCIERS OF C.F.R. have substantial investments in opinion-making magazines, newspaper and broadcasting stations. Those with the best known connections are:—

David Sarnoff — N.B.C.

Ed Paley — C.B.S.

Meyer — Washington Post and Times Herald

Arthur H. Sulzberger and Nelson Rockefeller — New York Times

Henry Luce — Time, Life and Fortune Magazines

John and Gardner Cowles — Cowles Publications

David Lawrence — U. S. News & World Report

Joseph C. Hirsch and Erwin D. Canham — Christian Science Monitor

There are many others, but this should tell you WHY WE NEVER KNEW WHAT WAS GOING ON. And we might suggest at this point that the CONTROL of the BROADCASTING SYSTEMS should be investigated and broken up.

The greatest consolidation of raw power ever known to man was developed within the frameworks of the Council on Foreign Relations from Warburg to Warburg—From Paul in 1908 to his son James P. in 1950 — Both, of course, high-ranking members of the Council on Foreign Relations. Paul came to America in 1908 for the express purpose of enlisting old John D. Rockefeller and J. P. Morgan, the

world's two richest men, in a PLAN FOR WORLD GOVERNMENT. AND HE DID. First step was the confiscation of the money and credit of the American people through the Federal Reserve steal. Followed almost immediately by a fully prepared World War. The immigrant Paul Warburg had become FIRST CHAIRMAN of the Federal Reserve Board, while his brother, Felix, became the Kaiser's Chief of Espionage. The Warburgs and their fellow conspirators in Wall Street financed TRAINING SCHOOLS FOR REVOLUTIONARIES, — one in NEW YORK under LEON TROTSKY and another in BERNE, SWITZERLAND under LENIN. When the training was finished, these two revolutionary armies were loaded down with twenty million dollars of "expense" money — smuggled through Germany by Felix Warburg and on into Russia where they murdered the Czar and his family and took over the government of Russia. They called it "REVOLUTION" but THEY know and WE know it was NOT REVOLUTION — but CONQUEST BY WHOM? By those who put up the money. There are still a few copies of the suppressed "OVERMAN COMMITTEE REPORT" (Senate, 1919) in which the top-ranking Methodist clergyman in Petrograd, the American Ambassador and a Y.M.C.A. official state over and over, that the "REVOLUTIONARIES" were "AMERICANS."

This is a good place to stop and ponder the most important event of THIS CENTURY. The "Russian Revolution" hokum. It was pure hokum. There was nothing Russian about it then any more than there is now. It is a pure undiluted WORLD GOVERNMENT enterprise whose headquarters are, and always have been, in New York. Like "TINKER TO EVERS" TO CHANCE", (goes the chain of command) — FROM NEW YORK TO MOSCOW TO WASHINGTON. Or FROM NEW YORK TO MOSCOW TO HAVANA (or VENEZUELA, PANAMA, MEXICO, etc.)

When Mr. James P. Warburg stood before the Senate and brazenly proclaimed, "YOU WILL HAVE WORLD GOVERNMENT WHETHER YOU WANT IT OR NOT — IF YOU DON'T

GET IT BY CONSENT, YOU WILL GET IT BY "CONQUEST" — HE WASN'T KIDDING. He was an official spokesman for the Council on Foreign Relations, and they thought they "had it made". Their agents were in every key post in government, the people were bedazzled with (blood-soaked) PEACE and (bankrupt) PROSPERITY. And two years later they NOMINATED THEIR AGENTS as Presidential candidates of BOTH PARTIES — THESE, the DEVOTEES OF NO PARTY. However, the POWER which watches over CHILDREN and FOOLS took a hand. The recurrent illnesses of the President gained for us PRECIOUS TIME, the TIME you will have in YOUR HANDS when the NEW ADMINISTRATION goes into office in 1961.

Mr. Senator, MILLIONS of AMERICANS were sickened by the mouthings of the two Presidential candidates in the last campaign. Concerned not a whit by the unemployment, ever mounting UNPAYABLE debt, loss of our gold supply, devaluation of the dollar, Americans imprisoned in enemy jails — Two young, inexperienced and patently incompetent men, nominated by the Council on Foreign Relations and to be dominated by it — try STILL to sell us a "hill of goods" about "WORLD LEADERSHIP" and "PRESTIGE ABROAD" about which we could not, (and should not,) care less.

This country has been brought to the brink of destruction by the Council on Foreign Relations crowd and we are PLAIN lucky to have another chance. That chance which YOU must grasp for us in 1961. Let us forget — let us remind you that THESE ARE THE MEN WHO HAVE BEEN RUNNING THE GOVERNMENT FOR YEARS — YOU KNOW WHAT THEY HAVE DONE, — AND YOU KNOW NOW HOW THEY DID IT; and THEY ALL CAME FROM THE SAME CELL — THE COUNCIL ON FOREIGN RELATIONS.

We have some of the official Council on Foreign Relations publications which were never intended for the "peasants" eyes. One such publication tells of visits of Kerevsky and Trotsky to the Park Avenue headquarters. It records too how within a

week of the outbreak of World War Two in Europe, the "Council" sent their Executive Secretary and the Editor of their official publication to the State Department with a proposal that the "Council form groups of experts to proceed with research" on Security and Armaments Problems, Economic and Financial Problems (financing a war?), Political Problems and Territorial Problems. This was a full TWO YEARS before America entered the War. They were "ordered" by the State Department to go ahead, and the Rockefeller Foundation furnished the money. This was the "War and Peace" study, and Allen Dulles was on the Committee. Remember we were still NOT in the war. But in February, 1941, they decided "to investigate the claims of different European nations, and also the relation of such claims to each other, to the current foreign policy of the United States and to EVENTUAL POST-WAR SETTLEMENTS". Mr. Senator, how do you like that! The Council on Foreign Relations financed by the Rockefeller Foundation began figuring the whole thing out TWO FULL YEARS before we got into the war. In fact, the Committee held their first meeting on December 8th, 1939, in the home of Assistant Secretary of State, George S. Messersmith.

Later in February, 1941, as they had foreseen, the State Department established a Division of Special Research. Leo Paslovsky (communist C.F.R. agent) was appointed Director of Research for the State Department, and "ALL OF THE SECRETARIES serving with the Council groups were subsequently engaged by the State Department to participate in the new Division." The relationship between the State Department and the Council was strengthened, they say, in 1942, when the State Department organized an Advisory Committee on POST-WAR FOREIGN RELATIONS with Secretary Hull as Chairman and Under-Secretary (C.F.R.) Welles as Vice Chairman, and "Dr." Paslovsky (C.F.R. communist) as its Executive officer. The War and Peace Studies Committee held 362 meetings during the War, constantly financed by Rockefeller and Carnegie Foundations.

They then tell us "few of the great problems were really resolved by military victory. Diligent work was still required." And so they proceeded to get down to business with "studies" on the technological, psychological and economic changes on the POWER POSITION of the United States. Philip Jessup became Chairman of the Committee on the Organization of the Peace. Allen Dulles became Chairman of the group on Western European Affairs. These "studies" were not "wasted." They were sent down to the Washington State Department and became official policy of our government.

Which brings to mind the recent report of the "National Goals Commission" appointed about a year ago by the President and financed by the Foundations. Of the ten members of the Goals Commission, nine are members of the Council on Foreign Relations. The Chairman of the Commission is Henry Wriston, President of the Council on Foreign Relations. Their recommendations are typical C.F.R. stuff. We should double our spending for (C.F.R.) education. And we should BEGIN TO SEND THOUSANDS OF AMERICAN MEN TO THE "under-developed" countries. We agree with the last suggestion. We should, however, not send the under-developed countries any amateurs. They should get a few thousand C.F.R. "experts" who, thoroughly understand about WORLD GOVERNMENT. Mr. Senator these "citizen commissions" financed by captive Foundation funds and "selected" from the Council on Foreign Relations have no place in our government. Won't you PLEASE take over and keep government in the hands of the elected Congress?

And in closing let us repeat — the Founding Fathers wisely placed ALL POWER over APPOINTMENTS and TREATIES in custody of the Senate. Our country is in serious trouble caused by "appointed" agents of Council on Foreign Relations and their WORLD GOVERNMENT advocates. We are absolutely OPPOSED to WORLD GOVERNMENT. Where do you stand? Be on guard. Mr. Senator, the only way the WORLD GOVERNMENT crowd can complete the "take-over" is to by-pass Congress. They

do not believe YOU WILL CONSENT any more than WE do. Their "slips" are showing. Council on Foreign Relations member James M. Landis has been appointed (BY WHOM) to head

an "Agency Study." Watch that. IT IS LOADED! SOMEBODY ALWAYS PAYS FOR THESE STUDIES. WHO, — WHY?

LETTER NO. 9

Harvard Control of Universities They Finance

Dear Senator:—

In the last paragraph of our OPEN LETTER NO. 6, we warned you to be alert to any proposed "appointments" coming from Harvard. This was before any appointees had been selected. The names are coming in fast, and on the surface it looks like a Harvard government. But underneath the surface — there is COUNCIL ON FOREIGN RELATIONS. Everything gets back to the cardinal principle — THOSE WHO FINANCE AN OPERATION, whether it be a country, a business, a university, or anything else — CONTROL WHAT THEY FINANCE. OTHERWISE THEY WILL NOT FINANCE.

The deplorable facts about Harvard are that:—

The President of Harvard is a COUNCIL ON FOREIGN RELATIONS member.

The Board of Trustees of Harvard is "loaded" with COUNCIL ON FOREIGN RELATIONS agents.

The large FOUNDATIONS have been pouring into Harvard MILLIONS of dollars yearly of funds EAR-MARKED for Marxist (Keynesian) training. The Ford Foundation ALONE in 1949 made "grants" to Harvard, in excess of 6½ MILLION dollars.

All the large FOUNDATIONS, including Ford, are completely controlled by the COUNCIL ON FOREIGN RELATIONS men who "load down" THEIR Boards of Trustees. Which all adds up to the fact that the CAPTIVE COUNCIL ON FOREIGN RELATIONS FOUNDATIONS CONTROL WHAT THEY FINANCE, and they finance Harvard. We have been telling you that the COUNCIL ON FOREIGN RELATIONS subsidizes certain universities, including also, Chicago, Columbia and M.I.T. for the purpose of training COUNCIL ON FOREIGN RELATIONS agents to run our government and direct all public education

(or dis-education) along (Marxist) lines leading up to WORLD GOVERNMENT.

We are not alone in making this charge, and this, Mr. Senator, is important — it should give you pause. A group of Harvard graduates and alumni have organized THE VERITAS (TRUTH) FOUNDATION to search out the facts in the obvious political socialization of Harvard. They have not completed their research, but have issued a handbook "KEYNES AT HARVARD" which may be obtained from "VERITAS FOUNDATION, P. O. B. NO. 340, WALL STREET STATION, NEW YORK CITY (5), NEW YORK." EVERY SENATOR SHOULD GET A COPY AND READ IT — STUDY IT. At this time, no Senator can properly represent his people — whether they be Democrat or Republican — rich or poor — liberal or conservative, unless he thoroughly understands what this well-documented book reveals. No Senator unless he has studied this handbook is qualified to pass upon the proposed appointees, nearly 80% of who to date have studied or taught at Harvard, as did:—

Alger Hiss, Harry Dexter White, Launchin Currie, Frank Coe, Adolph A. Berle, John Reed Manley Hudson, Robert J. Oppenheimer, Roger Baldwin, Owen Lattimore, Harold J. Laski, Nathan Witt, Lee Pressman, John Abt, Harold Glasser, Ralph J. Bunche, Laurence Duggan, Norman Thomas, Corliss Lamont, W. E. D. DuBois, Frederick Vanderbilt Field, Oswald Garrison Villard, Harry F. Ward.

(In fact, the WARE, SILVERMASTER and ROSENBERG cells were virtually "lifted" out of Harvard.)

Other Harvard products discussed in THE VERITAS handbook, who are of particular interest to us today, are Felix Frankfurter and Walter Lippman (N.A.A.C.P.-American Civil Lib-

erties Union — League for Industrial Democracy, formerly young Socialists' League) — J. Kenneth Galbraith, prominent adviser, speech writer and director in Kennedy campaign). THE VERITAS FOUNDATION is not through with its investigation yet, and we can not too strongly recommend that the Senate go slow on Harvard appointments until they are through. Much scandal, grief and many red faces may be averted by a little common sense and caution. For, we repeat — THE COUNCIL ON FOREIGN RELATIONS CONTROLS WHAT IT FINANCES — AND THROUGH ITS CAPTIVE FOUNDATIONS, IT CONTROLS HARVARD.

VERITAS reports as follows:—

Page 7 — "Those graduates who manage to attach themselves to government bureaucracies are fortunate." "Other alternatives suggested to graduates are large corporate bureaucracies or the huge tax-free Foundations."

Page 8 — "No matter what phase of left-wing infiltration we study, be it in government, in information media in Foundations or in labor unions, the tracks lead inevitably to Harvard University." ("Labor" Senators please note, — Arthur J. Goldberg did his stint in Harvard — ed.)

Page 8 — "Harvard has led all the rest (of the universities) in spawning exponents of the three brands of leftism" (Keynesian socialism, Neo-Marxism, or Bolshevik communism).

Page 9 — "The Harvard graduate school has flooded the whole academic world with teachers trained in such leftist thinking."

Page 9 — "The prestige, influence and importance of Harvard University in the life of America automatically made it a target of those who want to subvert society for collectivist purposes."

Page 10 — "A check of the pattern of the growth of leftist forces at Harvard soon revealed that the Economics Department was the fountainhead of leftist ideology at the University." (Note, Mr. McNamara was head of Harvard's Economics Department.) Speaking of Keynesian socialism, Neo-

Marxism and Bolshevik communism. VERITAS says —

Page 10 — "All three together have dominated Harvard Economics Department for years." (We remind you of the screwball economics which has destroyed our economy!)

Page 9 — "The Economics Department was the ideological beachhead from which leftism invaded the rest of Harvard University."

Page 3B — "Alvin Hansen, Seymour E. Harris and J. Kenneth Galbraith (all professors of the Harvard Economics Department) and others of their ilk have not only served as administrators of huge federal bureaus, but have planted a swarm of their followers in government bureaucracies."

Page 41 — "Huge Tax-Free Foundations, such as Ford, Carnegie and Guggenheim Foundations, backed by BILLIONS OF DOLLARS became the next place of Keynesism."

Page 16 — "Thus, 40 years ago Harvard spawned left-wing bureaucratic socialist Marxists and socialist Fabians (Keynesians) who acted as transmission belts for COMMUNIST PENETRATION OF THE NATION."

These quotations from a thoroughly aroused Harvard graduate-alumni group, confirms what we have been trying for months to explain to you. THE VERITAS investigators have not yet located the real source of the trouble — THE COUNCIL ON FOREIGN RELATIONS — but they will — they can not miss. Within the past week, the formerly great Harvard Medical School was begging for public financial support! No FOUNDATION "grants" for them! But BILLIONS FOR MARXISM and control of the American government.

And what is this all leading up to? WORLD GOVERNMENT — the DICTATORSHIP OF THE PROLETARIAT. The idea was expressed by John D. Rockefeller, 1st, one of the "greatest" of THE COUNCIL ON FOREIGN RELATIONS BUND, in his General Education Board Letter No. 1. Read carefully, Mr. Senator, because he means YOU and US and OUR CHILDREN and THEIR CHILDREN. He saw clear-

ly, in order for himself and others like him to hang onto the 80% of the nation's wealth they had cornered, they were going to have to decimate and reduce the rapidly growing hordes of shrewd and ambitious Americans, capital and labor alike, to a PEASANT CLASS. They had reached the point where the producers could not be held in check much longer, and he set forth the following principles:—

"In our dreams we have limitless resources (FOUNDATION money? ed.) and the people yield themselves with perfect docility to our molding hands. The present educational conventions fade from our minds, as, unhampered by tradition, we work our good will upon a grateful and responsive rural folk."

AND GET THIS!

"We shall not try to make these people or ANY OF THEIR CHILDREN, into PHILOSOPHERS, or MEN OF LEARNING, or of SCIENCE. We have NOT to raise up from AMONG THEM, AUTHORS, EDITORS, POETS or MEN OF LETTERS. We shall not search for embryo great ARTISTS, PAINTERS, MUSICIANS, nor LAWYERS, DOCTORS, PREACHERS, POLITICIANS, STATESMEN, of whom we now have an ample supply." "The task we set before ourselves is a very simple as well as a beautiful one; to train these people as we find them, to a perfectly ideal life right where they are. So WE will organize OUR CHILDREN into a little community and teach them to do in a perfect way (as peons, ed.) what their parents did in an imperfect way (as free men, ed.) in the homes (of the ruling elite? ed.) in the shop and on the farm." In these words of John D. Rockefeller, 1st, we are told what they intended from the beginning to do with US.

This, Mr. Senator, is the "MASTER-PLAN." This is what was behind the formation of the COUNCIL ON FOREIGN RELATIONS, — the capture of the "LIMITLESS RESOURCES" of the BILLIONAIRE FOUNDATIONS. This is the "MASTER-PLAN" which has brought us to national and individual bankruptcy, with the government and the people sunk hopelessly in debt, mortgaged to the hilt to the financiers

of the COUNCIL ON FOREIGN RELATIONS. And this is the "MASTER-PLAN" to which YOU ARE ASKED TO SUBSCRIBE IN THE NAME OF OUR NATION AND OUR PEOPLE, by confirming—(NOW) in full knowledge of what you will be doing, — a new swarm of agents of the COUNCIL ON FOREIGN RELATIONS, 80% of whom came from the spawning grounds of Harvard and Chicago Universities.

We must leave it to others to inform you of the past subversive activities of some of the COUNCIL ON FOREIGN RELATIONS appointees. And we are sure they will. We wish only to point out to you the source of these appointments and the evident intent behind them.

Mr. John Kennedy — President — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Dean Rusk — Secretary of State — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Douglas Dillon — Secretary of Treasury — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Robert McNamara — Secretary of Defense — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Adlai Stevenson — Ambassador to U.N. — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Robert Kennedy — Attorney General — Harvard.

Mr. Allen Dulles — Director of C.I.A. — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mr. Chester Bowles — Under Secretary of State — Harvard — COUNCIL ON PUBLIC RELATIONS — ROCKEFELLER FOUNDATION.

Mr. Arthur Goldberg — Secretary of Labor — Harvard, Chicago Universities — FORD FUND FOR THE REPUBLIC — CARNEGIE FOUNDATION — COUNCIL ON FOREIGN RELATIONS.

Mr. David Bell — Director of Budget — Harvard, Chicago Universities.

Mr. Abe Ribicoff — Secretary of Health, Education and Welfare — Chicago University.

Mr. Eugene Zukert — Secretary of Air Force — Harvard.

Mr. Archibald Cox — Solicitor-General — Harvard.

Mr. John J. McCloy — Disarmament Administrator — Harvard — COUNCIL ON FOREIGN RELATIONS.

Mrs. Elizabeth R. Smith — Treasurer of the U. S. — The Very Strange CORO — California University.

Mr. Luther Hodges — Secretary of Commerce — Southern Regional Education Board — Rhodes Scholar — COUNCIL ON FOREIGN RELATIONS.

Mr. Walter W. Heller — Chief Economic Adviser — Professor of Economics, Minnesota. And rumors of more of the same to come.

By this time the picture should be clear. The SIXTY FAMILIES who, in the time of John D. Rockefeller, 1st, owned 80% of the nation's wealth, have now become THREE HUNDRED FAMILIES WHO OWN IT ALL — AND MORE! WHAT THEY DO NOT OWN OUTRIGHT IS MORTGAGED TO THEM AND THEY MUST FORECLOSE BEFORE THE PRODUCERS ARE PINCHED INTO AWARENESS.

How terribly prophetic the terms — "LIMITLESS RESOURCES" — "YIELD WITH PERFECT DOCILITY" — "OUR MOLDING HANDS" — "WE WORK OUR GOOD WILL." In two full generations, there has not been raised up from "AMONG THESE PEOPLE OR THEIR CHILDREN," a single great PHILOSOPHER, MAN OF LEARNING, AUTHOR, EDITOR, ARTIST, COMPOSER, POET OR STATESMAN. NOT ONE — not "FROM AMONG THESE PEOPLE" — or from among their egghead destroyers "THESE PEOPLE" have been trained to the (COUNCIL ON FOREIGN RELATIONS version of) "IDEAL LIFE RIGHT WHERE THEY ARE." The thirty year mortgages on their little barn style architecture homes, will keep their noses right to the grind-

stone, "IN THE HOMES, IN THE SHOP AND ON THE FARM." WHAT HAS THE "NEW FRONTIER" in store for them? The President-elect stated several times in his campaign that they were going to have to give up some of their (MORTGAGED) luxuries — he mentioned "tail fin cars." Has this anything to do with keeping them "RIGHT WHERE THEY ARE"? Is it not enough that the greatest producers on earth can never OWN ANYTHING FREE AND CLEAR, — that they must NOW BE PROHIBITED FROM GOING INTO DEBT?

Mr. Senator, for forty years our people have been exploited, robbed, swindled and bled white by this SECRET SUPER GOVERNMENT. THEY KNOW THAT THIS IS THE END OF AN ERA. They have us SO DEEPLY IN DEBT WE CAN NEVER PAY UP — and yet it was WE — AND NOT THEY — who produced everything this nation has. The only thing WE have left is OUR LIBERTY. THEY DARE NOT try to take that from US BY FORCE. The only way to deprive us of this last vestige of FREE MAN is to persuade the SENATE TO PUT THEM BACK IN CONTROL OF GOVERNMENT, OF THE COURTS, THE ARMIES, THE TAX COLLECTORS, AND THE KRONHEIM THERAPY.

In our first OPEN LETTER, we told you that "THOUSANDS OF PEOPLE KNOW ABOUT THIS AND OTHER THOUSANDS ARE GOING TO FIND OUT." That was the understatement of the year — hundreds of thousands have already "FOUND OUT" and a MILLION will soon know. These COUNCIL ON FOREIGN RELATIONS traitors are in a jam. The showdown is here and the people will have TO KNOW whether they are to be governed by a CONGRESS elected by them, — or by THE COUNCIL ON FOREIGN RELATIONS placed in power by the SENATE OF THE UNITED STATES. Time is running out for somebody. WHO SHALL IT BE?

LETTER NO. 10

Stepping Up Communism in Other Countries, China, Cuba, Russia

Dear Senator:—

In our last letter, we pointed out to you THE COUNCIL ON FOREIGN RELATIONS affiliations of the Kennedy "appointees". In our opinion, this administration intends to turn the government over to the COUNCIL ON FOREIGN RELATIONS, lock stock and barrel. The rejuvenation of such "NEW DEAL BRAINTRUSTERS" as DEAN RUSK, CHESTER BOWLES, "PINK WILLIE" BENTON, and silly old JOE KENNEDY, himself, recalls to our minds the sinister prophecy that Roosevelt "was only the KERENSKY of the REVOLUTION." The blood-soaked hell of LENIN followed KERENSKY, planned, directed and financed by AMERICAN and GERMAN agents of what was to become, in two years time — THE COUNCIL ON FOREIGN RELATIONS.

For forty years, they have worked patiently, training dupes in the subsidized teachers' colleges to prepare the youth of the country for their places in the NEW ORDER. — the cow-barn state, where they will willingly "yield to our molding hands." At the same times, hordes of COUNCIL ON FOREIGN RELATIONS agents within the State Department and strategically placed, under State Department direction, — have laid the groundwork for the NEW ORDER all over Latin America. For years FIDEL CASTRO, as you well know, has headed a "Revolutionary Army" going from country to country "making revolutions." Mr. Senator, YOU KNOW, that the person or persons who finance a project are those WHO EXPECT TO BENEFIT FROM IT. So we ask you — "WHO FINANCED CASTRO'S REVOLUTIONARY FORCES?" Throughout Latin America, ruler after ruler has been toppled by this force. WHO GAINED FROM IT? Under ordinary circumstances one might suggest asking Mr. Allen Dulles — Head of Central Intelligence about this. But under the EXTRAORDINARY CIRCUMSTANCES NOW prevailing you may just as well ask the "look-out" who robbed the bank.

There is no doubt things are in "great shape" in Latin America. Between Castro's (?) "mess" in Cuba, and Betancourt's (?) mastery in Venezuela, all under the supervision of COUNCIL ON FOREIGN RELATIONS SOVIET AGENTS. — the NEW ORDER awaits only the command. There is an ominous hush over the Caribbean, like that which precedes the eye of the hurricane. Waiting. For what?

Responsibility for the Castro (?) Revolution in Cuba is fairly well nailed down. All signs point to the State Department, controlled for many years by COUNCIL ON FOREIGN RELATIONS agents. The "Cuban Crisis" exploded under the direction of State and John Foster Dulles, Christian Herter, C. Douglas Dillon, Allen and Eleanor Dulles — all except Eleanor — being high-level members of COUNCIL ON FOREIGN RELATIONS. According to Ambassadors who ought to know, direction of the State Department policy was handled by representatives of the New York Times, whose publisher and many staff members are agents of THE COUNCIL ON FOREIGN RELATIONS. Their boy, Castro, has created the perfect climate for a Latin American successor to "KERENSKY" — what with foreign (?) agents, war making machinery and trained revolutionaries being moved like pawns in a game right in our back yard.

And a few miles away in Rockefeller's haven — Venezuela — Betancourt. The hand-picked agent whose absurd charges against the President of the peaceful and solvent Dominican Republic, served as an excuse for the ludicrous ORGANIZATION OF AMERICAN STATES force which punished the Dominican Republic for the crimes of CASTRO'S (?) Cuba. This fellow Betancourt is quite a character. COUNCIL ON FOREIGN RELATIONS has used up a lot of ink painting Romulo as an anti-communist. But let us quote from CAPSULE NEWS (12/24/1960) (Washington, D. C.) for another, and more practical version:

"Romulo Betancourt had founded the Communist Party in Costa Rica. The words that brought him a sort of left-handed fame there were 'I Am AND ALWAYS WILL BE A COMMUNIST'. When the Costa Ricans declared open season on this type of 2-legged vermin, Betancourt had to take it on the lam. He escaped to the sanctuary of Rockefeller Center in New York where the bigwigs of the Kremlin, Rockefeller Center and the INSTITUTE OF PUBLIC RELATIONS began to build him up as a 'loyal expatriate' of Latin America. The controlled, 'kept press' of the United States cooperated 'perfectly'.

First: They harassed and, with the help of Communist thugs and armed goons, drove the then-President of Venezuela (Marcus Perez Jimenez) out of the Venezuela White House and out of the country. No sanctuary was offered him in Rockefeller Center. With Rockefeller's State Department pulling the wires, Betancourt was brought out of exile and, with a rigged election, installed as President of Venezuela."

If this report be true — and the United States Senate should take immediate steps to find out whether it is or not — the stage is set for the GRAND ENTRANCE OF DEAN RUSK, Secretary of State! Brilliant STAR OF THE CHINA THEATRE where he and his cohorts in the INSTITUTE OF PACIFIC RELATIONS played out the full tragedy of the communization of China.

American memories, including those of the Congress, are notably short. And public information on the subjects of China and the treasons of the INSTITUTE OF PACIFIC RELATIONS, even shorter. The truth, WHICH MUST RISE AGAIN AND AGAIN TO HAUNT THOSE WHO WOULD SUPPRESS IT, is that we were drawn into World War Two when the INSTITUTE OF PACIFIC RELATIONS and their Sorge spy-ring induced Japan to attack Pearl Harbor instead of Russia. We were totally unprepared for war in the Pacific and OUR ONLY FIGHTING ALLY was the Nationalist army of Chiang Kai-shek. During the entire time China was fighting WITH AND FOR US, the State Department —

brass was working through the INSTITUTE OF PACIFIC RELATIONS to turn China over to the communists. And they did. Repeatedly they held up MILLIONS OF DOLLARS WORTH of arms and ammunition provided by our Congress, for Chiang Kai-shek. When forced to release the shipments, they removed parts, making the arms useless. They obtained from the Congress, authority to grant Chiang a loan of 500 million dollars. — then used the loan as a lever to force Chiang to take the communists into his government. When Chiang refused, he was forced out of China.

Mr. Senator, we have told you that AMERICANS communized Russia. We tell you now — what you surely have known — that AMERICANS in the UNITED STATES STATE DEPARTMENT and the (COUNCIL ON FOREIGN RELATIONS BRANCH) INSTITUTE OF PACIFIC RELATIONS, COMMUNIZED CHINA. Among the most active of the State Department "communizers" in China were — General George C. Marshall, Alger Hiss, Owen Lattimore, PHILIP JESSUP, John Carter Vincent, Laughlin Currie and DEAN RUSK.

After setting up communism in China, they began laying the groundwork for the destruction of Korea and the defeat of the United States forces there. COUNCIL ON FOREIGN RELATIONS member, Dean Acheson, law partner of Donald Hiss, whom he subsequently brought into the State Department, had become Secretary of State. And this would be a good place for a Senator to ask himself — "HOW DID ACHESON COME INTO THE STATE DEPARTMENT — WHO RECOMMENDED HIM. WHAT QUALIFICATION HAD HE FOR THE POST? He was a J. P. Morgan associate and a member of THE COUNCIL ON FOREIGN RELATIONS. He had then, — the same qualifications that were held by John Foster Dulles, Christian Herter, and, of course, — DEAN RUSK. (Only they were Rockefeller boys.) He was dedicated to ONE WORLD — THE NEW ORDER and the extension of what we call the "Soviet" system, even to Cuba, Venezuela and the United States.

To DEAN RUSK was assigned the

job of "getting" General MacArthur. And it is reported that RUSK personally prepared the infamous press release firing General MacArthur. Some of the State Department operators of that day have passed to their eternal reward (?). And have been buried amidst pomp and ceremony in Arlington National Cemetery. Is it any wonder the greatest military man in history refuses to be caught dead in the same cemetery with them?

When DEAN RUSK and his gang moved in on China, they had a job to do. When he moves into Latin America, he will "have it made". He could arrange the sellout of Latin America by telephone. And his PLAIN AND INCONTROVERTIBLE RECORD is proof that he is the boy for the job.

Mr. Senator, we have been warning you of the purpose and intent of THE COUNCIL ON FOREIGN RELATIONS, their members, agents and dupes. We have tried to show you how they have planted their agents in ALL IMPORTANT GOVERNMENT POSTS, from

President down. You know our government has gradually been taken from control of the Congress and run by herds of inexperienced, NO PARTY, professors, students, social workers, (MARXIST) economists, pinks, perverts and blatherskites. There could be ONLY ONE END TO THIS. And we have "had it".

Spokesmen for the NEW ADMINISTRATION have stated repeatedly their intention of "bypassing" Congress as much as possible. They are not concealing their intentions. They intend to — as James Warburg said — take us into WORLD GOVERNMENT whether we like it or not. We have given them the SENATE THE POWER — AND DUTY — TO STOP THEM.

WILL YOU USE IT. — OR WILL YOU TAKE THE CHANCE THAT YOUR CHILDREN, AND GURS. — WILL CURSE YOU FROM THEIR GRAVES? IT IS JUST THAT SERIOUS.

LETTER NO. 11

The 17th Amendment

Dear Senator:—

As the hour of decision approaches, the handwriting appears on the wall. The fawning and enthusiastic acclaim of the Senate Committees, falling over one another to be seen, heard and counted on the side of THE COUNCIL ON FOREIGN RELATIONS, — is spelling it out for all to see. The SENATE of the United States KNOWS WHO IS BOSS and has known it all along. They heartily approve it.

The people do not know what has happened. They may never know. And under the law of "God and the Continental Congress" there is NO excuse for them, despite the propaganda and brainwashing of the controlled press. The American man was endowed by his Creator, with an especially keen sense of perception — a strong will and an acutely sensitive conscience. The Republican form of government given into his trust was to be preserved ONLY by his ETERNAL VIGILANCE, and the full and constant exercise of those perceptions,

which were so abundantly bestowed upon him. The American Republic was the ONLY nation ever founded upon the highest principles of Christianity and so long as the people served their God and their Government, they reaped a bounteous reward.

Those of us who are old enough to have learned our history before the dawn of Rockefeller, Dewey and the COUNCIL ON FOREIGN RELATIONS, know that the forces of evil had destroyed European economics and reduced the people to the verge of peonage. Our fathers — using the brains God gave them, realized that these same greedy forces would try — again and again — to move in on our blessed land of plenty. THEY had no newspapers, radio or television to "inform" them, but through the exercise of the wisdom bestowed upon them, they were able to protect their sacred trust.

Then came the Twentieth Century and the representative of the forces which had destroyed the nations of Europe. The German House of War-

burg already had its agents in this country, and when Paul Warburg landed here with a "PLAN" and the limitless resources of the International Banking community behind it, — some strange ideas cropped up in the people's Congress. By 1913, everything was "set". The Administration, loaded down with the first batch of professors our government had ever absorbed, was "right", the Congress was "right", the Senate — under the influence of Rockefeller's Nelson Aldrich, was just "right", — just barely so.

The Senate as it was constituted by the Constitution of the United States from the inspired wisdom of the Founding Fathers, was an absolute menace to thieves and ambitious conquerors. The LEGISLATORS of the Sovereign States appointed the Senators as Ambassadors of the States and as protectors of the rights of the States, and secured them in their authority by a vote equal to that of the Congress. It was the DUTY of the SENATE to guard the separation of powers of the three branches of the government — the Executive, the Legislative and the Judicial — and in the name of the States, to advise and supervise the operations of the three departments. The Senate — the OFFICIAL BOARD OF ADVISERS TO THE GOVERNMENT — was not to be disturbed, distracted or influenced by elections campaigns or fund raising. It was properly assumed that the Legislatures of the Sovereign States would send to the Senate the BEST MEN available to protect the interest of the States. And except in a very few States where the entrenched money power voted a heterogeneous population, — they did.

And therein lay the strength and protection of our Republic. Before the Senate of that day could be swayed or corrupted, ALL the STATE LEGISLATURES would have to be "fixed" AND THAT WAS IMPOSSIBLE. It would be impossible even today.

And so the propaganda organs of New York got busy. Venal politicians who never were burdened by "traveling money" before, — took to the hustings and convinced the people that the Senate — as Constituted by the Constitution — was very "un-democratic" —

Senators should be elected — STATE-WIDE. They did not explain, of course — that through STATEWIDE elections the large cities and the heavy contributors both inside and outside the state would render the "democratic" vote of the people practically NULL. They didn't explain WHY WE NEEDED TWO CONGRESSES, with a mythical "upper house" now to be composed of professional politicians, endowed with power over appointments and treaties.

This was all part of a plan — the ABOLITION of the SELECTED SENATE being the key to the whole fantastic project. And so during the fateful year of 1913, the plan went into effect, as a four point operation:—

1. The 17th Amendment changed the Senate to an elected body.
2. The ROCKEFELLER FOUNDATION was INCORPORATED by FEDERAL CHARTER — to provide for the "limitless" activities not permitted by State Charters.
3. The 18th Amendment — levying the "graduated Income Tax."
4. The creation of the FEDERALE RESERVE SYSTEM.

Never, either before or since, has the mind of man conceived such a nefarious "package deal." And it marked the end of the PEACE, PROSPERITY and PROGRESS of the American people. From that year, America has been involved in the "eternal wars of Europe" (and now Asia, Africa and South America besides), our great nation which had never known peace time CONSCRIPTION promptly adopted this insane, tried and true instrument of national suicide and impoverishment as a federal policy. We not only became involved in the "eternal wars" of Europe, Asia and Africa — we financed the wars and the "peace" and the rehabilitation of friend (?) and foe alike, recovering from the expenditures only such sums of and interest as was owed the New York Bankers.

With centuries of experience going for them the master-minds of our destruction demanded, little by little, the surrender of the powers of the Con-

gress. And, as insurance against any attempt at recovery of those powers, they expanded our government at a furious rate until now it is spread all over the globe.

AND ONLY A SENATE OF SUPER-MEN WOULD HAVE ATTEMPTED TO RECOVER IT — AS WE HAD ASKED YOU TO DO.

And yet YOU WILL BE HELD RESPONSIBLE IN THE SIGHT OF GOD AND YOUR FELLOW-MAN FOR YOUR FAILURE TO ACT WHILE THERE WAS STILL TIME.

The blame must be shared by a people, who traded their Constitutional inheritance of a Senate "chosen by the Legislature" from each state, for a putrid mess of political pottage brewed in the decadent chancelleries of Europe — the STATEWIDE rigged election process. The sin of the fathers has been perpetuated by their "educated" (?) children — to the second and third generation. They have refused to assume the responsibilities imposed upon them by their God and their Republic. They have refused to use the intelligence and the wisdom bestowed upon them. They have given themselves over completely to "bread and circuses" trusting to selfish, greedy and mediocre politicians, their very lives, their liberty, property, their government and the future of themselves, their posterity and their country.

Mr. Senator during the past six weeks, many thousands of people have been praying God to spare us the punishment due our crimes. — and to give YOU the courage to restore our Constitutional Government. We know WE ASKED TOO MUCH AND WE FEAR THE WRATH TO COME.

Need we a Daniel to interpret the handwriting on the wall?

"MENE, MENE, TEKEL,?" (Daniel 5:25-27)

"GOD HATH NUMBERED THY KINGDOM AND FINISHED IT." "THOU ART WEIGHED IN THE BALANCE, AND ART FOUND WANTING?"

"THY KINGDOM IS DIVIDED AND GIVEN TO?"

How will it all end? What with the Congress — and the Senate — reduced to the status of tax assessors. A Secretary of the Treasury and a Treasurer whose principal duties are the endorsement of MOUNTAINS of I. O. U.'s issued by the FEDERAL RESERVE BOYS. A Secretary of State whose only claim to fame stems from his membership in the INSTITUTE OF PACIFIC RELATIONS and his part in establishing communism in China, — and one-time President of Rockefeller's General Election Board, which proclaimed an intent to reduce our people to a "docile" mass, producing only for the masters, — the ruling "elite" who will preside over the dissolution of the Republic.

It was a little difficult to follow the reasoning of the "King-makers" as they set about "electing" the "Democratic" (?) candidate. But as the friend of COUNCIL ON FOREIGN RELATIONS HARVARD (AND CHICAGO UNIVERSITY) think-pots rode in it all became very clear. The wise old hands will stay in the background, ready to take off by sea or by air, if there should be a "slip". — as they did in the first days of F. D. R. These old boys are neither brash or heroic. They will never come from behind the rocks until after the "mop up".

They have put their elite corps in the field — with the consent of an ex-hilarated Senate, — all primed to crack the barriers of a "NEW FRONTIER". These subsidized thinkers will be right at home in the debt-ridden government. Few of them have ever managed anything but debt in their lives so in that at least we have been provided with experts. AND THE SENATORS? POSITIVELY REJUVENATED. Some of those who have been spending our money on T. V. look and speak as though they had been feeding on locoweed. While the out-going troops were waiting about the gold crisis, sagging employment and national income, the NEW FRONTIERSMEN are preparing to spend as it has never been spent before. According to the HARVARD thinkers, this is all go-

ing to come out even when the NEW ORDER gets into gear. All we have to do is face facts. For the past forty years, the stupid American has been exchanging his goods and services for the unsecured I. O. U.'s (NOTES) of the FEDERAL RESERVE BOYS. All we have to do is put out more goods and

more services, and they will put out more NOTES. And we will never find out which shell the pea is under.

And so, Mr. Senator, as the maze and daze of Washington merges with the new frontier we urge you to be sure of your facts — then go ahead.)

LETTER NO. 12

To The Constituency of the United States Senate

Dear Friends:

The last of our series of OPEN LETTERS are directed to YOU. Your Senators have taken their stand and some have answered you. It is well that you take it from here. The FEW replies received by people all over the country from the Senators follow the same pattern. They are NOT impressed with the letters. They fail to see how the writers reached such conclusions. Some of the letters refer to our writing as "attack" against the honesty, integrity or intent of our "leaders". The use of the word "attack", as you probably know, has been the best defensive propaganda weapon of those who have learned the technique of defense because they so often need it. The trained propagandist will nobly defend the right to criticize (by telling the truth) and, at the same time, deny the right to "attack" (by telling the SAME truth). We must read carefully every word written by ANYBODY on these subjects which admittance are a peril to our freedom and the survival of our nation. Double talk and word twisting are more dangerous than "enemy" submarines.

We cannot too strongly stress what we said in our OPEN LETTER NO. 6 — "IT IS NOT A QUESTION WHETHER YOU BELIEVE IT OR NOT — THE QUESTION IS — IS IT TRUE?" THAT is the issue. We do not know of a single Senator who denied the truth of anything we said. Some have asked — "who are these people — the Council on American Relations?" We ask — what has THAT to do with it? If we were a group of thieves, drunks or all lunatics, these facts would not relieve the Senators of their responsibility to ascertain the facts as requested by thousands of constituents. Nor would limitation of the responsibility of the

writers alter in the least, the TRUTH or FALSITY of the plainly stated charges. These statements ARE TRUE OR THEY ARE FALSE — AND THAT IS ALL THERE IS TO IT. We know of NO PERSON who will deny that the American Republic is in trouble. We submit that SOMEBODY is responsible. We contend, of course, that our troubles began in 1913 when a handful of men in Congress turned over to a group of New York Bankers the power over the money and credit. We say that the Constitution (the people) gave the power to Congress and to CONGRESS ALONE — IT WAS NOT THEIR PEROGATIVE TO SURRENDER IT TO ANYBODY. It was the first fateful step which has led to our present terrifying position. The Congress — through a constant succession of "grants" of their power — THEIR SWORN DUTY — has reduced ITSELF to the position of TAX ASSESSOR. NOTHING MORE.

All the Senatorial replies we have learned of follow the same pattern, also, in a REAL resentment of our great political leaders with well known THIEVES and TRAITORS. Not the THIEVES so much as the TRAITORS. So let us recapitulate. There is a COUNCIL ON FOREIGN RELATIONS. It is listed in the New York telephone directory. The headquarters at East 68th Street (corner of Park Avenue) are next door to the headquarters of the Soviet delegation to the United Nations. It was organized following the failure of the League of Nations and by its members who played a prominent part in the League of Nations plan. It was financed by a "grant" from the Laura Spellman Rockefeller Foundation, originally, and supported to a great extent, over the years, by numerous and substantial

"grants" from ROCKEFELLER, CARNEGIE and FORD FOUNDATIONS. The headquarters were donated to them by the widow of HAROLD PRATT, partner of old JOHN D. ROCKEFELLER in the STANDARD OIL BUSINESS — and MR. PRATT WAS THE GRANDFATHER OF CHRISTIAN HERTER'S WIFE.

According to their own publications — in our possession — their number was NEVER LARGE — not more than 1200 men at any one time — and yet from that SMALL GROUP — no larger than the P.T.A. in a small community — has come ALMOST THE ENTIRE OPERATIONAL ARM OF OUR GOVERNMENT FOR MANY YEARS. WE HAVE NAMED THESE PEOPLE. WILL ANY MEMBER OF THE UNITED STATES SENATE DENY THAT THEY ARE COUNCIL ON FOREIGN RELATION MEMBERS — OR THAT THEY HAVE DETERMINED THE POLICIES OF OUR GOVERNMENT DURING THE PAST FORTY SEVEN YEARS, WITH ONLY A SHORT LET-UP DURING THE TERMS OF MR. CALVIN COOLIDGE? We would suggest that YOU write the SENATORS asking if they would DENY that these men were members of THE COUNCIL ON FOREIGN RELATIONS or that they, and their subordinates, played important and decisive parts in forming and putting into effect, the policies of OUR GOVERNMENT? —

Bernard Baruch, Edward M. House, Henry L. Stimson, Allen W. Dulles, John Foster Dulles, Robert B. Anderson, Senator Wm. Fulbright, Charles E. Bohlen, John J. McCloy, David L. K. Bruce, Chester Bowles, Herbert Hoover, John Carter Vincent, Averell Harriman, Robert Lansing, Harold Stassen, Maxwell Taylor, Herbert H. Lehman, Paul Warburg, James P. Warburg, Harry Dexter White, Alger Hiss, Leo Pasvolosky, Nelson Aldrich, Felix Frankfurter, Charles E. Wilson, Eugene Black, George C. Marshall, Dean Rusk, Henry A. Wallace, John Stewart Service, William G. McAdoo, Ogden Mills, Adolph A. Berle, Beardsley Ruml, Owen L. Roberts, Edward Stettinius, Henry Morgenthau, Philip Jessup, Dwight

D. Eisenhower, Dean Acheson, Douglas Dillon, Lewis L. Strauss, Myron G. Taylor, Laughlin Currie, Lyman Lemnitzer, Nelson Rockefeller, Philip Jaffe, Sumner Welles, Robert O. Lovett, Sinclair Weeks, Charles Evans Hughes, Laurence Duggan, George A. Wickham.

Now here is what we charge is a choice sample of THE COUNCIL ON FOREIGN RELATIONS product. We ASK THE SENATORS —

QUESTION NO. 1 — ARE THESE MEN MEMBERS OF THE COUNCIL ON FOREIGN RELATIONS — OR ARE THEY NOT? IT IS NOT FOR THE UNITED STATES SENATE — collectively or individually to say "I — OR WE DO NOT KNOW." IF THEY HAVE ANY SENSE OF DUTY TO THE AMERICAN PEOPLE AND THE AMERICAN GOVERNMENT — IT IS UP TO THEM TO FIND OUT!

QUESTION NO. 2 — DID THESE PEOPLE DECISIVELY INFLUENCE THE POLICIES OF OUR GOVERNMENT? IF THEY DID NOT — THEN WHO DID?

QUESTION NO. 3 — DO THE SENATORS FIND ANYTHING STRANGE OR UNUSUAL ABOUT SUCH PEOPLE AS THESE — NO MATTER HOW YOU DESCRIBE THEM — ASSOCIATING THEMSELVES TOGETHER IN A SMALL AND HIGHLY SELECTIVE ORGANIZATION?

QUESTION NO. 4 — HOW DID SO MANY PEOPLE FROM ONE ORGANIZATION GET INTO SUCH HIGH POSITIONS IN THE GOVERNMENT?

QUESTION NO. 5 — DO THE SENATORS EXPECT US TO BELIEVE THIS WAS JUST COINCIDENCE?

QUESTION NO. 6 — DO THE SENATORS HONESTLY BELIEVE THESE WERE THE BEST MEN OBTAINABLE FOR THESE JOBS?

QUESTION NO. 7 — WHY NOT SEND A CLERK TO THE NEAREST PUBLIC LIBRARY TO CHECK OUT IN WHO'S WHO IN AMERICA, ALL OR ANY ONE OF THOSE LISTED IN OUR LETTERS TO SEE WHETHER OR NOT THEY BELONG TO THE

COUNCIL ON FOREIGN RELATIONS? OR BETTER STILL, — CALL THEM BY PHONE OR ASK THEM!

If our Senators would answer these questions in simple understandable English, — frankly and unequivocally, — we MIGHT find A WAY TO WORK OUT OUR PROBLEMS TOGETHER. The Senators have been informed and the Senators owe the people a frank and complete statement of their position. If they deny all or any of the charges, let them say so. If they are not concerned about whether these charges are TRUE, or NOT, LET THEM SAY SO — PLAINLY. If they know the charges to be true — or if they believe they are — or may be true — let them so state.

We are not so stupid, — nor so intolerant of human failings that we would condemn a man because he was "taken in", as even the smartest of his constituents have been "taken in". We would not condemn a man for the highest (truly elective) office in our government, only to learn that he was completely incompetent to handle the job to which he was elected. We KNOW the people themselves must share responsibility — not blame, for there is none — for the tragic conditions existing in a government almost completely taken over "whilst we slept". The people have for a long time realized that government had spread too far — beyond control of Congress and the people. They have just recently gotten "round to worrying about it. And, finally, we hold this fact to be self-evident — THE CONGRESS MUST "COME CLEAN" WITH THE PEOPLE — THEY MUST TAKE US INTO THEIR CONFIDENCE. Otherwise a great nation will perish.

Horrible mistakes have been made because THE CONGRESS AND THE PEOPLE WERE IGNORANT. LET US ALL ADMIT IT — AND GET DOWN TO A COMMON SENSE APPROACH TO OUR NATIONAL SECURITY. WE HAVE ALL WE CAN DO NOW, TO TAKE CARE OF OURSELVES. And we can only do that by drawing our government back within our own boundaries. "Conspiracies" — or alleged "conspiracies" of the past can wait — The Country cannot.

Ask your Senators — again and again — "WHAT ABOUT THE ACTIVITIES OF THE TAX EXEMPT FOUNDATIONS." The Senators know all about how Congressman Wayne Hayes of Ohio "torpedoed" the Reece Committee. We need another investigation of FOUNDATIONS by a COMMITTEE OF THE CONGRESS — BY MEN IN WHOM THE PEOPLE HAVE CONFIDENCE — AND ABOVE ALL, WE NEED TO HAVE THAT INVESTIGATION TELEVIEWED — ALL OF IT. NOTHING ELSE WILL SUFFICE.

The people need to consider prayer. Fully, the repeal of the Seventeenth Amendment. The Founding Fathers — with far more wisdom than has been evidenced by any of their successors — carefully weighed the matter of selecting the Senate. Did they make a mistake — or did we? People living in States having large cities know of the difficulty — in many cases the impossibility — of the people controlling elections on a STATE-WIDE basis. We have now had forty-seven years' experience with the "elected" Senate. We should be able to evaluate the process on the basis of this experience and decide for ourselves whether it has worked to our advantage.

Consider too, the question of the "liberal" in the light of what we now know. The sincere "liberal" occupies a strange position in THE COUNCIL ON FOREIGN RELATIONS' program. Insofar as a "liberal" is presumed to represent the best interests of the worker-producer, (as he can be differentiated from the investor-producer), by what phantasy is his vote cast for the most notorious exploiters in history — those billionnaires who acquired their wealth primarily from the CONTROL OF THE MONEY — THE ACTUAL MANUFACTURE OF THE MONEY AND THE CREDIT OF THE PEOPLE? It is for us to reason with the sincere liberal and make him understand that he has NOTHING IN COMMON WITH THE PHONEY LIBERALS OF THE COUNCIL ON FOREIGN RELATIONS. The liberal worker-producer and investor-producer KNOWS IN HIS HEART, HE HAS NOTHING IN COMMON with such "liberals" as NELSON ROCKEFELLER

Where will final judgment be rendered — IN THE HALLS OF CONGRESS OR IN THE SLAVE LABOR CAMP? The helpless people can only work, and pray as they never prayed before. Our task has been clear from the beginning, TO DO EVERYTHING WE COULD AND "HAVING DONE ALL" — TO "OCCUPY". Many thousands of patriotic people have joined with us in our efforts and the word has been broadcast against great odds. Our work can never be done until the government of our fathers is returned to the control of its rightful owners. And so WE — ALL OF US — "OCCUPY" BUT NOT IN IDLENESS.

and his gang. — HERBERT LEHMAN, AVERILL HARRIMAN, CORNELIUS VANDERBILT FIELD, CYRUS EASTON, JOSEPH OR JOHN KENNEDY or others of their class. The liberal worker-producer and investor-producer is smart enough to understand this, — he needs only to know the truth.

And we insist that what we have revealed in this series of OPEN LETTERS, WILL STAND AS TRUTH UNTIL THE UNITED STATES SENATE AND THE SENATE ALONE, DISPROVES IT.

IT'S NOT A QUESTION WHETHER THEY BELIEVE IT OR NOT. THE QUESTION IS — IS IT TRUE?

LETTER NO. 13

The President; The Council on Foreign Relations

Dear Friends:

We had planned to end our reports with OPEN LETTER NO. 12, but find it necessary to continue to keep you informed regarding the activities of one another, and to exchange information concerning the activities of THE COUNCIL ON FOREIGN RELATIONS.

There is much comment from people and press regarding Mr. Kennedy's inaugural address. That of the press clearly reflects the policies of their masters: It was good for the "birds", the pre-occupied, lame-brained American hoot-owls. The people generally wonder just what he said. And we didn't hear what he said — HIS APPOINTMENTS DROWNED OUT HIS WORDS. From now on anything coming from the "Administrative branch" or any of its agencies, commissions, projects and projectors will register on the informed mind as pure, unadulterated COUNCIL ON FOREIGN RELATIONS' propaganda. If Mr. Kennedy does not know this, HE SHOULD. THE CONGRESS — BOTH HOUSES — SHOULD KNOW IT ALSO, and be reminded daily that hundreds of thousands of "informers" are using their eyes and their ears, — and will not be deceived.

We know many of our readers were mystified, as we were, at the heavy silence of the Senate, following our

mass distribution of the TRUTH about THE COUNCIL ON FOREIGN RELATIONS, — and many were chagrined when the Senate confirmed the whole motley crew almost enthusiastically. We must admit that the most charitable informed constituent could not find evidence of courage, patriotism or responsibility in the conduct of the Senate Getting elected — or better still, keeping in position to get a good salaryed job if defeated, — IS WHAT COUNTS. There is no use griping about something we cannot change — not yet, at least. We should gird for the battle ahead, — the battle in which our elected representatives — in the Senate at least, — certainly appear — on the surface, — to be against us.

But is there anything below the surface? Let us explore a little. The fact is that the Senators — with a few exceptions, — DID NOT KNOW A THING ABOUT C. F. R. — Never heard of it. Another fact is, that they KNOW — BEYOND ALL SHADOW OF DOUBT, THAT THE PEOPLE WE NAMED, HAD BEEN RUNNING THE GOVERNMENT FOR YEARS. It must have come to them as a distinct shock to learn that these people — millionaires, screwballs, eggheads and traitors ALL CAME FROM THE SAME CLUB — a small organization which had made plans to take over the whole world, and had almost achieved their

objective. And don't ever forget the MONEY POWER. — you can be sure our Senators are acutely conscious of it. THEY FEAR IT AND THEY YEARN TO SERVE IT, and be noticed as they do. Most of them, at any rate.

We still have a ray of hope. The Northern Republican — Southern Conservative coalition has been strengthened in the House and Senate. This coalition COULD HOLD THE FORT WHILE THEY AND WE ORGANIZE, — and by their votes, prevent the C. F. R. program from getting off the ground. To this end, we must:

BEGIN IMMEDIATELY TO CIRCULARIZE THE HOUSE AS WE DID THE SENATE. INFORM THEM ALL

Our friends from coast to coast have done a remarkable job of exposing the COUNCIL ON FOREIGN RELATIONS. The C. F. R. knows it and you may be sure HAS A PLAN — (PLANS ARE WHAT THEY HAVE MOST OF). There is evidence that they are going to admit to our major charges, crank up the propaganda machines and sell the gullible public and the panting politicians another BILL OF GOODS. They are going to sell us the idea that the C. F. R. training school for government elite corps is a GREAT THING. Noble in its "concepts", and fully worthy the "dedicated philanthropists" who sneaked it over on us. This is what we must be prepared to fight.

The January 25th, Miami Herald-Chicago News Wire reported as follows: "Ambassador Adlai Stevenson has asked his Harvard Law School roommate, Francis T. P. Plimpton, to be his deputy on the permanent U. S. delegation to the United Nations, with the rank of ambassador. Plimpton is a senior partner in one of New York's largest law firms in the Wall Street financial district. Stevenson plans to

add a second deputy with the rank of ambassador to his staff, placing a senior, experienced diplomat in the post. Former Ambassador to Cuba, Philip W. Bonsai has been mentioned. Plimpton an independent in politics, served as general solicitor of the Reconstruction Finance corporation under Presidents Hoover and Franklin Roosevelt. He was a Phi Beta Kappa and magna cum laude graduate of Amherst before going to Harvard Law School, class of 1925. He had been active in the FOREIGN POLICY ASSOCIATION, COUNCIL ON FOREIGN RELATIONS AND INSTITUTE FOR PACIFIC RELATIONS. Plimpton's partner, Eli Whitney Debevoise, was general counsel to John J. McCloy when McCloy was high commissioner in Germany after World War II. Another partner, Robert E. Vandeboren, was general counsel to the U. N. — affiliated International Atomic Energy Agency. Roswell Perkins, another member of the law firm, was general counsel to New York Governor Nelson Rockefeller."

So we see the first straw in the wind. They will not only boost of membership in C. F. R., but also of membership in FOREIGN POLICY ASSOCIATION AND OF ALL THINGS, THE INSTITUTE OF PACIFIC RELATIONS. THIS SHOULD WAKE UP EVERY RIGHT WING PUBLICATION IN AMERICA. And it will — with your help. YOU SMOKE OUT C. F. R. WITH YOUR DYNAMIC ACTION. Now try to get help for more of some from your favorite publications. THE BATTLE LINES ARE DRAWN. SOMETHING JUST HAD TO GIVE, — and it did. For the first time, "they" are out in the open and on the defensive. "THEY" ARE FAIR GAME FOR PATRIOTS. LET US ALL BEGIN TO REALLY GET OUR "LICKS" IN.

LETTER NO. 14
Trujillo

Dear Senator:

The nation's fifth class citizens are back again. This time we want to know — What do you know about President Trujillo that we do not know? Or is it possible we know something about

him you do not know? There is always great popular clamor that Americans — and particularly their tongue-in-cheek "representatives" — are dedicated to justice and fair play. We are "hipped" on the subject — especially when sub-

versives need a break. Castro, for instance. Now — What about Trujillo? Before YOU — through the ruling elite YOU have placed in charge of our government, — inflict any further humiliation upon this small neighbor who has never harmed us, — we ask you, and the nation is entitled to know — JUST WHY ARE YOU DETERMINED TO DESTROY HIM?

We did not know his side of the story — the COUNCIL ON FOREIGN RELATIONS' "kept press" has taken care of that. And so we asked him for his side of the story, and we offer it to you as he gave it to us. We do not pretend to judge whether it is right or wrong. We want to get the full picture before deciding that. We do not know what — if anything — has been told you. We have no way of knowing whether you have anything at all to say about foreign policy any more. THE COUNCIL ON FOREIGN RELATIONS has seen to it that both the Democratic Chairman (Fulbright) of the Foreign Relations Committee of the Senate and the Republican ranking member (Wiley) are COUNCIL ON FOREIGN RELATIONS agents, — and "committee reports" being what they are — we feel the people had better find ways to get RELIABLE information on Foreign Relations in some other way. Here is the Trujillo version of the situation in the Dominican Republic:

Trujillo says, "The country was the hemisphere poorhouse in 1930." A short 31 years ago. "From the massacre of Columbus' 39 men at Fort Navarino in 1493 to the hurricane in 1930, the nation's history was a succession of invasions, civil wars and disasters. . . . several appeals for annexation were made to the United States but were rejected by the United States Senate, it being aware the measure did not enjoy any real support by the Dominican people."

"For more than a century, the nation was paralyzed by a chaotic succession of foreign loans. Each succeeding government went deeper into debt. Finally in 1907 when several European nations were on the point of armed intervention, United States took control of customs. A TWENTY MILLION DOLLAR BOND ISSUE WAS FLOATED IN NEW YORK IN 1908 — A SECOND LOAN OF 1½

MILLION WAS FLOATED IN 1912." Now Mr. Senator, YOU KNOW — AND SO DO WE — THAT FLOATING BOND ISSUES IN NEW YORK AND GOING INTO DEBT, — IN COUNCIL ON FOREIGN RELATIONS BOOKS — IS JUST GREAT PROVIDED THE INTEREST BEARING DEBT CAN NEVER BE PAID. — LIKE THE DEBT WE HAVE, THANKS TO CONGRESS. "But" continues Trujillo "the country continued to go downhill; the economy deteriorated even further (as does ALL DEBT ECONOMY) and the Republic was torn by revolt. In 1916, United States Marines WERE LANDED AND A MILITARY GOVERNMENT WAS ESTABLISHED." The Marines were withdrawn in 1924, but the United States retained control of customs. A workable government had at least been established in Santo Domingo.

When the Marines landed, the young Trujillo joined the Marines and built up a remarkable service record. When the Marines departed, another Dominican citizen was elected President, and the economy went into another tailspin. Trujillo believing that the military discipline of the United States Marines was the ONLY PROVEN SUCCESSFUL FORM OF GOVERNMENT FOR THE DOMINICAN REPUBLIC. THERE HAS NEVER BEEN ANY MISUNDERSTANDING about how he intended to govern — it is to be under military discipline. AND THE PEOPLE KNOW THAT WHEN THEY VOTE FOR HIM. He says — and we in the South, knowing the privilities of the Negro and the mixed breeds, understand this, — "there is MORE POVERTY OF DESIRE THAN POVERTY OF GOODS."

As YOU, Mr. Senator, and the brain-washed theorists who vote for "YOUR" (?) "government" makes us do it, it isn't dictatorship, — it is something else.

Anyway. — Trujillo was elected in 1930. AND HERE, MR. SENATOR, IS SOMETHING FOR YOU TO THINK ABOUT. — IN 1947 — SEVENTEEN YEARS LATER, THE DOMINICAN REPUBLIC PAID OFF ALL ITS DEBT. As Mr. Trujillo says — "making the Dominican Republic one of the very few nations in the world completely free of foreign debt." The way we figure THE COUNCIL ON FOREIGN RELATIONS GOVERNMENT OF THE UNITED STATES. — THAT ALONE WAS ENOUGH TO CONDEMN TRUJILLO. If you can think of any other reason, we would appreciate hearing of it. But Trujillo's sins did not stop there. This intolerant tyrant has established a gold backed currency with a surplus of reserves to back it. THIS, MR. SENATOR, YOU KNOW, — CAN NOT BE TOLERATED IN THE COUNCIL ON FOREIGN RELATIONS "FREE WORLD." Much less on the NEW FRONTIER. Trujillo must go — that GOLD RESERVE must disappear as OURS has disappeared. Like the dog in the manger — If we cannot (and will not) be SOLVENT, NOBODY ELSE — SMALLER AND WEAKER THAN WE, WILL BE SOLVENT EITHER.

Here are some of the things Trujillo's friends say about him — these expressions appeal to us — we "ARE IMPRESSED" with them: — "he has little patience with sluggards and sloths." Unfortunately WE HAVE SUCH PATIENCE, OTHERWISE THERE WOULD BE A HALF A MILLION NEW FACES IN THE WASHINGTON BUREAUCRACY. "Critics, MOSTLY IN OTHER COUNTRIES, grow purple with rage when they think of him." Ain't it the truth? Ponder this question. "Is democracy possible where a man votes with his stomach instead of his brain?" Alas and alack! YOU know the answer. Here is a denile of old-fashioned "morals" — the kind we had before the "moral" crusades. — "There is nothing wrong with ours and other countries that cannot be solved with honest labor." Just try that on your COUNCIL ON FOREIGN RELATIONS Congo — India — Latin (?) America wanns. "When he wants a job done, he usually picks the best man he can find to do it. And he won't take no for an answer." Trujillo, once he has assigned a man to a certain task, holds

that man strictly responsible. He will not stand for bungling, and he will not stand for graft, petty or otherwise." "He is a great one for facts. That is why he has always insisted on statistics, and then more and better statistics. His office now has a pretty good idea, from month to month, of just what the condition of the country is. He has a budget which, I know, is a model for common sense and efficiency." But here is more on the crimes of Trujillo. The population has doubled in the past two decades (20 years). His Health Program works. "National income is actually ahead of population increase. Gross national income has doubled since the war (World War II)." And again, "A really effective program of health and sanitation is under way designed to make the Dominican worker as healthy as any in the world." How do you explain this. — "If you are a Dominican, you will learn how to read and write. If you are an employer, you will give time off to your employees (all under 60 years old) if necessary." "They will go to the nearest school or mobile unit from grandfather on down. They will be accompanied by tyrant officers if necessary." Is this good or bad? It does NOT cost BILLIONS, remember. "The Dominican Republic with an enrollment of 16% of population) is SECOND ONLY TO THE UNITED STATES WITH 18%."

Mr. Senator — according to Trujillo — the Dominican Republic is PROSPEROUS. THEY DO NOT WANT OR ASK ANYTHING FROM US OR ANYBODY ELSE. We are not going to ask you what is WRONG WITH THAT, WE KNOW — and we assume you do too. We just do not like to have our COUNCIL ON FOREIGN RELATIONS "government" kid us about things like this. But being "stuckles" for "both sides of the story", we assume — rightly or wrongly — you want to know. As to the Organization of American States — whose questionable authority has replaced the Monroe Doctrine — despite State Department misinformation to the contrary. WHO, actually, set up this phony authority? Not the Congress. Not — by the widest stretch of the imagination, — could this monstrosity be attributed to the American people. COUNCIL ON FOREIGN RELATIONS "big shots" have for many years, engineered

"Dollar Diplomacy" in Latin America, sacrificing all other American interests to their ruthless greed. We do not need to tell you this — you know it.

And so when THE COUNCIL ON FOREIGN RELATIONS puppet Organization of American States punished Trujillo, without any pretense of trial on their trumped up charges, Congress — like Hitler's minions, shouted "Ja!" You, as readers of the Northern Metropolitan Press know — what few of your constituents were permitted to learn, — that in 1959 an invasion army, dedicated to the assassination of Trujillo and overthrow of his government, — was recruited in NEW YORK — reminiscent, in more ways than one, — of the New York invasion army of 1917 which accomplished the Russian Conquest. The 1959 army consisted of Dominican expatriates, Castro, Marin and Fegueres, Venezuelans. Money for the expedition and training of these raw recruits was raised in New York and "Rockefeller's barns" in Venezuela. And THEY DID INVADE THE DOMINICAN REPUBLIC with aircraft and two vessels flying the American flag. But they found the Dominican army and THE DOMINICAN PEOPLE — WHO TRULY NEVER HAD IT SO GOOD — 100% BEHIND TRUJILLO. The INVASION ARMY WAS MASSACRED. Only seven men remain-

ed alive. There is absolutely no doubt Betancourt, astro, Marin and Fegueres, PLOTTED TO MURDER Trujillo and take over his government. For what it is worth — the New York Times of August 9, 1959 and Life Magazine of August 17, 1959 reported the news in detail. What then, OR WHO, — induced the (alleged) Organization of American States to charge Trujillo with murder, and WHO IS RESPONSIBLE FOR WITHDRAWAL OF THE DOMINICAN REPUBLIC FROM THE UNITED STATES RECOGNITION — AND WHY?

Was this not just another of a long chain of activity, on the part of our State Department, SUPPORTED AND AIDED AND ABETTED BY THE CONGRESS, in which "Communism" ALWAYS WINS WITH OUR SUPPORT — and ANTI-COMMUNISM NEVER HAS A CHANCE? Mr. Senator, — those of you who are past the age of fifty, learned how to add. We urge you to consider these figures:—

There are just about 1,000 members of the Council on Foreign Relations. There are 100 Senators and There are about 300 Congressmen. And there are nearly 100,000,000 Americans.

Furthermore, the 16 million have RIGHT on their side. All they need now is LIGHT.

LETTER NO. 15

The Federal Reserve System

Dear Senator:

For many years, we have believed the one thing the CONGRESSES (the so-called UPPER and LOWER HOUSES) fear more than anything else is the inevitable consequence of the FEDERAL RESERVE and FORT KNOX swindles. Almost as soon as YOU got to Washington, YOU learned "the score." YOU knew the danger and adopted the standard "sacred cow" attitude toward these evils. ONLY ONE MAN IN CONGRESS over the years, had the strength and courage to do HIS JOB by becoming fully informed about so-called "money", and to wage a life-long single-handed fight against "FEDERAL RESERVE" policies. And THAT MAN IS THE HONORABLE WRIGHT PATMAN, CONGRESSMAN from TEXAS. For nearly

thirty-five years, THIS MAN HAS STOOD ALONE, predicting the very thing which has happened. He was BEATEN DOWN time after time when he tried to STIFFEN YOUR BACKBONES and persuade YOU TO TAKE A STAND for the people; to COMPEL AN AUDIT of the FEDERAL RESERVE books, to INVESTIGATE THE COUNCIL ON FOREIGN RELATIONS' officers and directors of FEDERAL RESERVE and their outrageous performances in the stock and money markets "but YOU WOULD NOT." The "kept press" of THE COUNCIL ON FOREIGN RELATIONS has successfully prevented the people from knowing anything about their so-called "money". And now that the showdown is here, the COUNCIL ON FOREIGN RELATIONS administration and "kept press" are trying to horn-

swindle us with tales of how they are going to try to find out where "our" gold hoard went and how it got there. The latest reports, after admitting "they" cannot get information about the numbered accounts in the Swiss banks, indicate "they will do their snooping in Europe. Through the columns of the 'kept press', they tell us tax free 'hot money' is probably responsible for much of the 'gold drain' through Switzerland (See George Sokolsky — February 23, 1961). We would suggest, however, that before we waste any time scurrying around Europe, we should have a COMPLETE AUDIT and INVESTIGATION of the FEDERAL RESERVE SYSTEM and SEE THAT THE PEOPLE GET THE FACTS.

First it should be understood by everybody — THAT THE FEDERAL RESERVE IS A PRIVATE CORPORATION. THE UNITED STATES GOVERNMENT DOES NOT OWN A NICKEL'S WORTH OF STOCK IN IT. (See Nothing FEDERAL RESERVE CONSPIRACY — Vennard's FEDERAL RESERVE SYSTEM and FEDERAL RESERVE HOAX.) When the Federal Government needs — say — a billion dollars to pay its bills, the "Treasury" calls the FEDERAL RESERVE boys who ORDER A BILLION DOLLARS OF THEIR OWN NOTES (non-interest bearing) from OUR BUREAU OF PRINTING AN ENGRAVING. (See the Five, Ten or Twenty Dollar FEDERAL RESERVE NOTES in your wallet). (The Ones ARE United States CURRENCY.) These FEDERAL RESERVE NOTES are stamped with the GREAT SEAL OF THE UNITED STATES and they are ENDORSED by the TREASURER and the SECRETARY of the TREASURY of the UNITED STATES. That is supposed to make the people of the United States and all their property liable for their redemption. When these billion dollars of FEDERAL RESERVE I.O.U.'s are ready to be given to the government — the government HANDS OVER to the FEDERAL RESERVE BOYS — ONE BILLION DOLLARS' WORTH OF INTEREST BEARING GOVERNMENT BONDS. Then the "government" goes blithely about the business of spending the billion.

JUST THINK ABOUT THIS! This is the reason those who invest honest

capital and honest toil in private enterprise — the greatest producers in history — have nothing but DEBT to show for their work and their investment. Everything they produce becomes security for this phony "sacred cow" shell game. AND THE PROFITS OF THE FEDERAL RESERVE SYSTEM HAVE BEEN FANTASTIC. Where did the money go? Well — if it were honestly accounted for and honestly taxed, the "treasury" would be able to account for it.

But over the years, Representative Patman has been protesting and making devastating charges which the entire COUNCIL ON FOREIGN RELATIONS' government, its satellite CONGRESSES and "kept press" HAVE COVERED UP FOR YEARS. While we wait for our former enemies to "save the dollar", Mr. Senator, listen once again to the charges of Wright Patman which YOU HAVE HEARD AND REJECTED FOR MANY YEARS. This is the man who knows more about money than any man in America:

"Oh it's cruel. It's highway robbery in broad daylight." This is a case of the majority needing protection from the minority — the bankers having all the privileges. THE PEOPLE WHO RUN THE BIG PAPERS ARE HOOKED UP WITH THEM.

We have no supervision over the banks. ("We" — the Banking and Currency Committee of Congress) We can't get an independent audit — WE HAVEN'T HAD ONE IN FORTY-SIX YEARS. THEY HAVE ENOUGH POWER TO STOP ANY INVESTIGATION. (One million determined Americans can show them — and YOU — how much power "they" have.)

"THE FEDERAL RESERVE OUGHT TO BE IMPEACHED — they absolutely ought to be impeached. IT'S A DISGRACE TO LET A FEW FELLOWS REPRESENTING WALL STREET ABSOLUTELY RUN THIS COUNTRY AND HAVE MORE POWER THAN CONGRESS DOES." Mr. Senator — "Ain't it the truth? IT IS A DISGRACE."

"The people do not understand that the FEDERAL RESERVE banks manufacture money. They're the manufacturers creating money. The FEDERAL

RESERVE BANKS CREATE DOLLARS OUT OF THE GOVERNMENT'S (PEOPLE'S—ed.) CREDIT WHEN THEY ISSUE FEDERAL RESERVE NOTES."

"The gold is really a fiction." "The private banks (FEDERAL RESERVE) in relationship to their reserves, then can manufacture as much money as they want to make — from their own greedy standpoint."

Mr. Senator, — at this point we ask, — would any but moronic fools believe this sort of thing could go on for forty-six years with neither supervision nor audit — AND YOU KNOW THERE HAS BEEN NOTHING — without the nation and its producing citizens being bled white? Please don't at this late date, try to explain to us, HOW ANYBODY IN WASHINGTON THOUGHT EVERYTHING WAS ALL RIGHT. Any Congressman or Senator who says that should turn himself in at St. Elizabeth's. He is of no use anywhere else.

But Congressman Patman is just getting started. He has been swinging at the ABSOLUTE HOLY OF HOLIES — the FEDERAL DEPOSIT INSURANCE CORPORATION. Never a word in the "kept press" about what this REAL MONETARY expert has to say about F.D.I.C. — the thing which "insures" bank accounts "up to ten thousand dollars." Get a load of this:

"The banks were supposed to pay ONE-TWELFTH OF ONE PERCENT of their deposits to F.D.I.C. but during the 86th Congress, the law was changed so that the F.D.I.C. board can get THREE BILLION DOLLARS FROM THE TREASURY ANY TIME THEY WANT IT — direct. This is a government (people's) obligation for which THEY PAY NOTHING. A BONUS TO THE BANK." And then they began cutting the ONE-TWELFTH OF ONE PERCENT contribution until they can subtract 60% of that ONE-TWELFTH. IT'S A SCANDALOUS STORY! SCANDALOUS!! THE UNITED STATES FEDERAL DEPOSIT INSURANCE CORPORATION HAS 81 CENTS TO PROTECT EVERY 100 DOLLARS OF DEPOSIT. IT'S SCANDALOUS. IT'S SHOCKING. THE PEOPLE WON'T BELIEVE IT."

Mr. Senator — don't you have an uneasy feeling that the people are soon

going to believe it? According to recognized authorities, the great money "panics", depressions, etc., ALL CAME ABOUT AFTER GOLD LEFT THE COUNTRY. THAT IS THE PRINCIPAL REASON WE HAD THE HOAX OF FORT KNOX. IT WOULD NEVER GET AWAY FROM THERE! But let's get back to Representative Patman — he is just getting warmed up.

Arguing against what he said would have been bigger giveaway than ALL the Teapot Domes, Dixon-Yates deals, public land grabs, timber steals and defense contract rigging put together, Patman said — (See Texas Observer, January 15, 1960) last March, in the Congress of the United States that the FEDERAL RESERVE SYSTEM in 1958 "GAVE" — literally "GAVE" the banks TEN BILLION DOLLARS. This was a deal in which congress "permitted" — though why "permitted" was necessary unless to "implicate" Congress in the deal, escapes us) ("permitted") the FEDERAL RESERVE "to reduce their reserves" by ten billion dollars. Patman claimed at the time that the TEN BILLION BELONGED TO THE PEOPLE — THE UNITED STATES TREASURY. NOW SOMEBODY GOT IT? Mr. Senator — how would you go about finding out just exactly WHO GOT THAT MONEY? WOULD THAT, BY ANY CHANCE, BE SOME OF THE "HOT MONEY" THAT WIPED OUT OUR "GOLD HOARD" BY WAY OF NUMBERED ACCOUNTS IN SWISS BANKS? They claim three billion in gold a year left this country since 1938. That is when "they" did something with TEN BILLION. Patman charges that the 67 BILLION OF INTEREST-BEARING UNITED STATES GOVERNMENT SECURITIES THE COMMERCIAL BANKS HOLD HAVE ALL BEEN ACQUIRED BY MONEY "CREATED" ON THE BOOKS OF THESE BANKS.

Then he asked the House — as YOU WELL KNOW — "Is there a member within the sound of my voice who will dispute what I have said about that? Of course, there is not. There is not a person in the government who will dispute it because it is an inescapable fact. So, here we are, 438 members of the House, sitting right here on the sidelines SEEING THIS HAPPEN IN BROAD

DAYLIGHT AND FEELING HELPLESS TO DO ANYTHING ABOUT IT."

"The FEDERAL RESERVE BOARD last year furnished the banks enough FREE reserve — ABSOLUTELY FREE WITHOUT A PENNY OF COST, for them to go into the market and purchase TEN BILLION, 400 MILLION of United States securities. That was manufactured money (endorsed by the Treasurer and Secretary of Treasury of the United States — ed.) Every dollar of that money must be paid. By Whom? That is you. That is the people. In other words, it is a mortgage upon all the incomes of all the people of the United States (withholding tax — ed.) to pay that money which was created by the flick of a pen on the books of the banks in 1958 in order to buy these bonds totaling TEN BILLION, FOUR HUNDRED MILLION DOLLARS. If any member of Congress can justify that, I wish that member would speak out, and I wish that member would take the floor of this House and say it can be justified. I know now that no member will do that because no member will try to defend that policy. IT CANNOT BE DEFENDED. But we have remained silent. We have not done anything about it. NOW IT HAS OVERTAKEN US IN A DEVASTATING, RUINOUS WAY."

Thus spoke Wright Patman on the floor of Congress MORE THAN A YEAR AGO. You fellows ridiculed Patman for his "funny money" ideas then. WHAT SAY YOU NOW? WHERE HAS ALL THOSE HUNDREDS OF BILLIONS OF FEDERAL RESERVE PROFITS GONE? WILL THE PEOPLE OF THIS COUNTRY EVER FIND OUT? WHY? WHY ARE WE DENIED AN AUDIT OF THE FEDERAL RESERVE BY INDEPENDENT AUDITORS AFTER FORTY-SEVEN YEARS OF THIS OUTRAGEOUS CORRUPTION?

Can any Senator explain in simple English, why a government which can issue INTEREST-BEARING BONDS CANNOT ISSUE NON-INTEREST BEARING CURRENCY? DOES ANY BUT A FOOL PERMIT THESE NEW YORK SHARPIES TO — LOAN US — AT INTEREST — OUR OWN MONEY? Patman says, "These private bankers do not hire their own money to the government. They hire only the govern-

ment's money to the government and collect an interest charge annually."

Mr. Senator, we have a 38 page indictment of the FEDERAL RESERVE drawn by Representative Patman. It is worse than SCANDALOUS — IT IS DOWNRIGHT TREASONOUS.

Again quoting Patman — "Why in the world doesn't the government issue its own credit (money — as the Constitution says it shall do—ed) instead of — (1) creating debt bonds, (2) GIVING the bonds to the banks, and (3) paying the banks interest ON THE GOVERNMENT'S OWN CREDIT?"

Mr. Senator — we know it is too late to do these things now. But during all these years YOU KNEW WHAT WAS GOING ON, and as Patman said — YOU SAT ON THE SMOELINES AND WATCHED IT HAPPEN — NEVER LETTING THE PEOPLE KNOW HOW THEY WERE BEING EXPLOITED. YOU WERE WARNED IN TIME TO STOP IT — BY REFUSING TO CONTINUE IN CHARGE — FULL CHARGE — OF THE GOVERNMENT THOSE RESPONSIBLE FOR THE SITUATION CONFRONTING US TODAY. YOU HAVE AIDED AND ABETTED THEM WHATEVER THEIR GUILT. YOU SHARE IT.

People everywhere are getting "wise" to the real "communist" conspiracy. They will not be "chumped" by any more propaganda about Mr. "K" — the Kremlin and Russia. If the Russians had a mess like we have, Mr. "K" would be "on the lam" before night.

Congressman Patman—the man who knows more about the finances of our country than any other man — confirms what we have told you about WHO RUNS THE GOVERNMENT. And he confirms also that THEY CONTROL THE PRESS, which is why the people never could find out what was going on. Patman — for thirty-five years — has been trying to tell us — but the newspapers would not publish it.

In all history, the pamphleteer has had to tell the people truths concealed by corrupt politicians in control of whatever communications existed at the time. So you see—"the more

things change, the more they are the same" — "Truth is eternal". It will rise and rise again. No political power has yet destroyed it.

You are going to hear again and again the FEDERAL RESERVE SWINDLE of 1913 is AT THE ROOT OF ALL OUR TROUBLE. "Communism" is their COVER-UP. THE COUNCIL ON FOREIGN RELATIONS today is RUN BY THE DESCENDANTS OF THE OLD FEDERAL RESERVE CROWD. The perpetuation in control is crystal clear. They control the Madison Avenue propaganda machines which have brain-washed heretofore unthinking people with the sacrosanct of the FEDERAL RESERVE—the "sacred cow"

of all "sacred cows" — and they have also brought unthinking public ridicule upon Wright Patman's really expert knowledge of money as a "funny money". We ask you now, Mr. Senator — what kind of money have YOU supported at the command of COUNCIL ON FOREIGN RELATIONS. "Funny" is NOT THE WORD FOR AN ACKNOWLEDGED "IRREDEEMABLE" CURRENCY WHICH IS NOT CURRENTLY AT ALL BUT THE UNSECURED I. O. U.'s OF THE PRIVATELY OWNED FEDERAL RESERVE BANKS. When the people find out about the "funny" business — it isn't going to be "funny" any more — for SOMEBODY. WHO? TIME WILL TELL.

LETTER NO. 15

Era of Insanity Comes to a Close

THE FEDERAL RESERVE SYSTEM — is has LOOTED the NATION!

This has been the AGE OF INSANITY. One insanity followed another — endlessly — and nobody protested. Feeble voices, from time to time, spoke out in warning and fell upon deaf ears. One such voice lamented —

"Historians of the future will marvel at the indifference of those who had most to lose"

Men of material and substantial wealth, and with child-like faith depending on others, whose interests were at times, hostile to their own — for protection of the property they were accumulating. Men sent to Congress — with gradually usurped power — to mortgage everything in America And did! While business men — industrialists continued to produce, blindly — for the sole profit of the mortgage holders. Truly an AGE OF INSANITY!

This era grew out of the most fantastic INSANITY OF ALL TIME. A DISHONEST — an INSANE "money" system which, applied with minor force, had destroyed — over and over — the governments of Europe, and known then as THE CENTRAL BANKING SYSTEM, which was a medieval scheme for the LOOTING OF ALL MANKIND.

As the end of our era approaches, this SWINDLE is frankly and quite properly proclaimed as a "DEBT-MONEY SYSTEM". ... Chartered as

YOU, who know nothing about THE FEDERAL RESERVE SYSTEM, owe it to YOURSELF and your natural heirs to learn about it. Do not take our word for it. — do not take theirs either. Find out for sure, — find out for YOURSELF. It is too late to save yourself — your property — your business NOW. Only by certain knowledge of the facts can you intelligently act to restore your solvency. Consider a few basic facts:

The Federal Debt, if legally incurred, is a LIEN upon EVERYTHING in AMERICA. Can YOU dispute this?

This debt is held by THE FEDERAL RESERVE SYSTEM. Practically all of it is OVERDUE—in default! Some of it fifty years OVERDUE. THE FEDERAL RESERVE has been well satisfied, up to this time, — to get the interest and let the principal ride. This principal has been piling up for fifty years until NOW it constitutes a 100% LIEN ON EVERYTHING IN AMERICA!

THE FEDERAL RESERVE SYSTEM is owned by PRIVATE INDIVIDUALS — the worthy descendants of the men who flinched Congress into giving them ALL power over our money and CREDIT in 1913. These men were NOTORIOUS CROOKS and SWINDLERS at the very time Congress permitted

them to incorporate THE FEDERAL RESERVE SYSTEM — to own it outright — to manufacture THEIR unsecured promissory notes (see the 5-10-20 dollar bill in your wallet — and note in the small print, the promise of redemption in "lawful money of the United States").

Some of the pertinent facts about THE FEDERAL RESERVE SYSTEM are:

The government of the United States does NOT own a nickel's worth of stock in it. THE FEDERAL RESERVE gang from New York City financed the campaign and highly questionable election of Woodrow Wilson for the purpose of establishing THE FEDERAL RESERVE SWINDLE. In order to get it through Congress, they had to agree to PERMIT the President to make appointments to the Board; to turn over the "profits" to the U. S. Treasury and to have the Secretary of the Treasury as ex-officio member of the Board. They never returned any "profits" to the Treasury, and under THE FEDERAL RESERVE ACT of 1932, all these restrictions were removed. Since that time, they have been completely free of ANY control. They are tax exempt. They have never had a government audit. The government has NO AUTHORITY to meddle in this PRIVATE BUSINESS. — only one of whose gigantic operations is control of our money — and even more important, — OUR CREDIT. The credit earned by every producer has become the exclusive property of these FEDERAL RESERVE GANGSTERS!

They cooked up the HOAX of FORT KNOX. The gold supply previously (before December, 1913) owned by the government, plus that confiscated by their hand-picked agent, F. D. Roosevelt, — within a few weeks of his assumption of office, — was handed over to these THIEVES PRESUMABLY as security for THEIR FEDERAL RESERVE NOTE issue which we call "money", and has been the false foundation for ALL AMERICAN business in the past forty-eight years. And "you ain't heard nothin' yet!"

Please ponder the method by which these scoundrels get their unsecured

notes, — "debt money" — into circulation. Let us start by assuming the "government" needs a billion dollars to pay its bills. The "Treasury" calls THE FEDERAL RESERVE and asks for the "money." THE FED then orders the U. S. Department of Printing and Engraving to print up a billion dollars of their own I. O. U.'s — THE FEDERAL RESERVE NOTES — you call "money" at the same time the "government" prints up a billion dollars worth of government bonds. Then the FED buys these bonds with the I.O.U.'s they have created. And as though to compound the felony, the "Treasury" imprints across the face of these FEDERAL RESERVE I. O. U.'s and the Treasurer and Secretary of the Treasury endorse them thus making the property of America security for these otherwise unsecured promissory notes. THIS IS SHEER INSANITY!

The question? WHO IS INSANE? Those who declare this to be fact — those who participate in the SWINDLE — those who blindly and tamely submit to it? YOU ought to find out. — YOU may be the INSANE party! At any rate, YOU — the PRODUCER — are hopelessly bankrupt. — everything YOU have PRODUCED or created, mortgaged to the hilt to the NON-PRODUCING SWINDLERS of THE FEDERAL RESERVE.

You should not take the unsupported word of anybody for this. The American who knows most about "money" and THE FEDERAL RESERVE is Wright Patman, Congressman from Texas, who has been fighting THE FEDERAL RESERVE for 25 years. Long time member of the Banking and Currency Committee of the Congress. Another dedicated American who died fighting it was Congressman Louis T. McFadden of Pennsylvania, Chairman (for 10 years) of the Banking and Currency Committee of Congress. If you do not have access to the writings of this man, send one dollar for copies, to COUNCIL ON AMERICAN RELATIONS, 710 SUMMIT BOULEVARD, WEST PALM BEACH, FLORIDA, and copies will be mailed you (four for a dollar).

The whole FEDERAL RESERVE

SWINDLE and its UNPAYABLE DEBT may be UNCONSTITUTIONAL. Article One, Section Eight of the Constitution gives to Congress and Congress alone the right to coin money. There is NO provision for Congress to delegate the authority. There was NO amendment of the Constitution to permit this. Congress simply attempted to do by LEGISLATION that which legally required AMENDMENT. The whole question of WHO OWNS AMERICA — INVOLVES AROUND THE LEGALITY

OF THE FEDERAL RESERVE SWINDLE.

IT WILL NOT RIGHT ITSELF. CONGRESS WILL NOT TOUCH IT. IT IS YOUR BUSINESS — ALL THE BUSINESS YOU HAVE. WHAT ARE YOU GOING TO DO ABOUT IT?

LETTER NO. 16

The U. S. Senate Continues the Control of the C.F.R.

Dear Senator:

During the past five (5) months, you have received many letters from us and your constituents. We have taken the time to write you because we were convinced you did not know exactly WHO had been running our government for the past forty (40) years or how they had managed it. And we did you the honor to believe that if you were informed, you would justify our faith in you and rise up against it, as would we assure you, even the lowliest of your constituents, were they so fully informed Mr Senator, as a group of truth-seeking citizens who got our information the hard way — we have encountered many shocking, treasonable, revolting and utterly incomprehensible situations.

But we can truly say that nothing — absolutely nothing — in the record of the past forty-seven (47) years, — can compare with the action of the UNITED STATES SENATE in continuing in absolute control of our government, the agents of THE COUNCIL ON FOREIGN RELATIONS. Nor was there the slightest sign of reluctance on the part of any member of the SENATE in confirming these characters, which leads to the FIRST of a series of logical conclusions:

THE UNITED STATES SENATE INTENDS TO SNEAK THE UNITED STATES INTO WORLD GOVERNMENT.

And the people will have nothing to say about it. NOW, IN THE FACE OF WHAT YOU KNOW ABOUT THE COUNCIL ON FOREIGN RELATIONS,

THEIR CAPTIVE FOUNDATIONS AND SUBSIDIZED UNIVERSITIES — MOST PARTICULARLY, HARVARD AND CHICAGO. — THERE MUST BE A REASON FOR YOUR CONDUCT. You have not seen fit — any of you — to EXPLAIN YOUR ACTIONS, and so, — we are justified in searching the records for the answer. The first question that comes to mind is:

"HAS THE UNITED STATES SENATE BEEN TAKEN INTO THE COUNCIL ON FOREIGN RELATIONS OR ANY OF ITS MOST PROMINENT SUBSIDIARIES?"

We know SOME SENATORS ARE MEMBERS. We can understand the conduct of any Senator who is a member of THE COUNCIL ON FOREIGN RELATIONS, — INSTITUTE OF PACIFIC RELATIONS, — FOREIGN POLICY ASSOCIATION or the METRO apparatus at 1313 East 60th Street, Chicago. We would expect members of this outfit to confirm C. F. R. agents to the highest positions in government. And this is rapidly leading to another conclusion. A conclusion so completely horrifying that our minds instinctively shrank from the thought conveyed to us in a letter written one of our members by the man who has become PRESIDENT of the UNITED STATES JOHN F. KENNEDY. This letter is dated June 7, 1960, and follows:

"I am sorry that I have not been able to respond before now to your note of inquiry. Though I am puzzled by your question, I can tell you that I am a member of the Council on For-

sign Relations in New York City. As a long time subscriber to the quarterly, Foreign Affairs, and as a member of the Senate, I was invited to become a member.

I have, however, been unable to attend most of the meetings which are held by the Council in New York, since it is rare that I have time to go to New York for a later afternoon meeting, at which generally a leading world statesman or public figure holds an off-the-record discussion.

With every good wish. Sincerely yours. (Signed) John F. Kennedy.

Let us carefully examine two (2) excerpts from this letter. Mr. Kennedy is "puzzled" by the inquiry as to whether he belongs to THE COUNCIL ON FOREIGN RELATIONS. "Puzzled" about what? That any one should question the propriety of a member of the UNITED STATES SENATE (God help us) being a member of a highly select group of ONE WORLDERS, SUBVERSIVES and PROVEN TRAITORS? Such as Hiss — Harry Dexter White — Leo Pasvolovsk — Cedric Belfrage — Frederick Vanderbilt Field — Stephen and Larrie Dusean — William Remington and the hundreds of others who escaped conviction through the protection of "friendly courts"? The President is not the only one who is muzzled.

Mr. Senator — Could it be — that the "meat" of the letter lies in this sentence — "As a long-time subscriber, etc. I was invited to become a member" of C. F. R. ed. Striking out the extraneous reference to the subscriber to Foreign Affairs (official publication of C. F. R.), we come to this —

"As a MEMBER OF THE SENATE, I WAS INVITED TO BECOME A MEMBER (of C. F. R.) ed. We find an element of sheer horror in the plain implication that ONE BECOMES A MEMBER OF THE COUNCIL ON FOREIGN RELATIONS DUE TO HIS MEMBERSHIP IN THE UNITED STATES SENATE. In the light of the conduct of the Senate during the past (2) months, these words of the President point to CONCLUSION NUMBER TWO. And justifies this question —

"MR. SENATOR — ARE YOU

NOW, OR HAVE YOU EVER BEEN A MEMBER OF THE COUNCIL ON FOREIGN RELATIONS?"

OR OF THE INSTITUTE OF PACIFIC RELATIONS, FOREIGN POLICY ASSOCIATIONS, OR THE METRO NETWORK AT 1313 EAST 60th STREET, CHICAGO, ILL.

Mr. Senator — YOU OWE IT TO ALL THE PEOPLE IN THE UNITED STATES TO ANSWER THIS QUESTION. IN SIMPLE ENGLISH! — "YES" OR "NO". EACH AND EVERY SENATOR SHOULD ANSWER THIS QUESTION WITHOUT ANY PRODDING FROM HIS CONSTITUENCY, AND IF YOU FAIL TO ANSWER, THE PEOPLE SHOULD MAKE THEMSELVES HEARD.

Somewhere within the C. F. R. complex lies the whole responsibility for the disgraceful situation of the United States today. The people are brainwashed and befuddled by a raging torrent of lying propaganda issuing out of New York via Washington, with the whole thing attuned to "Our World" (Kennedy Press Conference 3/23/61) — "Our Commitments" — "Our Responsibilities" but NEVER ONCE — "OUR UNITED STATES. OUR PEOPLE. OUR OWN INTERESTS."

Mr. Senator — do you honestly believe the people are so dumb they do not realize there is more alleged "communist" activity on our doorstep in Cuba than there is in Laos — and the mess in Cuba IS OUR BUSINESS while Laos IS NOT. Do you think we are so dumb we do not know that RUSSIA WILL GET OUT OF CUBA AND LAOS TOO. IF WE SIMPLY WITHDRAW "RECOGNITION"? What about C. F. R.'s GREAT UNITED NATION? WHERE IS IT NOW? WHY DON'T THEY HANDLE RUSSIA AND LAOS? According to the Party Line, we can not interfere in the self-same situation in Laos? The answer is simple — THE FOREIGN POLICY OF THE COUNCIL ON FOREIGN RELATIONS.

Since the COUNCIL ON FOREIGN RELATIONS gang took control of United States money in 1914 — blood of more than a MILLION YOUNG AMERICANS HAS DYED THE S

OF EUROPE AND ASIA. And from that fact, Mr. Senator, you may draw Conclusion Number Three. THERE WILL NOT BE — BECAUSE THERE CANNOT BE — MANY MORE SUCH "CONCLUSIONS". Your failure to apprehend the danger can be based only upon another "conclusion". THE PEOPLE MAY SURPRISE YOU — THEY MAY NOT BE AS DUMB AS YOU THINK. Conservatives throughout the nation stand aghast at the reports and admissions (T. V.) of highly respected, presumably hard-core Conservative Senators forming themselves into a

political "policy committee" for the apparent purpose of supporting NELSON ROCKEFELLER FOR PRESIDENT in 1964. This sort of activity should speedily lead to some more conclusions, to produce remedial effects in 1962. And we close by repeating the question: — ARE YOU NOW — OR HAVE YOU EVER BEEN A MEMBER OF THE COUNCIL ON FOREIGN RELATIONS? May we anticipate an answer? In the name of God and Country, we shall remain. Sincerely,

LETTER NO. 17

They Intend to Rule the World

Dear Senator:

We believe that when one speaks of "communism" or of "communists" the term should be defined. When we use the term — as we seldom do — we mean it as it was defined by John Foster Dulles himself, and in unequivocal terms: —

"COMMUNISTS ARE THE PEOPLE WHO WANT TO RULE THE WORLD."

That is what we mean, and ALL we mean. That is it and that is enough.

Which leads naturally to the question — IS THE COUNCIL ON FOREIGN RELATIONS THE "AMERICAN" BRANCH OF THE GANG WHO WANT TO RULE THE WORLD? AND IS THE "AMERICAN" BRANCH, BECAUSE OF THE VAST WEALTH OF THE AMERICAS, A CONTROLLING INFLUENCE IN THE INTERNATIONAL — THE BILDERBERGERS? More and more people are reaching the conclusion that the answers are "YES"! One thing is sure, Mr. Senator, this theory of "communism" explains why the United States (?) Government LOSES in every showdown with "communism". In every case, — after "the dust has settled", — we learn "IT WAS PLANNED THAT WAY." AND WHO PLANNED IT? Let us say, for sake of argument, that THE COUNCIL ON FOREIGN RELATIONS PLANNED IT. And their AGENTS carried it out. Especially, "DO IT YOURSELF ALLEN" DULLES.

We warned YOU before YOU confirmed Dulles that he was not fit to

hold his position in the State Department. YOU had a wealth of information on his past activities and presumed or alleged "failures" to justify his removal, many times over. But instead YOU have violated YOUR trust — if not actually YOUR oath of office, — by voting hundreds and thousands of millions of taxpayers' dollars for this highly questionable Dulles agency, — to be thrown away, given away or worse — without any accounting. If this man is, as many believe, the most dangerous man in America, — THE BLAME RESTS WITH CONGRESS WHICH HAS PLACED HIM AND HIS AGENCY ABOVE THE LAW AND THE PEOPLE.

We assume YOU know, for there could be no excuse for YOUR failure to know, that Allen Dulles (as was his brother the late John Foster Dulles) is a dedicated exponent of WORLD GOVERNMENT. Allen was prominent in the SOCIALIST movement BEFORE THE COUNCIL ON FOREIGN RELATIONS was organized in 1919, having attained sufficient renown in radical circles to be accepted into Colonel Edward H. House's FIRST "BRAIN-TRUST", known as "THE INQUIRY", which figured out all the ONE WORLD "gimmicks" of THE LEAGUE OF NATIONS.

Within THE COUNCIL ON FOREIGN RELATIONS and in company with such C. F. R. "notables" as Alger Hiss, Leo Pasvolovsky, Owen Lattimore and Philip Jessup, he served on com-

mittees engaged in planning profitable policies for C. F. R. Bigshots,—in making "deals" with our noble "allies" regarding their claims in post-war Europe and Asia. TWO FULL YEARS BEFORE THE UNITED STATES GOT INTO THE WAR (WORLD WAR TWO). For that matter, both he and brother John Foster were busy as bees in Europe prior to America's entry into WORLD WAR ONE. (See WHO'S WHO IN AMERICA) John Foster "buzzing" around the finance centers of Germany and Allen "C.I.A.ing" for somebody in Eastern European "hot spots" until Lenin, in Berne, Switzerland, began having difficulty getting the "Russian Conquest" money out of the banks. Then little old "DO IT YOURSELF" ALLEN appeared on the scene and cleared things up for the side that ALWAYS WINS when he is in charge. His "Intelligence" was working perfectly then as it allegedly DID NOT in:—

1. The North Korean Invasion.
2. The "Communization of China" under the direct supervision of his C. F. R. pals — Marshall, J. Hiss, Lattimore, Jessup, Rusk, Carter, Currie, Vincent, Field and the whole motley Institute of Pacific Relations crew.
3. The Suez Affair.
4. The Sell Out of Hungary.
5. The "Summit" Fiasco.
6. Laos.
7. The Japanese Riots.
8. Cuba.

And it isn't as though the "necessary absences" of John Foster and Allen Dulles from the Washington scene obscured for a second, their vision and grasp of the whole State Department complex. For all these years — since 1942 — sister Eleanor Dulles, another product of the London School of Economics, and Foreign Policy Association, has had a firm hand on the State Department switch. THE COUNCIL ON FOREIGN RELATIONS has been ably represented by the Dulles family — at the taxpayers' expense — both in money and in the blood of his sons and with sometimes hearty, but (secretly)

more often reluctant approval of the United States Senate.

IF YOU do not know, Mr. Senator, YOU can easily find out, that prior to WORLD WAR ONE, C. F. R.'s own pollsters found that less than 20% of the American people favored getting into that war. But we got into it — and not one person in a hundred can tell today WHY. And YOU know that nothing short of THE PEARL HARBOR DEAL could have persuaded them to agree to WORLD WAR TWO. Not one in a hundred really knows anything about that either. WHY? IT WAS "PLANNED THAT WAY."

It was "PLANNED" BY THE COUNCIL ON FOREIGN RELATIONS — FINANCED by a \$139,000 "grant" from THE ROCKEFELLER FOUNDATION (See Annual Report ROCKEFELLER FOUNDATION 1946) which plainly states that C. F. R. intends to stop any "debunking" of WORLD WAR TWO such as that which followed WORLD WAR ONE.

And so they stopped the debunking of WORLD WAR TWO and "book-burned" the debunking of WORLD WAR ONE by financing groups of C. F. R. egg-heads to write THEIR version of these wars (as histories) and plant them in every school and college in the country.

YOU should remember, Mr. Senator, that in the not too distant past the self-appointed "Intelligentsia" of the country were openly boasting in the "kept" press of their prowess in "thought control" as though it were a magic process revealed to them alone. "Thought control" was a fact, — a simple matter of barter and trade. The C. F. R. used the millions of the "captive foundations" to hire their unconscionable agents to write the history of the first half of this century, to lie to students and misrepresent the whole way of life established for us under our Constitution. And high among these thought controllers were the Dulles family — perennially in charge of the State Department, no matter which political party was going through the motions of administration. And it might be noted in passing that Senate approval of the barefaced liar and

South-hating Ed Morrow to a top position in Central Intelligence Agency, has not added public confidence to the "Representatives" of the People.

Despite the cautious "half (or less) truths" of the "Kept" Press,—the people generally, have a fairly clear understanding of who has been pulling all the strings in Cuba today — and for more than SIXTY YEARS. For three-fourths of that time, Cuba has been a miserable pawn in the empirical aspirations of a few COUNCIL ON FOREIGN RELATIONS families, notably the Rockefellers and the Seligmans. They removed Batista and planted Castro and their agents in the United States Government "recognized" him.

And we want to spell out for YOU, Mr. Senator, that which only a moron could fail to understand — especially after the Korean debacle, — neither Russian nor Chinese "communists" — partners in the scheme to "Rule the World" — would DARE set up military operations in Cuba unless they were assured by THE COUNCIL ON FOREIGN RELATIONS Government that they could get away with it. Exactly as they were ASSURED in Korea.

And so "DO IT YOURSELF ALLEN" rounded up a handful of Cuban "expendables" to "try" to take Cuba for the hand-picked Cordona mob, who were part of the hand-picked Castro mob in the beginning — and they accomplished a good propaganda "defeat" for "American" (???) "diplomacy."

Public reaction reached an unexpected

ed heat, — some of which reached into Congress and a Congressional investigation of C.I.A. as threatened. In accordance with the C. F. R. Kennedy promise to "by-pass Congress as much as possible", the President grabbed the ball and tossed it to his brother who really made haste to appoint a hand-picked (by whom) "investigation" for the C. F. R.'s own C.I.A. AND WHO GOT THE ASSIGNMENT? By this time YOU ought to be able to figure it out.

ANOTHER COUNCIL ON FOREIGN RELATIONS AGENT — OF COURSE — GENERAL MAXWELL TAYLOR.

We want to impress upon YOU, Mr. Senator, that THERE WILL NOT BE — BECAUSE THERE CANNOT BE ANY HONOR — TRUTH OF ETHICS IN A 100% KEYNESIAN SOCIALIST GOVERNMENT. UNLESS YOU HAVE GREATER VISION AND COURAGE THAN WE NOW GIVE YOU CREDIT FOR — AND THIS IS A MATTER OF STARK TRAGEDY FOR US. — YOU HAVE LOST YOUR POWER — YOU VOLUNTARILY GAVE IT AWAY WHEN YOU APPROVED THIS BATCH OF KNOWN ONE WORLD-ERS.

The flagrant dishonesty of appointing C.F.R. Taylor to "investigate" C.F.R. "DO IT YOURSELF ALLEN" Dulles and his C.F.R. Agency is just the first of many bitter revelations YOU will have to face — to live with — and except for an undeserved GRACE OF GOD — TO DIE WITH AS YOUR COUNTRY MEETS THE WELL-STACKED CRISIS PREPARED BY THE ENEMY WITHIN.

LETTER NO. 18

The Council on Foreign Relations Wants the United States in World Government

Dear Senator:—

We note with interest how your NO PARTY, C. F. R. KEYNESIAN SOCIALIST chickens are coming home to roost. The Cuban fiasco, which you should know WENT OFF EXACTLY AS PLANNED has brought forth as weird a collection of HAM ACTORS as we have seen since the day of THE NICKLEDEON. From the breast-beating WHITE HOUSE THESPIAN

and his WHIZKID brother through the playboys of C. F. R. ALLEN DULLES' own C. I. A., the ARMED SERVICES' deacons and the stagehands of the SENATE FOREIGN RELATIONS COMMITTEE, — WE HAVE BEEN WITNESSING A GREAT SHOW.

The leading characters — all NO PARTY COUNCIL ON FOREIGN RELATIONS AGENTS — ARE KNOWN TO YOU, — and with the exception of

the few beneficiaries of our corrupt election system, HAVE BEEN HIRED BY THE SENATE WHICH CONFIRMED THEIR APPOINTMENTS.

We assume you read the newspapers, and so you know, from the testimony of THREE former Ambassadors to Cuba, that THE COUNCIL ON FOREIGN RELATIONS STATE DEPARTMENT set Castro up in Cuba, well knowing he was a "communist" which points up AGAIN the pertinent fact—

"COMMUNISTS" ARE THE PEOPLE WHO WANT TO RULE THE WORLD." (JOHN FOSTER DULLES).

THE COUNCIL ON FOREIGN RELATIONS WANTS TO RULE THE WORLD.

And the time had come for THE COUNCIL ON FOREIGN RELATIONS to add Cuba to their rapidly growing WORLD EMPIRE. — IF JUST TO LEARN HOW AMERICA WOULD REACT. They had control of government when Castro was "set up" in the C.F.R. Eisenhower Administration, and they have control now—(thanks to the U. S. Senate) in the C. F. R. Kennedy Administration, and it was natural therefore, that C. F. R. agent Eisenhower should approve everything the C.I.A. and the "Defense" Department had done. After all, ALLEN DULLES and LYMAN LEMNITZER had been big wheels in the alleged "Republican" Administration just as they are now in the equally alleged Democratic Administration.

Mr. Senator — this time we expect you to understand what is going on. We have pointed out to you that which you cannot fail to see—

1. THE COUNCIL ON FOREIGN RELATIONS HAS — FOR YEARS — BEEN RUNNING OUR GOVERNMENT.
2. THE COUNCIL ON FOREIGN RELATIONS IS DETERMINED TO TAKE US INTO WORLD GOVERNMENT.

Now, with this picture clearly drawn for you, — and in the full knowledge that THE COUNCIL ON FOREIGN RELATIONS is dedicated to NO PARTY, YOU—WHO WERE ELECT-

ED AS REPUBLICANS AND DEMOCRATS TURNED OUR GOVERNMENT OVER TO NO PARTY KEYNESIAN SOCIALISTS. The country is making a first payment on the consequences of your conduct — whether it be called folly — cowardice or betrayal. You know that the motley crew to whom you turned over our government were NOT LOYAL DEMOCRATS — THAT THEY HAD NOTHING TO QUALIFY THEM FOR THEIR JOBS. BUT YOU PASSED UP THE THOUSANDS OF GOOD, LOYAL AMERICAN PARTY SUPPORTERS, — AND HIRED THESE PEOPLE WHO ARE OPPOSED TO CONSTITUTIONAL GOVERNMENT.

Now that loyal and patriotic Cubans have been massacred and imprisoned— by much the same method THESE SAME PEOPLE USED TO TRAP THE HUNGARIANS — this brazen C. F. R. outfit is going to "investigate" and permanently "supervise" itself, through C. F. R. agents — ALLEN DULLES and GEN. MAXWELL TAYLOR. Furthermore, if they decided to "retire" ALLEN DULLES, they proclaim an intention to replace him with C. F. R. MAXWELL TAYLOR or C. F. R. agent Gen. James A. Cavan, and under "supervision" of C. F. R. agent JAMES A. KILLIAN. Also included in the act are Chief of Staff (no less) GEN. LYMAN LEMNITZER, C. F. R. agent and mastermind of the well planned Korean debacle, and flitting hither and yon in the background, C. F. R. agent, WILLIAM FULBRIGHT, Chairman of the Senate Foreign Relations Committee. THEY HAVEN'T MISSED A TRICK — AND THERE WERE NO MISTAKES. IT WAS ALL PLANNED THAT WAY. THE FACTS ARE AS PLAIN AS THE NOSE ON YOUR FACE.

At that, the Cuban affair may well be just a smoke screen to distract attention from what COUNCIL ON FOREIGN RELATIONS agent DOUGLAS DILLON, is doing in the alleged "Treasury". We have been told the gold is gone from Fort Knox — if there was any there. It is either stashed among friends in Europe or pledged to them. Now we learn that S. L. R. DILLON'S "Treasury" has been selling off the silver hoard —

which supports our only real currency, the one dollar bill — and selling it in Europe at bargain prices. (See Page A-24444, Congressional Record, April 12, 1961.) The silver supply, according to one Record, has dropped from well over a billion dollars to 112 million. And never a word in the people. The C. F. R. "kept" press has seen to that.

Now comes Congressman Carroll Kearns of Pennsylvania demanding of the newly stacked Rules Committee that Congressmen be allowed to make a survey of the Fort Knox situation to see where we stand. He says the former Treasurer of the United States, Ivy Baker Priest told him she had a hard time to get a "peek" into the Fort. He says, also that at present there is a law which prohibits Congress from checking up on Fort Knox.

Mr. Senator — this mess points once again to the evils of THE FEDERAL RESERVE SYSTEM, for to us it is apparent that if it is recognized that the gold belongs (or belonged) to the people — the "government" or the Treasury, — then Congress has not only a right but a duty to check up on it. But if, — as we suspect, it is recognized that the gold hoard is — (and was) the property of the PRIVATELY OWNED FEDERAL RESERVE BANKS, — then it is none of Congress' business what, if anything, is in Fort Knox. UNDER OUR CONSTITUTION IT IS AS SIMPLE AS THAT.

This situation brings us back WITH A BANG TO THE UNPAYABLE FEDERAL DEBT held by THE C. F. R. FEDERAL RESERVE CROWD, and their claim that everything in America is mortgaged to them. You know how very much of that mortgage is overdue — and YOU KNOW THOSE BOYS INTEND TO COLLECT. BUT HOW?

They would NEVER DARE come right out and foreclose on our homes, businesses, cars, etc. But while like the Korean — Hungarian and Cuban outrages are going on, THEY ARE QUIETLY PERSUADING CONGRESS TO APPROVE THE WORLD COURT. WHY?

Well just suppose these MIGHTY QUESTIONABLE I. O. U.'s known as

Government Bonds with THE WORLD BANK. And THE WORLD BANK then foreclosed through THE WORLD COURT. That would be exactly what they want — we would be in WORLD GOVERNMENT then — as C. F. R. agent, James Warburg, so confidently stated — "Whether we like it or not". Prior to that time there can be as many "trial balloons" as there are Latin American countries. And we, sitting here COMPLETELY LEADERLESS AND WITHOUT ANY GOVERNMENT OF OUR OWN, — BY COURTESY OF THE UNITED STATES SENATE.

Just listen to THE COUNCIL ON FOREIGN RELATIONS' propaganda pouring from every T.V. screen urging the betrayed people to brainwash themselves still further by purchasing the book, "GOALS FOR AMERICANS", put out by our destroyers.

About a year ago, Eisenhower "appointed" a "Goals Commission" to decide for us what we will get in the next ten years. C. F. R. President Kennedy "accepted" the "goals established by" this "commission" composed of TEN COUNCIL ON FOREIGN RELATIONS' agents:—

LETTER. 19

The Disarmament Agency

Dear Senator:—

Since last September — well before the Presidential election — we have been trying, through our OPEN LETTERS TO A UNITED STATES SENATOR, to educate you, in easy lessons, on the subject commonly called "communism" but which actually is, as John Foster Dulles plainly stated, A PLAN TO RULE THE WORLD — WORLD GOVERNMENT.

The "plan" is so completely diabolical as to paralyze the thinking processes of the average, unsuspecting citizen. And yet its success is practically assured. We had informed you — pleaded with you, reprimanded you and warned you of what was going on — we even named those who are destroying our country. And we did this in plenty of time, but you ignored us — and thousands of other informed constituents, and CONFIRMED FOR ALL THE HIGHEST POSITIONS IN GOVERNMENT, THE VERY PEOPLE WE HAD NAMED.

We had called, forcefully to your attention, the brazenly declared plans of the Chief executive and his brother, to "by-pass Congress as much as possible" and to rule by "Executive Order", — orders which, you well know, do not — and for many years have not — originated in the mind of the "Executive" but have come straight from the PRESIDIUM — THE COUNCIL ON FOREIGN RELATIONS, and to be put into effect by the thousands of trained agents of this treasonous organization in "our" government.

A "lead" Editorial in the June, 1961 issue of THE AGE, an official organ of MASONRY entitled "THREAT TO OUR SOVEREIGNTY", plainly shows that the Editor has been thoroughly aroused by just one of the many C. F. R. manipulations within "our" government. For the benefit of the Masons, in and out of Congress, we reprint the editorial (emphasis ours):—

Under date of April 15, 1961, the National Economic Council reported the creation by EXECUTIVE ORDER of the United States Disarmament Administration an agency which was described as "the propaganda arm of the State Department." Its duties include the consideration of all phases of disarmament including the complete abandonment of nuclear weapons and the establishment of "another kind of world, with INTERNATIONAL LAW, INTERNATIONAL TRIBUNAL, and INTERNATIONAL CONCEPT." The objective is said to be "international security with an INTERNATIONAL POLICE FORCE."

A so-called "briefing session" in REALITY part of an INDOCTRINATION COURSE in internationalism, was reported to have been held at the State Department on March 23, 1961, at which about 75 persons representing NON-GOVERNMENTAL GROUPS attended upon INVITATION. Those attending were admonished to work for a permanent disarmament organization through LEGISLATIVE PROCESS. Among these groups were the United World Federalists, Americans for Democratic Action, Women's International League for Peace, American Association for the United Nations, Federation of American Scientists, Twentieth Century Fund, United Automobile Workers, and the General Federation of Women's Groups. It was specifically stated that admission to this session was REFUSED TO CERTAIN CONSERVATIVE PATRIOTIC GROUPS. The Deputy Director of the Disarmament Administration, E. A. Gullion, was in charge assisted by other State Department employees.

It is highly important for our people to know that this group of paid government officials with \$400,000 of State Department funds immediately in hand is asking for an additional \$600,000 from Congress for the pur-

pose of expediting the substituting for our present constitutional republican form of government a WORLD GOVERNMENT that COULD SUCCEED ONLY IN SHACKLING US TO A TOTALITARIAN TYRANNY. It is worth noting that Mr. Gullion explained that "it was difficult to work under the 18th century Constitution." It should also be remembered that State Department officials are known to favor abandonment of the Connally Reservation, a step that would place this nation completely in the power of communism by way of the International Court, an arm of the United Nations.

Mr. Gullion's alleged further statement that the Disarmament Administration MUST NOT BE RESPONSIBLE TO THE CONGRESS OR TO THE WHITE HOUSE, BUT ONLY TO THE SECRETARY OF STATE demands critical analysis for its implicit content. Here seems to be clearly outlined a plan for the unhampered acquisition of governmental control by non-elective officials in no way responsible for their actions, either directly or indirectly, to the electorate. It could mean only the eventual complete suspension of all our constitutional rights as we have known and understand them for nearly two centuries.

It is equally important to know that patriotic groups HAVING THE NATIONAL INTEREST AT HEART were NOT only NOT asked to attend this meeting but were VIRTUALLY PROHIBITED FROM DOING SO. It would seem to be quite obvious that these officials hope to accomplish unobserved a purpose they could not undertake openly.

Public Law No. 85-474 of the 85th Congress, as amended, forbids the use of public tax funds for the purpose of advancing the cause of world government. These "briefing sessions" are reported to have been carried on for years by the Department with no newspaper publicity and almost no invitations having been offered to strongly conservative patriotic organizations. Those who have regard for their own freedom and in the maintenance unimpaired of our national sovereignty should ask their elected representatives in Congress what they can and

will do about this new threat to our liberty.

N. S. Meese

1. In State Department double talk, "INTERNATIONAL POLICE FORCE" means UNITED NATIONS ARMY under direct command of the RUSSIAN ARKADOV (See OPEN LETTER No. 5).

2. Meaning these pressure groups must persuade Congress to wipe out any protection still remaining for us.

3. You were warned about the \$400,000 appropriation. Need we repeat the warning?

4. All the "Secretaries of State", except Cordell Hull and James F. Byrnes (Southerners) in the last 50 years, have come from THE COUNCIL ON FOREIGN RELATIONS.

5. The whole C. F. R. government is accomplishing through the cooperation of their "kept press" — "unobserved, a purpose which they could not undertake openly."

So there you have it. Other groups and other organizations are going to learn, at this very date, what the MASONS must learn from this inspired and inspiring editorial.

And WE KNOW THIS, Mr. Senator — IF THE MASONS AS A GROUP, FULLY RECOGNIZE THE PORTENT OF THIS EDITORIAL — THEY CAN — BECAUSE OF THEIR ENORMOUS PRESTIGE — BRING ABOUT THE SALVATION OF THEIR COUNTRY.

The need only to understand that, as John Foster Dulles said, "COMMUNISTS ARE THE PEOPLE WHO WANT TO RULE THE WORLD." And that THE COUNCIL ON FOREIGN RELATIONS IS THE AMERICAN (?) (AND DEMOCRATIC) BRANCH OF WORLD GOVERNMENT. That THE COUNCIL ON FOREIGN RELATIONS has placed its trained member agents in every big job in the "American" government, and that COUNCIL ON FOREIGN RELATIONS MEMBERS ARE NO PARTY — NO RELIGION — NO NATIONALITY.

And finally — that the UNITED STATES SENATE HAS PERMITTED A WHOLE GOVERNMENT OF THESE PEOPLE TO BE PLACED

LETTER NO. 20

MacArthur, Eisenhower, Et Al

Dear Senator:—

It appears that THE COUNCIL ON FOREIGN RELATIONS' Government and all its imps and agents are out to see just how far they can go and how much they can get away with. You have them in the saddle and they are driving for hell. We are about to witness another "show-down", this time using the C. F. R. controlled United States "Army" as a "front". YOU placed in charge of "our" armed services such men as Lyman Lemnitzer and Curtis LeMay. We know what to expect of them. But here again, nobody knows just what to expect of the "Congress."

Then U. P. I. has just announced the publication of a scurrilous book allegedly written by a character named Roy E. Appleman, in which he seeks to destroy the reputation of the GREATEST MILITARY MAN EVER TO WEAR THE UNIFORM OF THE UNITED STATES. — GENERAL DOUGLAS MacARTHUR. And this vicious, lying propaganda is being offered the public as an "Official ARMY History of the Korean War." One purpose of this epic may be to whitewash the completely irresponsible activities of a more or less incriminated Harry Truman. — but a far more likely purpose it is to get Harry's principal adviser DEAN RUSK, I.P.R., off the hook. The people know, Mr. Senator, as we predict you will soon find out — that MacARTHUR was a REAL GENERAL.

And before we proceed to repeat for

they will move swiftly to assert leadership for our betrayed nation.

MR. SENATOR — YOU NEED HELP — URGENTLY. GO TO YOUR FRATERNAL ORGANIZATIONS. PUT THE CARDS ON THE TABLE AND ASK FOR HELP FOR YOUR COUNTRY AND ITS PEOPLE.

DON'T WAIT FOR THE HORRORS OF CUBA AND SANTO DOMINGO TO SPREAD. GET HELP NOW. AND BEGIN TO TAKE BACK THE POWER VESTED IN YOU BY THE "18TH CENTURY CONSTITUTION."

you the part played by C. F. R.'s United Nations in Korea, let us consider for a moment ANOTHER KIND OF GENERAL — A SYNTHETIC "GENERAL" built up by the Madison Avenue propaganda machines of C.F.R. as a "GREAT MILITARY HERO." An old line COUNCIL ON FOREIGN RELATIONS Agent, Dwight D. Eisenhower, either through ignorance, stupidity or plain shiftlessness WAS NEVER ABLE TO ACHIEVE THE STATUS OF GENERAL — NOT EVEN A ONE STAR!

But THE COUNCIL ON FOREIGN RELATIONS had plans for him. Mr. Senator, we expect you to understand that having planned the whole World War Two, even to the Post War Settlements — TWO FULL YEARS BEFORE WE GOT INTO THE WAR — THEY KNEW WHO WAS GOING TO BE IN CHARGE. And so Mr. Roosevelt pinned FOUR STARS ON IKE AT ONE TIME. Now his Lieutenant General did not have one bit more capacity the day after he received those four stars than he had the day before he got them.

And so, in appointing him "Supreme Commander" in Europe, were we not in effect — placing a mere Lieutenant General in charge of "our" Armed Forces? According to Lord Allenby, he spent most of his time on the golf course and "let the war run itself". Only the war did not "run itself", — not with such characters as Joe Barnes, Cedric Belfrage ("communist" editor in exile), Philip Jessup and others of

like kind hanging around headquarters. They weren't sent there to play golf. Nor, for that matter, was the "female chauffeur", Kay Summersley.

Lack of space prevents discussion of THE FIFTH STAR — the \$100,000 BEJEWELLED ONE HE GOT IN MOSCOW, which is probably what Robert Welch had in mind when he wrote "The Politician". What Stalin had in mind at that time was the surrender of the millions of Russian and German Prisoners of War — among whom were the German scientists so badly needed in Russia.

Now you will remember, Mr. Senator, that we had promised these prisoners sanctuary when they surrendered. And under International Law, they could not be sent back to certain death or slavery. But on October 24th, 1945, the United Nations went into effect and on November 19th, Eisenhower became Chief of Staff. One month later Ike sent those poor prisoners to Stalin — OPERATION KEELHAUL — REMEMBER? And we point out to you in passing, that COUNCIL ON FOREIGN RELATIONS AGENTS ALWAYS BECOME CHIEF OF STAFF in this generation! — MARSHALL EISENHOWER, GREUNTHER, MAXWELL TAYLOR, LYMAN LEMNITZER. Now really, Mr. Senator, isn't this a heck of a way to run the army?

And YOU KNOW who turned East Germany over to the "communists". It was C. F. R.'s GREAT MILITARY HERO. Who ever heard of a single "heroic" act being attributed to the FOUR STAR LIEUTENANT? When we hear a charge that the Eisenhower brothers and the Dulles brothers were members of the communist underground, WE JUST WONDER! All of them belong to THE COUNCIL ON FOREIGN RELATIONS. And it certainly is an UNDERGROUND OPERATION. IT IS THE SEAT OF THE WORLD GOVERNMENT CONSPIRACY, and

JOHN FOSTER DULLES HIMSELF SAID, "COMMUNISTS ARE THE PEOPLE WHO WANT TO RULE THE WORLD."

Other things come to mind: John Foster Dulles made Alger Hiss Chair-

man of the Carnegie Foundation for International Peace while John Foster Dulles, Philip Jessup and Ike — THE GREAT MILITARY HERO — served on the Board. John Foster's law partner, Arthur H. Dean, was a Director of the Institute of Pacific Relations which engineered the "communization" of China, and who later "sat on the lid" in Korea waiting for Ike to go over and finish the job. Alger Hiss' brother, Donald, was the law partner of Dean Acheson. But don't get any ideas about "guilt by association." This was just a cozy little case of birds of a feather serving their C. F. R. masters — for the whole lot of them belonged to THE COUNCIL ON FOREIGN RELATIONS. Just as other C. F. R. birds of the same hue set up "communism" in Cuba — the same John Foster Dulles and Brother Allen, Dean Rusk, Christian Herter, Loy Henderson, George Messersmith, Richard M. Bissell, Jr., etc.

The United Nations, as was its predecessor, the League of Nations, — is the offspring of THE COUNCIL ON FOREIGN RELATIONS. Forty-three (43) members of the C. F. R. were among the top echelon of the "American" Delegation. Alger Hiss, Leo Pasvolosky and V. M. Molotov wrote the Charter which unveiled at the San Francisco Conference — and the Russian-born "communist" agent, Leo Pasvolosky, stood up on the floor of "our" Senate and "explained" to the distinguished colleagues as much of the Charter as he felt they ought to know. Not a single Senator had read the Charter — THAT is evident from the reports in the Congressional Record of that day.

The part he DID NOT "explain" was that which must be stressed, OVER AND OVER AGAIN — THE MILITARY SET-UP IN THE UNITED NATIONS WHICH WAS AGREED TO BY "THE AMERICAN DELEGATE", ALGER HISS, WHEREBY THE "COMMANDER-IN-CHIEF" — KNOWN FOR PURPOSE OF CONFUSION AS "THE UNDERSECRETARY FOR POLITICAL AND SECURITY COUNCIL AFFAIRS" — IN FULL CHARGE OF ALL U. N. MILITARY OPERATIONS.

And so he has always been. There have been SIX of these "Supreme Com-

manders" and ALL have been "communists":

SOBELOV, CHERNUCHEV, DOBYRIN, ZYNCHENKO, DRAGOSLAV, ARKADOV

AND THIS, MR. SENATOR — IS THE MOST IMPORTANT FACT IN OUR LIVES TODAY. THE RUSSIAN, ARKADOV, IS HEAD OF THE UNITED NATIONS' WAR-MAKING MACHINERY RIGHT NOW — AND AT THE REQUEST OF THE "AMERICAN" DELEGATE, CASTRO'S CHARGES AGAINST US HAVE ALREADY BEEN REFERRED TO THAT DEPARTMENT. AND WHY did we not learn of this from the "kept" C. F. R. Press? We did — they told us that Castro's charges "had been referred to the political committee at the request of the American Delegate to the United Nations." IS THIS TELLING THE PEOPLE THE TRUTH — THE WHOLE TRUTH? WHO COULD BE EXPECTED TO UNDERSTAND THAT? This is how they have reported the events of the last forty years, — while their masters (and owners) were propagandizing the Congress to expropriate the property and earnings of the American People to build up THEIR WORLD GOVERNMENT EMPIRE through the force of "Foreign Aid." The United Nations and "Foreign Aid" have just about "done us in."

At the time of the Korean War — which was "set up" by Dean Acheson and his fellow members of THE COUNCIL ON FOREIGN RELATIONS, through another force — the "boycotting" Russian Delegation of the U. N. — they were doing their "boycotting" in a hotel within gunshot of the United Nations' building and working closely with "The American Delegation", while the whole treasonous outfit went through the motions of debating us into the Korean War. No amount of "Army" inspired lying or double talk can wipe out this fact —

FIRST ARKADY SOBELOV AND THEN KONSTANTIN ZYNCHENKO WERE SUPREME COMMANDERS IN UNITED NATIONS HEADQUARTERS WHILE RED CHINESE — FULLY INFORMED BY SOBELOV AND

ZYNCHENKO, WERE MURDERING OUR SOLDIERS IN THE WASTES OF KOREA.

Mr. Senator — YOU HAVE NOT FORGOTTEN THE PICTURES OF THE BODIES OF OUR DEAD SOLDIERS PILED HIGH, AND WITH THEIR HANDS TIED BEHIND THEIR BACKS. YOU HAVE NOT FORGOTTEN THE INCHEON LANDING WHICH ONLY SUCCEEDED BECAUSE MACARTHUR DECIDED THIS FOR HIMSELF. Sobelov was not informed about this. — MacArthur and his brave men would have been slain. YOU REMEMBER, TOO, THAT SOMEBODY — UNIDENTIFIED TO THIS DAY — REFUSED TO ALLOW MACARTHUR TO BOMB THE ENEMY SUPPLY LINES. YOU KNOW, MR. SENATOR, THAT THIS WAS THE STRANGEST WAR IN HISTORY — THE WAR IN WHICH

THE UNITED STATES' ARMIES FOUGHT UNDER AN OFFICIAL ENEMY COMMAND.

This whole treasonous mess is a product of THE COUNCIL ON FOREIGN RELATIONS. Their members were in EVERY KEY POST. And having "our" Treasury in hand, the C. F. R. agent, Herbert Lesman — and more particularly Harry Dexter White, who sent our money plates to Russia during World War Two and they never came back), they — THE C. F. R. decided that history — first the History of World War Two and later an All American History — should be rewritten to suit THEIR interests. And so this plan was launched with an initial "grant" of \$139,000 from the Rockefeller Foundation to THE COUNCIL ON FOREIGN RELATIONS. (See Page 88 Annual Report, Rockefeller Foundation — 1946.)

C. F. R. Agent William Langer drew the assignment to write the first history destroying book, "History of World War Two," and he was given a leave of absence for the job in order that he might go to England to collaborate with Professor Arnold Toynbee. This Toynbee character appeared on "Meet the Press", June 11, 1961, and declared forcefully for WORLD GOVERNMENT. He also proclaimed Khrushchev a great humanitarian.

Knowing Mr. "K", you can now understand what a ONE WORLDER means by humanitarian.

Top ranking American historians protested IN VAIN. The greatest of them all—Dr. Charles Austin Beard, said in part — "The Rockefeller Foundation and THE COUNCIL ON FOREIGN RELATIONS intend to prevent, if they can, a repetition of what they call, in the vernacular, 'The Debunking Journalistic Campaign' which followed World War One . . . A state of abject terror and intimidation exists among the MAJORITY of professional AMERICAN HISTORIANS whose views accord with the facts on the question of responsibility for the Second World War."

Mr. Senator — HOW CAN YOU IGNORE SUCH CHARGES AS THESE? YOU KNOW THERE IS SOMETHING DANGEROUSLY WRONG ABOUT "OUR" WHOLE GOVERNMENTAL STRUCTURE. WHY DO YOU NOT STOP GIVING AWAY "OUR" MONEY AND TAKE STEPS TO FIND OUT WHY THE MORE WE SPEND, THE FASTER "COMMUNISM" SPREADS. Maybe you believe this just happens. But we are convinced IT WAS PLANNED THAT WAY. We have been fin-

ancing it ALL OVER THE WORLD.

The final straw must be placed on the back of the American camel. And the "Army" attempt to destroy the reputation of its own GREATEST COMMANDER — A REAL AMERICAN COMMANDER — may well be that last straw.

Can you not see that the policy of having the "Army" or any other branch of the military, WRITE ITS OWN VERSION OF "HISTORY" involving its own operations is completely ridiculous? WHO AUTHORIZED THE "ARMY" TO WRITE "HISTORY"—THE APPLE-MAN VERSION, or any other? Did the Congress create this "history" writing agency—did the Congress finance it—or is it just another C.F.R. "Committee" lifted bodily into the Pentagon GREATER NEBR G 1 PAGE 105 B and financed by Foundation funds? We are entitled to know — and WE EXPECT YOU TO TELL US.

THIS WHOLE MESS MUST BE INVESTIGATED. IF THE CONGRESS WILL NOT — OR DARE NOT — A WAY MUST BE FOUND BY THE PEOPLE THEMSELVES. HOW LONG SHALL WE SUBMIT TO THIS — "OH LORD! HOW LONG"

LETTER NO. 21

Always A Communist at Head of U. N. Forces

Dear Senator:—

HOW do you like the mess we have in Cuba NOW? We, here in Florida — under the gun, as it were — are getting pretty well fed up with it. But we are not going to do anything about it. We are not going to be heard or recognized — and NEITHER ARE YOU — not even the "handful" of you who sincerely wish that you could.

Just as a gang of half-starved Red Chinese backed "our" armed forces down in Korea — a half-baked hoodigan in Cuba kidnaps our citizens and high-jacks our planes right out of the skies over Tampa, and all that happens is a stream of yackety-yack from a few politicians coming up for reelection next year and grabbing headlines anywhere they can get them.

Now INFORMED people know that

the Red Chinese and the Cuban hoodigan committed their crimes against us by reason of TWO PLAIN FACTS:—

1. THEY WERE ASSURED THEY COULD GET AWAY WITH IT.
2. WE BELONG TO THE UNITED NATIONS AND BECAUSE WE DO, WE ARE PREVENTED FROM DEFENDING OURSELVES ANY WHERE — ANYTIME.

We have pointed this out to you before, but either you DID NOT CARE WHAT HAPPENED or YOU WILL HAVE TO FEEL THE GUN IN YOUR OWN RIBS BEFORE YOU COME OUT OF THE KRONHEIM HAZE LONG ENOUGH TO USE THE BRAINS GOD GAVE YOU.

We presume you noted, that even while our kidnapped citizens were being held captive in Havana, the chief

spokesman for THE COUNCIL ON FOREIGN RELATIONS "Administration" was giving out with some big talk about what "we" are going to do to "the Russians" in Berlin after he gets YOU to give him BILLIONS OF DOLLARS "we do not have. BUT NOT A WORD ABOUT WHAT "WE" ARE GOING TO DO ABOUT CUBA? Why? Let us spell it out for you in the off-chance you do not know. And certainly the Senators talking about "The Monroe Doctrine" are trying to convey the impression they do not know.

As we told you before, under the Charter of the United Nations, which was adopted as a treaty by a previous "Senate", WE, as signatories — are prohibited from using force against any country — even if we are attacked except such force as is necessary as a holding action, until the United Nations can get into the act. This is plainly set forth in Article 51. Furthermore, the Commander-in-Chief of the United Nations Forces — about 99% American — IS NOW, AND ALWAYS HAS BEEN A "COMMUNIST". There have been six of them as follows:—

SOBELOV, ZYNCHENKO, CHERNYCHEV, DRAGOSLAV, DOBY, RIN, ARKADOV
ALL COMMUNISTS.

And so, in order to put Senor Castro in his place — provided of course, the C. F. R. Administration CONFIRMED BY YOU, really wanted anything but what we have — we would have to ask the United Nations to "please Mister" do something about this bum Castro before he launches his Red Chinese and Russian arms and armies against us — or begins loading the people of Florida and Georgia on slave ships bound for Havana or Siberia.

That is how things stand, Mr. Senator, and YOU are to blame in this instance. YOU insisted upon turning Keynesian Socialists, well knowing "our" government over to C. F. R.'s they had been scheming for years to get us into WORLD GOVERNMENT to be ruled by them, and to get up one deal right after another to push smaller and weaker nations "behind the Iron Curtain", which is their Madison

Avenue blurb for absorbing them into their WORLD GOVERNMENT. And just as THEY absorbed Cuba, THEY intend to absorb all Latin America and then "SURRENDER" this Nation.

It might be wise for you to ponder this Cuba mess. It just might get out of hand. And we ask that you, also, ponder some of the background — which was no coincidence — IT WAS PLANNED, ALL PLANNED IN SUCH A WAY WE CANNOT POSSIBLY WIN, UNLESS YOU GET US OUT OF THE UNITED NATIONS faster than your predecessors got us in. And that speed, Mr. Senator — was something to behold.

As we have said, the only way we can handle Castro at this moment in history is to ask the United Nations with its "COMMUNIST" Commander-in-Chief to take care of it for us. But, BEFORE THE KIDNAPPING AND HIGH-JACKING TOOK PLACE — THE C. F. R. ADMINISTRATION ARRANGED TO PUT US IN THE POSITION OF AGGRESSOR. Not enough to hurt Senor Castro, you understand — but just enough to put us in the wrong. "We" financed, trained and "equipped" an army to invade Cuba. Of course, "we" sold out the invading army, as you well know — but "we" were in clear violation of the United Nations Charter. That, of course, is all right when it suits C. F. R. purposes. But when it comes to actually invading Cuba in defense or protection of the interests of the United States, you will hear the pious C. F. R. boys in the "Administration" proclaiming the sanctity of the United Nations Charter.

And so — as YOU "sowed the wind" when you established this Keynesian Socialist ONE WORLD GOVERNMENT, despite the protests of THOUSANDS OF INFORMED constituents, SOMEBODY is about to "reap the whirlwind." Just WHO do YOU think that SOMEBODY should be?

Don't you fellows realize the brass required to ask Democrats and Republicans to re-elect men who have turned their country over to Socialists? The way things are going now, you are going to be forced to face reality. The people have awakened and the grass-

roots are afire. Blazing with resentment, indignation and righteous wrath.

Now, as a matter of simple common sense, would you not think that when, in 1947 — two (2) short years after the adoption of the strongest "treaty" in history, the United Nations Charter — its two (2) authors, ALGERS HISS and LEO PASVOLSKY, were exposed as rank TRAITORS to this country, THE SENATE WOULD HAVE TAKEN ANOTHER LOOK AT THE CHARTER PUT ACROSS BY THEM? Maybe YOU know better than to expect any such concern for the nation's welfare, but we can assure you that your constituents, unaware of how little you know about the legislation you act upon, would expect at least that.

And so, Mr. Senator — just as we warned you in plenty of time against the C. F. R. agents to whom you turned over "our" government — we come now to point out to you that YOU NOW HAVE ANOTHER CHANCE TO WIPE OUT THIS CRIME OF THE AGES.

YOU CAN — AND YOU SHOULD RIGHT NOW — REVIEW THE C. F. R. HISS-PASVOLSKY UNITED NATIONS CHARTER. Just study that thing for one day and ask yourself if you could, in good conscience, vote for such a mess.

If you find that you would not vote for it NOW — then it is YOUR SACRED DUTY TO PROCEED IMMEDIATELY TO REPEAL OR REPUDIATE IT.

If you do, we can handle Castro. We probably would not have to make a move. Castro and his gang, together with the Red Chinese and Russians, would flee Cuba and the Western Hemisphere before C. F. R. could say "Rockefeller." And with the United Nations and its FOOL CHARTER OUT OF BUSINESS, THE CONSTITUTION WOULD ONCE MORE BECOME "THE LAW OF THE LAND" AND THE MONROE DOCTRINE WOULD APPLY.

Mr. Senator — we don't believe you doubt that a Russian "communist" is always in command of the United Nations Armies, but a prominent retired Admiral did. He just could not believe

it — and so, he wrote the "American" Representative in United Nations, and this is the reply he got after nearly a month:—

Dear Admiral

Mr. Stevenson has asked me to thank you for your letter of March 10, inquiring about the alleged understanding that a Soviet national would be the Assistant Secretary General for Political and Security Council Affairs under the Secretary General of the United Nations.

I have looked up the passage which you cited in Mr. Lie's book IN THE CAUSE OF PEACE. I note that he says that both Mr. Vishinsky for the Soviet Union and Mr. Stettinius for the United States spoke to him of such an agreement, as a result of which he did in fact appoint a Soviet national to this post. You will also note his statement (p. 4546) that "both Mr. Stettinius and the French stressed that their agreement to the Soviet post was a limited one, designed to get the Secretariat off to a good start. It was not understood that a permanent lien on the office of Assistant Secretary General for Security Council Affairs was granted to the Soviet Union. My understanding of the arrangements, accordingly, was that it was meant to apply for the five years which it should serve as Secretary General. . . . It would not necessarily apply after that."

As far as our records show at the United States Mission, no agreement or understanding has ever existed that this or any other post in the Secretariat should always be filled by a Soviet national.

As far as practice is concerned, it is true that from the beginning this particular Assistant Secretary General (now called Under Secretary) has been a Soviet national. This is a matter entirely within the authority of the Secretary General, whose basic guidance in the selection of his staff

comes from article 101 of the Charter as follows:—

"1. The staff shall be appointed by the Secretary General under regulations established by the General Assembly . . .

3. The paramount consideration in the employment of the staff and in the determination of the conditions of service shall be the necessity of securing the highest standards of efficiency, competence, and integrity. Due regard shall be paid to the importance of recruiting the staff on as wide a geographical basis as possible."

Three of Mr. Hammarskjöld's top staff — Mr. Andrew Cordier, his Executive Assistant; Dr. Ralph J. Bunche, Under Secretary for Special Political Affairs; and Mr. David B. Vaughn, Director of General Services — are United States nationals.

Sincerely yours,

LETTER NO 22

Cuban Situation Intolerable

Dear Senator:

Some of our members recently attended a meeting of the United Nations Association where former Senator Claude Pepper was the speaker of the evening. After rehearsing his great devotion to the U. N. and "peace", — his long and strenuous efforts in the "cause", — he was inadvertently put on the well known "spot" by sincere gullibles of his own "persuasion". These poor dupes were a sure United Nations was a PANACEA OF PEACE — that — in effect — it was "on the level". But Mr. Pepper — for once in his life — came clean.

He admitted freely, that the situation in Cuba is INTOLERABLE — but, says the ex-Senator—

The United Nations can do nothing about it.

The O. A. S. can do nothing about it.

So you see, the United Nations ADMITS THERE WAS A DEAL, but the DEAL IS NOT ON THE RECORD. Mr. Lee says it was his understanding the deal was for five (5) years "only", but they CANNOT EXPLAIN WHY IT HAS REMAINED IN EFFECT ALL THESE YEARS. And their story is that the Secretary General selects for this "service" men representing "the highest standards of efficiency, competence and integrity." AND THOSE VIRTUES, BY UNITED NATIONS STANDARDS, ARE FOUND ONLY IN RUSSIAN "COMMUNISTS."

We have a right to assume, in the light of what is happening, the approaching elections and the charges here stated, that you will — each of you — except those dedicated to C.F.R. and a WORLD GOVERNMENT, get a copy of the United Nations Charter with the amendments — read the thing — then let us judge from your actions whether you are WITH US OR AGAINST US. THERE IS NO MIDDLE GROUND — NO FENCE TO STRADDLE.

And he does not know how the Monroe Doctrine could help.

Pressed by persistent and intelligent questioning from his own dupes, — he explained that, as we have been telling you — as a member of the United Nations — Article 51 — EVEN IN CASE OF ATTACK, WE WOULD NOT BE PERMITTED TO WAGE WAR AGAINST OUR ATTACKER. We are pledged to prefer charges in the U. N. and depend upon them to side with us and to defend us — just as far as they care to go in such defense. And Mr. Pepper declared that as yet, there was no ground for U. N. action. We were not under attack — and CUBA HAD PREFERRED CHARGES AGAINST US without asking for intervention by U. N.

The ex-Senator explained that we can get no help from the ORDER OF AMERICAN STATES, because, under

this peculiar set-up, "UNANIMOUS CONSENT" is required for action.

As to his statement that he did not know how the Monroe Doctrine could apply, — we charge that Mr. Pepper was deliberately "HOLDING OUT" on his misled supporters. HE KNOWS AS MUCH ABOUT THE U. N. CHARTER AS ANYBODY. He proudly admits it. And so he knows about—

ARTICLE 103—"IN THE EVENT OF A CONFLICT BETWEEN THE OBLIGATIONS OF THE MEMBERS OF THE UNITED NATIONS UNDER THE PRESENT CHARTER AND THEIR OBLIGATIONS UNDER ANY OTHER INTERNATIONAL

AGREEMENT, THEIR OBLIGATIONS UNDER THE PRESENT CHARTER SHALL PREVAIL."

Under the Monroe Doctrine, the United States guaranteed the security of the Western Hemisphere against the "attempt of any European power to extend their system (of government) in this hemisphere". And under the Monroe Doctrine, that DEFINITELY MEANT RUSSIA and RED CHINA. But, as you can plainly see—

THE MONROE DOCTRINE WAS ABOLISHED BY ARTICLE 103 OF THE U. N. CHARTER.

It was very clear to us, Mr. Senator, that the overwhelming majority of the "dedicated Liberals" in Mr. Pepper's audience — WHEN THE CHIPS WERE DOWN — felt exactly as we do. THEY WANT A FREE AND INDEPENDENT UNITED STATES. THEY WANT TO BE ABLE TO PROTECT AND DEFEND "OUR" NATION. These, the militant and vocal dupes who have done so much to destroy it.

It was quite evident this audience did not think much of the O. A. S. on the basis of Mr. Pepper's description of its modus operandi. And yet, according to United States Government (Printing to United States Government) Organization Manual, — 1960-61 — Pages 525 — the ORGANIZATION OF AMERICAN STATES "IS A REGIONAL AGENCY WITHIN THE UNITED NATIONS." See further — Chapter 8 — Articles 32-53-54, wherein the U. N. recognizes these "REGIONAL AGENCIES" as vehicles for the ENFORCE-

MENT OF UNITED NATIONS POLICY.

In our last letter we urged that each of you READ — STUDY — THE U. N. CHARTER. If you have not done so, we urge again that you do and decide for yourself whether this thing squares with your idea of a treaty. It is being accepted in the very highest echelons of government as a treaty adopted as such by THE UNITED STATES SENATE.

And consider well, the proposition that this alleged treaty has CHANGED OUR FORM OF GOVERNMENT WITHOUT THE KNOWLEDGE OR CONSENT OF THE PEOPLE.

Worse still — it has taken away our inherent right of SELF DEFENSE — it has OPENED OUR "TREASURY" TO THE U. N. BY GRANTING THEM THE RIGHT TO ASSESS COSTS — CHARGES AND OTHER LEVIES AGAINST US. IT COMPELS US TO FURNISH MILITARY FORCES TO FIGHT ANY WAR THEY ENGAGE IN — EVEN AGAINST OUR FRIENDS (IF WE HAVE ANY FRIENDS LEFT) — AND IT COULD VERY WELL BE — AGAINST OURSELVES.

YOU TRUE SOUTHERN SENATORS — study this "thing" most carefully. If the "North" as represented by THE COUNCIL ON FOREIGN RELATIONS Administration should prefer charges against a South resisting the unconstitutional decrees of the C. F. F. — is it not possible for C. F. F.'s United Nations to order U. N. troops, including drafted Americans from both North and South, into the South — "at the request" of "the Government" — to maintain "peace"? — Just consider what has already happened in Asia and Africa.

We have already told you of the "explanation" of the U. N. Charter to the Senate of 1945 by the Russian "communist" agent, LEO PASVOLSKY, — and how he "explained" why he "could not explain" the most important part of the United Nations book, — the MILITARY ESTABLISHMENT. YOU WILL NOT FIND ANY MILITARY "COMMAND" established by the original U. N. Charter. What the C.F.R.

traitors had in mind in 1945 would not be forgotten BY THE SENATE, — INCOMPETENT AS THAT SENATE PROVED TO BE.

Let us consider the Senate of 1945. It was composed for the most part of LAWYERS. And these LAWYERS (as well as the Senate laymen) represented the people of the United States. THE big question here might well be — WERE THESE LAWYERS REPRESENTATIVE OF THEIR PROFESSION? WOULD THEY EXECUTE ON BEHALF OF A PRIVATE CLIENT SUCH AS THEY APPROVED ON BEHALF OF THE UNITED STATES? HERE WAS THE MOST PORTENTOUS CONTRACT (TREATY) EVER EXECUTED BY MAN, — A CONTRACT WHICH VIOLATED THE PROVISIONS OF THE CONSTITUTION WHICH THEY WERE SWORN TO UPHOLD AND DEFEND — AND THEY AGREED ON BEHALF OF THE NATION, THAT THE MOST IMPORTANT PROVISION OF THE CONTRACT, — THE MILITARY ESTABLISHMENT — SHOULD BE ADDED LATER BY THE OTHER PARTY. ABSURD UNBELIEVABLE? NOT SUBJECT TO PROOF? Read Article 47 — Paragraph 3 — "The Military Staff Committee shall be responsible under the Security Council (with its veto — ed.) for the strategic direction of any armed forces placed at the disposal of the Security Council. QUESTIONS RELATING TO THE COMMAND OF SUCH FORCES SHALL BE WORKED OUT SUBSEQUENTLY." AND A UNITED STATES SENATE, THE MAJORITY OF WHOSE MEMBERS WERE LAWYERS, AGREED TO THIS, ON "BEHALF" OF THE PEOPLE OF THE UNITED STATES. Furthermore, matters which have been "WORKED OUT SUBSEQUENTLY" — and there are thousands of them — WERE NOT SUBJECT TO REVIEW BY THE U. S. SENATE.

As we have told you again and again, — at the very time the Senate was "considering" this insane proposition, the AGREEMENT EXISTED BETWEEN ALGER HISS AND MOLOTOV, that the "commander" to be "WORKED OUT SUBSEQUENTLY" would always be a "communist", AND SO HE HAS ALWAYS BEEN. There have been six of them — ALL, according to

the U. N. itself — see Open Letter No. 21) — Russian "communists."

United States forces have already fought one war under ENEMY COMMAND in Korea. We have been trying for TEN MONTHS to persuade YOU to take action to prevent a repetition of that treason. The rapidly spreading knowledge of the U. N. command may compel the C. F. R. to get themselves off the hook by appointing a non-Russian to the post. But there was never a more certain guide to the future than the past of U. N.

It is becoming evident in many quarters that the American people — Liberals and Conservatives alike — are not going to stand for official (C. F. R.) "communist" governments in Cuba, Dominican Republic or other Latin American countries. They do not accept the BUNK that "WE" are AFRAID to interfere in Cuba because "Russia" might take over Berlin. The interests of the United States come first, with the people — and the half-baked Keynesian WORLD GOVERNMENT driven emanating from the SODOM of the POTOMAC FOOLS NOBODY. We have had a "shooting war" bearing down upon us EVERY YEAR when THE COUNCIL ON FOREIGN RELATIONS "Foreign Aid" steal came up in the Congress. And every time, AS RIGHT NOW — as soon as Congress "appropriated" the money, the "GREAT THREAT TO OUR NATIONAL SECURITY" died away.

We believe the Senate and the Congress WELL KNOW, that the ONLY danger to our NATIONAL SECURITY lies right here within our own borders. And the Congress knows too, — that NOWHERE IN THE CONSTITUTION YOU HAVE SWORN TO UPHOLD IS THERE ANY AUTHORITY TO GIVE AWAY THE PROPERTY AND THE EARNINGS OF THE AMERICAN PEOPLE TO BUILD WORLD EMPIRE FOR THE COUNCIL ON FOREIGN RELATIONS AND THEIR ASSOCIATES. THE AUTHORITY IS NOT IN THE CONSTITUTION AND NEVER WAS, BUT IT IS IN THE CHARTER OF THE UNITED NATIONS AND ITS UNAUTHORIZED AND UNSUPERVISED AMENDMENTS

The U. N. Charter has become the "Law of the Land." The "strange" decisions of the Supreme Court secretly recognize it. The Executive Branch from KENNEDY to LATTIMORE recognize it. They openly and constantly proclaim THEIR INTENTION TO FINANCE AND BUILD UP THE WORLD AT THE EXPENSE OF THE ONLY REAL PRODUCERS IN THE WORLD — THE AMERICAN PEOPLE. We have become SLAVES OF WORLD EMPIRE — EXCHANGING OUR GOODS AND SERVICES FOR THE PHONEY UNSECURED I. O. U.'s OF THE COUNCIL ON FOREIGN RELATIONS AND THEIR TERMS. THIS UNCONSCIONABLE SHELL GAME IS BEING CONTINUED BY "OUR" OWN ENDORSEMENT OF THE I. O. U.'s WITH THE GREAT SEAL OF THE UNITED STATES AND THE SIGNATURES OF THE C. F. R. SECRETARY AND THE TREASURER AND THE TREASURER.

Mr. Senator, this is an unholy and an un-Godly mess. This is the result of forty-five (45) years of COUNCIL ON FOREIGN RELATIONS PLANNING. This is the result presumably of KEYNESIAN-FABIAN "expert" economics. THE FACTS WERE PLAIN AND INESCAPABLE WHEN THE SENATE CONFIRMED THIS ENTIRE BATCH OF C. F. R. APPOINTEES, RETURNING THEM TO THE "GOVERNMENT" THEY HAD BETRAYED.

A recent "straw in the wind" is an AP Report quoting "our" U. N. representative, — the ad-libbed Adlai (Stevenson) — twice rejected by the people for high office, but seated head of the American Delegation to the U. N. by your approval: — "The West must be prepared for the restraints on self-interest which a WORLD WIDE SYSTEM OF LAW AND POLICING IMPLIES."

"What shall we gain if we win some local partisan (national — ed.) advantage and lose our whole power to survive?" Stevenson also spoke approvingly of C. F. R. Einstein's belief "in the creation of institutions of WORLD LAW (WHICH WE HAVE, AS PART OF THE U. N. CHARTER) AND IN

THEIR ENFORCEMENT BY AN INTERNATIONAL POLICE FORCE." (THE "RUSSIAN" COMMUNIST CONTROLLED U. N. MILITARY).

We have warned you about the United Nations. MILITARY ESTABLISHMENT and OUR ONE TRAGIC EXPERIENCE WITH IT. Now consider how PERVERSITY THIS "THING" HAS LEAKED INTO THE FEDERAL COURTS, — INCLUDING THE SUPREME COURT. THE FORM OF OATH PRESCRIBED BY THE CONSTITUTION HAS BEEN QUIETLY ABANDONED — AS IT APPLIES TO FEDERAL JUDGES. Instead of the oath taken by all other Federal officials as follows:—

"I, ——— do solemnly swear (or affirm) that I will support and defend this constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to same; that I take this obligation freely, without any mental reservation or purpose of evasion, and that I will well and faithfully discharge the duties of the office I am about to enter SO HELP ME GOD!"

The Supreme and other Federal Courts now by authority quoted in U. S. Code Section 453—Title 28 take an oath as follows:—

"I, ——— do solemnly swear or affirm that I will administer justice without respect to persons, and do equal right to the poor and the rich, and that I will faithfully and impartially discharge and perform all duties incumbent upon me as ——— according to the best of my abilities and understanding, agreeably to the Constitution and laws of the United States. SO HELP ME GOD!"

THE COUNCIL ON FOREIGN RELATIONS and their ROCKEFELLER FOUNDATIONS are determined there shall be "NO MORE DEBUNKING." We shall see.

Attack Upon General Walker

Dear Senator:—

The General Edwin A. Walker case has surely opened up a Pandora's box. For years, mighty strange things have been going on in "our" Armed Services, with the aid and comfort of the "Armed Services" Committees of House and Senate. Regardless of WHO planned — financed and executed the PLANS for the PENTAGON MESS — these Armed Services Committees charged with the responsibility of guarding and protecting the honor and integrity of "our" C. F. R. — U.N. controlled military establishment, ARE TO BLAME. Theirs was the power and the duty — theirs and theirs alone — to keep our military free of subversive influence — free from unethical practices and free of injustice dictated by outside influences.

These committees had many other responsibilities to the bygone Republic — the deuded people and the men who have attempted to serve their country, none of which were honored by the wild — the insane expenditures for — in the first instance — the monstrous Pentagon Building itself, the propaganda machines, which now include highly questionable "military histories" written by men of questionable authority or competence through questionable financing.

This apparently is in line with the ROCKEFELLER FOUNDATION and COUNCIL ON FOREIGN RELATIONS plainly stated determination to PERMIT "NO DEBUNKING." But when, Mr. Senator, the C. F. R. "NO DEBUNKING" project is engineered through the Armed Services and under the name of the Armed Services, we, who can see what has been going on should PROTEST, AND WE DO — IN FULL KNOWLEDGE THAT OUR PROTEST WILL BE COMPLETELY IGNORED.

The list of wild expenditures of the people's substance is too long to discuss here. The list of crimes committed against the men in the Armed Forces is too long also. These await the judgment of real "DEBUNKED" history, which MAY TRULY ASSESS THE BLAME, AND WE HOPE INDICATE THE PUNISHMENT.

The attack against General Walker by TREASONOUS OUTSIDE FORCES — THE "COMMUNIST" DAILY WORKER, A SLIMY PUBLICATION — C.F.R. FULBRIGHT — THE C.S.R. WHITE HOUSE and PENTAGON GANGS, brings into sharp focus two (2) facts which appear to have been lost in the rash of concealment efforts:—

1. The Fulbright Report stress upon the teaching of INTERNAL "Communism." He does not care how much Russian "communism" or how much World "communism" is taught. But there must be NO mention of "INTERNAL" "Communism."
2. The Daily Worker's bold statement that the "Fascists" (the Conservatives) intend to overthrow "the government" by "COUNTER-REVOLUTION."

Mr. Senator — in these two (2) statements, you have it all spelled out for you. We have been telling you all about the "INTERNAL" "communism." Mr. Fulbright, as an agent for THE COUNCIL ON FOREIGN RELATIONS, is trying to push it under the rug — to put it mildly. But we beg of you — LET THE DAILY WORKER TELL YOU THEIR VERSION OF WHAT HAS HAPPENED — WITH THE CERTAINLY UNREPUBLICAN (as of The "Republic" — not the Party) CONSENT OF THE "SENATE" — more properly described as the "Upper House" — or Congress at Large. THE WORKER FEARS A "COUNTER-REVOLUTION."

Mr. Senator:—

THERE CAN BE NO "COUNTER-REVOLUTION" UNLESS THERE HAS BEEN FIRST A SUCCESSFUL REVOLUTION — IN THIS CASE A POLITICAL REVOLUTION — A BLOODLESS REVOLUTION — A SUCCESSFUL REVOLUTION.

There is no doubt the Daily Worker recognizes "the Revolution" sought and predicted by them, speaking for the masters they never knew — has taken place — successfully. And the wise, alert and thoroughly patriotic men in the military must be silenced lest they

launch — by informing the people — a "COUNTER-REVOLUTION."

Mr. Senator, this is indeed a "perilous time", a time of dire peril deliberately planned — every foot of the way by TREASONOUS INGRATES — AIDED AND ABETTED BY DULY ELECTED "REPRESENTATIVES" OF THE PEOPLE, REPRESENTATIVES DRIVEN BY GREED AND LUST FOR POWER AND FALSE PRESTIGE TO SELL OUR NATION DOWN THE RIVER.

The handful among you who are innocent of these charges are helpless and will remain so unless and until people like General Walker speak out and tell the people the truth — the truth suppressed for nearly a half century, through COUNCIL ON FOREIGN RELATIONS control of every effective channel of communication.

You cannot forget, Mr. Senator, because we will not permit you to forget — the driving force behind the scurrilous attack upon General Walker (and consequently upon the American people whom HE truly represents):—

1. COUNCIL ON FOREIGN RELATIONS Agent Fulbright demands NO EXPOSURE of "INTERNAL" "communism". AND—
2. The Daily Worker fears a COUNTER-REVOLUTION "of the Right Wing" — the American Nationalists, which will destroy the accomplishments of THE REVOLUTION.

SPECIAL PROGRESS REPORT
COUNCIL ON AMERICAN

Dear Friends:—

This is to thank you all for your loyalty and support during the past nine (9) months. We know of no conservative effort which has had so much success or spread so far in so short a time. We feel that results are showing on the Washington scene. It would appear that a conspiracy of silence is in effect in the Senate, for only a few Senators have replied, — and they, by "canned" answers.

Among the many COUNCIL ON FOREIGN RELATIONS' agents we had warned the Senate against, — was Allen Dulles. We feel that, in the Cuban fiasco, he has lived up to our predictions. There

is no doubt the "Administration", the Senate and the Congress would like to get rid of him, but the C. F. R. grip on government is so tight they cannot "fire" Allen unless they take another C. F. R. trained seal such as General Maxwell Taylor, — General James Gavin (now Ambassador to France) or James Killian. It may — or may not, — be significant, — but news on these boys dried up completely, — the day after OPEN LETTER NO. 18 went out. Up to that time, they had been a "sure thing." Something will have to be done about General Maxwell Taylor, however, for he has taken a leave of absence from his Rockefeller Foundation job.

The masters of words and bunk and hokum have been losing their wizardry everywhere except in the servile, bootlicking Congress. Never before have so many people seen through the master-plan — "INTERNAL communism." You will not believe this until it catches up with you. IT HAS BEEN SPELLED OUT FOR YOU AND FOR US. INTERNAL "communism" vs. "COUNTER-REVOLUTION."

What a revelation! How clearly have they drawn the line!

COUNCIL ON FOREIGN RELATIONS — THE DAILY WORKER — THE OVERSEAS WEEKLY AND THE ARMED SERVICES ON ONE SIDE. ON THE OTHER — THE MAJORITY OF THE PEOPLE — THE STOUTHEARTED DEFENDERS OF GENERALS BILLY MITCHELL — DOUGLAS MACARTHUR AND EDWIN A. WALKER. ALL DESERTED BY TONGUE-TIED ARMED SERVICE COMMITTEES CHARGED WITH THEIR PROTECTION AND DEFENSE.

THE "MILLS OF THE GODS" HAVE BEEN ON THIS JOB FOR A LONG, LONG TIME.

TO THE SUBSCRIBERS
OF THE RELATIONS

Another "straw in the wind," Senator Fulbright's name disappeared from the news columns just after it appeared on a C. F. R. list. Now — suddenly — he is back. And of all things — in opposition to Foreign Aid for which he had been CHIEF TUB-THUMPER from the beginning, Fulbright is up for re-election

next year in the same state where C. F. H. Brooks Hays was beaten by a "write-in."

Now we come to a troublesome problem. First, let us state the proposition that criticism and differences of opinion are good for people in our position. We feel that we have not had a fair share of it. But that which we have had, has practically all hinged on one complaint. And that is our listing the name of Herbert Hoover among C. F. R. members. We regret to say that about twenty (20) people have suggested that, — in our own interest, — we conceal this membership.

As you very well know, we have harshly criticized the PRESS and public officials for failing to tell the TRUTH—THE WHOLE TRUTH. And it was for that very reason, we set out to tell the Senate and the people THE WHOLE TRUTH to which they are entitled, and through that TRUTH to enable them to act in defense of OUR COUNTRY.

Therefore, to conceal the C. F. R. membership of anybody, — much less one who had been placed at the head of this nation — would be INDEFENSIBLE. And we do not aim to be caught in an INDEFENSIBLE position. We might point out here that it was due to the SIXTEEN (16) year rule of Roosevelt and Truman that there is a shortage of C. F. R. "Democratic" Presidential candidate names. And from a practical and honorable standpoint, there is no more reason to conceal the Hoover name than there would be to conceal those of Kennedy and Eisenhower.

And so we elect to defend our stand on Hoover and to use this opportunity to INFORM the younger, and REMIND the older, patriots of a strange chain of events which has almost destroyed the Republican Party. And NOT A SINGLE WORD in the "kept press" nor a VOICE raised in ALARM, NOT FROM ANY QUARTER.

You all know that the Conservative Democrats (mostly Southerners) know their party has been stolen from them by a radical collection of "minority group" interests from the North and Northeast. The average Republican would say, "It doesn't require any great intelligence to see that."

Is the Republican then less intelligent than the Conservative Democrat? Has he not recognized that his party has been stolen too? Is it not becoming clear that BOTH PARTIES have been STOLEN by THE NO PARTY ONE WORLDERS holed up in PARK AVENUE HEADQUARTERS?

Consider first the Democrats. Buying up "minority groups" was single. One formerly Republican group (whom we dare not mention) gained outrageous discrimination in public employment. Another was "hooked" by a wildly acclaimed singing engagement of the foot of the Lincoln monument. The SOLID NORTHERN PROTESTANT (see—ANYBODY CAN NAME THEM!) block was stolen by labor union solidarity. For those who can remember, — it was very simple. The brain-trusters figured it all out.

The NO PARTY C. F. R. is PRACTICAL IN ALL THINGS. They were out to destroy BOTH PARTIES eventually and could plainly see that the "rejuvenated" Democratic Party — rejuvenated by a strong infusion of "minority group" blood — was the logical PARTY to work with, and through, while they eliminated the PARTY of the independent farmer, small businessman, and investment capitalist (as opposed to the "speculative - gambler - exploiter" capitalist).

These Republicans had brains and guts, — and presumably would not be easily "taken." But following W.W. II the GREAT BOOM and GIVE AWAY program went into operation, and the very people who had most to lose, followed the C. F. R. "BOOM or BUST" — something for nothing insanities, losing sight of ALL the old land marks of COMMON SENSE, responsibility, national interest, loyalty, patriotism. And while they chased the fast buck, — C. F. R. was gradually — and surely — DESTROYING THEIR PARTY.

Their first constructive move was the C. F. R. financed nomination of Herbert Hoover. Mr. Hoover had shaken the plebeian dust of the United States from his shoes as a young man, and for about twenty-five (25) years lived under the British flag. (See America's Sixty Families — Lundberg — Citadel Press

—Page 77.) Lundberg says of Hoover, "Long before he became wartime Food Administrator, the ambitious Hoover had moved in the Morgan (J. P.) orbit. For more than twenty (20) years, he had promoted British mining enterprises in Africa, Australia and Asia, working in association with British banks that were attuned with Morgan, Grenfell & Company, of London. Hoover, according to contracts on the record, drew \$95,000 a year salary for his promotional work and \$5,000 a year for his engineering advice." Let Republicans remember that the returned expatriate, Herbert Hoover, went directly into the Democratic Administration of Woodrow Wilson, where he worked in close association with his old friend, Ch. E. M. House.

One of the mysteries of the day was WHY AMERICA had to hire a BRITISH MINING STOCK PROMOTER as "Food Administrator". The job was a great "build up" for a (prospective) "great humanitarian". His able assistant was Lewis L. Strauss — later to become President of Kuhn-Loeb & Company, whose very revealing letter on United States Food Administration official stationery, and dated January 28, 1919 (from Paris, France) to Justice Brandeis, gives a pretty clear picture of WHO was running the Food Administration, AND HOW!

The Democrat Wilson was succeeded by the Republican, Warren G. Harding, financed (see AMERICA'S SIXTY FAMILIES—Pages 153-4) by the C. F. R. of that day, whose sons and grandsons constitute the RULING ELITE of today. And C. F. R.'s white-haired NO PARTY boy, Herbert Hoover, became Secretary of Commerce (knowing nothing about American Commerce) in a Republican Administration. And so — on to the Presidency.

The list of heavy contributors to the 1928 campaign is a roster of THE COUNCIL ON FOREIGN RELATIONS — Rockefeller, Dillon, Guengerich, Rosenwald, Schiff, Strauss, Sloan, Whitney, Aldrich, Cary, etc., etc., and Cyrus S. Eaton. (See America's Sixty Families — Page 180.)

Over the years we, too had "fallen" for the idea that the great patriot had seen the light — had recanted. Then Herbert Hoover, Jr. turned up in the

State Department — which sent us back to the record books — and sure enough — there is Junior — big as life — listed in the roster of C. F. R.

We wonder aloud — "WHY DO REPUBLICANS CONSIDER HOOVER A GREAT MAN? JUST WHAT DID HE EVER DO THAT SET HIM APART FROM HIS STRANGE ASSOCIATES? AND WHEN DID HE BECOME A REPUBLICAN — AND WHY? Did not "his" administration provide the first long step in the planned destruction of the Republican Party? It was planned that way.

Now remembering that the Republican Party has always had an abundance of good leadership material, — consider what was offered the voters in their name: — Alf Landon was an unknown. A good, kindly, run-of-mine American. He was, also, the protégé of William Allen White, a member of THE COUNCIL ON FOREIGN RELATIONS.

Next the "Republicans" ran Wendell Wilkie, member of THE COUNCIL ON FOREIGN RELATIONS. Wilkie — an openly proclaimed advocate of World Government — was a Democrat both before and after he "was run" as the Republican candidate for President.

Next these same "Republicans" ran Thomas R. Dewey — member of THE COUNCIL ON FOREIGN RELATIONS — twice Dewey had graduated from law school during the "great depression" and had gone to "work" on one of the New Deal "art projects" — (W. P. A. for lawyers, doctors, etc.) While so "employed", a call was received from a synagogue in Wisconsin where a good baritone was needed, and Dewey got the job. There was nothing wrong about it — in those years any honest dollar was eagerly sought by thousands of people. However, we are talking about Republican Presidential Candidates. And Dewey, through this association, came to New York through Herbert Lehman — C. F. R. — and served in the Democratic State — County and City Administrations. JUST MORE PROOF THAT C. F. R. IS DEDICATED TO NO PARTY, AND THAT IS WHAT THEY ARE GETTING—THANKS TO GOOD AND GUILTY DEMOCRATS AND REPUBLICANS.

The next "Republican" was small-fry COUNCIL ON FOREIGN RELATIONS' agent, Dwight D. Eisenhower — the complete product of the NEW DEAL, FAIR DEAL Administrations. He was never known to have registered or voted REPUBLICAN until he was selected for Presidential Candidate. WHAT A BILL OF GOODS WAS SOLD THE REPUBLICANS THIS TIME! He was pitted against C. F. R. Adlai Stevenson — twice. And his record in military and in C. F. R. politics — now that the Madison Avenue fanfare has died down — WILL HAUNT THE PARTY FAITHFUL FOREVER.

Finally the "Republicans" ran a man named Nixon against THE COUNCIL ON FOREIGN RELATIONS Johnny-comelately Kennedy. The HIDDEN HANDS in the "Party" quietly financed, supported and stole for their own, and the "Republicans" at this late date, ARE WONDERING WHAT HIT THEM.

When "A Republican Looks at His Party" (Arthur Larson), WHY CAN'T HE SEE WHAT HAS HAPPENED TO IT AND WHY? Conservative Democrats KNOW their party has been STOLEN by the NO PARTY C. F. R. crowd. Isn't a Republican as smart as a Democrat? Can any stubborn Republican explain WHY — WITH ALL THEIR GOOD MRN. LOYAL LFE LONG REPUBLICANS DEDICATED TO THE BEST INTERESTS OF THE COUNTRY AND THE PARTY — WHY DID THE "REPUBLICANS" OFFER THE VOTERS SUCH CANDIDATES?

Right NOW the Democrats and Republicans HAVE ONE THING IN COMMON. THEY HAVE NO MORE PARTY. The NO PARTY — WORLD GOVERNMENT COUNCIL ON FOREIGN RELATIONS has "taken" both — and we are all out in the cold, facing the loss of not ONLY PARTY, — but GOVERNMENT, LIBERTY AND COUNTRY.

As we said before — we welcome criticism. And when we know our actions or comments are defensible, we will defend. In this case, we earnestly hope, our self-defense will be accepted with good will, and that ALL OUR PEOPLE — IN BOTH PARTIES WILL

reason these things out and, having come to a conclusion, TAKE A STAND — SIDE BY SIDE, — TO DRIVE OUT OF OUR GOVERNMENT AND OUR CIVILIZATION THOSE WHO FOR SELFISH INTERESTS WOULD DESTROY US.

Port of Palm Beach.—More Pork Fat Going to Cuba.—The Joseph R. Parrott docked here... with about fifty (50) passengers, a carload of mail and several carloads of pineapple from Havana. The railroad car ferry was scheduled to leave today (6/24/61) for Havana with ten (10) carloads of lard and pork fat (shipped by C. F. R.'s Swift & Company)... The pineapple was destined for Kraft Foods Company... and the Sealtest Corporation — both Kraft and Sealtest from C. F. R. network.

Miami Herald 6/24/61.—Nationwide Hunt For Top Men for (Foreign) Aid Program "Foreign Aid Director (and C. F. R. agent) Henry R. Labovisse is seeking big (REAL, big!) business executives and university presidents... to help run the International Cooperation Agency which plans to spend \$4.2 billion dollars in more than 70 countries this year." Labovisse's SPECIALLY hired talent spotter, Roy W. Crawley, is taking time out from his senior staff job at the Brookings Institute... C. F. R.'s main ONE WORLD DEVELOPMENT DEVELOPER — "already has his eye on well over 100" of the type he is looking for. Our readers know what he is looking for and where he will "find" them. C.F.R. has had them all lined up and awaiting the "call" before Crawley was "selected" — unless they have changed their tactics.

"We will by-pass Congress as much as possible." "Dramatic plan" of an acutely drama (?) conscious "Administration" to install General Maxwell Taylor in the White House. If C. F. R. cannot install him in the Pentagon or C. I. A. without Senate consent, C. F. R. will install their hand-picked, trained agent in the White House where no consent is necessary. What difference does it make where C. F. R. Taylor rules from? WHEN WILL THE PEOPLE REALIZE OUR ONLY DANGER COMES FROM THE ENEMY WITHIN?

OPEN LETTER NO. 1

"Let the Monkeys Fall"

Dear Congressman—

The so-called Cuban "fiasco" has aroused this nation as it has not been aroused in half a century. And the question is heard on every side — "Why doesn't CONGRESS do something?" There are hundreds of thousands of INFORMED Americans who know that CONGRESS cannot do anything constructive until CONGRESS itself becomes INFORMED. The SENATE, — which was INFORMED, in plenty of time could have averted this tragedy and others destined — and planned to follow — but for reasons best known to themselves, deliberately and in full knowledge of what they were doing, — conformed a whole government dedicated to the WORLD GOVERNMENT scheme, of which the Cuban threat to our national security is just a timorous rumble.

Responsibility for the handling of the agencies most directly responsible for the Cuban "fiasco" has shifted to YOU — as the ONLY TRULY ELECTED REPRESENTATIVES OF THE PEOPLE IN THE LOCAL DISTRICTS. And YOU have witnessed the frantic efforts of the "Executive" Department and strange and mysterious influences, reflected in press and other communications.

Report to the People:—Your efforts have produced a total circulation of OPEN LETTERS TO A UNITED STATES SENATOR of more than 350,000 full sets or about seven million letters. And the campaign is in full swing!

COUNCIL ON AMERICAN RELATIONS

710 Summit Boulevard
West Palm Beach, Florida

By Mary M. Davison, Secretary

... TO TAKE THIS THING AWAY FROM YOU. According to press reports, — (U. P. I. — 5/4/61) speaking of Presidential "REVIVAL OF A WATCH-DOG COMMITTEE", U. P. I. stated, "The move also may have been part of an Administrative attempt to

head off any Congressional investigation of the super-secret C. I. A. This was one of the reasons for the establishment of the Board of Consultants (the "watch-dog" Comm. Ed.) by former President Eisenhower in 1958. A CONGRESSIONAL INQUIRY into the C. I. A. WAS UNDER CONSIDERATION at that time."

Now, Mr. Congressman, we need not point out to YOU that there is something mighty bad going on here that a "mysterious" POWER is striving desperately to hide from CONGRESS. We believe it necessary that YOU KNOW WHO exerts that POWER, and we tell YOU it is a WORLD GOVERNMENT POWER MACHINE INCORPORATED under the title:—

COUNCIL ON FOREIGN RELATIONS

We assure you there is no offense intended when we quote for you from a publication whose owners are INFORMED. "This is the group which is making monkeys out of CONGRESS." We know that when any group "MAKES MONKEYS OUT OF CONGRESS", they are MAKING MONKEYS OUT OF US. And it is up to everybody who "knows the score" to rally to the support of CONGRESS NOW AND DRIVE THE "MONKEY-MAKERS" OUT OF BUSINESS BEFORE THEY COMPLETELY DESTROY OUR COUNTRY AND ENSLAVE US. Toward this end, we give you here a brief outline of THE ENEMY WITHIN — THE "MONKEY-MAKERS" — KNOWN IN THE "BEST CIRCLES" AS:—

COUNCIL ON FOREIGN RELATIONS.

It was originally composed of the old FEDERAL RESERVE CROWD — and today, — of their sons, grandsons, in-laws, associates, agents, henchmen, etc. Following the defeat of the League of Nations' scheme with which they had hoped to add the rest of the World to their original province — Bolshevik Russia, — they organized, in 1919 with an original "grant" from the Laura Spelman Rockefeller Foundation, to work to build up "THE NEW WORLD ORDER" to be ruled by themselves

and their posterity. Deliberately planning to take us back into the Monarch and Serf System from which our Nation had escaped through the selfless wisdom of our truly GREAT FOUNDING FATHERS. And while THEY, the C. F. R. gang, — over the years, — have been working toward that very objective, THEY, through their control of (brainwashing) communication and education, have been selling US on the idea, WE MUST "NEVER LOOK BACK". If we did, we might see where we got off the track.

During these years, they aimed to get complete control of the United States Government, and even as they were gaining control, to keep delivering US into their WORLD GOVERNMENT by putting thousands of their trained agents into the government, — and using their propaganda agencies of government, and in communications, to scare us into building up their WORLD EMPIRE all over the World as we have been doing for more than forty years.

We attach to this letter the names of "GREAT MEN", the billionaires, millionaires, traitors, security risks, pinks, punks and "little flowers" who have associated themselves together in this SMALL (1100 members) select and dedicated organization. You will readily understand that THESE ARE THE PEOPLE WHO HAVE BEEN RUNNING OUR GOVERNMENT FOR MANY YEARS. THESE ARE THE PEOPLE WHO HAVE PREVENTED ANY ELECTED PUBLIC OFFICIAL FROM RISING TO THE TOP IN OUR GOVERNMENT. THESE ARE THE PEOPLE WHO TRULY HAVE BEEN "MAKING MONKEYS OUT OF CONGRESS" AND "THE WHOLE PEOPLE". MR. CONGRESSMAN, WE ARE FED UP WITH THIS "MONKEY" BUSINESS. HOW ABOUT YOU?

YOU have it within your POWER — THE POWER CONVEYED TO YOU BY THE PEOPLE, TO BEGIN TO REVERSE THE "MONKEY" BUSINESS.

If you will get from the Library of Congress the Seventeen "OPEN LETTERS TO A UNITED STATES SENATOR", you will become informed. And having become informed — you can

readily INVESTIGATE C. F. R. ALLEN DULLES and his C. F. R. Agency, (C. I. A.) If you will put ONLY AMERICANS on this job, and if they pursue the trail of C. F. R. ALLEN DULLES to the trail's end, — right there you will expose this whole TREASONOUS MESS.

You know the strange situation in which "Communism" always wins and America always loses. How could it be otherwise when the actual direction of the government has fallen into the hands of people whose sole purpose is to deliver us into the WORLD GOVERNMENT THEY INTEND TO RULE — leaving the people and the people's elected representatives without voice or influence.

There is GOOD REASON why they are now desperately striving to keep YOU from finding out what has been going on and WHO IS RESPONSIBLE. An investigation of C.F.R.'s own C.I.A. will, we assure you, flash the light on the greatest CONSPIRACY IN HISTORY, — THE ONE THAT ALMOST WORKED.

In addition to Allen Dulles, the C.I.A. boasts such supervisors — COUNCIL ON FOREIGN RELATIONS agents all, — as Edward R. Murrow and Richard M. Bissell, Jr. But now the "MONKEY-BUSINESS" gets into high gear. The Executive Department is going to "investigate" C.I.A. and keep it under supervision. With whom? With C.F.R.'s own General Maxwell Taylor and C.F.R.'s own James R. Killian in charge, and C.F.R.'s Robert Amory and C.F.R.'s Robert Murphy "on the team." If they get away with this, they will have really made MONKEYS OUT OF CONGRESS AND THE PEOPLE.

YOU KNOW, MR. CONGRESSMAN, THAT THE PEOPLE CANNOT STOP THIS SHORT REVOLUTION. THEY MUST DEPEND UPON YOU TO PREVENT LAWLESSNESS ON BOTH SIDES AND THIS YOU CAN DO BY DEFEATING THOSE WHO HAVE USURPED THE POWERS OF CONGRESS AND THE PEOPLE. These phonies, — billionaires, millionaires and small fry traitors, sliks, — SHOULD BE PUT IN THEIR PLACES. AND THEY HAVE NO PLACE IN

THE CONSTITUTIONAL GOVERNMENT OF THE UNITED STATES.

Mr. Congressman, we are fully aware what will happen when OUR EXPLOITERS ARE DRIVEN OUT. We know that they claim everything the American people labor and investment capital, working together, — have produced is mortgaged to them. WE ARE PREPARED TO DENY IT. NOBODY HAD ANY AUTHORITY TO MORTGAGE OUR PROPERTY WITHOUT OUR KNOWLEDGE. — AND THEY KNEW IT WHEN THEY (?) INVESTED THEIR (?) ILL-GOTTEN GAINS IN C.F.R.'s "GOVERNMENT BONDS." THEY ARE IN NO BETTER POSITION THAN ANY CITIZEN WHO INVESTS IN "WILDCAT" STOCK. THEY ARE "STUCK" WITH IT AND ARE LIABLE TO INNOCENT PURCHASERS FOR EVERYTHING THEY HAVE SOLD.

On December 8th, 1950, The Chicago Tribune commented editorially on THE COUNCIL ON FOREIGN RELATIONS, viz:—

"THE MEMBERS OF THE COUNCIL ARE PERSONS OF AVERAGE INFLUENCE IN THE COMMUNITY. THEY HAVE US-

ED THE PRESTIGE THAT THEIR WEALTH, SOCIAL POSITION, AND THEIR EDUCATION HAVE GIVEN THEM TO LEAD THEIR COUNTRY TOWARDS BANKRUPTCY AND MILITARY DEBACLE. THEY SHOULD LOOK AT THEIR HANDS. THERE IS BLOOD ON THEM . . ."

Mr. Congressman, there is only one way to escape national destruction, and that is TO FACE UP TO THE SITUATION LIKE MEN AND WOMEN WORTHY OUR FOREBEARS. THESE BILLIONAIRES ARE JUST AS BROKE AS WE ARE, AND OUR ONLY SALVATION LIES IN KEEPING THEM THAT WAY. THE WHOLE THING WAS THEIR IDEA. THEY WERE GOING TO MAKE, NOT ONLY "MONKEYS", BUT SLAVES OF US. THEY WILL NEVER MAKE IT IF YOU TAKE THAT FIRST FORWARD STEP. YOU INVESTIGATE C.I.A. — COMPLETELY. LEAVE NO STONE UNTURNED. AND GET YOURSELVES SOME ADVISERS WHO KNOW WHAT TO LOOK FOR AND WHERE TO FIND IT.

THEN LET THE MONKEYS FALL WHERE THEY MAY.

somewhat indicated by the fact that no committee of Congress has, as yet, been powerful enough to investigate it. The Reese Special Committee of Congress did no more than scratch the surface in its attempt to investigate tax-exempt foundations and their interlocking organizations, such as the Council on Foreign Relations.

The Council on Foreign Relations virtually determines the policies of the executive branch of the government of the United States because of the fact that practically all key posts in the government are occupied or controlled by members of the Council on Foreign Relations. Their names and positions are listed in this book.

Besides this effective control, the Council through its several interlocking organizations, by propagandizing the public, brings demands from the people for passage of the various segments of its program, "To Socialize America." The Council on Foreign Relations does not have formal affiliation it appears, with its subsidiary organizations; but the real and effective interlock between all these agencies is evident from their common objective of one-world socialism.

One and foremost of these organizations is the Foreign Policy Association. This organization, according to the late Congressman Louis T. McFadden, was formed under the direction of Flex Frankfurter and Paul Warburg to promote a socialist or "planned" economy

in the United States. These two men worked closely with Colonel Edward M. House, President Wilson's adviser and father of the Council on Foreign Relations. The Association worked later in close relationship with the now thoroughly discredited Institute of Pacific Relations, and carried out its policies. Today, another organization within the Foreign Policy Association is that of the Great Decisions."

Others of the organizations working with the Council on Foreign Relations or staffed with many of their members are:

The Commission on Money and Credit. (COMAC)

The Committee for Economic Development. (CED)

Advertising Council.
The U. S. Committee for the United Nations.

The American Association for the United Nations.

National Goals Commission

Atlantic Union Committee, Inc.

National Citizens Commission

United World Federalists.

A more detailed report on these organizations can be had in the Dan Smoot Reports of June 5, 1961 through July 31.

APPENDIX

The U. S. Flag Committee.

This is the FINAL CALL TO ARMS

It is now or never. We must put on the armor of the Lord and go forth to fight with mind, soul, body and material possessions, to save our Freedom and our Country. There is no time for procrastination. You must

PRAY AS THOUGH IT WERE ALL UP TO GOD and WORK AS THOUGH IT WERE ALL UP TO YOU.

And we do mean WORK. — you MUST INFORM your Senators and all the OTHERS, and enlist the aid and support of your neighbors and friends in every part of the land, for the time of reckoning is upon us.

The President-elect has proclaimed

his intention of initiating a ONE-HUNDRED DAYS like the ONE-HUNDRED DAYS of Franklin Roosevelt. And he has already started the project by contacting his opponent, — as Roosevelt contacted Wilkie (of the Council on Foreign Relations), giving him a post in the government and sending him around the world as an Ambassador of Good Will. Roosevelt's next INNOVATION was the closing of the banks.

When Roosevelt took office the country and the PEOPLE were ABUNDANTLY SOLVENT. — the CREDIT OF THE COUNTRY ALMOST UNTAPPED. And the banks reopened in a short time. And "EVERYBODY"

Was ever so strange a collection of human beings brought together for the advancement of a single purpose? Is it any wonder they stand on the brink of success?

THE SECRET GOVERNMENT

The Ultimate Aim of the Council on Foreign Relations (however well-intentioned its prominent and powerful members may be) is the same as the Ultimate aim of international communism: to create a one-world socialist system and make America a part of it. The fact that communists, Soviet es-

piionage agents, and pro-communists could work inconspicuously for many years as influential members of the Council indicates something very significant about the Council's objectives.

Members of Congress must be aware of the vast power of this tax-exempt private organization. Its power is

knows bank accounts are insured NOW, so THERE WILL BE NO NEED FOR CLOSING THE BANKS unless to just "re-enact" the Roosevelt ONE-HUNDRED DAYS. Never-the-less, — in 1933 the CREDIT OF THE GOVERNMENT AND THE PEOPLE WERE INTACT, — today IT IS ALL GONE, — and more along with it. We are swamped with debt that can NEVER BE PAID, and that, dear friends, IS YOUR WORRY, — or JUST PART OF IT. What about your FREEDOM?

In January the Senate of the United States will ACT on the appointments to Cabinet, bureaus and agencies of the United States Government, — or will it be Council on Foreign Relations' government, as it has been in the past? IT IS ALL UP TO YOU, — the remnant few who have been informed about C. F. R. influence in our nations' affairs. IT IS UP TO YOU to INFORM EVERY SENATOR, — not only your own, — but ALL of them, — over and over. And get everybody you know to do likewise. In 1961 the nation will engage in the battle of the Century when the Senate meets to decide WHO WILL RUN THE GOVERNMENT.

THE PEOPLE and
THE SENATE OF THE UNITED
STATES
vs
The Council on Foreign Relations.

It is as simple as that. Write and beg and beseech the Senate to REFUSE to confirm any more members of the Council on Foreign Relations — Use every means in your power to PERSUADE THEM to drive the agents of this evil conspiracy out of government and TO TAKE BACK CONTROL OF OUR GOVERNMENT in the NAME OF THE PEOPLE who entrusted the SENATE AND THE CONGRESS and they ALONE with MANAGEMENT of our government. Remember, the President-elect is a member of the Council on Foreign Relations, and he is surrounded by C. F. R. agents ready for another "take-over". If the Senate CONFIRMS them, the Senate hands over CONTROL OF GOVERNMENT to these arrogant, power-mad titans who are convinced that we are not fit to rule ourselves.

LET US HAVE A ONE-HUNDRED DAYS OF OUR OWN. Let us work and DRIVE AHEAD, as we have never done before, — to PERSUADE THE SENATE to FACE UP TO THEIR OBLIGATIONS. And during OUR ONE-HUNDRED DAYS, let us all pause each day at 6:45 P.M., Eastern Standard time, and PRAY TOGETHER for TWO MINUTES that God will share our ONE-HUNDRED DAYS and BLESS OUR EFFORTS.

For ONE-HUNDRED DAYS, beginning November 21st, let us all WORK and PRAY, — then go out and WORK and WORK some more.

ALL INFORMATION CONTAINED
 HEREIN IS UNCLASSIFIED
 DATE 11/19/01 BY 1043

With reference to my memorandum April 13, 1963, concerning information contained in a Miami (Florida) Police Department report to the effect that at a meeting of the Congress of Freedom, Incorporated, (COF) held April 4-6, 1963, plans were formulated to assassinate particular individuals and members of groups influencing our national policies, we have interviewed the informant who is the source of the information appearing in the Police Department report. The informant has advised that the report contains a number of inaccuracies.

(The COF is a coalition of patriotic organizations and the Council for Statehood was one of the groups in attendance at the April 4-6, 1963, meeting.)

By way of background you will recall that we previously received information that a representative of the State's Attorney's Office, Miami, Florida, planned to contact Department of Justice officials in the near future to discuss certain cases, including the Council for Statehood. We alerted the Attorney General to the details of this proposed conference by letter 4/10/63, and in addition by letter 4/15/63, furnished him the original information contained in the Miami Police Department report referred to above.

According to the informant, the major inaccuracies in the Miami Police Department report are as follows:

The Police Department report indicates that the COF advocates the overthrow of the Government and plans to assassinate members of various governmental and private groups attempting to influence United States policies, including the Business Advisory Council, a Government agency, and the "International Bilderberger Group."

Memorandum to Mr. Belmont

When interviewed by us, the informant stated that COF does not advocate the overthrow of the Government but rather seeks to sharply curtail the influence exerted by various groups (particularly the Council on Foreign Relations, a private organization concerned with foreign policy) upon our national policies. Initially it intends to achieve this goal through remedial legislation and will resort to assassinations only if unsuccessful in the legislative field.

The informant further stated that not only had he never received or reported information concerning members of the Business Advisory Council and the "International Bilderberger Group" being selected for assassination but in fact had never heard of either of these groups.

According to the informant, the Police Department report also contains additional inaccuracies primarily pertaining to the identities of groups other than the Council for Statehood, which were in attendance at the April 4-6, 1963, meeting and the activities of individuals at the meeting.

Pertinent information concerning the major inaccuracies appearing in the Police Department report was furnished orally to John L. Murphy of the Civil Rights Division of the Department on 4/17/63.

ACTION:

Miami is conducting further inquiry to resolve the additional inaccuracies in the Police Department report and to obtain an accurate and factual account of exactly what transpired at the meeting. The matter is being afforded continuous and preferred attention.

A memorandum to the Attorney General, Deputy Attorney General, and Assistant Attorneys General Marshall, Miller and Yeagley is being prepared pointing out the major inaccuracies in the Police Department report and advising them that we are conducting further inquiry to resolve the additional discrepancies.

from his memory, along with his own interpretation. He further stated that if [] would only take the time to get complete details and make complete notes, errors and inaccuracies would not be in his reports. [] pointed out the following as some of the inaccuracies in GRACEY's report dated 4/10/63:

1.) Page 1, paragraph 1 - [] advised the Congress of Freedom, Inc., for approximately twelve years, has had an annual convention at various locations in the U. S. He noted this organization possesses basically the same leadership as in the past; however, the officers have changed during this twelve-year period.

2.) Page 1, paragraph 2 - [] stated the organization located at West Palm Beach, Fla., under the direction of MARY M. DAVISON, is the Council for Statehood, rather than the Council on American Relations. He noted DAVISON is the Secretary and founder of the Council for Statehood, which has State Chairmen in 36 states who act as co-ordinators within their respective states for this organization.

3.) Page 2, paragraphs 1 and 2 - [] advised that the Council for Statehood program involves the distribution of literature through state co-ordinators, mentioned above, to all Federal and State legislators, as well as Governors of states and interested individuals in civilian life. 4.) Page 2, paragraph 2 - The Council on Foreign Relations is identified as a government agency. [] said this is incorrect. He stated the Council on Foreign Relations is an organization, according to the Congress of Freedom, Inc., that is an underground Communist organization which helps formulate U. S. foreign policies through legitimate U. S. Government agencies. The Council on Foreign Relations' purpose is to overthrow the U. S. Government by placing the U. S. and its military under the control of the United Nations (UN). For this reason, the Congress of Freedom, Inc., is against the Council on Foreign Relations, and before they will let the Council on Foreign Relations turn over control of the U. S. to the UN, the Congress of Freedom, Inc., has inaugurated a program designed to eliminate the Council on Foreign Relations. [] pointed out that the program of the Congress of Freedom, Inc., is not a plot to overthrow the U. S. Government, but rather those persons who are connected with the Council on Foreign Relations who are attempting to obtain control of the U. S. Government through the UN. [] advised that the Congress of Freedom, Inc., is not plotting to assassinate any official of the U. S. Government. [] noted that approximately 75 per cent of the Congress of Freedom, Inc., are John Birch Society members.

S. pertaining to the UN, as formulated during the administrations of former President TRUMAN, former President EISENHOWER and President KENNEDY.

8.) Page 4, paragraph 2 - [] identified the select group which makes the policy for the Congress of Freedom, Inc., as the "high command", rather than the "inner circle", as mentioned in [] report. [] does not know how many individuals comprise the "high command", or their identities. It is his personal opinion, however, that ARTHUR BOHN, Ft. Lauderdale, Fla. attorney, MARY M.
